THE WHITE HOUSE

WASHINGTON

September 9, 1982

MEMORANDUM FOR: EDWIN MEESE III

FROM: MUFFIE BRANDON

*muffie Brandon*

Unfortunately, there is no room to accommodate Mr. and Mrs. Greenberg at the state dinner in honor of President Marcos of the Philippines.

Thank you for your kind attention.

7 SEP 1982

HENRY A. DUDLEY

1317 F STREET, N. W.

WASHINGTON, D. C. 20004

Dear Ed:

I have really hesitated to bother you concerning the enclosed matter, but I sincerely feel I must, as the matter is very meritorious and valid from every standpoint.

The attached memorandum was prepared by me and sent to the Social Office of the White House because Pen James, on practically his last day at the White House, had indicated that he thought the Greenbergs could be invited to the White House dinner honoring President and Mrs. Marcos. This was due to the fact that Mr. Greenberg, through his company, Philippine American Life Insurance Company, has made such a great contribution to the Philippines and, also, because of his loyalty and devotion to the Reagan Administration.

As you will note, Mr. Greenberg has been a member of the Eagles Club since its inception and now heads a Presidential Private Sector Survey, under the direction of Peter Grace, which is involved in preparing a report on the operations of the Navy Department for the President.

He is a close friend of President and Mrs. Marcos and it would be embarrassing if he is not recognized along with other executives at the White House dinner.

If there is anything possible which you could do in obtaining the September 16 invitation for Mr. and Mrs. Greenberg to attend the Marcos dinner, we would all be most grateful. I am well aware of your heavy commitments, and will understand no matter what action has to be taken.

Faithfully,

  
Henry A. Dudley

MEMORANDUM RE M. R. GREENBERG

1. M. R. Greenberg is Chairman of the Board, President and Chief Executive Officer of the American International Group, Inc.

2. The American International Group (AIG) was founded in 1931 in Shanghai, China and moved to New York in 1939. It is truly the only U. S. based global insurance organization in operation today and consists of 238 companies and agencies and 24 joint ventures operating in 138 countries and territories throughout the world. It has 23,000 employees headed by M. R. Greenberg.

3. Mr. Greenberg is now and for a number of years has been a member of the Eagles Club. Recently, he was requested by Peter Grace to assist him and a group of executives in instituting a search for a more economical policy involving the operation of various Governmental agencies. Mr. Greenberg was asked to make such a study of the Department of the Navy and has been busily engaged in compiling a report which is due to be delivered to the President in October.

4. In 1947, Cornelius V. Starr, now deceased, who had founded the American International Group, founded the Philippine American Life Insurance Company, which has been highly successful. This company has contributed immeasurably

to the rehabilitation of the Philippines, particularly in the City of Manila, where company loans have made possible the development of Quezon City and the erection of many office buildings throughout Manila and the Philippines.

5. His business interests necessitate Mr. Greenberg visiting the Philippines at least three or four times each year where he is personally acquainted with President Marcos and many of the Philippine officials.

6. At the present time, Mr. Greenberg is working with the Philippine American Chamber of Commerce which is sponsoring a dinner for President Marcos in New York City during his state visit.

7. Mr. Greenberg's office is: 70 Pine Street, New York, New York 10005 (Tel. 212/770-7711). His home address is: 1001 Park Avenue, New York, New York 10028 (Tel. 212/288-9866).

It is hoped that Mr. and Mrs. Greenberg can be considered for an invitation to the dinner planned by President and Mrs. Reagan for President and Mrs. Marcos.

Mrs. Mabel H. Brandon  
Social Secretary  
The White House  
Washington, DC 20500

Dear Muffie:

I tried to reach you by phone this morning but found that you will be on vacation all of this week.

I was calling to urge that Mr. and Mrs. Maurice R. Greenberg of 1001 Park Avenue, New York, New York 10028, be invited to attend the state dinner being held for President and Mrs. Marcos of the Philippines the evening of September 16.

"Hank" Greenberg is president and chairman of the American International Group that owns 150 insurance companies around the world, including Philippine American Life, which is the largest financial institution in the Philippines. He and his lovely wife, Corinne, are close personal friends of President Marcos.

Hank Greenberg serves on the President's Private Sector Survey on Cost Control, headed by Peter Grace, and I understand that Hank is in charge of the group working on the Navy Department.

I understand also that Hank's associate here in Washington, Henry Dudley, has previously discussed this possibility with Pen James who hopefully may have written a memo on the subject prior to his departure from the White House.

Hank has been an Eagle since the inception of our program. I sincerely hope that it will be possible for Mr. and Mrs. Greenberg to be included on the guest list for this very important dinner.

