Honorable señor en la Unidad
integral de todos los factores está la mayor integridad territorial
Con nuestro trabajo estamos intentando resolver los errores y
grandes pecunias de un parado, para restaurar a cada nación
al través de sus hijos al dar su Patria Obrera y Re Pública
Internacional Unida en el Ejecuto, dentro de un Fuerte Republicano
y todo unido por el pueblo. Un ejecutivo como un solo hombre.
Baste decir que esta ha sido la lucha del pobre siempre.
Dar desde nuestros centros Fundación Lenin ~~en~~ y Fundación
Washington en conjunción ambas una Nueva Era de Republica
restaurada. La América será Inmortal solo si da al mundo
la salvación y no ninguna clase de muerte. Aunque la vida
comienza en la sepultura y termina al nacer. Vivir es soñar
soñar y la muerte el despertar. Han sido 41 años de lucha
contra aquellos que deseaban ser sin entender que para ser
teníamos que ser. Se levanta el monumento a Lenin
y al pueblo traicionado por la monarquía desde la piedra
donde cayere un hombre pero para los pobres. Desde donde
último existió el General Washington se levanta la nación.

El Fuerte Republicano propuesto será
quizás necesario llevarlo a la práctica en la Casa Blanca
para salvar tanto la integridad de una como de todas las
Re Públicas. En las Guardias y en el centro de una nación
E.U. donde radica la fuerza y el centro de la Fundación
Washington, junto a nuestra Fundación y la Fundación de
cada nación. Crep indispensable tal seguridad en la Re Pu
blica Internacional, fuera de otros basamentos que no sean
los neutrales y unitarios entre Re Públicas.

Los enemigos de esta y
y cualquier Re Pública son el robo al derecho
y justicia de todos. El crimen, el hecho de desobedecer
las leyes, el hecho de raptar las bases fundamentales
de esta unión a una cultura de...

Los intereses que firman la existencia nacional y la llevan a no ser otra cosa que parte del territorio enemigo, parte del territorio del conquistador.

En la actualidad tales intereses en el gobierno o en otro cualquier nivel nacional de poder son aliados involuntarios de aquellos que sin ningún derecho ni parte en la Fundación por ellos asesinada se encuentran ocupando el territorio de tal Fundación aquí, o en cualquier otro lugar donde las palabras del actor allan al canchada a ser leído o escuchada.

Quitar el derecho a quien lo tiene por haberlo (solo) defendido hasta el final, es otorgárselo a aquellos que desde un principio en 1923 no lo tenían y de la misma forma lo robaron en una y mil muertes en el Fuerte Monarquía. Hoy Fuerte Monarquía de los Impostores y asesinos de la lucha obrera al través del tiempo y al través de las Repúblicas y Monarquías.

Destruir la obra de artífices haciendo todo lo contrario al plan inicial o río de vida es entregar las defensas vitales de una obra nacida para luchar por los ideales fundamentales y constituyentes. La Constitución de 1940 en Cuba y la Constitución de 1903 en Suiza citaron a Florencia (el valle de Obreros y Campesinos, con un cuartel aislado pero una idea republicana unitaria). Borrar los designios de un gran arquitecto lanzan al mundo al nivel violento de la confusión y las traiciones.

El deseo monárquico imperante entre aquellos señores absurdos y enemigos de toda República ha dado el mundo a los Stalins, el tal sus propias cosas y naciones. Son, esto en primer pío los mejores aliados del Kremlin monárquico. No son ellos

Nosotros que antes honramos la Fundación de Washington, Jefferson, Lincoln y otros vemos en tales hechos la secuela amarga, destructora en la República traicionada desde su origen por el mismo pueblo bastardo de la monarquía Inglesa de los Cabot Lodge y otros.

Acá en Fuente Republica todo es por los piores de 1779 en E.U., los piores de 1789 en Francia, los piores de 1895 en Cuba, los piores de 1902, 1917 en Rusia. Honramos las Fundaciones

Nuestra Fundación no puede ser esclava, ni de unos, ni de otros, pertenece a todos y esta hecha Fuente en República de los que nada tenemos, los pobres del mundo y países de la Tierra. Así pues si comprometemos con unos o con otros dejamos de ser patria y pueblo. No podemos sino estar en posición neutral para depender unos u otros, (el pueblo y la patria dejó unos u otros). Tal ha sido la labor eficiente de la República de letras desde sus principios.

Es muy difícil mantener este principio aunque en ellos descansan la Independencia y existencia de cada República. No podemos entregar tales factores de salvación ni a unos ni a otros. Tales se mantienen en Fuente Republica Internacional Obvra Campesina Desde Roma y desde un principio Tal es fundación de naciones. El campo y el cerrado.

Y De cara al sol nació Martí fundador de una gran nación y de cara al sol cayó, para en fuerza inercial continuar la fuerza vital de República.

Existen muchos elementos destructivos en cada nación, los grupos de gobierno cuando hacen heres y gran crimen, luego esto dan paso a crímenes mayores. El criminal es perido por quien tiene mayor derecho que el, siempre han entregado naciones a imperios talz señores o talz grupos. La debilidad de un grupo hace la debilidad de una nación, la fortaleza de un hombre la de una nación. Ningún ejército de la pública bien sentido puede una nación, el ejército de gregos y corruptos la entrega. Vamos a hacer un ejército puerro de antiguos soldados en E.U. veteranos de las primeras campañas. Unido por la República misma del General Washington, de aquí nace una sola República la de Estados Unidos. Vamos a hacer con ellos el ejército de los jóvenes. Por un anciano 1000 americanos jóvenes. Después junta va la República Internacional Unida para salvar la nación. Por un soldado de los ancianos por lo menos 100 de otras naciones. Mas logramos unidad en el ejército bajo la dirección de los más viejos obreros y campesinos soldados de la Fundación Washington para Unida la Fundación del Ejército de la Pública en una Nueva Revolución Industrial de la Pub. Todos en una Unión Obrera proce- dente de Teamsters Workers Union (pero Independiente y necesaria para tal obra).

Cada nación tiene sus soldados fundadores de tal Patria. Cada nación les da un nombre, u otro pseudónimo talz, son los mártires

En el hombre existe un deseo Burócrata y de grupos y élites que lo condenan ha estas ligas del anhelo del pueblo. El anhelo popular y de justicia se junta cuando bien llevado para un gobierno mejor en la República. Los viejos sectas europeas son como los viejos sectas de este continente, aquellas que cuentan con los otros, el enemigo por de la República. Los entreguistas basados en Nueva, o Viejo Chile igual.

Si en una República Internacional de Cuba, un cubano por una Patria Obrera, tal Patria es de su familia y parte verdadera de Cuba porque los E.U. y todas las naciones tal acuerdo hacen. Desde el Frente Republicano donde quiera tal fuente Republicana está en tal momento en territorio de Estados Unidos. Es inapropiado pensar todo lo contrario. "¿Como puede existir la República de Estados Unidos basados en el Ejército de Un Solo Hombre?"

