

RONALD REAGAN GUBERNATORIAL AUDIO TAPE COLLECTION, 1965-1974

This collection consists of speeches, press briefings, question and answer sessions, taped messages, interviews, fundraisers and conferences of Ronald Reagan during the gubernatorial campaigns and as Governor. There are a few recordings that do not include Ronald Reagan. The collection is arranged chronologically. Unless specifically noted, the speeches were given in California. A few of the recordings are poor quality and are difficult to hear or have speed problems. Several tapes are divided up into multiple parts.

Ordering information can be obtained here [Order a Digital File](#) or by contacting the [AV department](#). As soon as digitization is complete there will be links to the MP3 audio files.