Sincerely,

Buckley M. Byers

August 20, 1982

Dear Nancy,

Ruth and I were highly honored to receive and accept your invitation to spend the night on September 16, and to attend the State Dinner for President and Mrs. Marcos.

It has been our privilege to be the guests of President and Mrs. Marcos in their guest house in Manila, and to be honored by a State Dinner given by them in 1977.

As you know, she has been a much criticized First Lady, but she once confided, "The Philippine people want both a star and a servant. I am trying to be both."

President Marcos has received much unjust criticism in the Western press. He was the most decorated soldier in the Pacific in World War II, and made the highest academic achievement in the field of law at the university following the war. His books on the philosophy of democratic government are among the most interesting I have ever read. I am sure he has made serious mistakes-- but haven't most of us at one time or another!

We are highly honored to be invited not only to be with you and the President, but to greet again our friends President and Madame Marcos.

We have just finished a Crusade in Boise, Idaho and begin another Crusade here in Spokane, Washington this weekend, before returning to the east in early September. The Lord has wonderfully blessed with a packed stadium and hundreds responding to receive Christ as Saviour at each service.

You are constantly in our prayers.

SUBJECT: Jacques Torezyner

Before I leave, I want to let you know that I received a call from Jacques. He is asking that he be considered for an invitation to attend the State Dinner for President Marcos and Mrs. Marcos of the Philippines on September 16.

Jacques is a close personal friend of Mrs. Marcos and has visited that country many times; however, as I told him, it is not an easy thing.

I am leaving it in your capable hands to decide what to do about his request.

Dear President and Mrs. Marcos:

Nancy and I wanted you to know how much we enjoyed seeing you both again. Your trip provided a welcome opportunity to reaffirm the traditionally close ties that have existed between our two countries for so many years.

I am enclosing a videotape of the highlights of your visit to us with the hope that it will remind you of the friendship and respect we feel for you and your people.

OCTOBER 12 1982

Dear Senator Moynihan:

Thank you for your letter of September 13, addressed to President Reagan and co-signed by Senators Pell, Kennedy, Cranston, and Tsongas concerning the state visit of President Marcos. A state visit is entirely normal and customary for the head of a friendly allied country. At the same time, let me reassure you that human rights remains an integral part of U.S. foreign policy. We maintain a quiet diplomatic dialogue with the Philippines on human rights problems and will continue to do so.

We have also noted the progress the Philippines has made in recent times in the human rights area, and we support continuing forward movement on this issue.

A similar reply has been sent to the other signatories of your letter.

With cordial regards,

Sincerely,

  
Powell A. Moore  
Assistant Secretary for  
Congressional Relations

Enclosure:

Correspondence returned.

Dear Senator Kennedy:

This is to acknowledge and thank you for the September 13 letter which you cosigned to the President with four of your colleagues in regard to the state visit of President Marcos of the Philippines.

Your views have been brought to the President's attention; and we will be expediting a further response to your letter in coordination with the appropriate advisers. In the interim, please know that careful consideration is being given to the concerns which you and your colleagues have raised for enhancing the cause of human rights in the Philippines.

With best wishes,

Sincerely,

Dear Mr. President:

We are concerned that your decision to welcome President Marcos of the Philippines for a state visit to the United States will be misinterpreted as a sign that your Administration condones the repression of the Marcos Government in the Philippines and its continuing violations of basic human rights.

We share the warm feelings of friendship by the overwhelming majority of Americans for the Filipino people. Americans and Filipinos fought side-by-side with great courage in World War II, and our shared dedication to freedom and human rights led to full independence and democracy for the Philippines after the war.

Unfortunately, there is convincing evidence, confirmed by the Department of State, that the government of President Marcos has been far from faithful to these ideals. Martial law, imposed ten years ago this month, endured for nearly a decade, only to be replaced in January 1981 with equally repressive national security measures. Throughout this period, the Marcos Government has engaged in persistent persecution of the press, labor, church, students and business leaders. There have been numerous reports of arbitrary detention, torture and disappearances; current instances of these cruel practices are described this week in the U.S. press.

The visit of President Marcos is an opportunity for you and your Administration to demonstrate America's support for the brave citizens of the Philippines in their struggle for true democracy and against the serious violations of human rights by the Marcos Government. We believe that this message is an essential reflection of the fundamental values of our nation -- and is necessary to neutralize the unfortunate impression of indifference to repression created by the visits to Manila last year by Vice President Bush and Secretary of State Haig.

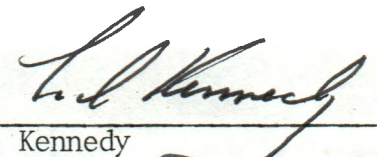

We strongly agree that an important element of our national security is the stability of nations that are our allies. But our allies are ultimately the peoples in those countries. It is their pleas we must hear and their rights we must heed when their government becomes their oppressor instead of their protector. The security of the United States does not require our support for the repression of the Filipino people.

