THE WHITE HOUSE
WASHINGTON

May 27, 1986

Dear Mr. Abasi:

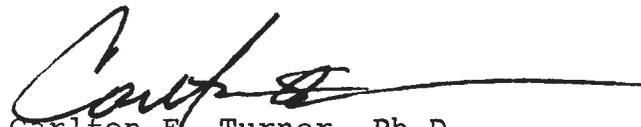

It was a pleasure to meet with you and the delegation from the North-West Frontier Assembly to discuss mutual issues of concern.

Drug abuse is a major national and international issue, having adverse social, political and economic impacts on producer, transit and consumer nations. Permissive attitudes of the 1970's in the United States have given way to strong public support for aggressive efforts against drug abuse. The high visibility given to the initiatives by our President, First Lady and Vice President has helped deter potential law-breakers and contributed to drug abuse prevention. We will continue our efforts to prevent drug abuse and its damaging consequences as we work towards a drug-free society.

Again, thank you for meeting with me while you were in Washington and if I may be of assistance in your efforts, please do not hesitate to call.

Best wishes,

Sincerely,

Carlton E. Turner, Ph.D.
Director, Drug Abuse Policy

Dear Mr. Zaher:

It was a pleasure to meet with you and other members of the North-West Provincial Assembly while you were in Washington. I appreciate the information relayed to me regarding the crop control program and the anti-drug smuggling efforts of your country.

Although great progress has been made, the United States is still paying a horrendous price for our earlier permissive attitudes. Permissiveness has given way to a sense of individual responsibility and the public is supporting an aggressive campaign to stop drug abuse. This change in public perception has facilitated our progress and I hold great hopes for continued success.

Again, thank you for visiting with me during your trip to the United States and if I can be of assistance to you in your efforts, please feel free to call.

Best wishes,

Sincerely,

Dear Mr. Hasan:

Thank you for meeting with me during your visit to the United States. I was pleased to have the opportunity to meet with officials from your government to discuss issues of mutual concern.

Our public is strongly supporting aggressive drug law enforcement efforts and the high visibility given to these initiatives has helped to deter law-breakers and to contribute to drug abuse prevention. Great progress has been made in reducing drug abuse in the United States and I hold great hopes for continued success.

If I or my staff can be of assistance to you in your efforts to combat drug abuse in your country, please do not hesitate to contact us.

Again, I appreciated the opportunity to meet with you and the delegation from the North-West Frontier Provincial Assembly.

Recently I was visited by six members of the North-West Provincial Assembly and as a follow-up, I am sending letters to those all that attended. Unfortunately, I do not have addresses for the members of the delegation.

May I impose on you to see that the enclosed letters are delivered to the Speaker and members of his delegation?

I have enclosed copies of the letters for your information.

Dear Mr. Speaker:

Thank you for meeting with me while you were in Washington. Our discussions were most interesting and informative.

The public has supported our aggressive drug law enforcement efforts and the high visibility given to these initiatives has helped deter potential law-breakers and contributed to drug abuse prevention. The United States will aggressively continue our fight against drug abuse in hopes of eliminating the destruction that illicit drugs brings to all nations.

Also, please accept my sincere appreciation for the beautiful plaque presented to me. It has been placed in an area of prominence in my office.

Again, thank you for visiting with me while you were in the United States and if I or my office can be of assistance in your efforts, please feel free to contact us.

Dear Mr. Khan:

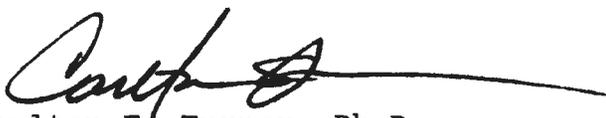

I found our meeting on May 2, 1986 most interesting and informative. I appreciate you and the delegation from the North-West Provincial Assembly taking the time to meet with me and discuss issues of mutual concern.

The United States has paid a horrendous price for our permissive attitudes of the 1970's towards drug abuse. Those attitudes are changing, giving way to public supported drug law enforcement and prevention efforts. The President's initiatives have helped to deter law-breakers and encouraged parent and school supported prevention programs. Our goal is a drug-free society.

Again, thank you for meeting with me while you were in Washington and if I or my office can be of assistance to you in the future, please feel free to contact us.

Dear Mr. Shewari:

I appreciate you taking the time to visit with me while you were in Washington. Our discussions were most informative and interesting.

Drug abuse is a major national and international issue, having adverse social, political, and economical impacts on producer and transit nations, as well as consumer countries. The United States rejects the contention that drug abuse is uniquely an American problem; thus, we applaud Pakistan's efforts to gain control over opium production and drug smuggling and encourage the continuation of the crop control program. We will continue to support crop control with development assistance.

Again, thank you for briefing me on the progress of your country in the fight against illegal drugs and if I can be of assistance in your efforts, please feel free to call.

Best wishes,

Sincerely,
