HISTORY. After the murder of 83 family members during the holocaust, and after having spent six years in a labor camp in the Soviet Union; Yaakov Riz knew about the brutality that ignorance and bigotry breed. In an effort to combat these and other social injustices, Mr. Riz founded a holocaust museum in Philadelphia in 1960. Thousands have since benefited from lectures, free seders, the elimination of anti-Semitic books from the Philadelphia School System, and the love of the museum's supporters.

Ir. Yaakov Riz 1453 Levick Street Philadelphia, Pa. 19149

You poor, silly yid:

I suppose I could have kept up the "Professor David Rose" charade quite a while longer, but that would have been very cruel and very unnecessary, and we National Socialists do not like to do either. Your literature and your pathetic letter indicate quite clearly that you are not threat to us.

I cannot resist fiving you a bit of advice, and that advice is, I assure you, quite senuine. If you want to stop us, Kr. Riz, hang up all this Holocaust baloney and try fighting us in the here and now, on the issues of today.

The reason I say this is that I have found, in the past eight years I have been in the Movement, an increasing impatience and disgust in the White population with Jewish moaning and whining as if you were the only people in the world with troubles and the only people in the world who had ever suffered persecution. Right now white people are being persecuted right here in their own land, and they have no time for you people or your incessant lamentations about six million mythical dead Jews forty years ago. They simply don't give a damn anymore, ir. Riz-all they want is for somebody, anybody, to get the hordes of niggers and the Pederal government off their back. They are more concerned with nigger violence and inflation and the possibilities that their daughters may be snatched up for cannon fooder than with your shopworn lies about Auschwitz.

The people of this country are fed up, they are turning to us in increasing numbers, and I strongly suggest that all you kike high-tail it out of here and so to Israel before it's too late, because you've oppressed us for generations and when we finally take over our mood towar's you is not foing to be sweet. You may yet have some genuine "evidence" to stick in your ridiculous little "Holocaust museum".

AN APPEAL

HOW TO STOP ARAB PROPA. GANDA AGAINST ISRAEL

By Yaakov Riz

Arabs and Communists are spending millions of dollars in America to spread hate against Israel and Judaism. Nazi propaganda minister of Germany, Herr Goebles once said: "If you repeat a lie day after day, everyone will believe it." Well, the lies against Israel, that she is guilty for the "Palestinian Arab refugees" are repeated day after day especially by good paid Arab Propagandists in colleges, and students; even Jewish students are believing this lie.

Hon. Zvi Gabai Consul of Israel in Phila.

was recently honored by ADL-B'nai B'rith with a Torch of Liberty Award for his service to the Jewish people. The Award presentation was made by S. Regen Ginsburg, Chairman of the Metropolitan Phila.

ADL Advisory Board.

Hon. Zvi Gabay in his address told the ADL board that "Due to the enormous amount of money the Arabs now have in their possession, a huge sum is being spent on their propaganda campaign against Israel.
"He stated: "Although Israel has favorable public opinion in the United St tes, it cannot be assumed that everyone knows or remembers the facts, therefore, an expanded information system is required to react with facts to the Arab propaganda.'

I could only wish that Hon, Gabai could mention on this important occasion that we have such an information system, at the Jewish Identity Center where he visited us not long ago and he saw the huge documented material that could help Israel, if we would have the money to reprint it in millions of copies and distributed free to college students - Jews and Non Jews. Or if the Jewish community would help us establish a Jewish Identity and Ethical Information Center to fight back the false Arab propaganda against Israel especially in reference to the Arab refugees of 1948

I have in my possession an article in the ab language "Cairo's Akhbar el-Yom" of Arab language "Cairo's Akhbar el-Yom" of October 1963 which accuses openly the Grand Mufti of inciting the Arabs to flee Israel in 1948 promising them a guick

victory over the Jews.

Here is what it states: "15 May 1948 arrived...on that very day the Mufti of Jerusalem appealed to the Arabs of Palestine to seave the country, because the Arab

The promised invasion by the foreign Arab. armies (which started May 14, 1948 with the Arab Legion massacre of some 200 Jewish settlers at Kfar Etzion) was preceded by extensive broadcasts from Cairo, Damascus, Amman and Beirut to the effect that any Arabs who stayed would be hanged as collaborators with the Jews.

Now, how many of our own Jewish youth know about these facts? Why don't they know? Because we failed to establish in every city Jewish Information Centers. now many of our young Jews, and Jewish students know about the plight of our own Jewish refugees almost a million thrown out from Arab countries with only their clothes on their backs, and Israel absorbed them. Why couldn't the Arab countries, 19 of them - absorb their own brother Arabs and give them the possessions and houses of the Jews that they expelled from the Arab countries? If our youth would know all these facts they would have the real answer to the Arab and Communist lies about the unfortunate Arab Refugees."

How many of our youth knows now the Mufti, who was like G'D to the Arab world was the right hand of Hitler, and that he organized two battalions of SS Arab Muslims who slaughtered Jews in Yugo-

March 7, 1974, the "phila. Inquirer" published an article that should be reprinted in millions of copies "Why Don't Oil Rich Arabs Give More Aid To Refugees?"

Some of the statements in this article:

They, or their parents and Grandparents, fled Palestine in 1948 (fled not thrown out by the Jews as the Arab propagandists are claiming day after day) when Israel's Arab neighbors launched their first "holy war" to eradicate the fledgling Jewish state. They were promised that as soon as the Jews were gotten rid of (read exterminate) they could return to their homes."

Another statement in this article: "And by contrast with that, Middle East oil revenues are now estimated at somewhere between \$85 billion and \$110 billion this year as against about \$22 billion last year. The Wall Street Journal reports that Arab countries are searching all over for lucrative places to invest their windfall profits-in business, banking, real estate, refineries,

The editorial asks: "Why not invest a little in the relief of human suffering? The Arab countries have taken the position that the Arab refugees are not their problem. If the U.S. and other nations (not Soviet Russia), including Israel had taken that position, these miserable people would have starved to death long ago.

Well, as you can see such documented material would help Israel. Could open the eyes of every American who is poisoned against Israel with the false hate propaganda of the Arabs and Communists. This is the aim of the Jewish Identity Center and our Information Center which is unfortunately for 12 years in a ... basement. I have the vision, but not the money to expand and to help Judaism and Israel. I appeal to everyone to help us financially to establish as quick as possible this very badly needed Center. I appeal to B'nai B'rith ADL, American Jewish Committee, American Jewish Congress, and other Jewish organizations to come to our aid. To send reprezations to come to our aid. To send representatives to our mini pictorial JIC Information Center and see for themselves what we are doing to help Jewish youth and Israel. We appeal to all Zionist organizations to visit us and help us estab sh this badly needed Information Center for Jew and Non Jew. We must be united against our enemies if we want to survive! Only unity can help us! There is so much work to do, and so little time. Send your contributions to:
