BASTIAT 1801-50

"Heavy govt. expenditures and liberty are incompatible. Woe to the people that cannot limit the sphere of action of the state. Freedom, ^{private} enterprise, wealth, happiness, independence, personal dignity - all vanish."

* "The govt. offers a ^{Cure} cure for all the ills of mankind. It promises to restore commerce, make ^{prosperous} agri. professions, expand ^{industry} indus., encourage arts & letters, wipe out poverty, etc. etc. All that is needed is to create some new govt. agencies & to pay a ^{few} ^{bureaucrats} more Democrats. ~~hell~~

* When a Nat. is burdened with taxes nothing is more difficult or impossible than to levy them equally. What is still more difficult however is to shift the tax burden onto the shoulders of the rich. The state can have an abundance of money only by taking from everyone ^{equally} ~~equally~~ from the masses.

* People are beginning to realize that the apparatus of govt. is costly. But what they do not know is that the burden falls inevitably on them.

* The state is the great ^{political} entity by which everyone seeks to live at the expense of everyone else.

* The st. quickly understands the use of the role the public attributes to it. It will be the arbiter, the master of all destinies. It will take a great deal hence a great deal will remain for it self. It will multiply the number of its ^{constituent} ~~constituent~~ and by acquiring ever increasing ^{proportions} ~~proportions~~.

For 25 yrs. "Cato" finished every speech to the Roman Senate: "Carthage must be destroyed". 151 B.C. Rome declared war on Carthage. But ^{Carthaginians} Carthaginians were peace loving and unprepared. Their envoys sought to dissuade Rome. Romans demanded 300 children from the most prominent families as hostages. Carthage agreed. Next Rome demanded surrender of all ^{remaining} ships & weapons of war. It was done. Then Rome demanded evacuation of the city so it could be ^{burned} to

Catapult

the ground. Then did the Carthaginians ^{revenge}
they had been tricked in one of ^{history's} great
acts of dishonesty. In 2 months they built 120
ships & thousands of shields, ^{swords} spears &
catapult missiles - but it was too little too
late.

Almost the entire population was slaughtered,
the city was razed to the ground & the earth
plowed & sown with salt.

(When Rome delivered the final demand &
the people of Carthage realized they had been
tricked they tore their ^{appeasement} ~~appeasement~~ minded
leaders limb from limb.)

DR. GOEBBELS (1927)

"Whoever can conquer the street will conquer the state one day for every form of power politics ^{and} any dictatorially run st. has its roots in the street. We cannot have enough of ^{public} demonstrations for that is far and away the most emphatic way of demonstrating ones will to govern. It means a veriflexible sight more than election statistics. When we can see our men, thousands of them marching up & down the streets that is nothing short of mobilization for power." (any)

NAZI PARTY: What about a political party platform??

"Demand that the state shall make one of its chief duties to provide work & means of livelihood for its citizens"

The activities of the individual must not clash with the interests of the whole but must be pursued within the framework of Nat. activity & must be for the general good. Demand:

abolition of incomes unearned by work & emancipation from interest charges. Confiscation of all war profits

Nationalization of all economic trusts. Great industries shall be organized on a profit sharing basis.

The Extensive development of provision for old age

Ed. facilities for specially gifted children of poor parents at the expense of the state. Our Nat. can only achieve permanent well-being from within on the basis of common interests

our mil. estab. Our arms must be mighty,
ready for instant action, so that no
^{potential aggressor} ~~potential aggressor~~ may be tempted to risk
its own destruction. - We have been
compelled to create a permanent ^{armaments} industry of vast proportions"

JFK. "There can be only one ^{possible} ~~poss.~~ defense
policy for the U.S. It can be expressed in
one word - the word is I.E. Do not mean I.E.
when - I don't mean I.E. I.P. - I mean I.E. period"

DR. S.D. ONABANJO - NIGERIA:

"You are not Africans. We Africans have enough trouble trying to help our own people. If black Americans gave us the money & tech. assistance the Am. Govt provide to Israel there would be no problem. You have wonderful black orators but we don't need that. We need scientists, ~~teachers~~ tool & die makers, Drs. & dentists, brick layers, & skilled carpenters. You black Am. are trying to find a part & we are trying to find a future!"

