DEPARTMENT OF DEFENSE PUBLICATIONS: Records, 1981-1989

This collection consists of material donated to the Library from the Department of State; Office of the Historian. The Library separated the Department of Defense publications from this donation and created a Department of Defense publications only collection. The publications include collected and organized outside news clippings, journals, television show transcripts and print information related to the Department of Defense. Publications are usually not complete for the Reagan Administration. Series descriptions show the date runs for most titles.
