MEMO TO THE PRESS

Governor Reagan signed AB 543, Barnes, October 29. The Governor will read a statement highlighting the signing of the bill at a mock signing ceremony in his office today at 11:30 a.m.

Also scheduled to attend the ceremony will be top officials of the California Teachers Association, California Retired Teachers Association, California School Boards Association, California Taxpayers Association, Association of California School Administrators, and the State Teachers Retirement Board.

The press is invited.

#####

EJC

Governor Reagan today issued the following statement at a ceremony in his office:

"I have called you here to announce the enactment of a new law--- one which I signed several days ago---which represents a major milestone in the 58-year history of the State Teachers' Retirement System.

"The bill---AB-543 authored by Assemblyman Dick Barnes of San Diego-- affects all 332,000 active and retired public school teachers in California. For them, it means that for the first time, their own retirement organization can be run on an actuarially sound and businesslike funding basis.

"This administration, working closely with the author and the State Teachers' Retirement System, has made enactment of the legislation a major goal of this year's session. Our efforts serve as an eloquent answer to those uninformed critics who continue to charge that we are anti-education.

"Now, for the first time, our public school teachers can look forward to the benefits of retirement with a sense of security---knowing that sound business practices in the operation and management of the system will assure them the allowances to which they are entitled under law.

"Not only does the legislation significantly improve the benefits of the system, but also promises that in the years ahead the cost of the program to California taxpayers should be reduced.

"This ceremony reflects the great pride we share in having helped write the legislation into law."

ADDITIONAL STATEMENTS

Mrs. Helene Hobson, President
California Retired Teachers'
Association.

"The California Retired Teachers deeply appreciates the passage of AB-543 authored by Assemblyman E. Richard Barnes (R-San Diego). We particularly appreciate the consistent support given by Governor Ronald Reagan, and also the fine cooperation given by his staff and by the State Department of Finance."

Mr. Julius Hammer, Chairman
State Teachers Retirement Board

"The signing of AB 543 by Governor Reagan culminates several years' efforts by the State Teachers' Retirement Board to improve benefits for both retired and active teachers, and of equal importance the establishment of a program to place the System on a sound financial basis.

Mr. Julius Hammer, Chairman
State Teachers Retirement Board

(continued)

Mr. L. Gordon Bittle, President
California ~~Taxpayers~~ Association

Teachers

"This would not have been possible without Governor Reagan's complete support. All active and retired teachers should be fully aware of Governor Reagan's action on their behalf, both in recognizing the problems and the development of this solution. Many persons have been concerned about the funding of the Retirement System. This action will put an end to all such concerns."

"On behalf of the 45,000 members of the California Retired Teachers Association and the 175,000 members of the California Teachers Association, I wish to pay tribute to Governor Ronald Reagan and the 1971 legislature for their foresight, courage and sense of equity in enacting AB-543 by Assemblyman E. Richard Barnes of San Diego. This legislation resulted from a cooperative effort. Throughout the development of the bill, there was very close communication and work involving Governor Reagan and his staff Assemblyman Barnes and his consultants CTA and CRTA leaders and staff, the State Teachers Retirement System Board and administration, and the various committees and supportive members of the legislature. As AB-543 moved through the legislature, it had the continuing support of the governor from the time he consented to have it move ahead of the budget. It was his active, personal support of the final, amended version that helped it over its last hurdles. Enactment of AB-543 means security to teachers, who now have assurance that their retirement system is finally on firm actuarial ground, and equality because the bill gives them the benefit adjustments against inflation already enjoyed by other public employees. It relieves California of a foreseeable fiscal nightmare by making the retirement system self-sustaining instead of depending on steadily increasing payments from the state which were projected to exceed \$1 billion per year shortly after the turn of the century."

Mr. Joseph Brooks,
Executive Secretary
California School Boards Assoc.

"California School Boards Association feels that AB-543 which places the state teachers retirement on a sound actuarial basis is a constructive step forward in solving one of the many fiscal problems facing California's public schools. A provision amended into the bill, which lessens the property tax impact on low wealth high tax rate districts, represents a major improvement in the original legislation and provides better equity for California property taxpayers. The legislature is commended for its passage and the governor for its signing."

Mr. Donald R. McKinley, President
Association of California School
Administrators.

"The Association of California School Administrators commends the governor and the legislature on providing for the realistic and sound financing of the State Teachers Retirement System. In signing AB-543 Governor Reagan has taken a major step toward restoring confidence in the retirement system."

Mr. Robert C. Brown
Executive Vice President
California Taxpayers Association.

"Based on current methods of funding, the state's annual contribution to the State Teachers' Retirement System will pass the one-half billion dollar mark by 1989-90. AB-543 represents a major step in providing for the actuarial soundness of this system. In our opinion, the long-range implications provide definite possibilities that there will be a direct savings to the taxpayer with the implementation of this law. There is no doubt that affixing your signature to this measure is in keeping with your stated goals."

WAS

Governor Ronald Reagan today appointed Lloyd A. (Brad) Bailey as deputy director of the Department of Human Resources Development, subject to Senate confirmation.

Bailey, 48, who has served as acting deputy director of Tax Collections and Insurance in the Payments Division of HRD for the past four months, succeeds Sigurd I. Hansen who has been named director of the department.

Bailey, a Republican, began his career with the department in 1946 as a testing technician in the San Bernardino office, and advanced through various executive positions to his present assignment.

He has served as chief of the Organization and Management Section of the Division of Public Employment Offices and Benefit Payments, deputy chief of Benefits and in 1969 was named assistant deputy director of the Tax Collections and Insurance in the Payments Division.

In his new post he will receive an annual salary of \$25,000.

Bailey and his wife Velma have two sons. The family lives at 2270 Hooke Way, Sacramento.

The appointment is for four years at the pleasure of the governor.

November 1, 1971

The following, attributable to Governor Reagan, was provided to newsmen requesting comment from the governor on the status of tax reform:

"If tax reform is no longer alive, it is simply because the Democratic leadership in the legislature will not agree to real and lasting---guaranteed---property tax relief.

"Using the tax reform issue as a gimmick to increase government spending---without putting a lid on property taxes at the local level---becomes nothing more than a gigantic tax increase.

What is urgently needed now is swift passage of legislation to balance the budget and ease the state's cash flow difficulties.

The state can meet its immediate fiscal responsibilities through the enactment of legislation which adopts withholding and extends our authority for revenue anticipation notes---legislation such as AB-185 (Bagley) which is pending before the Senate Revenue and Taxation Committee."

Governor Ronald Reagan today appointed Dr. William E. Mayer, Roseville psychiatrist, as chief deputy director of Mental Hygiene.

Dr. Mayer, 48, who served as director of mental health services for the counties of Del Norte and Humboldt from 1966 to 1970, will receive an annual salary of \$30,072. He will succeed Dr. Robert T. Hewitt of Sacramento, who has resigned.

Prior to accepting his post in Del Norte and Humboldt counties, Dr. Mayer served as program chief of Contra Costa County's Community Mental Health Services and was chief of professional services in the Office of the Surgeon of the United States Continental Army Command.

He also has served as chief consultant in neuropsychiatry of the U. S. Army Communications Zone in Europe and as chief of Psychiatric Services at the U. S. Naval Hospital in Yokosuka, Japan.

He is a graduate of the Northwestern University Medical School in Chicago and has completed post graduate studies in neurology and psychiatry at the U. S. Public Service Hospital in Fort Worth, Texas, the Langley Porter Institute in San Francisco and has taken post-graduate courses in Aviation Medicine at the School of Aerospace Medicine and Military Medicine at the Medical Field Service School in San Antonio, Texas.

He is a member of Alpha Omega Alpha National Medical Honor Society and holds a National Award from the Freedoms Foundation at Valley Forge in addition to numerous military decorations.

His home is at 7570 Memory Lane, Roseville.

Dr. Mayer is not affiliated with a political party.

Governor Ronald Reagan today announced the following bills have been signed:

- AB 543 - Barnes
Chapter 1305 Makes a major comprehensive revision of the benefit and financing provisions of the State Teachers' Retirement System.
- AB 1027 - Moorhead
Chapter 1313 Permits a prisoner under the Cobey Work Furlough Law to seek employment and education outside the county of confinement. The bill allows release of a prisoner in a work furlough program for a period not exceeding 72 hours for medical care, for family emergencies or pressing business which would result in severe hardship if the release were not granted. The bill also makes it permissive for the work furlough administrator to collect the pay of a work furlough prisoner.
- AB 1345 - Brathwaite
Chapter 1314 Amends the Community Development Law to require that the publicly owned improvement be a benefit to the project area regardless of whether such improvement is within another project area, or in the case of a project area in which substantially all of the land is publicly owned that such improvement is of benefit to an adjacent project area of the agency. The bill would also require, with respect to the financing, acquisition, or construction of a transportation collection and distribution system and related peripheral parking facilities, in Los Angeles County, that the agency, in order to exercise prescribed powers, enter into an agreement with the rapid transit district which includes such county. The bill is intended to assist the Bunker Hill Redevelopment project.
- AB 1488 - Schabarum
Chapter 1315 Makes a technical change in the definition of "air contaminant" contained in the Health and Safety Code.
- AB 1808 - Hayes
Chapter 1316 Provides that any judge who is removed from office by the Supreme Court shall not receive any of the benefits provided by provisions authorizing continuation in the Judges' Retirement Fund upon service discontinuance and shall be repaid his accumulated contributions. These provisions will be applicable only to persons becoming judges after the effective date of the bill.
- AB 2134 - Campbell
Chapter 1317 Permits minors under 18 to work during any evening followed by a nonschoolday until 12:30 a.m.
- AB 2258 - Foran
Chapter 1318 Increases the minimum paid-in capital requirements for title insurers from \$250,000 to \$500,000. Authorizes title insurers operating under a certificate of authority in effect on July 1, 1971, to have a specified lesser minimum paid-in capital requirements until July 1, 1976.
- AB 2392 - McCarthy
Chapter 1323 Provides that "county peace officer service" shall also include service rendered in the sheriff's office of a city and county in positions subsequently reclassified as positions within the definition of "county peace officer." The bill also provides that disability retirement under the State Teachers' Retirement System may be upon the application of the employer as well as the member or his guardian or conservator.
- AB 2428 - Brown
Chapter 1319 Revises the provisions relating to the acceptance of an offer in compromise by the Department of Alcoholic Beverage Control in lieu of the serving of a suspension by a licensee, to provide that the licensee is entitled to offer to pay a lesser fine if he has had no other final decisions suspending or revoking his license in the prior three years.

AB 2955 - Brathwaite Chapter 1320	Renames the Division of Building and Housing Standards the Division of Codes and Standards. The bill also renames the Division of Housing and Community Development the Division of Research and Assistance. The bill also authorizes the Department of Housing and Community Development to establish four regional offices.
AB 2959 - Lewis Chapter 1321	Deletes the Education Code provision requiring school districts, when referring to a pupil's surname, to use the name of the pupil as shown on documents used to establish the pupil's age for purposes of admission to school.
AB 3063 - Lewis Chapter 1322	Removes the prohibition against payment for services to a county or district by a person retired under a retirement system maintained by the county under the County Employees' Retirement Law of 1937 where the retired person is elected to a county office.
SB 423 - Zenovich Chapter 1306	Provides that an unemployed individual, discharged from the armed services, who is otherwise eligible for unemployment, shall not be deemed ineligible in any week for which he has unexpired leave time for which he has been compensated.
SB 465 - Bradley Chapter 1307	Requires state and local governmental bodies to pay a fee of \$6 for recording releases of liens and the standard fee for filing or recording any document relating to an agreement to reimburse a county for public aid granted by the county. In addition, the bill increases by \$1.00 the fee charged by the counties for recording various financial statements.
SB 645 - Mills Chapter 1308	States legislative intent that the Department of Education and the office of Chancellor, California Community Colleges, develop a policy and procedure to divide the State School Fund into two sections, one for the support of elementary and secondary schools and one for support of public community colleges.
SB 917 - Grunsky Chapter 1309	Authorizes the Department of Justice to charge a fee equal to the department's cost for processing non-criminal licensing and certification applications. The bill also increases fees for processing concealed weapon permit applications and non-certified school employees employment applications.
SB 1123 - Lagomarsino Chapter 1310	Provides for uniform competitive bidding law applicable to counties containing a population of less than 500,000 engaging in construction of public projects.
SB 1235 - Bradley Chapter 1311	Authorizes the issuance of variable benefit life insurance policies by domestic life insurers in California.
SB 1267 - Beilenson Chapter 1312	Requires both the notice of sale under execution issued on a judgment and the notice of any right of redemption to be delivered, as specified, to the judgment debtor.

RELEASE: Immediate

#613

Governor Ronald Reagan today called "disgraceful and cynically
/the actions of
partisan" a group of so-called Democratic legislative leaders who
contrived an ad hoc committee "for the sole purpose of harrassing State
Social Welfare Director Robert Carleson and undermining the
administration's efforts to reform welfare."

/so-called
The governor said, "Because obviously this hearing was contrived
for the sole purpose of harrassing Bob Carleson and undermining the
administration's efforts to reform welfare, those in control of the
hearing chose to ignore the fact that California is the only state in
which the welfare rolls have declined for the past six months in a row.

"To blatantly exploit the legislative process in this way is
thoroughly disgraceful and cynically partisan.

"The personal and public villification of any citizen, including
members of this administration, has no place in a legislative 'hearing'
of any type.

"In just two months, far less time than it took the legislature to
enact welfare reform, the Department of Social Welfare has acted
extremely quickly and effectively in implementing the new law. Under
Bob Carleson's leadership this progress has been made in spite of a
myriad of conflicting court rulings and other obstacles," the governor
said.

Governor Ronald Reagan today announced the following bills have been signed:

- AB 76 - Chappie
Chapter 1326
Increases the membership of the Board of Funeral Directors and Embalmers by adding another licensee member and another public member.
- AB 122 - Greene, B.
Chapter 1340
Authorizes the California Job Development Corporation Law Executive Board to create in the State Job Development Corporation Loan Guarantee Fund a revolving loan guarantee fund for use by agencies operating under the Small Business Assistance Program Law and under contract with the Executive Board to guarantee interim loans for small business enterprises.
- AB 253 - MacGillivray
Chapter 1341
Designates the areas between Point Arguello and Point Mugu, and waters less than 25 fathoms deep adjacent to the mainland shore, as California halibut trawl grounds. The bill also authorizes the Director of the Department of Fish and Game to close designated halibut trawl grounds, or portions thereof or to further restrict the nets that may be used in such area or portions thereof, if the halibut resource or existing fishing operations within such designated halibut trawl grounds are imperiled.
- AB 433 - Fong
Chapter 1342
Revises the Education Code provisions requiring appraisal of vision of pupils attending public schools.
- AB 455 - Chappie
Chapter 1343
Makes it unlawful for any person to pursue, drive, or herd any bird or mammal with any motorized water, land, or air vehicles, including but not limited to a motor vehicle, airplane, power boat, or snowmobile. Exceptions are provided for prevention of damage to private property, and in the case of agricultural damage.
- AB 510 - Cullen
Chapter 1344
Authorizes a protestant whose protest has been rejected by the Department of Alcoholic Beverage Control to file an accusation alleging the ground of protest. It also revises the provisions of law relating to places for hearings to consider such protests.
- AB 540 - Ryan
Chapter 1345
Authorizes the state to pay in excess of \$65 per year for each new or renewal license granted for approved city or county inspection services to licensed institutions and other facilities for the care of children and aged persons if the county demonstrates excess costs are unavoidable.
- AB 700 - Chappie
Chapter 1346
Requires estimates of average daily attendance reported in school district applications for state building aid to be based upon the number of children residing in the district and the number of dwellings and mobilehome parks under construction or newly constructed and never occupied.
- AB 854 - LaCoste
Chapter 1347
Provides that a city or county may impose a fee upon persons and vehicles entering city or county property which is devoted to park, amusement or recreational purposes.
- AB 861 - Moorhead
Chapter 1348
Provides that a juvenile traffic hearing officer or a referee of the juvenile court may make findings which would require the Department of Motor Vehicles to revoke the driving privileges of any person who has been found by the juvenile court to have committed certain prescribed offenses.

AB 1028 - Maddy Chapter 1349	Amends the Forest Practice Act to provide for renewal of logging licenses on an annual basis. The bill also clarifies the terms "timber owner," "timberland owner" and "timber operator."
AB 1126 - Hayes Chapter 1350	Authorizes the State Personnel Board to prescribe conditions under which state employees may be assigned to take out-service, rather than specialize training to meet educational development needs rather than specified skills. This bill also deletes the provision which requires appointment of the highest person on a general reemployment list.
AB 1223 - Z'berg Chapter 1351	Deletes the requirement that a planning area shall consist of contiguous territory.
AB 1282 - Knox Chapter 1329	Provides for adjustments in the retirement allowances of Department of Justice law enforcement members of the Public Employees' Retirement System for periods of service prior to their termination of social security coverage.
AB 1302 - McCarthy Chapter 1327	Provides that the Office of Intergovernmental Management is the clearing house for requests from cities and counties that state agencies evaluate the environmental impact of proposed subdivisions on land projects.
AB 1346 - LaCoste Chapter 1330	Increases the minimum weekly benefit for temporary disability indemnity from \$25 to \$35.
AB 1584 - Schabarum Chapter 1352	Raises the maximum ad valorem special assessment which may be levied on taxable land and improvements within an open-space maintenance district to pay the costs of maintenance and operation of the open areas.
AB 1652 - Ketchum Chapter 1331	Includes persons in specified positions in the Department of Youth Authority within the law enforcement category of membership in the Public Employees' Retirement System.
AB 1678 - McCarthy Chapter 1353	Revises provisions relating to application for original registration of motorcycles, installation of engines in motor vehicles and assignment of vehicle identification numbers. It also provides that rebuilt or restored vehicles that were previously reported as "junked" are to be handled as original applications.
AB 1765 - Gonsalves Chapter 1354	Requires the State Board of Equalization to cease to administer and terminate its contract to administer, rather than only to cease to administer, local sales and use taxes of local government where such tax does not conform to specified provisions.
AB 1785 - Knox Chapter 1355	Increases specified legal filing fees in Contra Costa County.
AB 1839 - Cory Chapter 1356	Limits the tax rate in a harbor improvement district to \$0.20 per each \$100 of assessed valuation. The bill expands the membership of harbor improvement district harbor commissions from 5 to 7. The bill authorizes the board of supervisors to authorize a harbor improvement district to acquire, develop, operate, and maintain inland parks and recreation areas.
AB 1849 - Cory Chapter 1357	Provides that a county probation officer may, under certain conditions, authorize the temporary removal under custody or by temporary release without custody of a county inmate within 30 days prior to his release date. The bill provides that any such removal shall not be for a period of more than three days.

AB 1878 - Maddy Chapter 1358	Changes the salaries of specific classes of employees of the Fresno Judicial District.
AB 2058 - Hayes Chapter 1359	Provides that the court may extend the time of attachments or garnishments of personal property for a period not exceeding one year from the date on which the original attachment or garnishment would expire.
AB 2114 - Cory Chapter 1360	Deletes the present statutory provision excluding certain city and county owned taxable property when computing the "Collier Factor" for the allocation of state funds to school districts.
AB 2151 - Powers Chapter 1328	Increases the membership of the State Board of Registration for Professional Engineers from 9 to 11 members by providing an additional licensee member and an additional public member.
AB 2461 - Hayes Chapter 1332	Provides that if there is a denial of a motion to quash service of summons, or to stay, or dismiss an action on specified grounds in cases of summary actions for obtaining possession of real property, and of the written notice of an order denying the motion is served, the defendant must plead within five days after such service, except that the court may extend the time to plead an additional 15 days.
SB 222 - Collier Chapter 1324	Requires the Department of Motor Vehicles to issue drivers' licenses in color. Increases drivers' licenses and identification card fees by \$.25. The bill becomes operative on July 1, 1972.
SB 492 - Carpenter Chapter 1333	Imposes a penalty assessment of \$5 for every \$20 or fraction thereof imposed and collected by the courts as a fine or forfeiture of bail for any violation of the provisions of the Fish and Game Code or regulation of the Fish and Game commission. The bill requires that such moneys be deposited in the state's Fish and Game Preservation Fund in a special account to be used for education or training of employees of the Department of Fish and Game.
SB 582 - Way Chapter 1334	Extends indefinitely the provisions decreasing the requirement for maturity of desert-produced grapefruit from 6½ parts to 6 parts soluble solids to every part of acid in the juice. It extends the authority granted to the Director of Agriculture to establish a higher maturity standard, and authorizes the director to lower such standards, but not below the standards of these provisions, when he finds that it would provide more acceptable grapefruit to the consumer.
SB 864 - Zenovich Chapter 1335	Revises provisions regarding employee rights and benefits in the Fresno Metropolitan Transit District Act of 1961.
SB 702 - Cusanovich and Dymally	Appropriates \$1,000,000 to the Department of Education for preschool educational programs established as a part of the children's centers program.
SB 1032 - Behr Chapter 1336	Raises the application and renewal fees for a biologics production license.
SB 1492 - Moscone Chapter 1337	Allows a jury trial in the superior court on the question of whether a person ordered returned to the Youth Authority following a court hearing is physically dangerous to the public. A three-fourths vote of the jury is required for a verdict.

SB 1498 - Moscone
Chapter 1338

Authorizes the State Bar of California to create a Client Security Fund and to assess their active members to support the purposes of the fund. The measure also authorizes an increase in membership fees for the continued operation of the State Bar and the funding of needed capital improvements.

SB 1533 - Behr
Chapter 1339

Replaces the member of the San Francisco Bay Conservation and Development Commission appointed by the U.S. Secretary of Health, Education, and Welfare with a member appointed by the Administrator of the U.S. Environmental Protection Agency. It provides that all applicants, including governmental agencies, shall pay filing fees and reimbursement of expenses for processing and investigating applications.

Governor Reagan has vetoed the following bill:

AB 351 - Crown

Requires drug manufacturers to determine a suitable expiration date of their products to assure standards at the time of use and further requires the State Department of Public Health to conduct studies to determine drugs or drug classes of public health concern in this area.

REASON FOR VETO:

"The Health and Safety Code already requires expiration dates for drugs liable to deterioration. Expiration dates are already being established and added to many drug labels by manufacturers and encouraged by the Federal Food and Drug Administration for substances which deteriorate rapidly to insure adequate safety and efficacy at the time of use. The only new requirements added by Assembly Bill No. 351 are for the Department of Public Health and the School of Pharmacy of the University of California to conduct studies and prepare reports. This is a matter that can best be handled by the Food and Drug Administration.

"Accordingly, I am returning the bill unsigned," the governor said.

Governor Ronald Reagan today announced the appointments of Howard C. Winslow as chief of the Bureau of Furniture and Bedding Inspection and Richard C. DeWalt as chief of the Bureau of Employment Agencies.

Winslow will succeed Raymond M. Reid, Jr., who has handled the duties of Bureau of Furniture and Bedding Inspection chief in addition to his duties as chief of the Division of Consumer Services in the Department of Consumer Affairs.

DeWalt will succeed Robert L. Harvey of Sacramento who has resigned to accept a new post as associate counsel on the departmental staff of Consumer Affairs Director Don Livingston.

Reid has served as chief of the Division of Consumer Services and chief of the Bureau of Furniture and Bedding Inspection since 1970, while Harvey has headed the Bureau of Employment Agencies since February of this year.

Livingston said that the staff changes will allow his department to expand its consumer protection programs.

"Ray Reid, who has done an excellent job in his dual role, will now concentrate all of his efforts in handling consumer complaints while Bob Harvey, who has done an outstanding job as chief of the Bureau of Employment Agencies, will be in charge of our consumer legislative program, he said.

Winslow, 49, who began his state career in the Consumer Affairs Department as laboratory technician in 1946, has served as deputy chief of the Bureau he now heads for the past 4½ years.

He is active in state and national organizations concerned with research and consumer problems and in Sacramento community affairs.

Winslow and his wife, Ruth, have one daughter. The family home is at 3728 Canna Court, Sacramento.

DeWalt, 38, joined state service in 1965 as a personnel analyst in the Department of Water Resources and in 1966 transferred to the Department of Consumer Affairs where he has held a number of executive posts.

He has served as deputy chief of the Bureau of Employment Agencies since 1967.

DeWalt is married and the father of one daughter. The family lives at 20 Dalby Court, Sacramento.

Winslow, a Republican, and DeWalt, a Democrat, will receive annual salaries of \$17,700.

Governor Ronald Reagan today appointed Hayward attorney Alfred A. Delucchi to the Hayward-San Leandro Judicial District Municipal Court.

Delucchi, 40, a Republican, will receive an annual salary of \$30,724.

He succeeds Judge Gerald P. Connitt who has retired.

A member of the Hayward law firm of Martins, Bernhardt and Delucchi since 1967, Delucchi previously served as an Alameda County deputy district attorney for five years.

A native of Oakland, he is a graduate of the University of California at Berkeley and earned his law degree from the University of Santa Clara Law School.

He is a member of the Alameda County Bar Association, the State Bar of California, the Southern Alameda County Bar Association, the Lawyers Club of Alameda County, the Criminal Courts Bar Association and the California Trial Lawyers Association.

In addition, he is active in numerous Italian-American organizations.

Delucchi and his wife, Gloria, have one son. The family home is in Castro Valley.

Governor Ronald Reagan today announced the appointment of John P. Sparrow, associate counsel of the University of California's Board of Regents to the Alameda County Superior Court.

Sparrow, 56, a Republican, will receive an annual salary of \$33,396. He succeeds Judge Monroe Friedman who has retired.

An associate counsel for the Board of Regents since 1955, Sparrow previously served as an assistant United States attorney for the Northern District of California, in private practice in San Francisco and as an Alameda County deputy district attorney.

He also has been an instructor in law at the University of San Francisco Law School, the Golden Gate Law School and is an assistant dean of the San Francisco Law School.

Sparrow is a graduate of Harvard and earned his law degree from the Harvard Law School.

He and his wife, Marilyn have three children. The family home is in Oakland.

Governor Ronald Reagan today appointed Municipal Judge Frank Piombo of Redwood City to the San Mateo County Superior Court.

Judge Piombo, 47, a Republican, will receive an annual salary of \$33,396. He succeeds Judge Allison Rouse who has been elevated to the District Court of Appeal.

Appointed to the Southern Judicial District Municipal Court in 1971, Judge Piombo previously has served as an assistant district attorney for San Mateo County and as city attorney of Millbrae.

He also has served as a special counsel for governmental subdivision in both San Mateo and Santa Clara counties, and has been active in civic affairs.

Judge Piombo, a native of San Francisco, attended the University of California at Berkeley and Stanford University and earned his law degree from the University of San Francisco Law School.

He and his wife, Lydia, have five children. The family lives in Redwood City.

Governor Ronald Reagan today appointed Palm Springs attorney Richard H. Robinson to the Desert Judicial District Municipal Court in Palm Springs.

Robinson, 53, a Democrat, will receive an annual salary of \$30,724. He succeeds the late Judge David M. McGahey.

A practicing attorney in California since 1965, Robinson is a former two term attorney general of the state of New Mexico and is a former chief counsel of the New Mexico Bureau of Revenue.

He also served as an assistant district attorney and a U. S. Commissioner for the county of Eddy in New Mexico and as a city judge in Carlsbad.

He is a past president of the Desert Bar Association, a member of the American Arbitration Association and the California Trial Lawyers Association.

Robinson attended George Washington University in Washington, D. C. and earned his law degree from Washington College of Law of the American University.

He lives in Palm Desert.

Governor Ronald Reagan today announced the following bills have been signed:

AB 199 - Dent Chapter 1375	Appropriates \$43,000, including a specified \$25,000 item in Budget Act of 1970, for a feasibility study regarding the rehabilitation of facilities of the California School for the Deaf and the California School for the Blind in Berkeley.
AB 346 - McCarthy Chapter 1390	Permits the governor to offer a reward not exceeding \$10,000 for information leading to the arrest and conviction of any escaped convict or a person who has committed or is charged with the commission of prescribed offenses. Present law limits such rewards to a maximum of \$1,000.
AB 495 - Wood Chapter 1391	Revises the name of the Beet Leafhopper Control Board to the Curly Top Virus Control Board.
AB 709 - Chappie Chapter 1376	Authorizes the State Board of Education to approve, under specified conditions, proposal for the unification of the Northside and Georgetown Divide Elementary School Districts if the board finds that the specified statutory criteria for formation of a unified district are substantially met or that it is not practical to apply such criteria literally.
AB 896 - Russell Chapter 1377	Authorizes the Department of General Services, with the approval of the State Public Works Board, to dispose of specified parcels of surplus state property.
AB 1157 - Wood Chapter 1378	Provides, with respect to the provisions regulating the transfer of alcoholic beverage licenses between spouses, partners, fiduciaries, and corporations, that one-half of the regular fee shall become due upon the subsequent transfer of 25 percent of the stock in a corporation whose entire stock is owned by the licensee or his spouse and to which the license has been transferred by the licensee or his spouse, if such subsequent stock transfer is from a parent to his child or grandchild.
AB 1220 - Mobley Chapter 1392	Includes bankers acceptances within the list of eligible securities for the investment of surplus state funds.
AB 1433 - Townsend Chapter 1393	Authorizes the Public Utilities Commission to establish rules for performance of services furnished or supplied by household goods carriers.
AB 1439 - Moorhead Chapter 1379	Makes infractions, rather than misdemeanors for violations of various Agricultural Code provisions, relating to rabies control and the regulation and licensing of dogs, and Health and Safety Code provisions relating to rabies control.
AB 1447 - Keysor Chapter 1394	Includes police classifications among those for which a school personnel commission may establish a probationary period not to exceed one year.
AB 1732 - Moorhead Chapter 1395	Repeals the statutory limitations on testamentary gifts to charity.
AB 1767 - Stacey Chapter 1380	Appropriates \$100,000 from the Resources Protection Account in the General Fund to the Department of Parks and Recreation for the development of overnight recreational facilities at Red Rock Canyon State Park.

AB 1851 - Cory
Chapter 1381

Deletes the existing option of using the current fiscal year factor for the modification of assessed value of property to conform to the statewide assessment level for apportionment and State School Building Fund purposes.

AB 1984 - Mobley
Chapter 1382

Defines "incidental expenses" for purposes of the Improvement Act of 1911 to include a charge established by a city as a condition to providing sewer service for the benefit of properties within the assessment district, and required for the completion and utilization of the improvement constructed.

AB 2033 - Ketchum
Chapter 1383

Requires the Director of Conservation to determine charges for use of inmate labor utilized in fire fighting, for purposes of computing costs chargeable to persons made statutorily liable for fire caused damage.

AB 2190 - Roberti
Chapter 1396

Revises provisions of the student work-experience program with regard to school districts and their liability under the workmen's compensation laws to include occupational classes held in the community.

AB 2244 - Russell
Chapter 1384

Provides that a member of the security patrol of a school district who has written authorization of the school's chief administrative official can request that a person who is disrupting school activities to leave a school building or grounds. At the present time such requests can be made only by certain school officials.

AB 2424 - Belotti
Chapter 1385

Authorizes the Department of Parks and Recreation to exchange certain Humboldt Redwoods State Park lands for private land of equivalent value. The bill specifies that no access shall be provided for, nor any signs or billboards erected on, such exchanged park land unless authorized by the legislature.

AB 2495 - Briggs
Chapter 1386

Makes it unlawful for any person to falsely represent himself in any manner as an employee of the Department of Motor Vehicles for the purpose of obtaining records or information to which he is not entitled.

AB 2659 - ~~Roberti~~ ^{Lanferman}
Chapter 1387

Authorizes certain recipients of the degree of doctor of optometry issued by a university located outside the United States to take the California Optometry examination.

AB 2845 - Greene, B.
Chapter 1388

Revises provisions relating to employment of minors. The bill establishes procedures for permits to work part time for minors under 18 years of age, students enrolled in work experience courses, and continuation education classes; and permits to work full time for minors under 16 years of age, but over 14 years of age, under specified conditions, and for minors over 16 years of age, but under 18 years of age.

AB 2898 - Brown
Chapter 1397

Requires the Board of Nursing Education and Nurse Registration to attempt to contact designated persons who have served in medical corps of armed services to inform them of specified procedure for becoming a licensed nurse. The bill also empowers the board to enter into an agreement with the federal government to obtain such names and addresses.

SB 265 - Behr
Chapter 1361

Amends the Bicycle Recreation and Safety Act of 1971. The bill authorizes the establishment of bicycle paths and routes by local entities. It prohibits abandonment of specified rights-of-way prior to a determination as to whether or not they could be developed as bicycle paths or routes. The bill further provides for marking and placement of appropriate signs on bicycle paths and routes. It also specifies that provision prohibiting operation of motor vehicles on certain levees, banks, and rights-of-way shall not be construed to prohibit the establishment of bicycle paths or routes thereon.

SB 342 - Harmer
Chapter 1362

Authorizes the deposit of student body organization fee moneys and other specified moneys received by the state colleges into trust accounts of the centralized state treasury system. The State Colleges Trust Fund is created for the deposit of these moneys which may be invested by the State Treasurer in eligible securities.

SB 496 - Short
Chapter 1363

Mandates fee reductions in Consumer Affairs' agencies if the surplus in an agency exceeds the operating budget for the next two fiscal years.

SB 760 - Harmer
Chapter 1364

Requires instruction in automobile driver training be available by all school districts maintaining a high school for all eligible students wishing to enroll, including those students who attend a non-public high school within the school district.

SB 781 - Coombs
Chapter 1365

Amends the Contractors License Law to include as a contractor any person who maintains or services air conditioning, heating, or refrigeration equipment which is a fixed part of the structure to which it is attached. The bill exempts employees who work for wages as their sole compensation and employees of persons who are signatories to collective bargaining agreements.