Horns

La Oficina del Presidente de Estados Unidos, para formar su ejército de República se fara en amplia justicia y derechos para todos, pues tal es la base lo hijos de esta patria y pueblo, lo residentes permanentes y en unión a nuestros hijos damos tal potencia a la nación y su presidente en virtud del derecho a existir que permanece en cada uno de Nuestra América Inmortal.

Quando todo individuo que desea viajar a Estados Unidos entienda que hasta la edad de 45 años ha de servir al Ejército de la República Internacional o cesar las inmigraciones o lo ya en estas tierras desearan retornar. Porque no todos vienen a servir la República. Sin embargo de ser un triunfo la Revolución Industrial de República serán muchas las naciones que desde este ejemplo la adopten como suya. y las Repúblicas Internacionales de cada nación volvan allí para engrandecer la propia. Dictará entonces Estados Unidos y esta República Internacional el futuro de las naciones.

Espero recibir su pronta respuesta pues apremia una solución de inmediato los Estados Unidos tienen fronteras abiertas y debemos cerrarlas en tal forma y levantar la nación.

Atentamente

Para cualquier arteficio de la República
haste decir que las semejanzas a Roma decadente hay son
asombrosas. Naturalmente en toda época de decadencia de una
República la solución siempre es encontrada en dicho Imperio.
Una época de decadencia y vicio es contrayendo a una virtud
etc. Sin romper las normas básicas de la nación. Burzuenos en
la estabilidad de Roma.

Partiendo desde los alrededores de Washing-
ton un ejército compuesto por ex empleados de el gobierno federal
de todos los Estados Unidos y dicho ejército encabezado por antiguos
oficiales y soldados obreros de la nación. Por ejemplo si el gobierno
federal ha desempleado x miles de personas, tales x miles serán
la misma fuerza en el ejército del trabajo obrero y campesino.
Para hacer triunfar una obra comparable a las mayores de la
historia "una Nueva Revolución Industrial".

La Patria Obrera y la República Inter-
nacional serán en el Ejército de Obreros Campesinos la verdad
y triunfo de tal empresa. Es necesario hacer todo con la solidez
y exactitud y necesaria. Tal comunidad requiere existir y coexistir
por muchos años y sobre sus fundamentos mejores se encuentra
la base para la preeminencia de los Estados Unidos por el mundo.

Definamos fuerza las bases esenciales de
tal una titulada Patria Obrera o Patria China.

En el año del 133 a de J.C. debido
a situaciones similares surgieron en Roma Tiberio y Cayo Sempronio
Graco y su hermano del país. Como tribuno de la plebe (133 a
de J.C.) el primero hizo a probar reformas agrarias. El segundo
tribuno también diez años del país, añadió a la ley agraria
de su hermano otras reformas, como venta de trigo a bajo precio
e intentó extender la ciudadanía romana a los latinos y los
privilegios de los latinos a los demás itálicos. Ambos enfrentaron
fuerte oposición por parte del senado e intentaron ser ponedores
apoyados en la asamblea popular.

Los Gracos aunque probar habrían

habiendo el camino a la violencia y la ambición personal de los demagogos y caudillos militares. Por otra parte el ejército estadounidense reclutado según la riqueza de sus integrantes era ya inadecuado y se inició la práctica de enganchar voluntarios a pueldos entre los desheredados de la fortuna, que sentían más lealtad hacia los comandantes que hacia la república. (A honra de sí obraron entre nuestro ejército de obreros campesinos, amos y que pagaran su puesto en dicho ejército y los pagados por un salario y desheredados de la fortuna, el nuestro es el que hace la nación de Italia y de la que pondrá a Washington hoy si llevado a cabo en esta forma. Es un Ejército de Hombres Libres no es un ejército de asalariados y desheredados.)

El ejército romano era y debe ser una comunidad militar cerrada por completo. Tal comunidad militar cerrada y bien es una que se basa en el ejército de un solo hombre como un solo hombre. Es estrecho y con la familia como fundación

El asunto primordial de toda campaña y asunto militar es no prevenir combate alguno sin embargo si combatir al enemigo con la misma campaña y tal política.

Así manteniendo tal ejército de herederos de la fortuna, puesto en manos de los desheredados, hace una campaña por el mundo similar a la mayor de todos después de el triunfo obrero en 1917 en Rusia y mayor porque de lo que Stalin quiere. La Revolución Industrial en Lowell actual busca dar un monumento al obrero, nuestro anhelo, pero el sacrificio proletario y lo hace defensor de su propia patria. No más un es el oro, debe servir al ejército activo hasta los 45 años. Porque cuando se libera una persona es para que sea soldado para defender su libertad. Puntos enormes ha dado el ejército de libertos y expansión.

Quin más el mundo está aún por ver los sucesos de esto en una moderna Revolución Industrial de millones de almas, que sin duda levantarán y condensarán la nación pero que con el tiempo pueden alcanzar la misma corrupción. El hijo del soldado debe ser soldado por que tal es la herencia de la propiedad que la tierra da. Así que el ejército mantiene un nivel de riqueza para hacer una clase media y no una rica más. El hecho de clases medias armadas han hecho las de la historia existir.

Honorable President Ronald Reagan
White House.

Our greatest Guardian in the world is China, we are asking always their counsel and we are under their custody as we expect our children to be under their custody as well.

All problems can be well solved for the good of the people of U.S. There is nothing that cannot be solved.

We have now a great moment at the end of this great country decay and fall. Either from Empire to the very end as a nation, we have the moment of greatness not of U.S. alone in America, but of U.S. in America and United we are the America Immortal. We have U.S. not longer we have America now.

Also by respecting other national Foundations we have U.S. America and Alliance with Peoples Republic of China. It is in there where all Our Foundation rests, we are resting with our rights and with our rights defending the rights of America the Immortal. also with our rights defending the rights of existence of China and every

nation. For we are now bound in Cuba and
same to U.S. 1961 we are as much time in
Cuba as in U.S. both parts of America Immortal.
This in truth is a Triumvirate Politics an Interna-
tional Arena. It is justice to give justice to
every nation in the world. The U.S. it needs
a good friend in China and a good friend in
all Americas. Truth, justice and rights go further
than any other words in history. To exist we
must be true. A nation prevails if a nation
remains truthful just and right. America Immor-
tal will survive united with Peoples Republic of
China in many forms by a broad alliance.
By so doing we are all still the same and
doing our best arm to move a head to save
every one National Interests without hurting
our another's interest.

How can we all be in
one House of Friendship and still
defend the rights of every nation to exist
How can we defend the rights of the
People of Russia to exist and also
do defend the rights of the republication
to exist as a nation not as a province
of Russia. How can we defend one from

taking on the other, the answer is very simple, by recognizing every ones rights. By recognizing China's right of existence, U.S. rights of existence, Russia's rights of existence, Cuba's rights of existence and every ones rights of existence. In true respect if we recognize we are recognized. In true respect if we do not recognize we are not recognized. This country has gone with CIA's intrigues and other wrongs very far away, those wrongs do put this nation in the hands of her enemies. We are here watching the one's to be killed and observing the undertakers. It is true this nation has pinned as all young Republics but so has Russia gone into very great sin. We have to understand the meaning of the word "existence", if we are here by invited to bring honor to every one else's existence then we are to exist. To do so we are here.