- * "Dem. will last until the people in power learn they can perpetuate them selves in power through taxation."
- * BOOK DEM. IN AM. -- "The Pres. has ill. power. He may see without causing great mischief to the state. Cong. may decide amiss without destroying the union because the people may retract their decisions by changing the members. But if the Sup. Ct. is ever composed of imprudent men the Union may be plunged into anarchy or civil war."
- * The man who asks of freedom anything other than

~~Itself is born to be a slave.~~

- * Bright Sunday morning back at the outland of the Rev. War the Rev. Malinberg was preaching his sermon when - handed a note. - I could read the brief msg. silently then took off his ministerial robes. "Was wearing the uniform of Washington Army." "My friends there is a time to preach & a time to fight. This is a time to fight."

* J.F.K.

We are in danger of losing something solid at the core. We are losing that pilgrim & pioneer spirit of initiative and independence - that old fashioned Spartan devotion to duty, honor and country."

* JUDGE SAUL STRIET N.Y.

"When the time comes that publ. empes. can strike against the govt. with impunity then that is the end of our Dem. & the beginning of anarchy."

CICERO

"A Nat. can survive it's foals & even the
ambitions but it cannot survive treason from
within. For the traitor appears no traitor; he
speaks in an accent familiar to his victims
he wears their face & their garments..... he
rots the soul of the Nat. He works secretly &
unknown in the night to undermine the
pillars of the city; he infects the body politic
so that it can no longer resist. A murderer
is less to be feared."

THOMAS MACAULY: "One ruler will best promote the

improvement of the people by confining...relax to
their own legit. duties - by leaving Cap. to find
it's most lucrative course, commensurate their fair
price, industry & intelligence their natural reward,
idleness & folly their natural punishment;
by diminishing the price of law, by maintaining
peace by defending prop. & by observing strict
econ. in every dept. of the state. Let govt.
do this - the people will assuredly do the
rest."

-W.H. PENN-

* If men be good govt. cannot then be bad.

ROBT. E. LEE (ON BACK) HERBERT SPENCER ESSAY "SELF-DEFENSE & PATRIOTISM"
WM. STANTON & CO. N.Y.

Great patriotism sometimes is a man's act

exactly contrary at one period to that which he does at another, and the motive which impels them, the desire to do right is precisely the same. The circumstances which govern their actions change, and their conduct must conform to the new order of things. Hist. is full of illustrations of this: Wash. at one time fought against the French under Braddock, in the serv. of the King of Gt. Britain: at another he fought with the French at Yorktown against him. He has not been branded by the world with reproach for this, but his course has been applauded.

of the pauper - the more you assist him the more he wants. Of the beggar the more he has to do the more he can do. A whole Nat. must be so - that just in proportion as its members are little helped by extraneous power they will become self helping and in proportion as they are much helped they will become helpless.

* Wm. Gladstone 100 yrs. after our crest: "I consider the crest to be the most remarkable pol. advance ever accomplished at any time by the human intellect."

QUOTES: NAZI VS. NAT. US. PAPER - FDR. - ROBT. MAYNARD HUTCHINS.

* NAT. US. LAB. PAPER: "The time has come to put into effect a single integrated Fed. syst. guaranteeing cradle to grave security against the hazards of illness, disability, work injury & old age."

* "We shall cherish want, we shall banish fear. The essence of Nat. Sec. is human welfare rooted in a fuller life for every German from childhood to old age" ADOLF HITLER.

* The doctrine of reg. & legis. by master minds in whose judgement and will all the (over)

people may gladly & quietly acquiesce, has been
too glaringly apparent in Wash. Were it not to
find matter minds so unselfish, so willing to
decide unhesitatingly against their own personal
interest - such a govt. might be to the interest
of the country, but there are none such on
the pol. horizon." FDR

* ROBT. M. HUTCHINS:

"The Am. experiment of leaving ed. to 50 states
& 40,000 school boards is drawing to a close.
Fed. aid to ed. formally & on a massive scale
is inevitable & the sooner it comes the better."