SB 785 - Grunsky
Chapter 1366

Specifies that after a summons is served, the summons must be returned with proof of service, unless the defendant has previously made a general appearance.

SB 825 - Beilenson
Chapter 1367

Amends the Agricultural Code to extend indefinitely the \$40 annual registration fee for each pesticide product which would otherwise expire after the 1972 legislative session. It provides for an assessment of eight mills per dollar of sales of pesticides by registrants. Three eighths of this assessment is to be available to the State Department of Agriculture and five eighths is to be apportioned to the counties for enforcement of pest control and pesticide enforcement.

SB 939 - Burgener
Chapter 1368

Requires new elevators in public buildings to have control buttons and door casings labeled in Braille and marked arabic numerals for the purpose of identifying the controls and floors for use by blind persons.

SB 1051 - Behr
Chapter 1369

Adds a fourth judge to the Central Judicial District in Marin County.

SB 1094 - Gregorio
Chapter 1389

Makes various changes in procedures relating to minors under the juvenile court law as well as minors taken out of school by peace officers.

SB 1200 - Zenovich
Chapter 1370

Requires school districts and county superintendents of schools to each make an annual report to the Department of Education regarding the number of minor eligible for which no special education is provided and the reason therefor. The bill provides a hearing procedure if a parent or guardian is not satisfied with decision regarding withdrawal of a pupil from a class or program for mentally retarded minors.

SB 1312 - Grunsky
Chapter 1371

Establishes a procedure for moving to vacate or set aside a prior conviction of drunk driving upon the trial of a second or subsequent prosecution for the same offense.

SB 1340 - Wedworth
Chapter 1372

Requires the State Air Resources Board to establish criteria for evaluating the effectiveness of motor vehicle pollution control devices and fuel additives, and requires the board, after establishing such criteria, to evaluate motor vehicle pollution control devices and fuel additives submitted to it for testing.

SB 1356 - Behr
Chapter 1373

Prohibits a person or corporation, whether or not organized under laws of this state, from hereafter acquiring or owning any public utility, directly or indirectly without prior authorization of Public Utilities Commission.

SB 1477 - Rodda
Chapter 1374

Authorizes the establishment of the Sacramento Regional Transit District.

#

WAS

Governor Ronald Reagan today signed legislation which gives local governments the power to determine their own community public transportation priorities.

In signing the bill (SB 325, Mills) into law, the governor said "the concept of local control has been a cornerstone of this administration's policy. This bill reaffirms that policy and emphasizes local control by placing directly in the hands of locally elected officials the responsibility for assessing the overall public transportation needs of the communities they know and represent.

"I believe that by helping to enable local officials to accelerate their efforts in developing comprehensive and balanced transportation systems--including the construction of local streets and roads and other related transportation services--this bill can serve the long range best interests of the people of California," the governor said.

#

Governor Ronald Reagan today named Stanford Law Professor Howard R. Williams and Los Angeles attorney John J. Balluff, to the California Law Revision Commission and reappointed three other members.

They are attorneys Marc Sandstrom of San Diego, John N. McLaurin of Los Angeles and Noble K. Gregory of San Francisco.

Professor Williams, 56, a Democrat, will fill the unexpired term of Stanford Law Professor Joseph T. Sneed, who has resigned. The term ends in October, 1973. Williams lives at 811 Mayfield Avenue, Stanford.

Balluff, 61, general attorney for the Atchison, Topeka and Santa Fe Railway Company in Los Angeles, succeeds G. Bruce Gourley of Santa Maria, whose term has expired. Balluff, who lives at 925 Via Panorama, Palos Verdes Estates, is a Republican.

Sandstrom, 36, general counsel and secretary of the board of the San Diego Federal Savings and Loan Association and a former assistant secretary of the state Business and Transportation Agency, has served on the commission since 1970. He is a Republican. He lives at 6675 Avenida Andorra, La Jolla.

McLaurin, 56, a Democrat, is a partner in the Los Angeles law firm of Hill, Farrer and Burrill. He has served on the commission since 1970. He lives at 825 Flintridge Avenue, Pasadena.

Gregory, 53, a Democrat, is a member of the San Francisco firm of Pillsbury, Madison and Sutro. He has been a commissioner since 1970. He lives at 225 Maywood Drive, San Francisco.

All the appointments are subject to Senate confirmation.

Commission members receive \$20 per day and necessary expenses.

MEMO TO THE PRESS

#625

Governor Reagan's schedule for next week includes office appointment and attendance Tuesday evening at the reception and Salute to President Nixon at the Beverly Wilshire Hotel in Los Angeles.

#

WAS

Governor Ronald Reagan today announced the retirement of Dr. Louis F. Saylor, director of the California Department of Public Health, effective December 1.

The governor, who appointed Saylor to the post in 1968, praised him "for the outstanding job he has done in directing the many facets of the Department of Public Health.

"Dr. Saylor has been a valued member of this administration, and I want to publicly express my appreciation for the dedicated service he has rendered to the people of California over the past three years."

William J. "Joe" Kurtz, Chief Deputy Director of Public Health, was named acting director by the governor.

James M. Hall, Secretary of the Human Relations Agency, also commended Dr. Saylor. Public Health is one of the departments within the Human Relations Agency.

"Dr. Saylor is a nationally recognized expert in the field of public health," Hall said, "and we are going to miss the expertise he has brought to the department. Working with Dr. Saylor has been one of the pleasures of my professional life."

Governor Reagan appointed Dr. Saylor to head the Department of Public Health in June of 1968. He had been assistant chief of the department's division of research since 1960.

"After 38 years of state and federal service, I am looking forward to a long rest," Dr. Saylor said. "I know that I am going to miss the daily contact with my colleagues in the department. They are a dedicated and talented group of professionals who will continue to serve the people of this state in an exemplary manner.

"I would also like to express my appreciation to Governor Reagan for giving me the opportunity to direct what I consider to be one of the most important departments in our state government. I could always count on his support and encouragement."

Dr. Saylor is a 1937 graduate of the University of Nebraska School of Medicine. He received a master's degree in public health, magna cum laude, from the Harvard University School of Public Health in 1957. ✓

Prior to joining the Department of Public Health, Dr. Saylor served with the U.S. Army Medical Corps from 1939 to 1960. He was chief of the preventive medicine division and deputy surgeon at the 6th Army Headquarters in San Francisco when he retired from the service.

Dr. Saylor is the holder of the American Campaign Medal, the American Defense Medal, the Army Commendation Ribbon with two Oak Leaf Clusters, and the Bronze Star.

He and his wife Cecilia "Ceil" plan to make their home at Pacific Grove on the Monterey Peninsula for the immediate future. Their son, Richard, is an architect living in Monterey.

Kurtz, who joined the department in 1956, was named chief deputy director in July of this year. He had been an assistant director and chief of the department's office of fiscal and management services since 1968.

RELEASE: Immediate
#627

Governor Ronald Reagan today signed legislation that will allow cities and counties to exercise greater control on subdivisions that do not provide proper environmental safeguards or ignore local planning needs.

In signing the legislation (AB 1301) by Assemblyman Leo T. McCarthy (D-San Francisco), Governor Reagan said, "we cannot afford the luxury of allowing real estate developments to be constructed which do not meet the requirements that communities have established for the protection of their own citizens and the environment itself.

"This bill, I believe, will allow cities and counties to take the necessary steps to provide environmental protection at the local level. It will also enable local governments to consider many aspects of proposed subdivisions to determine whether the projects are consistent with local planning. And it will clarify the authority of the local government to deal with poorly planned projects."

#

WAS

Governor Ronald Reagan, in a move aimed at cracking down on employers who intentionally undercut California's depressed labor market, today signed the first legislation of its type in the nation making it illegal for any employer to knowingly hire an alien who is not entitled to legal residence in the United States.

The legislation, AB-528, Arnett, subjects any employer who knowingly hires an illegal alien---where it can be proven that such employment has an adverse effect on lawful residence workers---to criminal penalties.

"By cracking down on those employers who knowingly engage in the hiring of illegal aliens, this legislation can help to improve job opportunities for thousands of legitimate California residents who earnestly seek employment in our temporarily depressed labor market," the governor said.

"Moreover the legislation is fully consistent with provisions of the state's new welfare reform law which limits welfare benefits to only those aliens who reside in California legally.

"This bill---which makes California the first state to adopt a law aimed at coming to grips with the intentional employment of illegal aliens---is a direct result of the federal government's failure to meet its own obligations in this regard.

"The control of illegal aliens is and should be a federal responsibility. But, in view of the fact that an illegal work force now displaces hundreds of thousands of Californians---many in search of jobs---it has become increasingly clear that we can no longer wait for Congress to enact legislation to effectively cope with the problem."

#

Governor Ronald Reagan today announced the following bills have been signed:

- AB 40 - Wood
(Chapter 1440) Changes the amount of fish privilege tax on squid from \$.005 per pound when used for bait or human consumption and \$.0005 per pound when canned to \$.0001 per pound, irrespective of how the squid will be used.
- AB 517 - Knox
(Chapter 1441) Provides that the maximum tax rate for the Bay Area Air Pollution Control District shall remain at \$.02 per \$100 of assessed valuation following the 1972-73 fiscal year.
- AB 671 - Arnett
(Chapter 1443) Revises the Lanterman-Petris-Short Act to include persons impaired by chronic alcoholism. The bill provides that such services shall be subject to Short-Doyle financing and shall not be included as priority funding, but may be considered new and expanded services for the purpose of funding. The bill also requires that each county Short-Doyle plan shall designate a specific facility for treatment of alcoholism and inebriates.
- AB 1044 - Schabarum
(Chapter 1444) Revises noise limits applicable to new motor vehicles which are sold or offered for sale.
- AB 1172 - Powers
(Chapter 1445) Prohibits a person licensed as an insurance adjuster under the Private Investigator and Adjuster Act from engaging in designated activities. The bill also prohibits licensees under such act from conducting business under a fictitious or other business name, rather than a fictitious business name without written authorization.
- AB 1300 McCarthy
(Chapter 1399) Prohibits the Real Estate Commissioner from issuing a public report on any "land project" unless he makes a specific finding that the improvement will be adequate to serve the projected population of the entire offering. The bill also provides for a 14-day right of rescission of the contract in case the purchaser changes his mind.
- AB 1420 - LaCoste
(Chapter 1447) Permits elective disability compensation coverage for individuals in the employ of specified relatives.
- AB 1461 - Chappie
(Chapter 1448) Subjects vehicles of historic value, not used in trade, profession, or business to an \$11 registration fee and imposes a \$2 annual vehicle in-lieu tax, commencing with fees paid for the 1972 calendar year. The bill specifies that such taxes are in lieu of other ad valorem taxes. The bill provides that fees paid for special identification plates for such vehicles shall be deposited in the California Environmental Protection Program Fund.
- AB 1482 - Warren
(Chapter 1449) Allows expenditures for equipment determined to be necessary by the Superintendent of Public Instruction to be considered as current expense for a special class or program offered by school districts or county superintendents. The bill sets a limit on equipment expenditure of one percent of the current expense of operating the districts physically handicapped program.
- AB 1528 - Hayden
(Chapter 1450) Sets forth the costs for which a county is chargeable when a criminal case is transferred to another county before trial. The bill requires the Judicial Council to adopt rules governing such case transfers, to prescribe approved forms for claiming costs, and to adopt rules under which particular counties are not required to make reimbursements where, over a given period of time, there is even exchange of cases between counties.

- AB 1613 - Chacon
(Chapter 1451) Requires the officer who is designated by the board of supervisors of a county to collect specified charges and costs relating to juvenile wards, to promptly notify any person liable for such costs or charges in writing that if such person believes that he is unable to pay the costs or charges the law permits him to claim in writing such inability. The bill requires the officer to furnish appropriate forms on which to claim such inability.
- AB 1949 - Quimby
(Chapter 1452) Changes the retirement allowance formula for California State Police Division Employees who are police officers.
- AB 2029 - Monagan
(Chapter 1453) Eliminates the period of residency required to receive a new resident's ballot for voting for presidential electors. The bill eliminates the literacy requirement as a precondition to receiving a new resident's ballot. The bill also changes the registration period for new residents from the 90th to 54th day prior to the presidential election to the 90th to 7th day prior thereto.
- AB 2166 - Vasconcellos
(Chapter 1454) Allows persons incarcerated in a jail or other place of confinement to continue methadone treatment up to the point of conviction at the discretion of the methadone program director.
- AB 2399 - Arnett
(Chapter 1455) Requires the Department of Public Health to provide local health officers with necessary staff and assistance to conduct an epidemiologic investigation of any pesticide poisoning disease or condition. The bill further provides that the local agricultural commissioner or Director of Agriculture be consulted before requesting such assistance.
- AB 2491 - Briggs
(Chapter 1456) Makes several clarifying amendments to the Health and Safety Code provisions relating to the control of atomic energy and radiation.
- AB 2522 - Townsend
(Chapter 1457) Specifies the standards for the issuance of an out-of-state beer manufacturer's certificate.
- AB 2764 - Chappie
(Chapter 1458) Requires existing publicly owned buildings or facilities which undergo structural repairs, additions or alterations to conform to the access requirements contained in the Physically Handicapped Law.
- AB 2774 - Lanterman
(Chapter 1459) Amends the Lanterman-Petris-Short Act to terminate the indefinite commitment of mentally ill persons who were committed by a court prior to July 1, 1969, under the old law, to an institution other than a state hospital. The bill also makes minor technical non-substantive changes in the Lanterman-Petris-Short Act.
- AB 2921 - Chacon
(Chapter 1460) Makes amendments to the Government Code provisions relating to the oath and bond requirements when a notary public moves his principal place of business to another county.
- AB 3018 - Meade
(Chapter 1461) Allows dogs used by uniformed employees of private patrol services to be kept or allowed in food establishments.
- AB 3055 - Wilson
(Chapter 1462) Provides for state participation in the federal Model Cities program.
- AB 3093 - McAlister
(Chapter 1463) Prohibits the sale on or after August 1, 1972, of charcoal intended for use in the cooking and preparation of food unless the package containing such charcoal has a warning label affixed thereto.

- AB 3099 - MacGillivray Appropriates \$60,000 to the Department of
(Chapter 1464) Water Resources to prepare for possible flooding
and mudslides in the area of the City of Carpinteria.
- SB 791 - Stiern Imposes an annual \$5.00 vehicle license fee on
(Chapter 1437) horseless carriages not used in a trade, profession,
or business.
- SB 1446 - Teale Requires nonprofit corporations to file with the
(Chapter 1438) Secretary of State a statement of the names and
addresses of specified officers and the location and
address of the principal office every five years
rather than every year. The bill requires such
statement to be filed whenever there is any change
in a nonprofit corporation's officers. The bill
also exempts nonprofit corporations from paying a
filing fee.
- SB 1481 - Way Establishes procedures by which a person may
(Chapter 1439) examine his record folder in the Bureau of Criminal
Identification and Investigation. The bill allows
a person to request correction of any information
in his record which he believes to be in error.
- SB 1623 - Beilenson Deletes that portion of State Highway Route 170
(Chapter 1398) from Route 90 to Route 2 from the State Highway
system. The bill will eliminate the middle portion
of Fairfax Section of the planned Laurel Canyon
Freeway.

Governor Reagan has announced the veto of the following bill:

- AB 2020 - Dunlap Permits certain members of the State Teachers'
Retirement System to elect to become members of
the Public Employees' Retirement System.

REASON FOR VETO:

"The bill, in giving less than full retroactivity to the 1961 legislation, results in inequitable treatment of employees and serves as a precedent for future efforts to change membership between the two retirement systems as benefits in the systems or circumstances of the member change.

"Accordingly, I am returning the bill unsigned," the governor said.