Not any one is here to deprive Russia of her existence as a nation. We are here to give the rights to who has the rights, the people of a nation do form the country, it is not the crime of one group or another, those are taking away when their behavior has put

the nation rights of existence in jeopardy
Stalinism will end in Russia for the good
of the people a better way will come to exist
but the people will always exist. the nation
will always exist. And if the people
and the nation of Russia even after Stalinism
goes away does exist, why can't the U.S.
exist and cleanse itself from a less crime
to humanity than Stalin's crimes. Men are
not responsible when power comes to them

Stalin was not exceptions: there was a traitor
conspiracy against the Russian and people as
there was a Breznev and many others. But
if we recognize every man else's existence
why can we all be recognized as people. Hostages
have being taken by some against the rights of
existence of the nation, They have put this
nation as a hostage of the world indeed. We
are here to correct such matters rightly, jail
and death sentence to the with imprisonment.

Prongs and degeneracy, crimes and power mad men
have brought great wrong. If they do not
respect us, who are them to respect. We ask
for them death and life imprisonment. Why?
Because if those men are put away right

this country does exist. There are many mix on all these matters, those mix do not have any right to act against us. nor against their own people, regards of their rank the same.

If a nation is in fault with the world and pleases in 6 years all their faults then a nation must exist.

Not any one owns Lenin's Foundation. Truth is Immortal and keep a Guardian of truth if we are to bring a lot to keep guardian ship then we are to do so. When powerful crime comes to corrupt truth of peoples. Be rather then we have a great Capital and a great enemy against people and every national foundation. Lenin's Foundation is to be kept by all people who love Republic.

The 1917 Revolution came to happen because of Lenin, night and day work. He had a net of infiltration inside Russia bigger than any also he had compromise with other nations rights for peasants, rights and justice for all. He had promise a lot to the people, and he was to give to them, so others saw that and were against giving to the people & because they did not know about the concepts behind it.

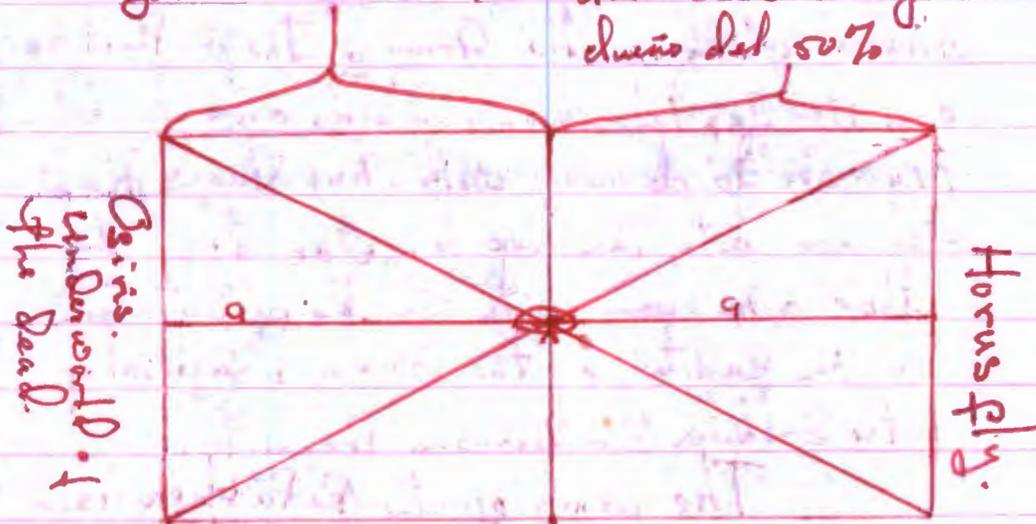

At 3.32 someone has put on a speech of Castro
in the radio, and I have to leave this country.
What a bunch of foolish acts these are. We all are
in a world so small that one more human is well
known seconds after found if well seeing today how
many have attention because they need failure.

In Cuba in year 1960 an Spanish borned
KGB told us ("in 20 years will be in U.S.A.")
Now in Phelps they say "in 20 years". Not in 20; not
in 22 not in a 100 they will never be able to take
U.S.A. and the world as promise, because all the
world as Lenin's great consignation workers are to
be "united". If Truman is said to be able
to put us away then we'll get the traitor out
in the open. China Foundation will always
be honored, traitor treason will not. We are
part of their greatness, we are so well united
in a small world against elite of today and
before that want every thing that we are an breakable
China is the people for China is a lot U.S. is
the power of Patitions, let us unite.

To make Washington's Patria Obvium
exist and Lenin Foundation with China Foundation
It is only truth, necessary to save the world
let us be truth, not one can own the other, a man,
free man.

The Channels of Irrigation do tell which system it is. If Republic or Monarchy.

In this case the channels will have a main stream which is the Army of the Republic and its Capital which remains on every soldier. They are ^{not} to do away with Thus Starts Capital nor with Thus Capital for they have their own ~~cap~~ with its Representation in the Capital of the Army - Capital of the Soldiers Workers and Peasants.

The army of the Republic associates with any system. Republic main stream

National or
Common
Land

Temple of Republic

The main stream is received from the underworld as the River 1789 in Lowell (Press Attache's consulate of France Boston). It comes from a stream of all kinds of waters, for Lowell was first Industrial Planned City of the New World on the First Industrial Revolution. It is of course the Army of the Republic and the France of Italy in Boston must have worked a greater deal on this very matter. We are very sure of the political importance of our work those days.

The main stream architecture is a simple river (nature) not even us.

It has many things and it is amazingly interesting.

It was written on a different level and upholds another great era the year 1820 to bring back monarchy and British rule against National will and honor. This is system of Republic as thousands did dream before they died on the upheaval of first French Rev.

It depicts our projection on Ancient Egypt, called The Song of Aten & A Nile for Egypt and one in the Under-

world for the foreigners. Aten is Re.

As all forms of archaeological discoveries such as the relics are of a world major concern. The Son of Aten also did contract with our dreams about fabulous underworld where there was an Indian cemetery and a natural of bestial strength, around the place the river went under the mountains. The spirit of those dead were stronger than those of any other antiquities that we see here in Boston Museum or New York, they are nature as a naturalist once depicted. Of course when in observation we feel more and see. Re Publica is nature of a (nature) itself is man itself, all men, not one.

Many things happened to the stream 1789, it was formed from waters coming up on highlands of Patitions and Populus living together (Emidals Pass) on highlands on Chem's ford. It comes from the Mountains. it is a French Republica work.

I do not, nor I can believe that on the prospects of having such a thing on the road. Any one like to remember to Catalina the Seat of Russia today.

At least I'd like to ask the people
of the world. Mainly the very poor and
the very rich that if having an army
of all the future as this is worth
surrendering. And if asking the workers
and peasants soldiers. (Workers and
Men of La Mountain) they will indeed
answer "This is not 1923." Because
from the start of the world up to now
La Re Public only counts on the force
of the people. Take for instance today
Russian army, if they are asked
whether or not we should surrender
workers and peasants soldiers now
"they will revolt, but they won't let
us surrender to those who have impi-
tomed the poor with a true workers
and peasant's fight to be tried.