* Loving means to love that which is unlovable
or it is no virtue at all; forgiving means to
pardon the unpardonable or it is no virtue at all;
faith means believing the unbelievable or it
is no virtue at all. And to hope means
hoping when things are hopeless or it is
no virtue at all.

QUOTE - THOMAS WOLFE & JOHN DICKENSON'S SIGNR US. CONST. - DEL.
GEO. BERNARD SHAW.

"To every man his chance, to every man
regardless of his birth his shining golden opportunity.
To every man the rt. to live, to work, to be
himself & to become whatever his manhood

decker is the promise of Am."

* J.D. "It is not our duty to leave wealth to
our children, but it is our duty to leave lib- to
them. We have counted the cost of this contest
& we find nothing so dreadful as vol. slavery"

G.B.S. " Soc. means equality of rice or nothing. Under
soc. you would not be allowed to be poor. You
would be forcibly fed, clothed, lodged, taught &
employed whether you liked it or not. If it were
discovered that you had not character or industry
enough to be worth all this trouble, you might
possibly be executed in a kindly manner, but
while you ~~is~~ were permitted to live, you would
have to live well."

RR.:" The path of hist. is littered with the bones of
dead empires. If we are to follow we will have

disintegration. The enemy at our gates is combat

(T. Roosevelt)

Francis Lieber (Prof. Col. U. 1859) on Democracy.

"Woe to the country in which pol. hypocrisy first calls the people almighty, then teaches that the voice of the people is divine, then pretends to take a more clamor for the true voice of the people, and lastly gets up the desired clamor." Getting up the desired clamor is what we call "social engineering."

x Ralph Waldo Emerson - "The hero is no braver than an ordinary man - but he's braver 5 min. longer."

Teddy Roosevelt.

"Americanism means the virtues of courage, honor, justice, truth, sincerity & hardihood - the virtues that made Am."

"The things that will destroy Am. are prosperity at any price, peace at any price, safety instead of duty, the love of soft living and the get rich quick theory of life."

QUOTE GEO. WASHINGTON + PATRICK HENRY (P. 11. 1750 - AUSTRALIA.)

- * Disfranchise my fellow countrymen, of ever teaching citizenship
based on the basis of morality & abandon all hope of
teaching morality on any other foundation than religion
for the nat. that forget God has never been allowed to endure.
- * Freedom from want must never be interfered
as freedom from the necessity to struggle.
- * PATRICK HENRY: Perfect freedom is necessary to the health
& vigor of both commerce & citizenship & both will
have freedom conceived by a smith will have
it at all.

* A few years ago - "I wonder if anybody has thought what the situation of the comparatively small nations of the world would be if there were not in existence the U.S. - if there were not this giant country prepared to make so many sacrifices."

FROM THE ART OF LIVING - BY WILFERD A. PETERSON. - GOV. F.W. RICHMONDSON
(IRISH) 1922 ON SCHOOLS

✓ Happiness does not depend upon what happens outside

of you but on what happens inside of you; it is measured by the spirit in which you meet the problems of life.

Happiness is a state of mind. Lincoln once said: "We are as happy as we make up our minds to be". Happiness doesn't come from doing what we like to do but from liking what we have to do. Happiness comes from putting our hearts in our work & doing it with joy & enthusiasm.

Happiness grows out of harmonious relationships with others based on attitudes of good will, tolerance, understanding & love. The master secret of

Happiness is to meet the challenge of each new day with the serene faith that "All things work together for good to them that love God".

* GOV. FRIEND W. RICHARDSON 1922: "SCHOOLS MUST BE PUT ON A BUS. BASIS. THEY MUST NOT ONLY TEACH - BUT PRACTISE THRIFT."

* IRISH BLESSING - "May the road rise to meet you, may the wind be always at your back, may the sun shine warm upon your face, the rain fall soft upon your fields and until we meet again, may God hold you in the hollow of his hand."

QUIET CHARITY - FREEDOM.

POET-SCHREINER: Upon the road which you would
travel there is no reward offered. Who goes goes
freely for the great love that is in him. The work
is his reward.

* FOUNDER - SAW ARMY 23 NEARLY BLIND WM. BOOTH: "While
women weep as they do now - I'll fight. While
little children go hungry as they do now - I'll
fight. While there is a poor lost girl upon
the st. I'll fight. While there yet remains
one dark soul without the light of God - I'll fight.
I'll fight to the very end."