##

Governor Ronald Reagan today announced the following bills have been signed:

- AB 78 - Chappie
Chapter 1409 Appropriates \$50,000 for completion of the Tahoe Regional Plan.
- AB 255 - MacGillivray
Chapter 1410 Requires that, when 2 percent or more of the assessed valuation of a public water district is removed by reason of state highway acquisitions in any one fiscal year, compensation be paid to the taxing authority on a descending scale over a five-year period.
- AB 332 - Cory
Chapter 1411 Includes within the definition of "construction" for purposes of provisions relating to state sharing in the cost of construction of specified juvenile facilities by counties, payments for the necessary repair or improvements of property leased from the federal government or other public entity without cost to the county for a term of not less than 10 years.
- AB 355 - Briggs
Chapter 1412 Includes educable mentally retarded minors attending public secondary schools within the groups for whom increased allowances for driver training instruction are authorized. The bill reduces the maximum for such allowances from \$360 to \$200.
- AB 799 - Meade
Chapter 1414 Appropriates \$30,596 to be allocated in specified manner to defray part of police costs caused by disturbances at or near university and college campuses.
- AB 910 - Brown
Chapter 1415 Permits a peace officer, without a warrant, to take a minor under 18 into custody as a person who has violated the law whenever: (1) the officer has reasonable cause to believe such minor has committed a public offense in his presence; (2) the minor has committed a felony; (3) the officer has reasonable cause to believe the minor has committed a felony, whether or not the felony has been committed; (4) the minor is in a traffic accident and the officer has reasonable cause to suspect drunk driving or drunk driving combined with drugs.
- AB 981 - Brown
Chapter 1416 Provides that, in hearings before Workmen's Compensation Appeals Board, where the employer or insurance carrier requests a deposition to be taken of the injured employee, the employee is entitled to reasonable expenses for transportation, meals and lodging, and reimbursement for any loss of wages.
- AB 1225 - Z'berg
Chapter 1417 Provides that the transfer fee for the transfer of an on-sale or off-sale retail license to designated relatives, when no consideration is given for the transfer, shall be one-half of the regular fee.
- AB 1336 - Meade
Chapter 1418 Authorizes the California School for the Deaf, California School for the Blind, and the Diagnostic Schools for Neurologically Handicapped Children to enter into agreements with teacher training institutions to provide the practice teaching necessary for a credential for the teaching of deaf, blind, or neurologically handicapped children.
- AB 1682 - Dunlap
Chapter 1419 Requires county superintendents of schools to prepare with the approval of the State Department of Education, statements of information and statistics relative to unification proposals, for distribution to the voters. The Department of Education is presently required to prepare such statements.

- AB 1731 - Moorhead
Chapter 1420 includes life insurance proceeds paid into a testamentary trust in certain cases within the \$50,000 exemption from inheritance tax, as well as those paid into existing inter vivos trusts.
- AB 1872 - Hayden
Chapter 1421 Provides a procedure for the readjustment of city and county apportionments of gas tax revenues whenever there is a newly incorporated city or an annexation by a city.
- AB 1902 - Wakefield
Chapter 1422 Authorizes the Board of Administration of the Public Employees' Retirement System to invest not exceeding 10 percent of the assets of the system in real estate and leases thereof and improvements thereon for business or residential purposes.
- AB 1924 - Greene, L.
Chapter 1423 Provides for an adjustment of the required annual repayment under the State School Building Aid Law for those districts which elect to operate year-around classes sufficient in number to house the pupils for which the district would otherwise be eligible to receive an apportionment for new construction.
- AB 1925 - Keysor
Chapter 1424 Authorizes the State Allocation Board to grant funds for the remodeling or conversion (up to 200 square feet) of school buildings constructed between 1933 and 1968 for speech therapy facilities, and to allow school districts the option of purchasing mobile speech therapy facilities in lieu of construction of facilities in permanent buildings built after 1968.
- AB 1968 - Greene, L.
Chapter 1425 Permits school districts to include the cost of obtaining a rating on their bonds and the cost of purchasing insurance insuring prompt payment of interest and principal among the list of legal charges against the funds of a school district issuing bonds.
- AB 1989 - Mobley
Chapter 1426 Specifies that funds loaned to the City of Madera for sewage treatment facilities shall be repaid to the state when the facilities are completed.
- AB 2175 - Brathwaite
Chapter 1427 Prohibits discrimination on the basis of race, color, religion, national origin or ancestry by an insurance company as a reason for canceling or not issuing a contractor's performance bond. The bill prohibits any such condition from constituting a condition of risk and the charging of a higher premium.
- AB 2227 - Duffy
Chapter 1428 Requires the state fire marshal to adopt regulations establishing minimum standards for fire and life safety in facilities where mentally retarded persons are placed or referred. The bill also provides for fire alarm and fire sprinkler equipment in certain instances.
- AB 2348 - Ketchum
Chapter 1429 Specifically includes hospital wherein more than six guests or patients are housed or cared for on a 24-hour-per-day basis among those facilities required to install and maintain an approved automatic sprinkler system in specified buildings or portions thereof. The bill allows designated hospitals, homes, nurseries, institutions, or sanitariums under construction or in existence and operating on effective date of the bill which do not meet requirements relating to installation of automatic sprinkler systems to operate or continue to operate without complying with such requirements until June 30, 1976.

AB 2520 - Greene, L. makes it a misdemeanor knowingly to deliver to any residence razor blades unsolicited by any person residing therein. The bill declares that it is defense to violation of act that donee of such articles or products is personally known to donor or that the donee knowingly and willingly accepts the razor blades.

AB 2765 - Chappie
Chapter 1431 Requires public works contracts exceeding \$25,000 to contain a clause requiring the contractor to submit a detailed plan of protection for trenching work.

AB 2766 - Chappie
Chapter 1432 Permits the Department of Aeronautics to allocate aeronautics funds to counties for the construction of recreational and reliever training airstrips when counties own the land and agree to operate the airports as public airports.

AB 2808 - McAlister
Chapter 1433 Makes technical changes in the requirements as to documentation when a foreign corporation wishes to become qualified with the Secretary of State's office in order to engage in business in California.

AB 2885 - Wood
Chapter 1434 Provides that a seashore can be the subject of redevelopment if the area is in danger of causing a decline in the coastal environment.

AB 2935 - Cory
Chapter 1435 Provides for the preparation by county assessors of an annual list of government-owned property for transmittal to the State Lands Commission.

AB 3098 - Fenton
Chapter 1436 Authorizes a city or county to offer reward not exceeding \$5,000 for information leading to arrest and conviction of person or persons killing or assaulting with a deadly weapon or inflicting serious bodily harm upon a police officer of the city or county while he is acting in the line of duty

⁴⁹⁵
SB ~~496~~ - Short
Chapter 1401 Specifies that \$150 fee may be charged for initial issuance of a nurses' registry license. The bill also sets forth additional disciplinary grounds for nurses' registry licensees.

SB 615 - Song
Chapter 1402 Provides that only two expert witnesses shall be permitted to testify for any party in eminent domain proceedings. The bill permits the court, for good cause, to permit additional experts to testify.

SB 658 - Moscone
Chapter 1403 Requires, rather than authorizes, a hearing board of a county or a regional air pollution control district, including the Bay Area Air Pollution Control District, to hold a hearing with respect to granting a variance, and requires the hearing board to allow interested members of the public a reasonable opportunity to testify and to consider such testimony in making its decision. The bill also allows the State Air Resources Board to revoke any variance granted by a county or a regional district, including the Bay Area Air Pollution Control District.

SB 1089 - Holmdahl
Chapter 1404 Requires reasonable expenses of transportation payment to injured employee, when required to take an examination by a physician, to include specified mileage and bridge tolls payable at the time he is notified of the time and place of examination.

SB 1215 - Marler
Chapter 1405 Requires that the State Lands Commission determine ownership of designated salmon and steelhead spawning areas in the state shall be leased or disposed of except under specified conditions. The bill allows the Director of the Department of Fish and Game to disapprove any alteration of designated prime salmon and steelhead spawning areas if it is felt such alteration would prove deleterious to fish life until the ownership of the lands has been legally determined.

SB 1279 - Rodda
Chapter 1406

authorizes the continuation of the College Opportunity Grant Program and increases the number of grants from 1,000 to 2,000.

SB 1428 - Zenovich
Chapter 1407

Requires the state fire marshal to adopt regulations establishing minimum standards for fire and life safety in facilities where mentally retarded persons are placed or referred. The bill also requires the installation of automatic fire sprinklers in various care facilities for fire and life safety purposes.

SB 1526 - Burgener
Chapter 1408

Requires the Department of Education to use specified available state and federal funds to study and evaluate structure of special education and all categories of its financing. The bill also makes a series of amendments to AB 2800 (Chapter 1188). AB 2800 made major organizational changes in the Department of Education.

The following bill was also signed with specified deletions:

AB 758 - Priolo
Chapter 1413

Permits members of the University of California police department to transfer from the Public Employees' Retirement System to the University of California Retirement System.

REASON FOR
DELETION:

"I am deleting the \$240 000 appropriation contained in Assembly Bill No. 758. The funds needed to provide the increased retirement benefits for University police officers authorized by AB 758 should come from the fiscal resources currently available to the University."

November 10, 1971

Lt. Governor Reinecke works harder, is more involved and more effective in helping conduct the state's business and solve our problems than any other lieutenant governor in history.

His performance is outstanding and the governor has every confidence that the job he is doing will continue to be so.

Governor Ronald Reagan today announced the following bills have been signed:

- AB 12 - Ryan
(Chapter 1465) Transfers certain functions relating to teacher certification from the Department of Education to the Commission for Teacher Preparation and Licensing. The bill also revises certain credentialing provisions.
- AB 518 - Knox
(Chapter 1466) Revises the number of court attaches in the Contra Costa County Municipal Courts.
- AB 697 - Bagley
(Chapter 1467) Specifies that the offering and operation by a medical corporation of designated health care service plan is an authorized practice of medicine by such corporation.
- AB 1119 - Briggs
(Chapter 1468) Exempts cattle from designated brand inspection if a release agreement is approved by the Director of Agriculture and prescribed requirements are complied with. The bill requires a person who slaughters cattle at a slaughter plant without a designated brand inspection and who is not exempt from such requirement to pay a penalty fee of \$25 per each head of cattle so slaughtered. The bill further requires a California brand inspector to inspect all such cattle which are alive and on the premises at the time he performs his regular daily inspection or any spot check inspections.
- AB 1457 - Wood
(Chapter 1473) Adds pets to personal property exempt from property taxation. The bill also exempts up to three bovine and 25 ovine animals owned and raised for regular purposes of certain nonprofit youth organizations from livestock taxation.
- AB 1932 - Powers
(Chapter 1469) Provides that State Police have police powers for all purposes during state of emergency under the California Emergency Services Act or when acting under mutual assistance agreements.
- AB 2168 - Vasconcellos
(Chapter 1471) Declares legislative policy to improve environmental quality by recycling paper products and requires the Department of General Services to establish procedures and specifications to require that all paper and woodpulp products purchased contain a minimum of 10 to 50 percent recycled paper content wherever feasible. Requires the Department to establish a paper recycling plan for state wastepaper.
- AB 2408 - Ketchum
(Chapter 1470) Authorizes the Fish and Game Commission to regulate the taking of all birds and mammals, including those formerly classified as nonprotected. It also prohibits the taking of any bird or mammal at night, except when authorized by the Commission, or the Fish and Game Code, and requires a hunting license for taking of any bird or mammal, except in case of landowners or tenants experiencing crop or property damage.
- SB 1269 - Beilenson
(Chapter 1472) Requires state and local agencies to purchase recycled paper and paper products if available at no more than the total cost of unrecycled paper and paper products, and if fitness and quality are equal.

Governor Reagan has vetoed the following bills:

AB 226 - MacGillivray Extends to members of the University of California Fire Department the disputable presumptions with respect to heart trouble, hernia, and pneumonia. The bill also provides that such members be entitled to leaves of absence at full salary up to one year in lieu of temporary disability compensation benefits for disabling injuries.

REASON FOR VETO:

"I have declined to sign this bill because the addition of all University firemen, including volunteers and part-time employees, would substantially increase the cost of adequate fire protection to the University. It would, without any evidence of greater need, provide greater benefits than those recently accorded the University police. And, finally, it would provide these benefits without providing for the same strict requirements which the campus police must satisfy (full-time employees only, graduation from a certified academy, and a 5-year waiting period for inclusion of heart trouble).

"Accordingly, I am returning Assembly Bill No. 226 without my approval," the governor said.

SB 75 - Grunsky

Permits trainable mentally retarded minors between 18 and 21 years of age to attend home skill and occupational training classes.

REASON FOR VETO:

"At the present time, school districts are offering 'home living and occupational skills' classes to the severely retarded under age 18.

"Given no outcome of demonstration or pilot projects on which to base an evaluation as to any possible additional benefits extending the age limits to 21 for home living and occupational skills would be both arbitrary and costly.

"Educational experts in the field of mental retardation indicate there are higher priorities for offering special education classes for the mentally retarded.

"I believe, therefore, that those limited state fiscal resources which are available should be employed to test what can be done to improve the development of skills at the earliest possible age so that these members of our society can be afforded the best possible opportunity for developing their talents.

"Accordingly, I am returning Senate Bill No. 75 without my approval," the governor said.

SB 936 - Burgener

The bill would establish a program for certain handicapped persons of normal mentality.

REASON FOR VETO:

"The legislation does not provide adequate criteria for determining who should be eligible for the program. Nor does it appear to place any practical control over caseload growth. For this reason it is very difficult to predict how large a caseload the program would generate.

"The legislation not only fails to detail the specific fiscal impact of the program, but also fails to make it clear how it would be funded.

"Given these factors, I believe SB 936 does not contain a sufficiently sound fiscal basis upon which to establish a program of indeterminate growth.

"Accordingly, I am returning the bill unsigned," the governor said.

RELEASE: Immediate

#633

Governor Ronald Reagan today signed legislation that will bring rental housing up to state fire safety standards.

"Last year more than 100 persons died in fires in hotels, apartment houses and other multiple story rental units because of inadequate safety facilities that would allow them to escape from upper floors," the governor pointed out.

"This measure, which ~~was~~ introduced at the request of the California State Firemen's Association and the California Fire Chiefs and Fire Prevention Engineers Associations, will allow the cities and counties to bring their local ordinances up to the safety standards required by the state."

The legislation (AB 3036) was authored by Assemblyman Ken Meade, (D-Oakland).

Governor Ronald Reagan---in an effort which will further increase California's national lead in the number of disabled welfare recipients rehabilitated into employment---today announced he has directed the State Department of Finance to increase this year's budget for the program by an additional \$3,386,498.

Noting that "for three consecutive years California has led the nation in training and placing disabled welfare recipients into jobs," the governor said "the additional funds will enable the Department of Rehabilitation to improve and expand its services so that many more disabled welfare recipients can find gainful employment and get off the welfare rolls."

Governor Reagan called the program "one of our finest investments, not only because it gives human beings a renewed sense of personal pride and purpose, but also because the average disabled recipient who is rehabilitated into a job will repay the costs of his rehabilitation in less than one year."

The program expansion is expected to help place an additional 2,910 disabled welfare recipients in jobs annually, removing them from the welfare rolls or substantially reducing---by at least 75 percent---basic welfare grants. This will mean a savings in state welfare and Medi-Cal funds of \$2,281,440 annually. Total federal, state and county welfare and Medi-Cal costs will be reduced by \$5,464,710 per year.

The rehabilitants will pay taxes on their earnings amounting to an estimated \$1,516,110 per year. In all, the total annual savings in welfare and Medi-Cal expenditures, and revenue from taxes (\$6,980,820), will exceed annual program costs (\$6,772,996) by \$207,824.

The new funds ordered by the governor will augment the roughly \$10 million in this year's budget for the program.

As a result of the governor's action, the total number of rehabilitants is expected to increase to 6,570 over the coming 12-month period.

During fiscal 1970-71, a total of 3,660 disabled welfare recipients in California were rehabilitated into competitive employment as a result of the Department of Rehabilitation's training and placement efforts. This was the third straight year that California led the nation in such rehabilitation.

Of the \$3,386,498 in additional support for the program, \$2,913,849
e federal funds. The remaining \$472,649 will come from state agency
imbursements, including \$24,673 from the Department of Social Welfare,
d \$447,976 from the State Personnel Board.

(If you have technical questions or need additional information on
the above, please call James A. Walker, deputy director of the
Department of Rehabilitation, at 445-3971, Sacramento).

Governor Ronald Reagan today signed legislation that triggers an all-out educational campaign against drug abuse.

The measure "The Drug Education Act of 1971," proposed by the governor in a 1970 message to the Legislature, marshals educational and community groups for a comprehensive drug education program to reach school children in kindergarten through high school.

In addition to establishing the program in kindergarten through 12th grade, it provides for special training and instructional materials for teachers; establishes an informational clearinghouse for identification and reporting of successful instructional and counselling programs, and promotes liaison between school officials and the community on drug abuse programs.

"Drug abuse is a cancer that is eating at the very fiber of our society and it requires a personal commitment from every segment of our society if we are to eradicate it," the governor said.

"This act provides us with two of the most powerful weapons available against drug abuse--truth and reason. It will give our teachers the training and facts they must have if they are to successfully instruct our young on the dangers of drug and narcotic addiction."

The legislation, (AB 2544) by Assemblyman John F. Dunlap, (D-Napa), was co-authored by six Democrats and seven Republicans.

#

Governor Ronald Reagan today announced the following bills have been vetoed:

AB 589 - Thomas Authorizes the state college trustees to establish an office of special field counselor at one state college as a pilot program, funded from salary savings, to increase the aspirations of, and assistance available to, disadvantaged high school students in connection with higher education opportunities.

REASON FOR VETO: "The Trustees of the California State Colleges already have the authority to establish and conduct programs of the type this bill proposes, if additional funds become available.

"The Trustees have informed me that the use of salary savings is not a viable means of funding in this case and have urgently requested, therefore, that the bill be vetoed.