No we can not surrender to those
who have made all these to the people
A middle age sailor from Spain who has
visited some parts of Russia tells me all
about it. "Estan perdidos, el pueblo esta
perdido y se necesita un ejército para
no ser de hambres y ser lo malo que
somos." We appealed such a thing

To them all, in these facts today we can communicate with them all immediately through many channels. When they all know it complete, Moscow will have to surrender instead of us surrendering the Workers and Peasants (Soldiers) We may then ask "who has to surrender?"

As we come to solve the painful problems of Integrity and such delicate matters of crime, we are also to start an all out trial for law and Order in National and International levels.

Among honorable men nothing is better than coming to a "triumvirate politico" (on basis of such matters)

(We, this time) can enumerate in Political Science such arrangements without making any statement in politics with adversaries. Furthermore, I will never recommend the ideal of Triumvirate but of French Directory a more republican vision of all true Republics in time.

We did belong to Directory of Students 13 of March in Libya. Also have read Directories of Politics around history

not going into either the Italian and French
experience, nor to any other than a religious
Directory base upon the Anglican concept
of *Re Publica* and base also on the practical
arena of *True Republica* etc letters where
men can sit down to do talk and to do so for
matters without any misunderstanding. But on
such arena of ideals meddles the interests
of *champaigns* and it is not man more interested
to have an opportunity in the *Republica*-
then the workers or poor who as members
of a *Teaming Union* or any other in an
army will achieve the position of true citizens
of *La Republica*, rather than only workers
or soldiers or peasants, or merchants or
any other thing. An order is established
by sitting principles (basic precepts) where ever
Republica exists. Upon such solid foundation
time, spirit of the laws, from start to
end comes an army. We must never be
afraid of any philippic or philippic, for
we are working upon them all. Let us love
and honor them all, for they are the ones who
said this or that. The world of the factory
is a very pragmatic one a natural one it is

stand upon the mechanics of working together to achieve purpose of better men. And Industrial Change in Army of Workers Peasants is of course mostly a pragmatic one far away from any other, this army of workers are to learn how to produce, be army and peasants. Be a part of the nations best men, those who move the wheels.

For such part this army must have a school of military cadets (as Holy Trinity in Lubka) to prepare the soldiers workers and peasants, to produce not only bayonets but with the conscious of the well learned man, and not with the conscious of the analphabet in wisdom. The government of a nation rest upon a well educated army of workers and peasants. It is furthermore the only machinery to move today for of this nation, we are running out of gas. The people must look into such a Directory as a necessary one for their best.

What have found always among peasants that we ourselves like to find among workers sometimes, that is quiet, not matter what the earthy men

is pure, even if call by liberals a reaction
to their best intentions. What in the world
is held upon 1814 for the poor, but slavery
nothing at the end of such a cycle stands but
slavery itself and bankruptcy. The forms
of working together can do exist better if
in an industry. The workers are working and
standing on their lands, for when they stand
on someone else's land they no longer exist.

A great sacrifice we have always to pay
for this, a great suffering, a road filthy
of all forms and those who do not understand
stand laugh at the poor soldiers workers
and peasants (for an army who comes from
the land is to rule those who sit on
and believed to have betrayed the dream
of the sacrificed poor of this world, the poor
of the land, I may sound monotonous to you
but if a man as Henry Kissinger could
take this around the world, those who
now laugh, will cry, those lost in their
kingdom will laugh. Gentlemen in the
Army of the Republic there are not to be
bullies, even if some Russian saints say
I am a bully, the people will tell the
country.

"What a man comes from such a factory system?" we may ask, a very different human; pure, hard, idealistic, very well educated, a worker, a soldier for the country and for the nation as a whole, broad minded, loving the poor and all rich or poor all are people, a man who living in a military community still is human, a man who shares and is capable to die for his country, a man of duty and also a man of understanding, a man to stand stoic in a position either alone or in a group to die in there, nor withdrawing nor advancing. The stand of a man makes the Ruthless exist, the stand of the worker peasant soldiers, 14 hours a day 7 days a week for years will bring up the price of drugs crime, etc. for those who fall will be coming up again to stand, to stand, to stand, to march among soldiers workers peasant. A nation starts moving when we change all energies and put only that of every human to be the most important. Not many will survive the march of this army, not many will be called the strongest, only those who remain at the end of matter is best.

Time and space does not leave family for
truth, only the true one remains, only truth
exists at the end all other wrong founda-
tions do fall one side and the other. Then
it is one man army alone. Three made one
La République in its Trinity of Three men
Poor, Rich, Middle or Poor. And then only
one man general, that one is in every country
the First Founder of the nation. We honor
first the Foundation of the nation when we
stand and they who can take away from
us our foundation, who does not know this
work, tragedy, resurrection and all tragedy
and deadly road, who among all wise men does
not understand the writings of good existence
through work. Is there justice and rights
for workers soldiers peasants and for all men.
The answer is yes. For so many will attempt
to be a part of this army and will start
the march and so forth with us, that
we around it stand. Long as it watch
might, power, and so forth. It is a million
there will stand only the standing, not any other
with all the world, with the Republic. For
we will be all the world's good will

conquer the world and still just few men
will remain in the army, as a matter of
fact very many will come out before the
seven first years. For they all have a very
different ideal. That is the reason why I've
here ask always to put them in army active
duty after they enroll for life rather than
for just a few years as this. The man before
50 will have a retirement at about 45 years
of age, with all honors (retirement from active
duty) because man does not love and ends at death.
The old man who joins the army after 45
years of age, does not have to work more than
to 5 hours a day and military service is
also limited. The woman is the same.
A man after 45 can not perform military
as well as a young man. This is an Ind.
for army and not much is given rather
that this the preparation of an army. Every one
that preparation army will be the same here.
as in England same with the prole-
tarian party, we will have the women popular middle
and the less, on a new army and the less on a new
at Indian the that the less will be around
Victoria Island and the less the preparation for

200 or three hundred years (not 400 years)
based upon the strength of 1789 and upon the
enmity of monarchy with the people. Also
it is based upon the idea that in such
close army where so many belong directly
to *Frente de Rusia* and if we'll closed
by the central stone of the central elite not
one can break, such a thing. The army.

All these will come to the world
when in Russia the stagnation of a system without
any evolution has deeply eroded its life. Also as
many years ago there have been a few to claim
to the Lenin's chair or the Falcom. Such a fact
with the ghost of Lenin haunting the Kremlin and
all of Russia has brought sleepless nights to some.
Also the Marx idea of tankom party to Thus
Kapital came programmed but he did not know
of Thus *Stak* Kapital in Kremlin and both go tank
empt for they are to be well known as *Capital* and
as Companies. They do not care anything else
after Stalin took interest. They did not understand
and the *Russia* only remaining. If all the work
and this the *Russia* to *Russia* they will end
And such *habits* will then to struggle for survival.

as any one who still has a struggle against people.

