Dear Mr. President,

I would like to present for your inspection the Continental Quilt. In appreciation of your efforts to cut our dependence on foreign oil, I would like you to try our answer to high heating bills.

Since the Continental Quilt is designed to be totally comfortable at temperatures from 0-75 degrees, it enables the consumer to turn the thermostat down in the winter and reduce air conditioning usage in the summer. In fact, if every bed in America was covered with a Continental Quilt, millions of gallons of oil would be saved.

I thank you for your attention and wish you great success in your fight to make America greater than ever. All of us at Continental Quilts pledge our support and our efforts.

Sincerely,

Robert Scott

In these days of mass produced products, people everywhere are finding personal pleasure in the individual expressions so apparent in the

MONTANA HONEY SELECTIONS

At *Summerhill*, we feel that a product should not only be attractive, but be of the highest quality.

Each selection has been packed and wrapped by hand...
Carefully selecting each item for consistency, fine taste and appearance.

Honey.....Nature's purest food, makes the perfect gift...

A natural sweetener, *honey* is composed of simple sugars containing an abundant supply of trace elements, minerals, enzymes and vitamins. Dextrose, giving a quick source of energy. Fructose, giving honey its unique flavor. *Honey* used for sweetening does not result in heavy production of body fat as does refined sugar. In practical use, honey is a great calorie saver, because only half as much sweetening is needed.

We hope that you will enjoy a *Summerhill "Montana Honey Selection"* and the "honest to goodness" value that it represents. The name *Summerhill* is your assurance of consistent quality and taste. And maybe, while you browse through our catalog, you will think of someone with whom you'd like to share some of the world's finest honey.

First sir, I would like to congratulate you on your victory and wish you a very successful presidency. May you and your family have a Happy and Prosperous New Year.

Please find my small gift to you. It is solid wood and hand carved, I hope you like it . Earlier this week, I received some very encouraging and positive feedback from Mr. E. Pendleton James, Director of Presidential Personnel, regarding a possible position in the Reagan administration. Enclosed, please find letters. At present , I am receiving unemployment compensation through no fault of mine. I would be honored to serve in any capacity on the Reagan team. Mr. President, whatever assistance you can render in the matter, my family and I would deeply appreciate it.

Again sir, good luck and best wishes.

I remain,

Yours Cordially,

Dear John:

The dust has settled and the work has begun again, but first -- Thank you! We really did it! President Reagan, Vice President Bush, twelve more U.S. Senators, thirty-three more Congressmen, 250 more State Legislators, four more Governors, and on and on. Wow!

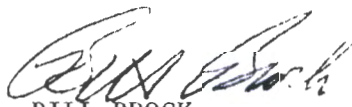

This 1980 election represents the culmination of long and selfless service on the part of volunteers, such as yourself. From the national level down to the smallest precinct, you provided the grass roots support so vital to our Party's efforts. The results of the election speak for themselves and stand as a tribute to your work.

Our victory went both wide and deep. The attraction of Democrats, blue collar workers, Catholics, Jewish and Hispanic voters, and twice the anticipated level of black support was reflected in not just a Presidential landslide for the best candidate we have seen in a long time - Ronald Reagan, but in Senate, Congressional and legislative races as well. In Indiana we gained control in over 90% of the county courthouses - spectacular!

Obviously much remains to be done to cement and broaden the new coalition in a more permanent fashion, but we have taken the first step and I am deeply grateful.

For your commitment, for your dedication, and for your perseverance - you deserve the best. Our fantastic new leadership under Ronald Reagan and George Bush will do everything in their power to help get America moving forward again. We need your continued efforts - let's go to work.

Very truly yours,

BILL BROCK

~~Dear~~ Bob,

30 Mar 81

Many thanks for your efforts in delivering Peg's handiwork to the proper place. However, as you can see by the enclosed, something seems to be missing. I offered to sign the proper name, but was turned down. Peg did not want to bother anybody further, but I insisted that the acknowledgment be complete - she does not know that I'm returning it. Any help you can provide would be greatly appreciated.

Best Regards
Rajen

MY PET RAINBOWS

*Oh My Pet Rainbows, such pleasure mine,
When they come from their crystal house,
To visit me and lift my cares,
And cause my spirits to rouse.*

*A cheerful window where the sunbeams shine,
Will bring them out to play;
But when I'm not here they miss me
Legend says, and always stay away.*

*Now sometimes when the sun stays in,
Or avoids where their house is hung,
I shine a light, it'd best be bright;
They come out and my heart is young.*

*My pets are neat, they need no care,
But their house so clean must be;
That's my concern, for the many joys
My Pet Rainbows bring to me.*
