THE WHITE HOUSE

WASHINGTON

January 29, 1981

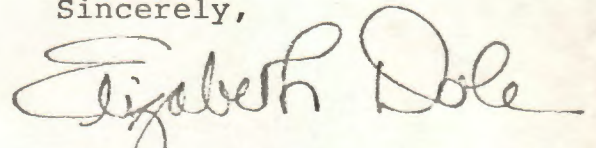

Dear Ms. Dole:

Thank you for forwarding to us the book and letters.

My husband would be very much interested in talking with you regarding the Dole family. He will be getting in touch with you.

Thanks again.

Sincerely,

A handwritten signature in cursive script that reads "Elizabeth Dole". The signature is written in dark ink and is positioned above the typed name and title.

Elizabeth Dole
Assistant to the President
for Public Liaison

Ms. Elaine J. Dole
2425 Windbreak Drive
Alexandria, VA 22306

A large, dark, handwritten scribble or flourish that starts under the address and extends to the right, partially overlapping the word "Alexandria".

13 January 1980

Dear Mrs. Dole:

My name is Elaine J. Dole and I received this book and these letters addressed to Elizabeth Dole at my address.

As I have been on vacation, I just received them and just lately it was revealed to me whom Elizabeth Dole was.

Consequently, I called your husband's office and got his address to send them to you. I opened the book as I was puzzled as to what it was (I thought it might have been something I ordered) but when I found I was wrong, I didn't know what to do with it. When the letter came I too opened it and then realized what the intent of the book was. I am sorry that I opened the book and letter, but I had no idea of what they were or what to do with them. Please forgive me for opening them.

As a result of all this, I do hope I haven't inconvenienced you or Dr. Dickie by keeping them so long, but I really had no idea who you were or how to get a hold of you.

To change the subject, I seem to find so few members of the Dole family in this area, I was wondering if in some way we might be related. My family comes from Vermont and in travelling around the country, I have found that there aren't many people with the Dole name. So curiosity prompted me to ask if you or your husband's family could possibly be related to my family. My family is the only Dole left in my section of Vermont and naturally I was wondering if there could possibly be any other Dole's that I might be related to. My father name is George F. Dole and we live in Saint Johnsbury, Vermont. His father was also named George F. Dole and he lived in Danville, Vermont. The family name ends with the children in my family. I know this is a wild shot, but I hate to think that the Dole name dies out with us children, especially in Vermont.

Again I am so sorry it took so long to get this mail to you, but now that I know how to get in touch with you, you can be assured that if I receive anymore of your mail, I'll send it promptly. Maybe the reason that it was sent to me is that I'm in the phone book as E. Dole.

Again, hope I haven't inconvenienced you too much.

Dear Mr. President:

On behalf of Federally Employed Women, Inc. (FEW) I am writing to congratulate you on the nominations of Elizabeth Dole for Secretary of the Department of Transportation, and Margaret Heckler for Secretary of the Department of Health and Human Services. We certainly hope, Mr. President, that your bringing these exceptionally qualified women into the top policy-making levels of your administration signals a positive turn in your responsiveness to needs of the women of this nation.

You and your administration have been viewed as turning your backs on women. And, in fact, we all recognize that women used their votes in the November 1982 elections to express their dissatisfaction with administration policies which have disproportionately created undue economic hardships for millions of women and their families.

Again, we are heartened by these nominations and look forward to receiving more positive signals that you and your administration understand and support women's issues. We, in FEW, stand ready to assist you in this regard.

Dear Mr. President:

The Utah Chapter Associated General Contractors of America is one of the state's oldest and largest construction trade associations representing more than 425 general contractors, subcontractors, and suppliers of materials or services. The association has been serving the construction industry in Utah for more than 61 years and the AGC members do a majority of the construction work within the State.

We as an association are very concerned over the Department of Transportation's current approach in implementing Section 105(F), the Minority Business Enterprise Provision, of the 1982 Surface Transportation Assistance Act. We believe this proposal will greatly interfere with the intentions of the Surface Transportation Assistance Act of 1982. In our opinion it does not take into account any local or state's ability in meeting percent set-aside.