One main price we ask and that is Death sentence to those who have done it all to us, confiscation of all their properties here or abroad. Jail for their associates, Justice in U.S. of America. It is doubtful that ever this country will survive drugs, Communism and the territorial integrity etc. We are here to see to it that the Republic is bright by its affluence and it is true by its powerful possession revitalizing aspects. Our America, to survive and to like the same for flexible. We are to have a big America not a small nation, we must recognize our Republic and we must recognize our enemies as well. We are here to honor every nation and to honor every Foundation not to go against any Founder or their founder. We are here to do throw our enemies in jail and to make big the meaning of true alliance, let's all part to do and all of them who demand that their is no enemy of the nation. We are here to back the rights of the people to exist as a nation. We are here to back the rights of the people to exist as a nation.

We are to have our Foundation and our

Mr President Reagan, we have in all earnest
doing nothing a very great crime that has
thrown us for 41 years away from our
legislation. We are bringing those very ene-
mies together to be punished well. We are bring-
ing those who are our enemies and traitors
to the truth to be put away from society
and from every form of truth. We have here
in Washington, a number of enemies we want
them ended to bring our honor up. We are
ending their lives if you all back our
sacrifice by slow execution. We are ending
their infamous behaviour as they have
requested by their acts against this nation. These
are our Foundation in China and we are
instructing the Ambassador of China to
convey this message to you through the liaison
man, Mr McHaddock. It is in the best

The Embassy of Peoples Republic of China may name one guard, the Embassy of Ecuador, may name 1 guard. The Embassy of France may name another guard. The Embassy of Italia may name another guard. The embassies of Mexico, Costa Rica, Dominican Republic, Haiti, Jamaica, Honduras, Nicaragua, El Salvador, Panama, Venezuela, Trinidad Tobago, Argentina, Venezuela, Bolivia, Peru, Uruguay, Paraguay, Brazil, Canada, U.S.A. may bring one guard to this Force from each. (Soldiers).

The Embassy of West Germany also can bring a guard, the Embassy of Belgium, Switzerland, Israel, Egypt can bring guards also.

The Embassy of Austria, Switzerland, Australia, New Zealand, Sweden, Finland, Ireland, Nigeria, Zaire, Kenya, Somalia, Philippines, may bring one guard.

But in case of Ecuador and the few first being only the ones to send guards, Ecuador will send 5 guards. China will send 5 guards. Italia 5 guards, France 5 guards and U.S. will send as many as they do send mainly anglosaxons $\frac{1}{2}$ and the others descends from all the nations not represented.

The guards are to be inside the premises at all times. Always 1 American and one from a different country. Two guards as it is territory that was violated. Armed with pistols. These guards must be accredited by U.S. as guards from such organisation borrow unto us for this matter.

As we move in the new building these guards and American army will be a necessity.

The flags will be U.S. flag of 1776 in the middle, the flag of U.S. 1981, the flag of my citizenship when as an exil in U.S.A. this happened, the flag of Ecuador of the right, the flag of China on left, the flag of France on center, the flag of Italia on center, the flag of Industrial Rev. and International Republics United in U.S. Army in center, the flags of all other nations on every side. The flag of U.N. at center. The flags of every state of U.S. at a higher level. The shield of the U.S. and the white stars on peoples industrial Revolution.

I do not delegate in any one else to do this.

Moreover every when they said to have their troops already in U.S. soil and that they are arming such troops for such revolution. Of course they are moving across open borders.

On which or with such facts I will have the need on my territory (again after children custody) Colonel Vinago to capture the men and bring them to the Industrial Upheaval, near their borders, because I did not ask them to come into the place I depended and still doing so. I also take them to be reeducated on our glorious New Industrial Revolution and will send them back with such news to their home land or to the home land which send them to carry on the truth

Yes it took Malincho CIA and Matfira to bring in Castro Korte's. It took their hate against our love for the poor to bring Stalin storic position into this land after their capture of the body of the Re Publican of Workers and Peasants Soldiers in Russia. Which took place at 1.30 the 13th of March 1923, for they did consumate their the crime against the whole of humanity, to make the world as tears with the mutilated body of the greatest of all authors, Vladimir Illich and with it bear false witnesses. But there were others here and every where against the poor and against our work, who did emerge as not knowing of that their own error. And so if they had Malincho to do such act I will have this poor proletarian girl who looks as the picture of our Re Publican on one side, to take this order of arrest and help only in the cooking, care of children and arrest for I still many to Maria under U.M. laws and will continue to be so until she is divorced by all concerned in front of U.M. Supreme Courts. This girl is engaged with another man and is to be marry soon, however I ask of her help to care for children and to carry prosecution and to ~~explain~~ explain not any wrong I may ask also for her fiance, to work with her in our house for Frente Re Publican. If she would not accept we'll have not alternative than to look for someone else, but if she does not accept she leaves us to look find for she also looks as Kropotkin sometimes did look. And if we can't require two cases at once we must have her also presently. (For also I like her.)

I invite Dr. Carlos Murgues Sterling to be a permanent Resident

any from outside U.S. or from inside U.S. to size this nation with
all means to come to such an end. For such reasons we'll take
them on custody and those who are an integral part on such device.

On which event will be needed first our custody of our
three children and which custody will mean the custody of them all
by the Army and all U.S. forces, then to be introduced within a year
in our peaceful project on Fuente Re Publica.

To take custody of children, Maria and the rest, I will
ask all nations the permission to be helped by this lady as tutor
and by a man from France, Colonel retired from Army, who I do know.
Also by a woman of old age from Italia, which will be an instructing
nun retired at a convent, which will like to serve such purpose
on the good of U.S. territorial integrity and the integrity of every nation.

We are all to honor the territorial integrity of
the U.S., when the U.S. honor ours at U.N. or else where.

That is the reason to leave Fuente Re Publica Inter-
national United on Army constituted with such an act or series of
acts in such territory where we all are to be, and such territory
is a part of Fuente Re Publica. Which will be immediately operating
but which walls will be taking at least a year to build.

Let all men know our interest of imprison
and confiscation to those who paid all these matters or factors, concluding
we in the ruin of so many. Plus other not less interest in this matter
is that of imprisonment, or arrest under any national flag or territory base
on the complete factor of a conspiracy, taking advantage of environ-
ment in U.S. etc. In any country we'll arrest and confiscate the
moneys belonging to all who have taking part direct or indirect
in such ruins and many more not analyzed here as yet.

I may ask every nation for help to accomplish
such ends in order to be able to ease millions of sick people
product of the drug revolution brought to a radical point from a good
on which these things I have myself verified the fact by talking
about it with guilty parties from such governments and looking at
their projects of a glorious revolution and dissolution or denigration
of U.S. people, their arrest and confinement into Siberia.

"We love Marina" they said at Phelps
"moreover they also loved Kayskaya and Stalin". These are the
murderers of the people's revolution, these are the traitors to all
realities and the terrorist intent. L.W.