The President  
September 13, 1982  
Page two

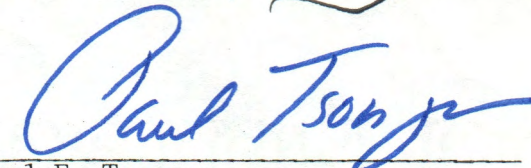

We hope, therefore, that you will make the Marcos visit an occasion to enhance the cause of human rights in the Philippines. This visit can be an important signal to all peoples who look to the United States for leadership and hope, but who all too often see only the news reports of American officials embracing and toasting their oppressors.

Dear Muffie:

I tried to reach you by phone this morning but found that you will be on vacation all of this week.

I was calling to urge that Mr. and Mrs. Maurice R. Greenberg of 1001 Park Avenue, New York, New York 10028, be invited to attend the state dinner being held for President and Mrs. Marcos of the Philippines the evening of September 16.

"Hank" Greenberg is president and chairman of the American International Group that owns 150 insurance companies around the world, including Philippine American Life, which is the largest financial institution in the Philippines. He and his lovely wife, Corinne, are close personal friends of President Marcos.

Hank Greenberg serves on the President's Private Sector Survey on Cost Control, headed by Peter Grace, and I understand that Hank is in charge of the group working on the Navy Department.

I understand also that Hank's associate here in Washington, Henry Dudley, has previously discussed this possibility with Pen James who hopefully may have written a memo on the subject prior to his departure from the White House.

Hank has been an Eagle since the inception of our program. I sincerely hope that it will be possible for Mr. and Mrs. Greenberg to be included on the guest list for this very important dinner.

Sincerely,

Buckley M. Byers

Dear Paul:

On behalf of the President, I would like to acknowledge and thank you for the September 13 letter you sent in reference to the recent visit by the President of the Philippines, Ferdinand Marcos.

President Reagan appreciated receiving your words of support regarding this visit. I was also pleased to share your letter with the appropriate advisers so that careful consideration could be given to your comments on the importance of maintaining good U.S. trade relations with the Philippines.

Again, many thanks for bringing your views to our attention.

I would like to take this opportunity to commend you for inviting the Honorable Ferdinand Marcos, President of the Philippines, to visit you at the White House.

It is very important that we maintain good trade relations with this vital country. However, we must emphasize that trade is a two-way street where parity in commerce should be encouraged.

Please welcome President Marcos with your traditionally fine hospitality and thank you for your consideration.

Dear Bill:

Mike Armacost told us that you have a Philippine request for a restructuring of the financing for the Philippine nuclear power plant under consideration. He appreciated your willingness to take a look at it in the context of the EXIM mandate to promote U.S. exports, the special focus added by the President Marcos State Visit September 16-17 and the ensuing 1983 review of our Philippine Military Bases Agreement.

Prime Minister Virata contends that our policies added costs, particularly financial costs, to their first nuclear plant that have aggravated the country's weakening payments position. That position can perhaps be debated, but clearly the events surrounding the Three Mile Island incident resulted in a reevaluation of plant and component safety both here and in the Philippines. The ensuing delays during a period of rising interest rates increased Philippine costs.

In the short term, Philippine stability will be primarily influenced by economic prospects. Clear recognition of this and appreciation of the liberalizing of the Philippine trade regime and welcoming their interest in American investment will help give a positive cast to President Marcos' visit.

We recognize, of course, that your decision on Prime Minister Virata's three part financial proposal must be made within the general policy guidelines of the bank; but a positive response on the request for \$126.2 million in guarantees, if within those guidelines, would appear to provide a gesture supporting our interests in the Philippines.

I understand that Secretary Shultz has asked that you consider this request positively, if at all possible, and that you will be seeing Prime Minister Virata on it soon. Recognizing your restraints that follow from the President's budget program, this may hopefully assist in establishing your priorities. I join Secretary Shultz in asking that you give this matter your urgent and serious attention.

Sincerely,

*Bill*

MEMORANDUM FOR WILLIAM P. CLARK

SIGNED

FROM: RICHARD T. CHILDRESS *RC*

SUBJECT: Exim Bank Financing - Philippine Nuclear Power Plant

We face several intractable economic issues with the Philippines. The one that holds any reasonable hope of our being forthcoming is the request for \$126.2 million in guarantees for their nuclear power plant. It is very important that we show some progress on the economic front for the Marcos State Visit September 16-17. It would undoubtedly have a spin-off effect on the upcoming base review as well.

Secretary Shultz has forwarded the Philippine aide-memoire on the subject to Bill Draper with a request for favorable action (Tab II).