"Given the responsibility and authority of the Trustees to make such determinations, I believe their request is appropriate and justified.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 1443 - Briggs Makes several changes in the Agricultural Code relating to the classification of dairy products for producer payment purposes. The bill redefines the definitions of cultured buttermilk, fluid cream, Class 1 fluid milk and Class 2 fluid milk. The bill defines cultured buttermilk as Class 1 milk for payment purposes and to change the classification of whipping cream, pastry cream, table cream and yogurt from Class 1 to Class 2.

REASON FOR VETO: "Although this bill makes minor changes in the prices of certain dairy products, its principal effect would be to increase the cost of buttermilk to the consumer.

"In these times when inflation is the nation's most crucial economic problem, I believe it would be irresponsible for government, at any level, to mandate an increase in the price of any commodity without compelling evidence to show that such an increase is justified and necessary.

"The proponents of AB 1443 have not presented to me sufficient or compelling evidence to show that an increase in the price of buttermilk is justified.

"Accordingly, I am returning the bill unsigned, the governor said.

SB 101 - Rodda Appropriates \$17,872,518 from the General Fund for salary increases for faculty members of the University of California and the California State Colleges.

REASON FOR VETO: "I am convinced that the kind of funding this legislation would mandate could only be provided by asking the already overburdened wage earners of California to dig yet deeper into their pockets and assume an even greater tax burden than they now bear. In view of the severe economic stringencies we are now experiencing as a nation, I do not believe it would be appropriate to impose on our citizens any greater financial burden than that which is absolutely essential for meeting the state's current level of expenditures.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 1574 - Rodda

his bill would establish a Council on Private Postsecondary Educational Institutions composed of the Director of Education (Superintendent of Public Instruction), the Director of the Coordinating Council for Higher Education and 13 additional members appointed by the Director of Education. The council is charged with the responsibility of general review and director of the approval of private postsecondary schools.

REASON FOR VETO:

"This administration has consistently resisted adding new boards and commissions unless there is an overwhelming requirement of public protection or public participation. Assembly Bill 2800 (Chapter 1188) clearly recognized that principle within the Department of Education and reduced the number of commissions within that Department. Senate Bill 1574 on the other hand, creates another board without changing the substance of the laws to be administered. Equally critically, it would allow that board the power to override the veto of the Superintendent of Public Instruction by a two-thirds vote. New standards for the regulation of private postsecondary schools may be necessary but I do not think it is wise to give an appointed commission the authority to override the decision of an elected official.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 698 - Marks

Appropriates amounts up to \$2,472,546 for the state colleges and \$1,150,000 for the community colleges to maintain their educational and extended opportunity programs at specified dollar levels.

REASON FOR VETO:

"Educational opportunity programs for the state colleges and the community colleges were funded with the anticipation that additional federal financial support for student aid programs would become available.

"California has received significant additional federal assistance for the current school year. The combined total of state and federal student financial aid programs increased by \$675,242 for the state colleges and by \$1,821,961 for the community colleges over that available in 1970-71. In addition a substantial amount of Federal National Defense Student Loan money has been made available. The state colleges will receive an additional \$3.6 million while the community colleges will receive an additional \$1.2 million for student loans.

"College level financial administrators should be able to utilize these additional funds to provide increased educational opportunities for deserving students. Generally state E.O.P. students have priority status and will therefore share to a greater extent in the increased financial assistance available.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 705 - Dunlap

This bill would transfer jurisdiction over the California Maritime Academy to the Board of Trustees of the California State Colleges and requires that it be administered as part of the State Colleges with academic quality equivalent to other state colleges.

REASON FOR VETO:

"While the idea of turning the California Maritime Academy over to the Board of Trustees is not without merit, I believe other possible alternatives should be thoroughly considered before taking the final step contained in this bill.

"For this reason, I am convening, immediately, a study group to consider the future of the Maritime Academy.

"Among the alternatives I am asking the group to consider are:

1. Continuing the Maritime Academy as it is presently structured,
2. Phasing out the existence of the Maritime Academy in such a manner as to protect the vested interests of the students and,
3. Turning the Maritime Academy over to the Board of Trustees as proposed in this bill.

"I am asking the study group to work with all interested parties so that a maximum of information can be assimilated and considered before reaching any final conclusion as to which alternative course of action is most appropriate.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 1706 - Deddeh

Requires that the administration and maintenance portions of the annual State Highway Budget be subject to Department of Finance and legislative approval and that the remaining portions of the budget be subject to the approval of the California Highway Commission. It also removes the monetary limitations relating to the funds which may be spent for administration, maintenance and landscape maintenance.

REASON FOR VETO:

"AB 1706 is identical to SB 469 which I vetoed on July 14, 1971. In returning SB 469 unsigned I stated that it did not resolve serious timing problems with regard to essential progress of work and that a multidisciplinary task force had been studying this and other problems and would be in a position to report its recommendations prior to January 1, 1972. The work of the task force is proceeding on schedule.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 2062 - Karabian

Adds two members to the Correctional Industries Commission qualified in the field of employment training and placement or economic development, one, who shall be a representative of organized labor, to be appointed by the Speaker of the Assembly and the other by the Senate Rules Committee.

REASON FOR VETO:

"The present membership of the Correctional Industries provides balanced representation for labor, industry, agriculture and the general public. There is nothing to be gained by adding two more members to the Commission.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 2179 - Brathwaite

Provides that the authority of the Director of Health Care Services to modify payments for services under Medi-Cal to stay within available funds shall not apply to nursing homes which are providers of Medi-Cal services.

REASON FOR VETO:

"AB 2179 extends preferred status to nursing homes over all other providers of health care services participating in Medi-Cal (except for hospitals providing inpatient care for which federal law mandates payment of reasonable costs). It would exempt nursing homes from being subject to adjustments in reimbursements, and, when overexpenditures are anticipated or have accrued in nursing home care under the program, necessary adjustments would have to be made at the expense of other providers of services.

"The Director's ability to control program expenditures would be severely limited, and the program could be placed in a perilous position, if payment obligations were exceeding available funds and he were unable to respond quickly and effectively to the emergency.

"Accordingly, I am returning the bill unsigned," the governor said.

MEMO TO THE PRESS

#639

Governor Ronald Reagan announced today that he has vetoed the following bill:

AB 1303 - McCarthy

Requires the Council on Intergovernmental Relations to adopt criteria and guidelines by January 1, 1973, for preparation and content of city and county general plans. The bill requires cities and counties beginning October 1, 1973, to indicate degree of compliance in an annual report to the council. The bill also requires the Council to compile and publish list of cities and counties whose plans do not comply.

REASON FOR VETO:

"Current law requires that certain local governments in California each adopt a general plan. The law also contains broad guidelines relating to the elements to be included.

"This bill goes far beyond the intent of the provisions of existing statutes. In my opinion, it has the practical effect of imposing on local governments unduly restrictive policy decisions made at the state level. By intruding on the prerogatives which I believe are and should be reserved to locally elected officials--who can be held directly accountable to the citizens of the communities they represent--I believe AB 1303 not only does violence to, but also is an unjustified infringement upon, the doctrine of home rule---a cornerstone of this administration's policy.

"Accordingly, I am returning the bill unsigned," the governor said.

#

EJG

Governor Ronald Reagan today announced the following bills have been signed:

- AB 67 - Garcia
(Chapter 1482) Creates a "club" license to sell alcoholic beverages for an organization called the American G. I. Forum of the United States, if such club has owned or leased and uses a clubroom, and has been in existence for at least two years.
- AB 191 - Powers
(Chapter 1483) Appropriates \$5,000 from the State Construction Program Fund to the Board of Control to pay the claim of the Refines Construction Company.
- AB 331 - Fong
(Chapter 1484) Provides for the establishment of a five-year experimental program in the year-around school operation by two or more school districts, selected by the Superintendent of Public Instruction.
- AB 368 - Ryan
(Chapter 1485) Provides that property meeting specified conditions is exempt from property taxation for the 1970-71 and 1971-72 fiscal years.
- AB 563 - Vasconcellos
(Chapter 1486) Authorizes a person released from the California Rehabilitation Center in an outpatient status to participate in an approved methadone maintenance project with the approval of the Department of Corrections and the Narcotic Addict Evaluation Authority.
- AB 600 - Schabarum
(Chapter 1487) Makes it permissive rather than mandatory that the Department of Motor Vehicles revoke the driver's license of a juvenile found by the juvenile court to have committed manslaughter while driving a vehicle but without gross negligence. The Department of Motor Vehicles has such discretion with respect to adults.
- AB 607 - MacGillivray
(Chapter 1488) Authorizes automobile dealers, effective February 1, 1973, to transmit to the Department of Motor Vehicles, with respect to new vehicles having a gross vehicle weight of 6,001 pounds or less, a statement signed by the dealer indicating that he has made no alteration or modification of the exhaust emission control device or system of the vehicle, in lieu of the certificates of compliance.
- AB 679 - Townsend
(Chapter 1489) Provides for issuance by the Department of Motor Vehicles of a temporary operation permit on a three consecutive calendar month basis, in lieu of registration, for specified privately owned schoolbuses when such vehicles are temporarily used in such manner as to become subject to registration.
- AB 756 - MacGillivray
(Chapter 1490) Authorizes provisions for or exclusion of physical therapy services in disability insurance policies. The bill specifies an alternative to total exclusion of such services from policy coverage. The bill also includes services and supplies by a physical therapist within the definition of medical, surgical, and hospital treatment for purposes of the Workmen's Compensation Law.
- AB 779 - Foran
(Chapter 1508) Provides provisions relating to explosives are specifically inapplicable to special-effects pyrotechnics regulated by the State Fire Marshal.
- AB 921 - Roberti
(Chapter 1509) Provides that governing boards of any district maintaining a community college may authorize faculty members and students to participate in cocurricular activities within or without the state held in conjunction with the educational program of the college.

- AB 955 - Z'berg
(Chapter 1491) Provides that the weight fees for commercial vehicle shall be subject to the same late penalty provision as other types of vehicle registration fees if paid within 30 days.
- AB 1158 - Murphy
(Chapter 1492) Provides for warranties on all mobilehomes sold by dealers licensed by the Department of Motor Vehicles. The bill applies to both dealers and manufacturers.
- AB 1239 - Karabian
(Chapter 1510) Specifically authorizes investment by banks in the bonds and other evidences of indebtedness of the State of Israel or certain public corporations thereof.
- AB 1274 - Quimby
(Chapter 1493) Authorizes a general description of real property with this accompanying map in notices made pursuant to the District Reorganization Act.
- AB 1291 - Briggs
(Chapter 1506)
(Signed with appropriation deleted) Requires every public agency, its insurance carrier, and the State Department of Rehabilitation to jointly formulate selection and referral procedure for injured full-time public employee who may be benefited by retraining for other positions in public service. The bill requires the employer or insurance carrier to notify an injured employee of the availability of services where there is continuing disability over 28 days. The bill also appropriates from the General Fund an amount equal to 1/4 of any federal funds allocated to the State Department of Rehabilitation for purposes of the bill.
- AB 1359 - Deddeh
(Chapter 1511) Requires that state-adopted textbooks, guides and manuals include material on drug education. The bill expresses legislative intent that the State Board of Education give high priority to the adoption of instructional materials which will provide teachers and school districts with drug information which is accurate, objective and current. The bill also requires the Department of Education to establish an information center for drug instruction consisting of materials from school districts, federal and state sources, reports of school policies, and other materials related to drug education.
- AB 1863 - Pierson
(Chapter 1494) Amends the Physical Therapy Act to establish a program for the qualification and regulation of assistant physical therapists by the Board of Medical Examiners and the Physical Therapy Examining Committee.
- AB 1923 - Keysor
(Chapter 1495) Permits Trustees of the California State Colleges to establish facilities for training deaf persons at the State College they designate.
- AB 1966 - Greene, L.
(Chapter 1496) Provides that a school district may levy an additional permissive tax override up to \$0.10 per \$100 assessed valuation beyond the \$0.10 now authorized for repair, reconstruction or replacement of school buildings to meet earthquake safety standards, provided the district has budgeted 80 percent or more of the proceeds of the presently authorized tax override for earthquake safety purposes. The bill also requires a school district to apply for, accept and repay school building aid funds for earthquake safety construction whenever a district does not have sufficient funds available for this purpose. In cases where funds raised by the additional tax go toward repayment of the state loan, such repayment may be made without the necessity of a vote of the electorate.

- AB 2226 - Duffy
(Chapter 1497) Repeals provisions requiring counties to pay up to \$20 per month per patient for mental retardation services provided residents of the county. The bill provides that parents of children under the age of 18 who were admitted to a state hospital prior to July 1, 1971, may be required to contribute to the cost of such services in specified amounts.
- AB 2427 - Duffy
(Chapter 1498) Revises the provisions of the Medical Practice Act relating to the circumstances under which graduates of foreign medical schools may teach medicine in California, candidates for licensure examinations, and required courses, subject matter and hours of instruction.
- AB 2521 - Townsend
(Chapter 1512) Makes the provision permitting only one club license to be issued to any club eligible for such license under provisions of the Alcoholic Beverage Control Act inapplicable to a defined club operated by a common carrier by air at an airport terminal.
- AB 2524 - Porter
(Chapter 1499) Requires payments in lieu of taxes to metropolitan water districts or a county water authority by member public agencies to be paid out of funds other than funds derived from ad valorem property taxes.
- AB 2646 - Lanterman
(Chapter 1501) Amends the Lanterman Mental Retardation Services Act of 1969, to provide a court hearing by writ of habeas corpus for the release of any adult mentally retarded patient in a state hospital, when such patient or anyone on his behalf, makes a request for release. The bill also assures the right of the parent, guardian or conservator to remove the patient from a state hospital at any time without court hearing. It also prohibits the admission of an adult mentally retarded person to a state hospital on recommendation of a regional center unless the center certifies that neither the retarded adult nor anyone on his behalf has objected to the admission.
- AB 2659 - Lanterman
(Chapter 1502) Transfers the rule making authority of the Secretary of the Human Relations Agency under the Lanterman Mental Retardation Services Act of 1969, to the Director of the Department of Public Health and under the out-of-home care facilities provisions of the public assistance programs to the Director of the Department of Social Welfare.
- AB 2797 - LaCoste
(Chapter 1503) Establishes enrollment priorities in the two state schools for the deaf. The bill provides that admission priority in these schools be given to elementary deaf minors residing in sparsely populated areas and to secondary age deaf minors who require a high school program specifically designed for deaf learners.
- AB 2886 - Priolo
(Chapter 1504) Provides that statutory minimum qualifications for peace officers shall apply to all classes of peace officers, rather than only to those classes receiving peace officer status after September 15, 1961. The bill requires peace officers to take courses of training in exercising of arrest powers and in use of firearms unless the employing agency prohibits use of firearms, meeting minimum standards prescribed by the Commission on Peace Officer Standards and Training.

- AB 2768 - Chappie
(Chapter 1513) Amends the Education Code provisions relating to higher education disciplinary actions. Under existing law, when any student, member of the faculty, member of the support staff, or member of the administration of a community college, state college, or state university has been found to have willfully disrupted the orderly operation of the campus after a hearing by a campus body, the chief administrative officer is required to hold another hearing of the facts before he may take appropriate disciplinary actions. This bill eliminates the requirement that the second hearing be held.
- AB 3084 - Townsend
(Chapter 1514) Requires each insurer licensed to issue automobile liability insurance and each insurer licensed to issue common carrier liability insurance and offering such insurance for sale to the Southern California Rapid Transit District to make available to the District uninsured motorist coverage.
- AB 3094 - Knox
(Chapter 1505) Prohibits the Golden Gate Bridge, Highway and Transportation District from operating any charter or sightseeing service, but authorizes the district to lease its boats, employees, or equipment to private interests providing under franchise boat charter or sightseeing services on San Francisco Bay.
- SB 578 - Cologne
(Chapter 1507) Requires the State Air Resources Board to set standards which reduce oxides of nitrogen emissions from the exhaust of 1966 through 1970 model year vehicles. It also requires these vehicles, upon transfer of ownership and registration and upon 1973 registration renewal, to be equipped with an accredited exhaust emission control device. Such device may not cost more than \$35 and not require maintenance more than once each 13,000 miles.
- SB 649 - Lagomarsino
(Chapter 1475) Requires rather than permits a court to allow an answer to be filed when a demurrer is overruled, except as otherwise provided by rule of the Judicial Council. The bill makes other changes relating to pleadings in proceedings involving writs of review, mandate and prohibition.
- SB 787 - Grunsky
(Chapter 1476) Revises procedures with respect to transferring criminal cases from one court to another on specific grounds. The bill makes certain grounds for transfer that are applicable to superior court or justice court cases also applicable to municipal court cases. It requires the Judicial Council to adopt rules of practice and procedure for change of venue in criminal actions. The bill also specifies costs for which the transferring county is liable and provides for manner of payment of such costs. It authorizes reimbursement by state of designated portion of such costs.
- SB 927 - Alquist
(Chapter 1477) Authorizes the Public Utilities Commission to apportion the expense for improvements of grade crossing protection between political jurisdictions involved and the affected railroads only in those cases where the Commission finds that there has been an express or implied dedication to public use. If neither situation is found, the Commission must order the crossing closed. The bill would also prohibit the Commission from requiring the railroads to participate in the cost of protecting private crossings in excess of what it would normally require in cases involving protection of public street or highway crossings.