Mr Honorable President
Mr Honorable Delegates
Gentlemen, People of the World

"Justicia" "Derechos" (Orden)
Fraternity

A core or sees to put away every nation, yes Malinche and Matfira CIA with the help of money and on wrong ideas against our storied struggle took over territory and here taken away U.S. into Castro and Krenbin hands. Further more, Krups kya did associat with Lenin to bring it at into Stalin's hands and a group who did love monarchy and elite a part of Tsar's secret police, she had him killed and bear false witness against Lenin in a book, even though she did love him and he did love her. But she was for another ideal and this was monarchy. She was from Saint Petersburg Russia, residence of the Romanovs then. Here in Washington Residence of U.S. government we are to be (telling all facts). She also never gave Lenin succession but he had a child in England with a girl that also looks my friend in Amelia's. That child had a child with another woman and that child is not known wherever he is now who ever he truly might be. Maybe he is Charles Prince of England or maybe he has been blind folded for a long time and is half dead. Let us make two ears in one for the good of all. Let us look for every possible way to solve all territorial integrities in which case none is better served than every nation which is threated by a Russian hegemony at this very time. Nothing is always to be kept away from the people eye, the truth is the sword of all poor and weak people or nations. A false statement if not knowing well truth can bring us all against each other true interests as people or nations. The conquest of the poor on struggle is sacred territory. "Patina Obres" earn with blood. Let us all find what of truth they was on them all wherever.

After all Territorial integrities were violated at U.N. by these cases and after this being the reason of the crossing of 125,000 cubans to grab our territorial integrity that was had being guarding at 11 Lilley Ave Lowell Mass. It will take the imprisonment of all those responsible for at least life terms to be done in our proposed International Republica United in U.S. Army. And we'll take back the custody of all inside 11 Lilley Ave, before and after. Saying all who have come from Cuba to take U.S. territory or from any nation represented at U.N. or any citizen of any country, which have in fact joint to the adventures. And

Money is not the main importance upon
we as all to act on behalf of people and country. With my plans and
work. we will come out right away from them will be taking to our
enemies hands. It is my duty to ask your best for the good of the US
at this very time it is one man applying with you to a Communist Manifesto
of Roosevelt in the future to further to end arms all citizens unity
for the good of the country. In all our weakness it is our worst
enemy, if we can stand we can exist, with our best guidance for all.
My work shall be with our plans, as I
have told you to save 3 children and US to together

We do all our plans with National Security and
with their help we all shall stand.
I've got some impression that we have gotten 1
million of their troops. If things are done right, they are inside our
territory and some are armed or waiting for arms delivery. We must
take them under our custody legally as soon as possible, before either party for
elements or arms or any wrong circumstances do come against our best
factor which is truth, justice, rights, honor, respect, legality, independence
etc. We must act with minute or seconds to undo the wrong.

Also by the world seeing such a good stand and factors the
world must do understand our best intentions towards the people and nations.
A wrong act is never hidden enough, it always returns to us, let us be in peace
with all, let us do right and act right to be always right. The people are, always
the ones who by doing right more than any natural true justice. People are
always to do know the best sound, the best foundation and the roots of truth or
in other case the roots of wrong where they come from. A crime against peoples will
is a crime always, a big crime always come to trial, one Republic betrayed is
on this fact all Republics betrayed. Let us be straight, the security of a nation
sees a nation let us secure justice and rights. We'll have on such good returns

We pursued peace but if those who as importers of an author
work and as criminals to all peoples rights would or should, pursue a struggle over
our own rights of existences on our own space and territorial integrity and of our
own care against those who do, betrayed all thought of good news and friendship,
then we are to pursue an all out struggle for our rights and for the rights of
the workers on Russian land and on Cuban land as well as other lands who
are under traits such. we may ask a four rights.

My paper as it was made from 31 of March 1940
Year of Cuban Constitution, formed in Santa Clara on Workers Maternity Hospital, not
by those who grew me up, but possible by American born citizens who in agreement with

of the country of my true parents who left me on such place, but because of
the actions of not allowing me to take the defense properly, we must abide only
by the law of nature which does incline towards all the Americas and being the
US. also the Republic from where parents came it does make me more than aware
I am keeping my Cuban citizenship or the guardianship of Constitution and by
having three US. born children in US. the guardianship of the rights of all the
children of US. as a Republic. In such an instance as in Kelley case, before and
after all what has happened. By so doing after 30 years of existence in US. nation
on keeping both the International laws that were present at the time and the territo-
rial integrity and foundation of every nation and the territorial integrity of US. against
any illegal act or series of acts by criminal and illegal hands I do persevere
keeping the cases of integrity and do keep the territorial integrity of US. and all
in US. and in the same space by taking with National Security as the greatest or
hands of all honest security to all represented the custody of them at Kelley case
having been being here from before are taking such posture and of those (all those
who were in a way or another or in any relation part of such crime or part
of circumstances then or now, to bring law and Order into the nation as well
as territorial integrity to every nation present and honor to every foundation.
I also do keep in agreement with existing status quo of all these the guardianship of US. Consti-
tution and all laws on my position and work. Such position, stand and work is for
the good of US. people and for the good of every people and every nation. As far as I
know such guardianship is to be always put into effect by those armies who formed
the nation and in this case by the army of US. and by the same National Security wor-
king with us and army in this case in an International Republic United in the
army on our work and Fuerte Republic as was planned or in some way the best
for all parties who have a saying in these matters. The rule of this territory or
Republic as of now does entirely belong to us (National Security) who give power
to those who do act in public life and are not a part of corruption and crimes which
go this nation away to the enemy. Those who are parts of crimes or so will be
brought into the army and their positions occupied without breaking the status
quo of facade by others, this is done with time. Justice must be done on close
doors and with care not to disrupt national interests. I can stand for my children
to be secure, to restore the Republic and all those victims here etc. we must
work with very much care. I am waiting for your reply on app. All
the established institutions of a Republic according to the Constitution must
be kept intact, but in emergency cases they must be guarded by the forces
which secure the nation or under the tutela of both National Security and
Supreme Court and honest law and justice to preserve Republic as it was
founded back in 1776. For instance, if you have a Drug Company in cities dealing
with money, and keeping government and buying time in order for an all out Boxer
Revolution in US. with foreign agents help and foreign entrance of country
and imperialist traitors to the name of the Republic we are to

DESIDERATA
by Max Ermann

*Wishing
you happiness
always!*

*D*ESIDERATA
by Max Ehrmann

Go placidly amid
the noise and the haste,
and remember what peace
there may be in silence.
As far as possible without surrender
be on good terms with all persons.

Speak your truth
quietly and clearly;
and listen to others,
even the dull and ignorant;
they too have their story.
Avoid loud and aggressive persons,
they are vexatious to the spirit.

If you
compare yourself with others
you may become vain and bitter;
for always there will be greater
and lesser persons than yourself.

Enjoy your achievements
as well as your plans.
Keep interested in your own career,
however humble;
it is a real possession
in the changing fortunes of time.

Exercise caution
in your business affairs;
for the world is full of trickery.

But let this not blind you
to what virtue there is;
many persons strive for high ideals;
and everywhere life
is full of heroism.

Be

yourself.
Especially do not feign affection.
Neither be cynical about love;
for in the face
of all aridity and disenchantment,
it is as perennial as the grass.