Ambassador Armacost met with Gaston Sigur and I on his recent visit and emphasized the importance of this matter to President Marcos. In addition, it has been highlighted to me in two separate meetings with Minister Syjuco of the Philippine Embassy.

Gaston Sigur and Henry Nau concur.

Dear Bill:

I understand that the Export-Import Bank is currently considering a request by the Philippines to restructure payments under your financing for the Westinghouse nuclear plant on Bataan Peninsula. It strikes me that this proposal, particularly to the extent it can be accommodated with loan guarantees, could well have considerable merit.

In the context of the state visit by President Marcos in September, the announcement of your decision on their request would take on added significance. If this proposal, contained in President Marcos' aide-memoire, falls within the general policy guidelines of the Bank, I would greatly appreciate it if you would give this matter your serious and urgent consideration.

Sincerely yours,

George P. Shultz

The Honorable  
William H. Draper, III,  
President and Chairman,  
Export-Import Bank of the United States,  
Washington.

NUCLEAR POWER PLANT  
Requirement for Additional Financing

The first Philippine Nuclear Power Plant currently undergoing construction in Bagac, Bataan is estimated to be in operation by January 1985 or nine (9) years from the time construction was started in 1976. This revised completion date represents an eighteen-month delay from the original target date of July 1983. A major contributory factor was the delay in the issuance of the export licenses for the necessary equipment by the U.S. N.R.C.

As a result of this substantial delay, the plant is now estimated to cost \$1953.8 million or an increase of \$844.4 million over the original estimated cost of \$1109.5 million. Foreign currency costs account for \$609.5 million of this increase, while the balance of \$234.9 million represent peso counterpart costs. Of the \$609.5 million increase in foreign currency costs, \$125.5 million represent cost of additional equipment to be installed in order to enhance the plant safety. The balance of \$484.0 million represents additional cost due to the delay in the project timetable like increased cost escalations and interest charges during construction.

The U.S. Eximbank has accepted as eligible for financing only \$122.6 million of the \$609.5 million increased foreign currency costs and they have agreed to guarantee only 85% thereof or \$104.2 million. In the

meantime we have syndicated a commercial loan amounting to \$43.1 million to partially cover funding requirements in 1982. With these additional loans considered we still need to raise \$462.2 million in order to fully cover the foreign currency requirements of this project.

The 620 MW nuclear power plant which will represent more than 15% of our generating capacity when it comes on stream in 1985 is one of the major projects under our country's program to lessen our overdependence on imported foreign oil. The operation of the plant by mid 1983, as originally envisioned, would have helped solve our serious problems of power interruption in Luzon as a result of the unreliability of some of our thermal plants. It is therefore imperative that this project encounter no further delay.

In view of the utmost importance we have placed on this project, President Marcos personally discussed the matter of additional U.S. financing assistance with President Reagan during the last Cancun Summit Meetings. Our Prime Minister, Mr. Virata, followed this up with your Treasury Secretary Regan in November 1981. Unfortunately Secretary Regan replied that, in view of budgetary constraints, it was not possible for the U.S. Eximbank to offer additional financial support for the nuclear plant.

Mindful of this constraint, Philippine authorities concerned have been formulating various schemes wherein Eximbank support can be accessed with minimal repercussions on the bank's limited budgetary resources. Accordingly, the Philippines would now like to propose for urgent consideration by the United States Government the following:

<u>Requested Action</u>	<u>Amount Involved</u>
1. Capitalization of interest payment due on the \$277.2 million U.S. Eximbank direct loan from Dec. 10, 1982 to June 10, 1985.	\$ 78.3 million
2. Capitalization of additional interest payments due on the \$277.2 million U.S. Eximbank direct loan to an amount approximately equal to the unfunded U.S. goods and services of \$65.6 million. This would mean capitalization of interest payments due from December 10, 1985 to December 10, 1987.	64.5
3. Extension of additional U.S. Eximbank guarantee amounting to \$125.8 million to allow the Philippine government to raise the necessary funding to cover the interest payments due from Dec. 10, 1982 to June 1985 on the \$377.2 million U.S. guaranteed bond issue and the additional \$104.2 million guaranteed loan.	126.2
	<u>\$269.0 million</u>

It is further requested that the interest charges so capitalized under the foregoing scheme be charged the same interest rate and the amortized pro-rata following the amortization schedule of the original U.S. Eximbank direct loan of \$277.2 million. The request for capitalization of interest charges is not unique since the original Eximbank loans covering the project provided for such capitalization of interest charges

during construction up to the extent of \$90.0 million.

Since Philippine current funding problems are due not to its own fault but are a direct result of actions of various U. S. government agencies, it is earnestly requested that this proposal be given favorable consideration and action by the United States government. Approval of this request would ensure the completion of this very critical energy project without any additional delays.

The details of the proposal are contained in the attached memorandum.