SB 933 - Burgener
(Chapter 1478)

Provides for civil penalties not to exceed \$2,500 for willful violation of specified provisions relating to the regulation of subdivided lands transactions.

SB 1119 - Marler
(Chapter 1479)

Provides for conformance of a community college trustee election ward boundaries with the boundaries of an election precinct which has been changed, under specified conditions. The bill also increases from 60 and 75 days to 74 and 89 days, respectively, the time following the call of a special election for the recall of a school district governing board member, within which such election must be held.

SB 1139 - Moscone
(Chapter 1480)

Specifies that the court which renders a judgement against an employee of a public agency is the levying officer for the purpose of filing and determining a claim for exemption in any case in which an abstract of judgement has been filed. The measure also requires that notice of execution is to be given to the creditor of a public agency if moneys owing by such agency represent wages or salary.

SB 1581 - Gregorio
(Chapter 1481)

Declares legislative intent that state college personnel engaged in teacher education be permitted to participate in classroom teaching in the public schools and that school district personnel participate in teacher education on the same basis. The bill authorizes the State College Trustees and school districts to agree to exchange college employees engaged in teacher training and classroom teachers for a specified period of time.

Governor Ronald Reagan also has vetoed the following bill:

AB 452 - Campbell

Deletes marijuana from the statutory definition of "narcotics" and places it under definition of "restricted dangerous drugs." The bill specifies that marijuana is to continue to be subject to all laws relating to narcotics, and not subject to the laws relating to restricted dangerous drugs, unless otherwise provided.

REASON FOR VETO:

"The 'change' proposed by this bill is not substantive. It is a name change measure only. And, I believe it would merely compound the uncertainty and confusion which already exists on the subject of marijuana.

"Because all the facts are not yet in, any change in the law relating to marijuana, should occur only after the results of extensive research programs and studies become known--including those of the President's Commission on Marijuana and Dangerous Drugs.

"Accordingly, I am returning the bill unsigned," the governor said.

#

Governor Ronald Reagan today urged Senators Cranston and Tunney to oppose a move by Senator Percy which would further handicap the states in reforming welfare.

Senator Percy has introduced a so-called "hold harmless" amendment regarding state expenditures for welfare. The amendment, to be attached to the tax bill now before the Senate, would require the federal government to pay a larger share of welfare costs which exceed the fiscal 1971-72 level.

In a telegram to Senators Cranston and Tunney, Governor Reagan said: "I sincerely hope you will join with me in opposing Senator Percy's so-called 'hold harmless' amendment to the tax bill for the following reasons:

"1. The amendment will provide fiscal relief only to those states which have consistently refused to reform their welfare programs and tighten up their administration so as to prevent expensive abuse. Fiscal necessity, which is one of the few real inducements for states to curb growth and abuse, would be removed by this amendment.

"2. Federal assumption of a greater share of the costs will almost certainly lead to increased federal control---the main cause of abuse in the first place.

"3. Federal relief from cost burdens will undoubtedly reduce the pressures for true long-term reform as has already been accomplished in California. The amendment, therefore, is nothing more than a thinly-veiled effort to buy off the states' opposition to the status quo.

"4. California has reformed welfare and saved its taxpayers millions of dollars so we might not benefit from this amendment. As a matter of fact, if the amendment is adopted, California's savings will be eaten up because California's taxpayers will be forced to increasingly subsidize those states which have failed to reform their own welfare programs.

"5. Finally, the people will not be fooled into thinking that shifting the cost from local and state taxes to federal taxes will result in lower taxes. To the contrary, especially in California, the cost to every individual taxpayer for welfare payments is certain to increase if this amendment is approved."

RELEASE: Immediate

#642

Governor Ronald Reagan today signed legislation that will strengthen the attorney general's powers to bring legal action against polluters of the environment and intervene on behalf of the public in cases where there is a potential threat to the environment.

The landmark legislation (SB 678) by Senator Robert J. Lagomarsino (R-Ojai) also requires that the attorney general be notified of lawsuits which could have an adverse environmental effect on the public at large.

"This bill, which has the support of local governments, agriculture, business and conservationist groups, will provide a responsible and balanced answer to the need for greater legal safeguards against environmental abuse," the governor said. "It will allow the attorney general to move swiftly against anyone who attempts to destroy our natural resources or endanger the health of our citizens through irresponsible actions."

#

WAS

Governor Ronald Reagan today announced the following bills have been signed:

- AB 303 - Brathwaite (Chapter 1515) Requires the Southern California Rapid Transit District to budget 3 percent or more of its gross revenue to fund demonstrations and research and development programs in the field of public mass transportation.
- AB 449 - Duffy (Chapter 1516) Establishes a five-member Council on Continuing Education for Health Occupations. The bill requires the Council to adopt regulations establishing standards of continuing education for registered nurses and vocational nurses. This bill further provides that after January 1, 1975, the boards with jurisdiction over these license categories shall require as a condition of license renewal that their respective licensees have informed themselves of developments in their respective fields during the prior two-year period by means of approved courses of study, other means the boards deem equivalent, or by passing an examination.
- AB 2946 - Brathwaite (Chapter 1517) Provides that cities and counties shall not take any action pursuant to the Planning and Zoning Law which denies any individual or group the ownership, tenancy, use, or development of land on the basis of method of financing race, sex, color, religion, national origin, ancestry, or age.
- SB 1632 - Marler (Chapter 1520) Increases the number of judges in the Sutter County Superior Court to two.

Governor Reagan has vetoed the following bills:

- AB 1432 - MacDonald Changes the formula by which state allocations are made to assist qualifying county health departments.

REASON FOR VETO: "This bill would change the formula by which state allocations are made to assist county health departments. To require the state to contribute to the counties' public health programs on a percentage basis of the counties' expenditures is unfair to the state and will create unnecessary friction between the two levels of government.

"Accordingly, I am returning the bill unsigned," the governor said.

- AB 1501 - Murphy Authorizes the Merced Stream Group Flood Control Project in Merced County for financial assistance by the state.

REASON FOR VETO: "In 1969, I advised the legislature that approval of further flood control authorization projects would be deferred until legislation was enacted to provide for local participation in the cost of land, easements and rights of way. This administration sponsored SB 495 in 1970 to provide for local cost sharing. That measure was refused passage. Legislation introduced during the current session to resolve this matter has not been enacted. It is inequitable for the taxpayers of this state to bear the cost of flood control projects without requiring greater local participation in the cost of such projects.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 1718 - Arnett

Requires the state to reimburse counties for the cost of general relief granted to successful applicants for Aid to the Disabled (ATD) while their eligibility is being determined.

REASON FOR VETO:

"An important aspect of the recently enacted Welfare Reform Act of 1971 was the revised provision for state and county sharing of public assistance costs. A delicate balance was established whereby the state would assume one-half of the present county costs of welfare administration for all aids, the state would assume all of the non-federal share of grants under the Aid to the Blind and Old Age Security Programs, and the costs of the Aid to the Disabled Program would be shared on an equal basis. These provisions become effective July 1, 1972. In view of the recent legislative reassessment of the county/state relationship, with respect to the Aid to the Disabled Program, I do not believe that the change proposed by AB 1718 is appropriate.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 2019 - Dunlap

Requires the period of community college enrollment to be kept open until the end of the first week of instruction. The bill permits the period of enrollment to be kept open for a longer period of time.

REASON FOR VETO:

"This measure would cause community college classes to be disrupted into the second week and beyond, making it difficult for instructors to organize their courses and to get them under way. A week or more of delay in a quarter-system classroom would reduce the amount of time for students to be exposed to the course to far too great a degree. The delay in determining who is enrolled in classes would make difficult the course reporting responsibilities required of community college administrators. Colleges need time to plan in relation to students' academic desires. An instructor needs to know ahead of time the probable size of his classes and the number of sections needed. It is also important to have time to work with the student to be sure he has the requirements for a particular course. In urban area community colleges with large enrollments, enrollment through the first week could lead to total confusion. Most community colleges already provide for admitting students who enter late under extenuating circumstances. Usually hardship cases are cared for. To make for blanket late admissions until the end of the first week of instruction would intensify administrative problems and exceptions would still be required for the now legitimately 'even later' student.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 561 - Vasconcellos Transfers from the Research Advisory Panel to the Department of Public Health the responsibility for studying, evaluating, assisting, advising and supervising all methadone maintenance and treatment programs in the state.

REASON FOR VETO: "Because the use of methadone in research and treatment programs extends into such diverse fields as health, law enforcement, rehabilitation, corrections and mental hygiene, a Research Advisory Panel was established by this administration with authority to evaluate and approve methadone maintenance, treatment and research projects in this state. AB 561 proposes to transfer this authority to the Department of Public Health. No compelling evidence has been produced to show that such a transfer would improve the efforts being made in this field or that it would serve any useful purpose. To interfere with the progress being made by the Research Advisory Panel and to lose the expertise represented by this group would be detrimental to our efforts to develop methadone treatment programs to combat the problem of drug abuse.
"Accordingly, I am returning the bill unsigned," the governor said.

AB 562 - Vasconcellos Appropriates \$5,020,000 from the General Fund for methadone maintenance programs.

REASON FOR VETO: "During the brief period since 1968, numerous methadone maintenance treatment and research project have been established in communities throughout the state. Two and one-half years ago less than \$300,000 was allocated to support experimental methadone treatment programs in California. Today that expenditure has increased to more than \$5 million. This rapid expansion has resulted from the comprehensive methadone treatment program instituted under the direction of the Research Advisory Panel, which has assisted in the careful development of these projects to insure success. AB 562 would appropriate \$5 million for a new and separate program before the results of existing projects have been fully determined. I believe we should learn how effectively current programs are meeting their goals and incorporate the best features of these projects into an overall program which could be applied, as needed, throughout the state. To assure that this is done, I have directed the Human Relations Agency to undertake a comprehensive review of methadone projects now in existence and, on the basis of those findings, recommend how the overall program can be improved from the standpoint of organization and financing. This review can provide the information necessary to determine what new funds may be required to augment Short-Doyle monies allocated to the counties for such purposes as methadone treatment and research. Without this approach, it would be impossible to determine the level of funding which would be the most appropriate for the future of our methadone programs. It is my hope that this continuous progress toward a successful methadone treatment program will provide an effective means of controlling the terrible problem of heroin addiction.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 801 - Monagan

Requires the state to pay the total cost of the monthly health plan premium for a state employee and his family members, or \$20 per month, whichever is less.

REASON FOR VETO:

"AB 801 is being returned unsigned because its cost would worsen the already critical deficit facing the state this fiscal year. I believe that the state should pay a larger share of the cost of basic health care benefits for its employees, and I will include funds for this purpose in my 1972-73 budget recommendations. Fully state-paid basic health care benefits for employees, with employee-paid dependent coverage optional, would be desirable and would more fairly meet the individual needs of employees. This would assure employees some protection against rising costs in the future. This benefit improvement will be just one element of a total package of salary and benefit improvements that I will recommend this next fiscal year. The other elements of the package are not definite at this time, but among those we are considering are state-sponsored group life insurance for all employees and uniform allowances for certain employee groups.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 1020 - Stiern

Provides for the establishment of state funded bilingual-bicultural programs in all courses of instruction, and appropriates \$1,800,000 for purposes of the act.

REASON FOR VETO:

"I believe it is imperative that our children obtain proficiency in the use of the English language---the primary communication tool of our society. A person's failure to become proficient in English is a serious handicap to both educational and financial achievement. Before embarking upon the kind of program this legislation would mandate, I believe we must first have the full benefit of the studies currently under way by various groups aimed at finding the best solution to bilingual problems. One such effort, AB 116, which I have signed today, appropriates \$500,000 for development, norming and implementation of bilingual scholastic aptitude tests, as well as a test program to determine the best methods of providing pupils, whose lack of proficiency in English is an obstacle to learning, with instruction in the English language through the use of another language more understandable to them. In addition, a Department of Education task force study into the degree of effectiveness of efforts currently being made by school districts to solve bilingual problems has not yet been completed. Without the latest and best methodology available in this area, I believe the adoption of a definitive program, such as that which SB 1020 would impose, is clearly premature.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 1216 - Zenovich

Appropriates \$1,500,000 annually, or as much thereof as necessary, from the Fair and Exposition Fund to the Department of Education to match specified federal funds, to be expended for vocational education programs in agriculture.

REASON FOR VETO:

"Vocational training in agriculture is desirable and important as a part of our educational system and should be encouraged. However, state support for specific educational programs is a matter which should be considered in light of the state's overall educational needs and should not be approached on a piecemeal basis as provided in this bill. At the present time in California over \$35 million in public funds are being expended for identifiable vocational educational programs. The Advisory Council on Vocational Education is responsible for updating the California Master Plan for Vocational Education. I would hope if the proponents of SB 1216 feel there is an additional area of need in agricultural programs that these needs would be brought to the attention of the Council so that the focus on occupational fields in rural and urban areas can be properly met.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 1491 - Moscone

Authorizes the Director of Parks and Recreation to sell, lease, or transfer specified properties comprising the San Francisco Maritime State Historic Park.

REASON FOR VETO:

"In my opinion, the language and effect of this legislation are imprecise in that its provisions do not offer the state the ability to sell or lease the property in question if negotiations are not satisfactorily completed. The best solution would be achieved by providing the state the flexibility to sell or negotiate a long-term lease while safeguarding the state's interests. The bill fails to accomplish this essential objective.

"Accordingly, I am returning the bill unsigned," the governor said.

Governor Ronald Reagan today signed legislation to alleviate the shortage of doctors through establishment of a medical contract program between the state and private colleges and universities.

The measure (SB 1284 by Senator Donald L. Grunsky, R-Watsonville) authorizes the State Scholarship and Loan Commission to enter into private contracts with private colleges and universities to provide \$12,000 annually per student to increase enrollment of medical students.

"By 1980, California will require 2,000 new doctors every year," the governor said. "This legislation will provide fellowship grants to qualified students who do not have the financial resources to attend accredited private medical schools in California. It will also encourage these institutions to use their medical school facilities to the fullest extent to meet the shortage of doctors without additional cost to the state's taxpayers."

RELEASE: Immediate

#645

Governor Ronald Reagan today signed legislation establishing bi-lingual study programs for students with a limited knowledge of English in the San Diego City Unified School District and the San Francisco Unified School District.

The measure (AB 116) by Assemblyman Wadie P. Deddeh, (D-Chula Vista), also requires the Department of Education to use all available state and federal funds to develop and implement bi-lingual scholastic aptitude tests to determine the eligibility of youngsters with limited knowledge of English to participate in special classes for the mentally retarded.

The bill appropriates \$500,000 to the Superintendent of Public Instruction with \$425,000 earmarked for the study program from fiscal year 1972 through fiscal year 1975 and \$75,000 to go for development of the bi-lingual aptitude tests.

"This legislation will open the doorway to educational opportunity to youngsters, who, through no fault of their own, have not the advantages that allow them to keep pace with their English-speaking companions," the governor said.

"It is imperative that our children obtain proficiency in the use of the English language--the primary communication tool of our society. If youngsters are not allowed this opportunity they will suffer a serious handicap to both educational and financial achievement."

RELEASE: Immediate

#646

Governor Ronald Reagan today named Neil C. Anderson, Birds Landing rancher and agriculture leader, to the 36th District Agricultural Association (Dixon May Fair).

Anderson, whose address is P. O. Box 48, Birds Landing, will fill the unexpired term of Maney L. German of Suisun, who has resigned. The term ends in January, 1972.

Anderson is a Republican.

Board members receive necessary expenses.

Acting Governor Ed Reinecke today announced the following bills have been signed:

- AB 886 - McAlister (Chapter 1527) Authorizes county boards of supervisors to establish a fee not in excess of \$2 for issuance of a marriage license outside of normal business hours.
- AB 918 - Russell (Chapter 1528) Authorizes a peace officer a reasonable length of time not to exceed one hour to detain a person arrested for a moving traffic violation who does not have his driver's license or other satisfactory evidence of his identity for the purpose of verifying his identity.
- AB 1059 - Johnson, H. (Chapter 1529) Permits a court to allow the filing of a venue affidavit by the plaintiff after the filing of a complaint on a contract or installment account under the Unruh Act or Rees-Levering Motor Vehicle Sales and Finance Act. It requires the service of the affidavit on the defendant, whose time to plead does not commence to run until he is served. The bill also requires an attachment affidavit in an action on a contract under the Rees-Levering Motor Vehicle Sales and Finance Act to state facts showing the action was commenced in the proper court, and makes the plaintiff liable for the defendant's attorney's fees resulting from his failure to do so.
- AB 1069 - Biddle (Chapter 1530) Consolidates the Vehicle Code provision dealing with driving a motor vehicle while under the influence of a drug. It makes the penalties for driving under the influence of a drug identical to driving under the influence of alcohol.
- AB 1379 - Arnett (Chapter 1531) Provides that a local agency must coordinate with and receive approval from the appropriate planning agency before it may locate a facility within a scenic highway corridor.
- AB 1414 - Warren (Chapter 1532) Revises the procedure relative to notification of the Department of Motor Vehicles when a person violates his promise to appear in court and revises provisions regarding payment of fines. The bill revises provisions prohibiting issuance or renewal of driver's license when the department has been notified by a court that the licensee has failed to make a timely payment of a fine. The bill also makes willful violation of an order to appear in court upon failure to make timely payment of a fine, or installment thereof, punishable as contempt, rather than a misdemeanor.
- AB 1416 - Warren (Chapter 1533) Provides that transcript of grand jury proceedings leading to an indictment or accusation shall not be open to public inspection until 10 days after its delivery to the defendant or his attorney, unless the court orders otherwise on motion of a party or on its own motion pending its determination as to whether all or part of the transcript should be sealed.
- AB 1418 - Warren (Chapter 1534) Authorizes a court to dismiss a civil action without prejudice when no party appears for the trial following 30 days notice of time and place of trial.
- AB 1431 - MacGillivray (Chapter 1535) Specifies that the authority of counties to contract for special services and advice extends to maintenance, security, or custodial services.

