MEMORANDUM FOR MR. RICHARD V. ALLEN
THE WHITE HOUSE

Subject: Presidential Response to Letter from
President Ceausescu

Attached are the signed original of a letter from President Ceausescu to President Reagan and a proposed draft reply. A translation of the text of President Ceausescu's letter was transmitted to you April 2.

Our proposed reply refers to the visit to Romania on April 30 by Ambassador Kampelman, who will be consulting on CSCE matters, to Secretary Baldrige's planned visit to Romania May 13-15, and to Secretary Haig's forthcoming meeting with Foreign Minister Andrei in Washington May 15.

A handwritten signature in blue ink, appearing to read "L. Paul Bremer, III", with a long horizontal flourish extending to the right.

L. Paul Bremer, III

As discussed with Paula, it would have been far more suitable for the President to have sent a separate letter to Ceausescu to introduce the visit of Baldridge. However, since there is so much going within the next week, it would look rather foolish to omit. I have reworked the letter and forward for whatever use you wish to make of it.

Action

Allen,

Copy for Secretary Baldridge

Will the Secretary get a copy? No. Pres ltrs are not distributed to other agencies other than State for dispatch. In this case it looks like he should.

Options

- Have letter redone so Secretary Baldridge can hand deliver
- When dispatched to State, ask State to Provide Secretary of Commerce a copy
- When CF gets it for final review before dispatch, have her indicate to Secretariat that a copy of letter should be sent to Secretary Baldridge red tab.

To: Dick Pipes
From: Allen Lenz *Allen*
Subject: file # 1689

Last week RVA directed that all memos transmitting letters to the President destined for another head of state include a summary of previous correspondence and contacts.

This requirement is covered in Annex V to NSC Staff Instruction, published today, which I am sure you have not yet seen.

However, I think the memo to the President should be revised to conform with the instruction.
