PRESS SECRETARY, WHITE HOUSE OFFICE OF: PRESS RELEASES AND BRIEFINGS: Records, 1981-89

*Note – The Library is currently creating a specific index for all press releases and some subject headings for all press briefings. Due to the size of this collection, it will take us some time to complete the project. We will be periodically updating this inventory to include further indexing as it becomes available. Unless otherwise noted, all actions and events listed (i.e. nominations, remarks, addresses, etc.) were done by President Reagan.

This collection consists of two series, Series I: Press Releases and Series II: Press Briefings.

SERIES I: Press Releases
(73 l.f.; boxes 1-182)

White House Press Releases were issued from the press office and included statements, addresses, appointments, nominations, executive orders and other presidential actions released to the press. The press releases are arranged chronologically and are dated and numbered consecutively. We have added a brief description of the subject of each press release. Unless specified actions noted in press briefings were taken by the President. Included with the actual individual Press Releases are indices which list, by number, every Press Release issued. We have no index for the Press Releases from 1982.

SERIES II: Press Briefings
(24 l.f.; boxes 1-61)

The White House Press Briefings were conducted by either the Press Secretary or a Senior Administration Official. The Library has produced a subject index for the press briefings, see your archivist for further information about using this index. The press briefings are arranged chronologically and are dated and numbered consecutively.
