

Reagan Library Topic Guide – Stratospheric Ozone

Reagan Library topic guides are created by the Library staff from textual material currently available for research use. Material cited in the topic guides come from these collections:

[White House Staff and Office Collections](#)

White House Office of Records Management (WHORM) [Subject Files](#)

White House Office of Records Management (WHORM) [Alphabetical Files](#).

The folders and case files listed on these topic guides may still have withdrawn material due to Freedom of Information Act (FOIA) restrictions. Most frequently withdrawn material includes national security classified material, personal privacy issues, protection of the President, etc.

STRATOSPHERIC OZONE

Includes: 1985 Vienna Convention for The Protection of the Ozone Layer; 1987 Montreal Protocol on Substances that Deplete the Ozone Layer