RALPH BRADFORD - FLA. BUS. CONSULTANT: "A human society is built & can only be built upon a foundation of citizenship accountability. The strength of a nation is not its legal machinery, but the moral firmness & courage of its people. The law is but the codification of their conscience. There are not enough laws, & never will be, to keep a society together if its members no longer write it. There are not enough policemen, courts, judges or prisons, nor ever can be, to prevent the death of a city whose people no longer care. Law enforcement is for the criminal few; it collapses if it must be enforced against the many. When the sense of civic accountability is no longer present in majority strength, then no legal device known to man can hold the society together - Freedom is a timeless torch, blazing in the dark."

QUOTE DEF. - GENTLEMAN.

CARDINAL JOHN HENRY NEWMAN: "...

One who is tender toward...
loathful, gentle toward the distant, & merciful toward
the absent. He never speaks of himself unless compelled,
never defends himself by mere retort, he has no ears
for slander or gossip. The gentleman is patient &
forbearing; he resigns himself to suffering because
it is inevitable, to bereavement because it is
irreparable, & to death because it is his destiny.
And if he engages in controversy of any kind, his
disciplined intellect preserves him from the
blundering discourtesy of letter, parol, but less

educated minds who mistake the pt. in argument,
waste their strength on trifles, misconceive their adversary
& leave the ques. more involved than they find it."

* Burke: "— That elevation of mind & temper, that
✓ generosity & courage of mind and that habit of
acting upon friends, which rise superior to
immediate advantage & part. interest."

* A/Or: "— Always says & does the kindest thing."

RUSSOYIII: JUDGE HAND - J.E. HADVER

"We were the 1st to assert that the more complicated the forms assumed by civilization the more restricted the freedom of the individual must become."

VICTOR FRANKL (AUSTRIAN WRITER)

"A man who becomes conscious of the responsibility he bears toward a human being who affectionately waits for him or to an unfinished work will never be able to throw away his life. He knows the why for his existence and will be able to bear the how."

JUDGE L. HAND.

- There is nothing sinister in so arranging ones affairs as to keep taxes just as low as possible. Nobody owes any pub. duty to pay more than the law demands. Taxes are enforced exactions not vol. contribs. To demand more in the name of morals is mere cant."

J. E. HOOVER.

The cure for crime is not the elec. chair but the high chair."

A. LINCOLN + - ANON. QUOTE'S

* "Labor is the fruit of labor. Prop. is desirable & is a positive good to the world. That some should be rich shows that others may become rich & hence is first encouragement to industry & enterprise."

o "Let not him who is houseless pull down the house of another but let him work diligently & build one for himself thus by example insuring that his own shall be safe from violence when built." * "A man may be loyal to his gent. & still be opposed to - peculiar priv. (conv) practice of the admin. in power."

✓ I SHOULD BE MOST PRESUMPTIOUS BLOCKHEAD UPON THIS FOOT STOOL IF I FOR ONE DAY THOUGHT THAT I COULD DISCHARGE THE DUTIES WHICH MV. COME UPON ME, SINCE I CAME TO THIS PLACE WITHOUT THE AID & ENLIGHTENMENT OF ONE WHO IS STRONGER & WISER THAN ALL OTHERS.

* "THE GREATEST LIAR HAS HIS BELIEVERS. IF-LIE BE BELIEVED FOR ONLY AN HOUR IT HAS DONE ITS WORK. FALSEHOOD FLIES & TRUTH COMES LIMPING AFTER IT; SO THAT WHEN MEN COME TO DE UNDECID. IT IS TOO LATE; THE TALE HAS HAD ITS EFFECT."

* ✓ GREATNESS IS MEASURED BY YOUR KINDNESS. YOUR ED. & INTELLECT BY YOUR MODESTY. YOUR IGNORANCE IS BETRAYED BY YOUR SUSPICIOUS & PREJUDICES. — YOUR REAL CALIBRE IS MEASURED BY THE CONSIDERATION & THOUGHTFULNESS YOU HAVE FOR OTHERS.