Take kindly
the counsel of the years,
gracefully surrendering
the things of youth.

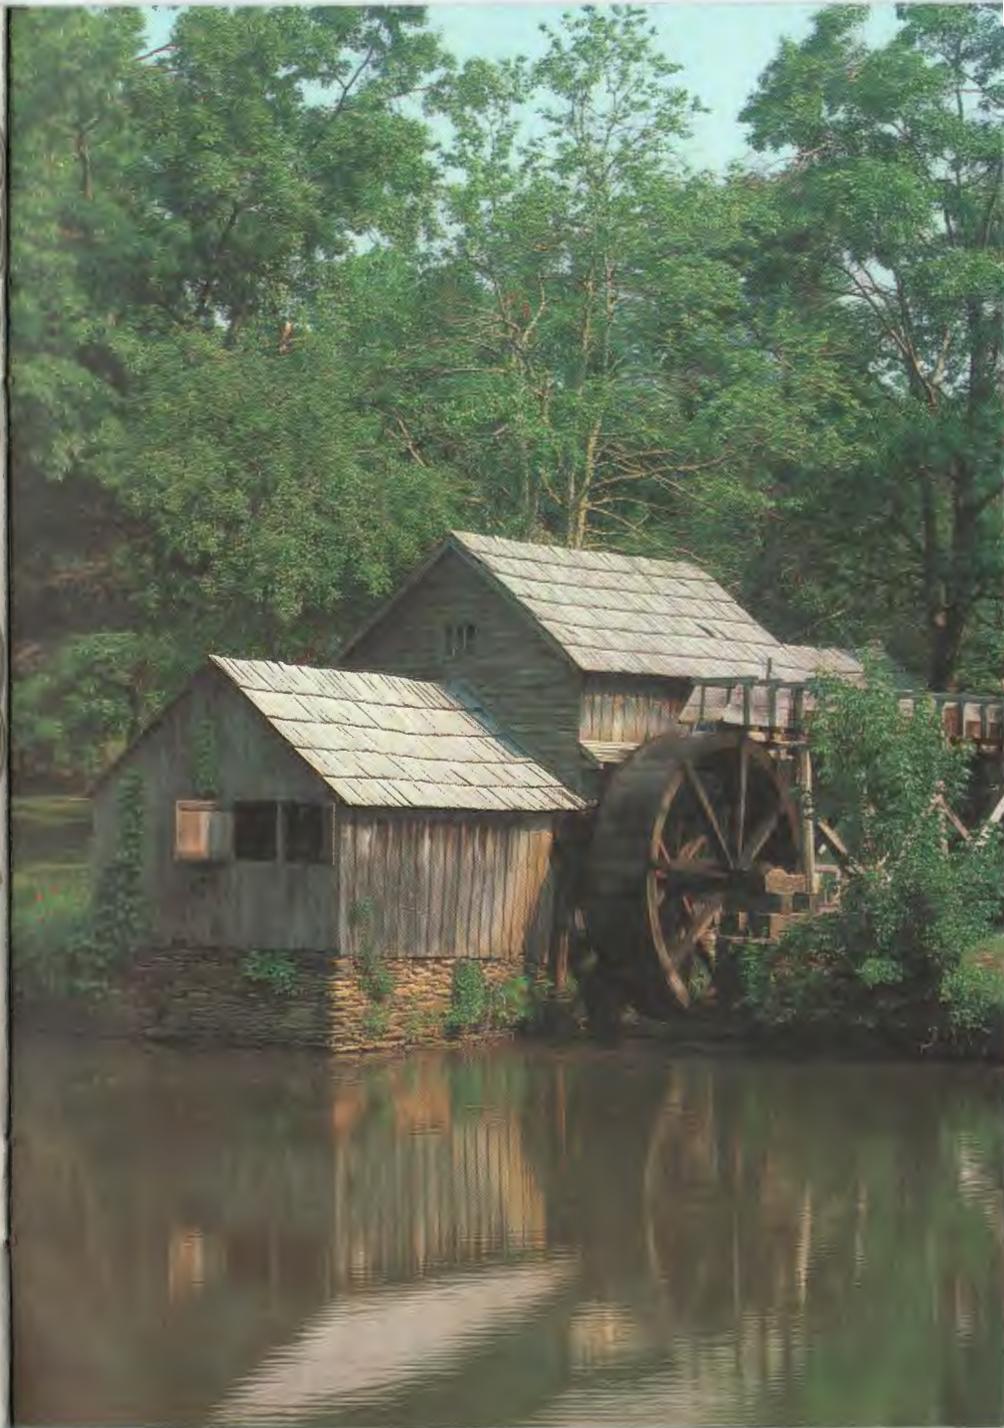

Nurture strength of spirit
to shield you in sudden misfortune.
But do not distress yourself
with imaginings.