- AB 1462 - Chappie
(Chapter 1536) Defines camp trailers for purposes of the Vehicle Code and provides that a camp trailer shall not be deemed to be a trailer coach. The bill provides that statutory restrictions regarding use of reflectorizing material do not apply to license plate stickers or tabs affixed to license plates as authorized by the Department of Motor Vehicles.
- AB 1487 - Wilson
(Chapter 1537) Provides that a board of supervisors may authorize the county treasurer to issue bond anticipation notes when they deem it in county's best interests.
- AB 1566 - Johnson, H.
(Chapter 1538) Permits suits enforcing stop notice to be filed within a period commencing ten days after service of the stop notice and ending 90 days after expiration of the period for recording liens. The bill prohibits bringing such suit to trial until the expiration of lien recording period.
- AB 1578 - Ralph
(Chapter 1539) Permits issuance of a real estate broker's license to legally registered aliens who are in the process of applying for citizenship. The bill also specifies that designated private vocational schools and supervised courses of study are equivalent courses of study for purpose of the provisions dealing with educational requirements of real estate licensees.
- AB 1588 - Schabarum
(Chapter 1540) Permits the presiding judge of the Superior Court in Los Angeles County, either upon application by the Attorney General or district attorney and after specified findings, or upon motion of the court, to order the drawing and impaneling of one additional grand jury which, upon impanelment, shall have exclusive jurisdiction to inquire into public offenses. The bill also changes the per diem of all grand jurors from \$5 to \$10 per day.
- AB 1952 - Z'berg
(Chapter 1541) Permits a county to impose a reasonable charge against real property benefited for garbage services provided by the county to property owner at his request when charges remain delinquent for 60 days.
- AB 2249 - Russell
(Chapter 1542) Defines the terms "full cash value", "market value" and "value" for purposes of law relating to property taxation. The act will become operative on March 1, 1972.
- AB 2310 - Murphy
(Chapter 1543) Provides that in any case in which a minor is detained by the probation officer for more than 6 hours and subsequently released and no petition filed, the probation officer shall prepare a written notice to the parent, guardian or person having care and custody of minor explaining why the minor was held for more than 6 hours. The bill also provides that in any case in which a minor is detained for more than 15 days pending execution of an order of commitment or any other disposition, the court is required to review the case at least every 15 days to determine whether the delay is reasonable and what effect the delay has upon the minor.
- AB 2340 - Chappie
(Chapter 1544) Requires courses in automobile driver education given in secondary schools to include education in the safe operation of motorcycles.
- AB 2396 - Murphy
(Chapter 1545) Requires a public agency proposing to acquire property to notify the various local taxing agencies, when such property will become exempt from property taxation by reason of such acquisition, and to provide various other information.

AB 2406 - Hayden (Chapter 1546)	Requires a county counsel or district attorney to provide legal services to county committee on school district organization. The bill requires a board of supervisors to provide a committee with private legal services if the county counsel or district attorney is unable to provide such services.
AB 2618 - Arnett (Chapter 1547)	Increases fees for the licensing of private postsecondary schools.
AB 2769 - Keysor (Chapter 1548)	Increases the total amount of the cost of certain school building contracts from \$5,000 to \$7,500 before building plans must be submitted to the Department of Education. The bill also raises the maximum amount of school district contracts exempt from the lowest responsible bidder requirement.
AB 2884 - Foran (Chapter 1549)	Permits appointed and elected city attorneys to become members of the Public Employees' Retirement System under certain conditions and upon paying specified contributions and interest.
SB 120 - Harmer (Chapter 1522)	Requires state or local public agencies to take appropriate action to recover civil damages for the negligent, willful or unlawful damaging or taking of property belonging to, or under the jurisdiction of the agency.
SB 742 - Song (Chapter 1523)	Makes several clarifying amendments to the Consumer Warranty Act of 1970.
SB 976 - Marks (Chapter 1524)	Requires that the California Highway Commission publish in a newspaper of general circulation notices of intent to acquire park property for highway purposes.
SB 1019 - Stiern (Chapter 1525)	Provides statutory authorization for the Board of Governors and the Chancellor's Office of the California Community Colleges to administer and govern various activities related to the Community colleges.
SB 1053 - Behr (Chapter 1526)	Provides that a public agency, or a person, having a liquidated claim against a public agency, shall be entitled to interest commencing the 61st day following the filing of the claim known or agreed to be valid when filed pursuant to statute or contract and such claim is due and payable.

#

Governor Ronald Reagan read the following statement to newsmen this morning at the Republican Governors' Conference being held in French Lick, Indiana:

"Last March, I sent to the California legislature the most comprehensive and far reaching plan to reform the state's welfare system in history.

"The system had gotten so far out of hand it was allowing ludicrous abuses at the expense not only of those who needed its help the most, but also at a staggering cost to the hard working men and women who made its benefits available in the first place.

"California's welfare caseload was increasing at the fantastic rate of 50,000 a month. Barring a drastic overhaul, the monster welfare had become threatened to bankrupt the state in a matter of only a few years.

"The plan we presented included both administrative and legislative reforms. I already had ordered my new director of social welfare to immediately begin implementing a lengthy series of administrative changes, while we pressed the legislature to adopt the remaining reform provisions of the program. Three months ago I was able to sign into law many of the proposals we had fought for---in the face of strong opposition from the welfare establishment and in spite of the dire predictions of others that it could not be done.

"Today I am very pleased to announce to you that California's welfare rolls have now declined for the seventh month in a row---an accomplishment no other state can match.

"During the month of October, there were some 24,000 fewer Californians on welfare than the previous month, and 137,000 less than we had on the rolls in March. Of the 137,000, some 92,000 were in the AFDC category.

"Had we not pressed vigorously for welfare reform at the state level---had we not instituted the administrative changes we did whenever and wherever possible---our projections show that there would now be a third of a million more persons on welfare in California, or 13 percent more than there actually are.

"And, the increased federal, state and local taxes this would have imposed on the people of California during these seven months would have amounted to an additional \$80 million burden.

"There were those who---in spite of our assurances it would not happen---insisted that our state reforms would push thousands of persons onto county relief rolls. But, just the opposite has happened. During the same seven months, county general relief rolls in California have declined by more than 38,000 persons.

"Just two days ago Los Angeles County Welfare Director Ellis Murphy announced he was reassigning 1300 county welfare workers because of declining welfare rolls.

"What we are accomplishing in California to bring welfare back under control constitutes a dramatic answer to those who claim that a massive and costly federally controlled program is the only solution to the welfare problem. Handing over the welfare dilemma to the federal government is not the answer.

"The states can and must do the job. We know it can be done, and we are proving it in California."

RELEASE: Immed. Re
#649

Acting Governor Ed Reinecke today announced the following bills
have been signed:

AB 505 - Deddeh
(Chapter 1557)

Creates the Highway Users Tax Study Commission to
study the allocation of highway funds and to report
to the legislature by February 1, 1974.

AB 885 - Ralph

Authorizes the Workmen's Compensation Appeals Board

- AB 2502 - Briggs
(Chapter 1565) Authorizes the issuance in California of an additional form of group life insurance, meeting specified requirements, written under a policy against loss in value of redeemable securities of an insured investor issued by certain investment companies.
- AB 2503 - Briggs
(Chapter 1566) Allows any life insurance company authorized to do business in California to issue investment return assurance policies.
- AB 2610 - Wakefield
(Chapter 1567) Extends the termination date of the Research Advisory Panel on Drug Abuse to the 91st day after final adjournment of the 1975 Regular Session.
- AB 2666 - Wilson
(Chapter 1568) Provides that it is unlawful for a healing arts licentiate to offer, deliver, receive, or accept any, (rather than any unearned) rebate or other consideration in compensation or inducement for referring patients, clients or customers irrespective of the described relationship to the person to whom the reference is made.
- AB 2742 - Hayes
(Chapter 1569) Prohibits any action from being brought to recover damages arising out of latent defects from any person who develops real property or performs or furnishes the design, specifications, surveying, planning, supervision, testing or observation of construction or construction of an improvement to real property more than 10 years after the substantial completion of the development or improvement.
- AB 2777 - Cullen
(Chapter 1570) Requires the Office of Planning and Research to cooperate with the Department of Aeronautics and other federal, state and local agencies in the development of an air transportation program for California.
- AB 2807 - McAlister
(Chapter 1571) Authorizes juries in civil cases to take copies of written instructions given into the jury room for deliberation. The bill is effective until December 31, 1974.
- SB 4 - Cologne
(Chapter 1550) Revises the procedures governing the administration of justice by courts during specified emergency situations.
- SB 503 - Nejedly
(Chapter 1551) Increases sport fishing license and hunting license fees.
- SB 686 - Wedworth
(Chapter 1552) Allows school boards to excuse 10th, 11th, and 12th grade pupils from physical education classes if they attend regional occupational centers or programs. The bill reduces the minimum day from 240 minutes to 180 minutes for those students. The bill also requires the State Board of Education to include regional occupational centers and programs in the allocation of federal funds.
- SB 1100 - Gregorio
(Chapter 1553) Requires the Department of Public Works to hold public hearings regarding the incorporation of pedestrian and bicycle facilities on freeways which are part of the state highway system. The bill authorizes the department to expend highway funds on such facilities, under specified circumstances in connection with state highways. The bill also authorizes the department to exercise the power of eminent domain for construction and maintenance of bicycle lanes and paths.
- SB 1294 - Cologne
(Chapter 1554) Provides that a person injured while riding on a moving railroad car may not recover damages from the owner or operator of the railroad unless the injuries were proximately caused by the intentional act of the owner or operator with knowledge that the injury would probably result, or the act was done with wanton and reckless disregard of probable results.

SB 1461 - Stevens (Chapter 1555)	Frees from public trust for navigation, commerce and fisheries certain described parcels of tide and submerged lands conveyed in trust to the City of Redondo Beach.
SB 1508 - Moscone (Chapter 1556)	Makes the Penal Code provisions requiring a speedy trial of persons in confinement because of conviction on another offense applicable to sentencing as well as trial.

#

A decision by the California Toll Bridge Authority to establish the first toll-free priority lanes for car pools using the San Francisco-Oakland Bay Bridge was lauded today by Governor Ronald Reagan as a "clear incentive to break the one-man, one-car habit" and contribution to smog reduction.

The Authority, meeting in Sacramento, approved the program recommended by James A. Moe, director of Public Works and the Authority's administrative officer.

In lauding the action, the governor said, "the Toll Bridge Authority's initiative is a clear incentive to break the one-man, one-car habit on the nation's third busiest toll bridge.

"In addition to contributing to cleaner air by reducing smog-causing traffic congestion, bridge users who travel three or more to a car can save \$10 and more than three hours travelling time per month," he said.

The program, approved at the meeting presided over by Frank J. Walton, secretary of Business and Transportation in Governor Reagan's cabinet and chairman of the Authority, calls for:

1. TOLL-FREE CAR-POOL PRIORITY LANES to provide a 1½-mile-long bypass through the toll plaza for commute buses and cars with three or more occupants from 6 to 9 a.m. Monday through Friday.
2. A COMPUTER CAR-POOL INFORMATION SERVICE to help commuters break the "one-man, one-car" habit.
3. TRUCKS OFF the bridge westbound from 7 to 8:30 a.m. Voluntary cooperation is being sought, and the trucking industry is expected to cooperate by avoiding the most congested period.

In presenting the plan to the Authority, Moe made a strong appeal for public cooperation:

"We are determined to do everything possible to reduce congestion on the Bay Bridge during the months that remain before the Bay Area Rapid Transit District begins its transbay service.

"We want to work cooperatively with those who use the bridge to cut down not only on the buildup of air pollution that accompanies congestion, but also the losses in time and money to the individuals caught in the jam, and to reduce the difficulties of reaching accidents with the proper emergency help.

"Comments and suggestions are invited and should be sent to the Division of Bay Toll Crossings at 151 Fremont Street, San Francisco."

Moe said the success of the plan depends upon the formation of at least 500 new car pools by drivers who are now alone or with only one other person in the car.

In addition to crossing the bridge toll-free, they will cut an estimated 10 minutes from their trips, compared to those using non-priority lanes.

Here is how the plan will work:

PRIORITY LANES--From 6 - 9 a.m. on the seven-lane westbound approach to the toll plaza, signs will direct commuter buses and car pools to the center lane 3100 feet east of the toll booths. (Just before going under the West Grand Avenue viaduct).

At the curve entering the 17-lane toll plaza, buses will go into Lane 10, while car pools will use Lanes 8 and 9. (Lanes are numbered from left to right for westbound traffic).

There will be no stop to pay toll, but drivers will be asked to observe a 15-miles-an-hour speed limit through the toll booths in the interest of safety.

West of the toll booths, auto traffic in Lanes 8 and 9 will merge first and then the autos will merge with the buses before going onto the bridge in the center lane of the five-lane upper deck.

For their entire length, the priority lanes will clearly be separated from regular traffic by bright yellow stanchions. At the end of the bridge bottleneck, about 700 feet up the incline of the bridge, the stanchions will end and all traffic will be able to mix and make normal lane changes.

The car-pool priority lanes are scheduled to be opened during the second week in December.

Next week, University of California students, hired for one morning, will hand each person coming through between 6 and 9 a.m. an information sheet on the toll-free priority lanes and a return postcard. Commuters interested in the car-pool information service will be asked to fill out and mail in the postage-paid card.

Names and telephone numbers will be listed by computer according to trip information, bringing together on short lists those who are compatible for car pooling.

Each list will be mailed only to the persons whose names are on it. It will be up to the people on each list to make mutually satisfactory car pooling arrangements.

Since April of 1970, buses have used an exclusive lane westbound from 6 to 9 a.m. AC Transit says the bypass of morning congestion has cut 5 to 15 minutes from schedule times.

Acting Governor Ed Reinecke today announced the following bills have been signed:

- AB 390 - Hayes
(Chapter 1573) Provides that a coroner's inquest shall determine among other things, whether a death was at the hands of another person other than by accident, rather than only at the hands of another person. The bill provides that such findings shall not include nor make any reference to civil or criminal responsibility of any other person as well as that of deceased.
- AB 533 - Brathwaite
(Chapter 1574) Provides for uniform treatment of persons who are displaced or have their real property taken for public use. It brings the State law into conformance with the Federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
- AB 1339 - Cullen
(Chapter 1575) Authorizes local public agencies to adopt rules and regulations providing for exclusive representation of employees, subject to the employees right to represent themselves, by an employee organization formally recognized pursuant to a vote of the employees of the agency or appropriate unit thereof. The bill provides that exclusive representation by employee organizations so recognized may be revoked by a majority vote of the employees only after 12 months from formal recognition.
- AB 1936 - Quimby
(Chapter 1576) Prohibits a city from imposing a license fee or tax, other than a fee or tax based on the taxpayer's entire gross receipts which are directly attributable to the business activities conducted within the city, for the privilege of renting, leasing, or operating coin-operated vending machines dispensing tangible personal property upon any individual or firm whose business is limited exclusively to renting, leasing or operating such machines.
- AB 2489 - Briggs
(Chapter 1577) Deletes the option presently available to counties that certain information relating to tax rates or the dollar amounts of taxes may be combined on property tax bills. The bill is applicable with respect to taxes and assessments levied for the 1972-73 fiscal year and the years thereafter.
- SB 730 - Richardson
(Chapter 1572) Modifies the prohibition against certain candidates using an office or occupational ballot designation at the general election.

RELEASE: Immediate

#652

Governor Ronald Reagan today expressed deep disappointment that an administration-backed bill (AB 150, Ryan) to set up an experimental voucher plan in several California school districts was killed in committee.

In a statement, the governor said:

"I am deeply disappointed that this legislation apparently is now dead. It was designed to test the voucher concept over a seven-year period to find out whether it could work, and, if so, what sort of problems it might cause, if any.