In Utah the entire minority population is less than 10%. This includes men, women, and children, and it would be, in our opinion, physically impossible for contractors to meet a 10% MBE set-aside for Assistance Act funds. We believe that should the proposed Section 105(F) of the MBE requirements be adopted, it will become extremely difficult for Utah to even secure a waiver from this provision. We understand it is very inflexible and does not take into consideration any local or state circumstances. This causes us great concern.

We urge your review of this very critical matter and would hope for the sake of the construction industry this will be changed.

Very truly yours,

Dear Nancy,

Your strong personal commitment and involvement in the problems of teenage drug abuse are having a profound impact on American Society! The depth of your concern was clearly evident in last night's PBS Broadcast. The program format based on community concerns with cross-generational participation was thoughtfully conceived, and as a result I think the important message about this tragic problem was very successfully communicated. Bravo!

I have included a copy of the interim report of the Presidential Commission on Drug Abuse and a

Copy of the draft final report which is directly related to your efforts. The draft report has not been circulated and is subject to change before it is finally released in the next few weeks. I hope there will be a chance to discuss this with you and get your reaction to some on-going and contemplated initiatives here at the Department to combat teenage alcohol and drug related highway fatalities. I share your deep concern over the decline of the life expectancy of young adults. We surely must do everything possible to reverse this tragic trend in our society.

I am sure I speak for millions of Americans in expressing deep appreciation for your outstanding contributions in this crucial area and

Your fine presentation last

Those who pass through that airport will find no better role model than Amelia Earhart. She personified the finest in her chosen field of aviation; her contributions to the Nation have earned her a permanent place in history.

Dear Mr. Clark:

Thank you for your message to the President recommending Mrs. Robert Dole to be Associate Justice of the United States Supreme Court. As you know, the President has nominated Judge Anthony M. Kennedy for this position.

In more than a decade of service on the United States Court of Appeals, Judge Kennedy has demonstrated evenhanded and firm-minded application of the law. He shares President Reagan's philosophy of judicial restraint, believing that it is the role of a judge to interpret the law, not to make it.

In announcing his intention to nominate Judge Kennedy for a seat on the Supreme Court, the President stated, "The hallmark of Judge Kennedy's career has been devotion: devotion to his family, devotion to his community and his civic responsibility, and devotion to the law. He's played a major role in keeping our cities and neighborhoods safe from crime. He's that special kind of American who's always been there when we needed leadership. I'm certain he will be a leader on the Supreme Court."

Judge Kennedy is a person of broad experience and unquestioned integrity. The President is confident that the Senate will confirm his selection of this distinguished nominee, and he looks forward to Judge Kennedy's continuing his lengthy and successful career in public service as a member of our nation's highest court.

We appreciate your taking the time to express your thoughts on this important position.

Sincerely,

Alan Charles Raul
Associate Counsel to the President

Dear President Reagan:

According to a newscast last Wednesday we, your supporters, have the privilege of suggesting whom we would like as Attorney General.

I wish to nominate ELIZABETH DOLE.

In an awake vision on November 22, 1986 I was "told" that Elizabeth Dole would be our FIRST woman president. No, I am NOT a psychic, just sensitive. She would make a good president. A GOOD Attorney General.

Thank you, and may God Bless you!

Hon. Ronald Reagan,
President
United States of America
1600 Pennsylvania Avenue
Washington D. C.

Dear President Reagan:--

I am 70 years old and have never been a Democrat.

So now you know.

The media subtely invited Americans to submit
suggestions for the post of Attorney General. I am ready to do so.

My nomination is ELIZABETH DOLE.

You have asked for courage, integrity and leadership,
and I believe she qualifies on all counts.

I note the Democrats will have a woman as keynote
speaker for their convention. I think Elizabeth Dole's nomination
would not only give Republicans the lead here but would open the
gates for more votes for George Bush.

On another note, I knew the late Pat O'Brien. He
and I sat together at the original Toots Shor's in 1949 following
the opening game of the "World Series. We talked of the movie,
"Spirit of Notre Dame."

Thank you, Mr. President, for taking the time to read
this letter. And good luck always to you and Nancy.

Most cordially

John T. Campbell