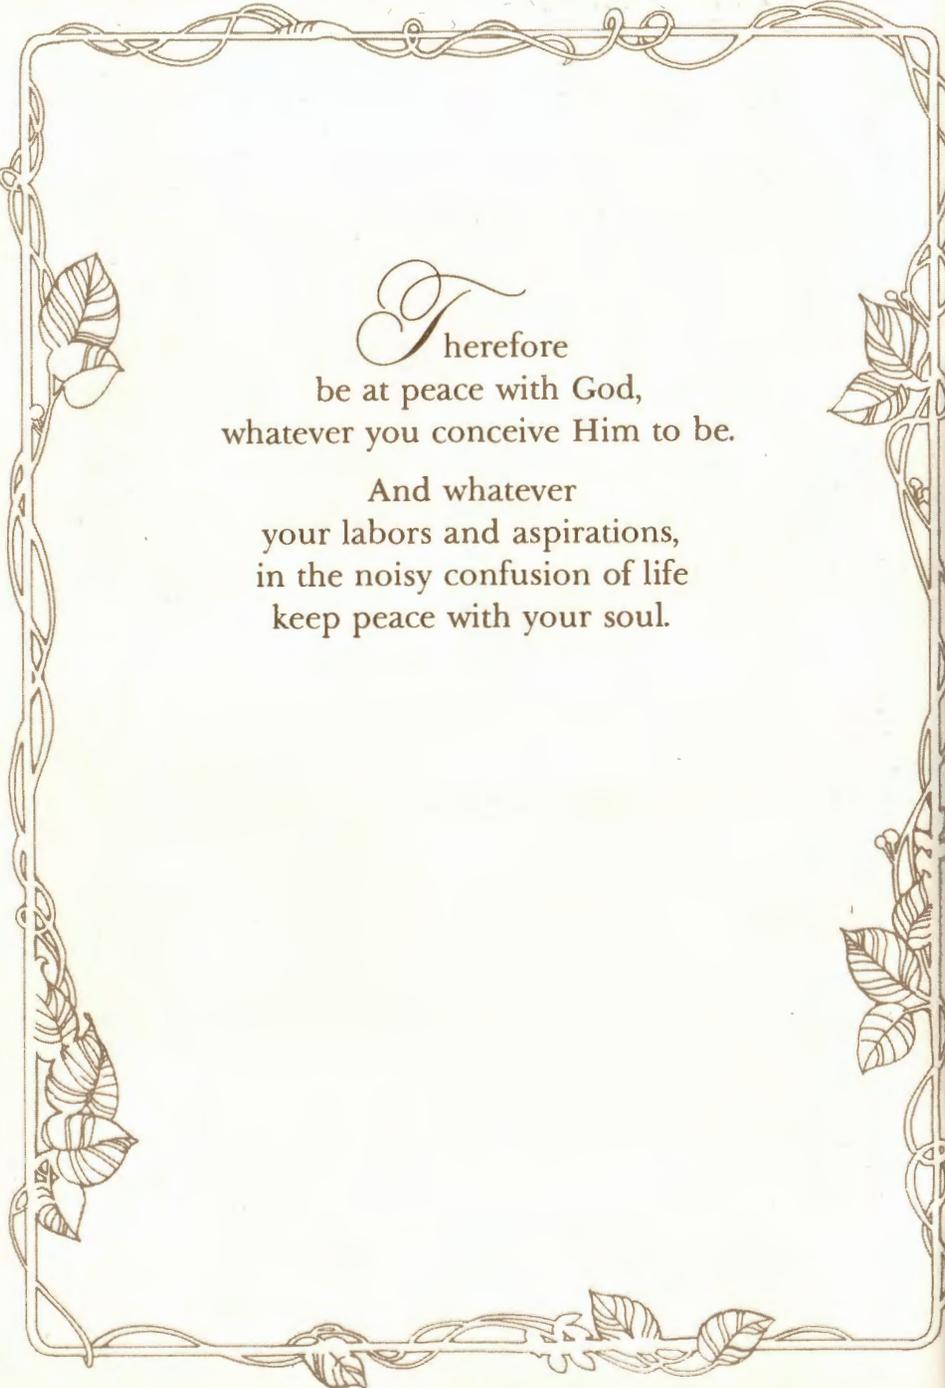

Many fears are born
of fatigue and loneliness.

Beyond a wholesome discipline,
be gentle with yourself.

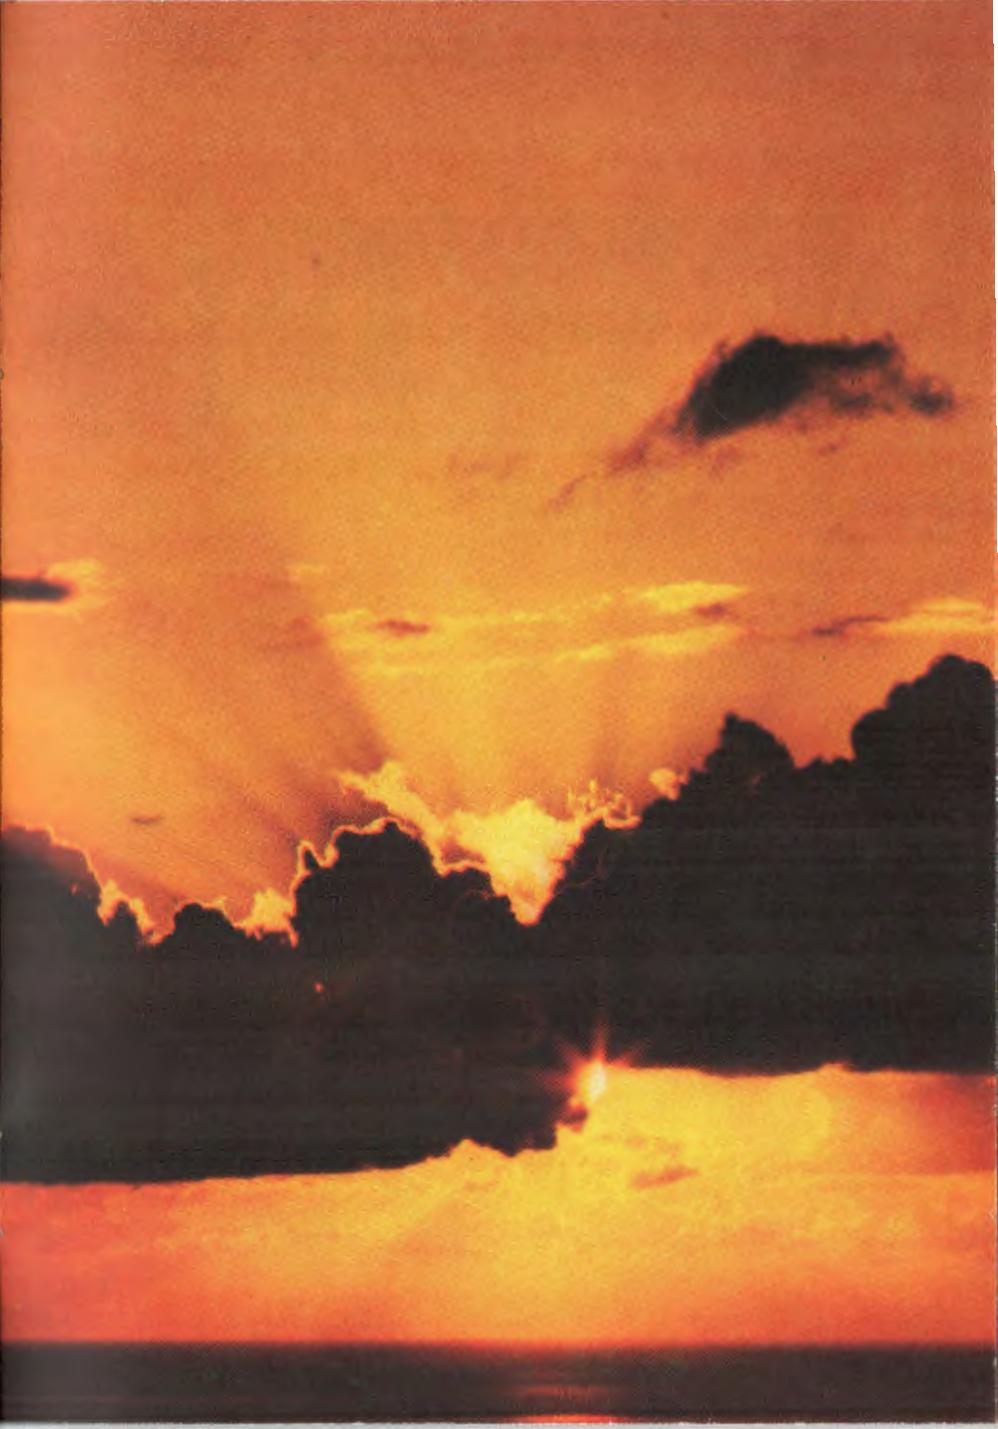

You are a child of the universe
no less than the trees and the stars;
you have a right to be here.
And whether or not it is clear to you,
no doubt the universe
is unfolding as it should.

*T*herefore
be at peace with God,
whatever you conceive Him to be.

And whatever
your labors and aspirations,
in the noisy confusion of life
keep peace with your soul.

*W*ith all its sham,
drudgery and broken dreams,
it is still a beautiful world.

Be cheerful.
Strive to be happy.