"The bill was filled with reasonable safeguards and the school districts which were scheduled to participate in the program (Alum Rock and San Francisco) wanted to do so.

"Without the opportunity to observe the voucher concept in action---on an experimental, pilot basis within a limited geographical area, as this legislation provides---no one will be able to determine intelligently its feasibility and whether it will accomplish its objective of improving educational quality.

"Because it is vital that answers to these kinds of questions be found, I will make this matter a first order of business when the 1972 legislative session opens in January.

"In order to improve the quality of education our children receive, we must be willing to give innovative new ideas such as the voucher concept a fair try."

#####

Governor Ronald Reagan today signed administration-sponsored legislation "aimed at cracking down on a certain irresponsible segment of the auto repair industry which persists in using dishonest and unethical operating methods."

He called the measure (SB-51, Beilenson) "the toughest and most significant consumer protection legislation of the year in California."

The governor also said "last year, in my consumer protection message to the legislature, I called attention to the increasing number of complaints we were receiving about fraudulent practices in the auto repair field---far more than in any other line of business. I noted that such practices not only were harmful to consumers but also were giving many in the industry a name and reputation they did not deserve.

"I called on the responsible members of the industry to join with us in finding a way to give consumers the kind of protection they want and need. The Independent Garage Owners' Association and other reputable organizations came to us and offered to help in the drafting of the legislation. Working closely with our new Department of Consumer Affairs and the author of the bill, the new law they helped us write is designed to bring the irresponsible members of the industry into line or put them out of business.

"I believe the legislation contains the necessary enforcement provisions to do so. It requires automotive repair dealers to be registered with a new bureau in the State Department of Consumer Affairs and empowers the director of the department to suspend or revoke any license as necessary. In addition, any dealer who fails to comply with the new law is subject to a fine of up to \$1,000, or up to six months in jail, or both.

"Last year, with the establishment of the Department of Consumer Affairs, this administration again reaffirmed its strong commitment to protecting the interests of California's consumers. The law I have just signed is a special source of pride to all of us because it is a direct result of our commitment to keep consumer protection a top priority," the governor said.

Governor Ronald Reagan made the following remarks at the official opening of the Los Angeles Area Freeway Surveillance and Control Project.

"I am especially proud to officially open the Los Angeles Area Freeway Surveillance and Control Project today for a number of reasons.

"One of them, of course, is that once again California is pointing to the direction the nation must travel if we are to reduce traffic injuries and fatalities.

"This 'eye in the sky' project is probably the most ambitious effort being made anywhere in the world to determine how modern science and electronics can be used to reduce accidents, relieve highway congestion and ease the frustration of motorists on overcrowded freeways.

"If it proves successful here on segments of three of the most heavily travelled freeways in the world---the Santa Monica, the San Diego and Harbor---it will be expanded throughout our freeway system.

"But aside from the fact that this project constitutes a giant step toward what may prove to be a fully automated freeway system, there is another factor here that needs to be stressed.

"It points out what government---both federal and state---and private industry can accomplish when they cooperate to use the tools of modern technology to concentrate on solving one of the problems that face us in this complex age.

"I think too that I might point out that while some of our California Division of Highways people were designing the hardware for this futuristic project, others in the same department were redesigning highway routes to protect the homes of desert tortoises and a breeding pond for a rare breed of salamander. And others were even working with federal wildlife officials to provide a safe nesting area for Canadian geese.

"I mention this because I believe it demonstrates that it is possible to plan for the future needs of people and, at the same time, provide for proper ecological and environmental safeguards.

"This free surveillance and control project, as you know, is part of our California Traffic Safety Program.

"I am happy to report that during the past 10 months, motor vehicle fatalities are down 8 percent over the figures for this same time last year. Some 336 fewer people were killed and some 1200 fewer people were injured in traffic accidents in California this year. And this at a time when motor vehicle registrations and the number of licensed drivers are increasing.

"I am hopeful that if this trend continues we will set a new traffic safety record for 1971.

"Traffic safety records are not accomplished through magic. They are achieved through effective law enforcement, the construction of better and safer highways, state and local highway safety projects, better control in the issuing of driver's licenses and driver education programs and by the dedicated efforts of creative men who work together to find creative solutions to the problems that face us.

(NOTE: Since Governor Reagan speaks from notes, there may be changes in, or additions to, the above quotes. However, the governor will stand by the above quotes.)

Governor Ronald Reagan today read the following statement to members of the press during a meeting of the trustees of the California State Colleges in Los Angeles:

"I have chosen this meeting of the State College Board of Trustees to make what I consider to be an extremely important and far-reaching announcement.

"Next Monday at a special ceremony in my office in Sacramento, I will sign into law an historic bill aimed at enabling California's well known and highly respected state colleges to take their rightful place among academic institutions across the nation and become known as 'state universities.'

"I say 'take their rightful place' not in the sense that this legislation will change their function or responsibilities as teaching institutions. The fact is, the greatness they have achieved and the prestige they have earned is due in large part to the continued emphasis they have placed on their vital classroom teaching role.

"This bill is not intended to change that basic role, nor does it imply any change in function.

"What this legislation does represent is a dramatic acknowledgement of the excellence in teaching which the men and women of the state colleges have achieved over the years.

"During the past decade alone---so often characterized by turmoil and confusion at our institutions of higher learning---the leadership of the state colleges has never lost sight of its primary purpose: to provide the best possible education to its students, particularly at the undergraduate level.

"The responsible---sometimes courageous---behavior of a vast majority of the faculty within the system also is deserving of great credit.

"If there is anything lacking in this legislation, it is that under its provisions some campuses in the system could be designated 'state universities' considerably earlier than others. Because I am convinced that all of them are engaged in quality teaching, I am requesting that Chancellor Dumke, the Board of Trustees and the Coordinating Council for Higher Education move to bestow on each campus the distinction of 'state university' as soon as possible.

"To call some of these 'state colleges' and others 'state universities' would imply differences in teaching standards which, in reality, do not exist within the system.

"Finally, I would like to pay special tribute to some of the people who have helped make today's announcement possible:

"To Chancellor Glenn Dumke whose eloquence and power of persuasion make him an extremely able and effective advocate for the state college system.

"To Guy Warren who as chairman of a responsible, forward-looking board of trustees is providing the kind of leadership which inspires confidence in the future.

"And, to Assemblyman Richard Barnes of San Diego for his consistent and unstinting efforts to make this legislation possible. He deserves the gratitude of not only the state college system but of all the people of California who have long shared a deep sense of pride in our public system of higher education."

EJG

Governor Ronald Reagan today announced the following bills have been signed:

- AB 209 - Roberti
(Chapter 1588) Adds a new waiver section to the Personal Income Tax Law which provides that interest will be waived with respect to underpayments of estimated personal income tax if the taxpayer files an amended declaration and pays the underpayment within 15 days after the close of the taxable year, and the original declaration was filed in good faith but unanticipated additional income was generated thereafter.
- AB 273 - Ryan
(Chapter 1589) Deletes the Education Code provision allowing a school district governing board to designate the position of business manager as one requiring certification requirements. The bill also provides that a credential may be required by small school districts for the position of business manager.
- AB 304 - Brathwaite
(Chapter 1590) Permits changes under the Improvement Act of 1911 to exceed 20 percent of the total estimated cost when ordered by the local legislative body. The bill provides that such portion of the added cost which exceeds the 20 percent limitation shall be paid by the public entity.
- AB 511 - Cullen
(Chapter 1612) Changes the procedure by which the Legislature may reject an executive reorganization plan submitted by the governor.
- AB 587 - Knox
(Chapter 1591) Eliminates special procedures for investigating and charging crimes with respect to corporations.
- AB 698 - Schabarum
(Chapter 1593) Makes statutory changes necessary to conform the statutes to Reorganization Plan No. 1 of 1970.
- AB 804 - Greene, L.
(Chapter 1594) Revises the process by which maps or plats of cemeteries are to be drawn, printed or reproduced. The bill requires the county recorder to file, rather than record, surveys and subdivisions, made by the State Lands Commission, of lands belonging to the state to be sold, leased, or to have the boundary established.
- AB 826 - Vasconcellos
(Chapter 1595) Provides for an action for damages for the intentional use of another's name, photograph, or likeness for commercial purposes without prior permission.
- AB 1154 - Lanterman
(Chapter 1597) Modifies the State Fellowship program for graduate study by eliminating the requirement which limits awards only to those planning to pursue college teaching. The bill authorizes fellowships to any eligible graduate student with academic ability and financial need.
- AB 1191 - Brathwaite
(Chapter 1598) Authorizes an employee whose employer has failed to secure payment of compensation to file application with Workmen's Compensation Appeals Board for compensation. The bill creates an Uninsured Employer's Fund from which the claimant's award shall be paid when the employer is uninsured and fails to pay it. The bill creates a liquidated claim for damages against the employer when the award is paid from the fund. The Director of Industrial Relations is authorized to bring a civil action to recover such damages.

- AB 1199 - Wilson
(Chapter 1599) Includes in the state scenic highway system State Highway Routes 52 and 109 in their entirety, and Route 163 from Ash Street in San Diego to Route 8.
- AB 1483 - Cory
(Chapter 1600) Enacts the Guaranteed Learning Achievement Act of 1971. The bill will allow five school districts with approval of the Superintendent of Public Instruction, to contract with private concerns to provide experimental special programs in fields of reading and mathematics for primary and elementary level pupils based on performance guarantees.
- AB 1556 - McAlister
(Chapter 1601) Provides that specified records of air pollution districts or any other state or local agency or district relating to air or other pollution are public records.
- AB 1587 - Schabarum
(Chapter 1602) Requires the Public Utilities Commission to provide a list to the Department of Public Works of proposed, as well as existing, crossings at grade and existing grade separations most urgently in need of separation or alteration. The bill authorizes allocations to eliminate proposed crossings at grade to be made from the \$5,000,000 allocated annually by the department for grade separation projects.
- AB 660 - Dunlap
(Chapter 1592) Prohibits the capture, possession, or confinement of any live mountain lion taken from the wild, with specified exceptions. It authorizes the Fish and Game Commission to promulgate regulations for temporary confinement of mountain lions for treatment of injury or disease. It revises provisions concerning depredating mountain lions, to provide for a limited term permit to take depredating animals within a limited area of incurred damage. The bill further provides that provisions concerning the taking of lions and depredation are to be operative only until 61st day of adjournment of the 1975 Regular Session.
- AB 1686 - Briggs
(Chapter 1603) Permits any authorized joint powers agency, board, or commission created by agreement between an irrigation district and a city to issue revenue bonds to finance acquisition, construction, or improvement of a water supply system.
- AB 1754 - Sieroty
(Chapter 1604) Changes the final day for filing personal property statements from the last Monday in May to the last Friday in May. Memorial Day is now celebrated on the last Monday in May.
- AB 1802 - Burton
(Chapter 1605) Revises the bar pilotage rate required to be paid by vessels inward or outward bound through the Golden Gate and into or out of the Bays of San Francisco, San Pablo and Suisun. The bill also revises the factors which the Pilotage Rate Committee for San Francisco, San Pablo and Suisun Bays is required to consider in preparing its recommendation to the Legislature with respect to pilotage rates.
- AB 2112 - Badham
(Chapter 1606) Requires that specified evidence, which under existing law would, when submitted to the Board of Vocational Nurse and Psychiatric Technician Examiners, permit a person to be licensed as a psychiatric technician without examination, be submitted to the board prior to July 1, 1972.
- AB 2324 - McAlister
(Chapter 1580) Prohibits an employer from discharging an employee on account of garnishment of wages for any one indebtedness.

- AB 2579 - Waxman
(Chapter 1608) Amends the Nursing Home Administrators' Licensing Act to meet the requirements of the federal Social Security Act. The bill also increases license fees and provides for payment of per diem compensation to members of the Board of Examiners of Nursing Home Administrators.
- AB 2649 - Lanterman
(Chapter 1609) Revises county planning requirements and financing provisions under the Short-Doyle Act.
- AB 2821 - Maddy
(Chapter 1610) Provides that petition to set aside an estate under \$5,000 may be presented, without filing a petition for probate of a will or letters of administration, by a person named in the will as an executor, surviving spouse, or guardian of a minor child or children of the decedent.
- AB 2922 - Chacon
(Chapter 1611) Provides that commissioners of deeds shall not be appointed or reappointed after effective date of the bill. The bill provides that commissioners of deeds shall hold office for a term of four years from the date of their commissions.
- SB 594 - Song
(Chapter 1607) Prohibits an employer from discharging any employee because garnishment of his wages have been threatened or because his wages have been subjected to garnishment for one judgement rather than prohibiting such discharge for one garnishment of wages prior to a final order or judgement of a court.
- SB 819 - Deukmejian
(Chapter 1581) Establishes procedures for civil protective custody in evaluation and detoxification facilities designated pursuant to Lanterman-Petris-Short Act, for persons violating the Penal Code Provision making persons under the influence of intoxicating liquor guilty of disorderly conduct. The bill exempts persons placed in civil protective custody from any criminal prosecution or juvenile court proceeding.
- SB 889 - Dymally
(Chapter 1582) Authorizes the governing board of the State Nautical School, governing boards of school districts and county superintendents of schools to perform all acts necessary to receive the benefits and expend the funds provided by the Federal Emergency Employment Act of 1971. The bill also authorizes county superintendents of schools to perform all acts necessary to receive benefits and expend funds provided by other specified federal programs.
- SB 1006 - Holmdahl
(Chapter 1583) Allows county boards of supervisors to grant the homeowners' exemption (80% of the value) to claimants who fail to file timely claims due to reasonable cause and not due to willful neglect if such claim is filed prior to June 15. The bill also requires assessors to mail claim forms to persons who have had the homeowners' exemption in prior year or who purchase an eligible dwelling after the prior lien date and before January 1, of the succeeding year.
- SB 1040 - Collier
(Chapter 1579) Creates the California Council of Product Design and Marketing in the Department of Commerce, to encourage and promote California business.
- SB 1170 - Walsh
(Chapter 1584) Applies the relief of bidders provisions similar to those found in the State Contract Act to construction contracts awarded by all public agencies. In addition, the bill will disqualify contractors who claim such relief from rebidding the same contract.

- SB 1178 - Holmdahl (Chapter 1585) Authorizes, subject to prescribed limitations, a subsequent Cal-Vet farm or home acquisition when the veteran is forced to sell because of inability to pay property taxes resulting from increased assessments.
- SB 1327 - Deukmejian (Chapter 1586) Establishes a procedure by which surface rights may be returned to the landowner by terminating all or part of the right of entry from certain mineral or oil and gas leases.
- SB 1397 - Way (Chapter 1587) Provides that when a court has made a final adjudication that a person is the father of a minor child, that person shall provide for the food, clothing, shelter, and medical care of the minor child or be subject to a fine of up to \$1,000 and/or one year in jail. The bill also authorizes the court, in an order granting probation which includes a support order upon conviction of criminal nonsupport, to require the assignment of wages as a condition of probation.

#658

Governor Ronald Reagan today signed legislation that increases the maximum weekly unemployment benefit from \$65 to \$75 per week.

In signing the measure (AB 1088) by Assemblyman Jack Fenton (D-Montebello), Governor Reagan pointed out that the last raise in the weekly unemployment benefit, from \$55 to \$65, was in 1965.

The new law will mean a boost in unemployment benefits for approximately 500,000 workers now covered by the program, who will file new claims in the following 12 months. Approximately 35 percent of the eligible claimants will get the full \$10 increase to \$75 in weekly benefits, while another 12 percent will receive smaller increases depending on their earnings.

The bill also increases the earnings required by a worker to be eligible for minimum benefits from \$720 to \$750 per year.

Governor Ronald Reagan announced today he has vetoed SB 138 regarding solid waste management because it duplicates existing legislation and cannot be managed effectively without the reorganization the administration currently is seeking.

The bill, by Senator John Nejedly and Assemblyman Edwin Z'berg, provided for the establishment of a comprehensive solid waste management and resource recovery policy.

In his veto message, Governor Reagan noted that earlier this year he had requested legislative approval of a reorganization plan designed to more effectively protect the environment. That plan included the management of solid waste problems.

"I understand that all the relevant provisions of SB 138 dealing with solid waste management have been amended into SB ⁸⁷~~137~~, the reorganization bill, so that the reorganization proposal and its substantive elements can be considered together," the governor said, adding:

"I am vetoing SB 138 to insure that solid waste is considered as a part of reorganization. I hope that the reorganization-solid waste bill will be on my desk in the near future."

Governor Ronald Reagan today named Mrs. Jean Smith, Southern California leader and art patron, to the California Arts Commission and reappointed four other members to three year terms.

Mrs. Smith, wife of University of California Regent William French Smith, will fill the unexpired term of Mrs. Charlotte Hamilton of La Jolla, who has resigned. The term ends in July, 1974.

Mrs. Smith, a Republican, lives at 1256 Oak Grove Avenue, San Marino.

Reappointed were:

F. Herbert Hoover, 2108 Broadway, San Francisco, owner of the Hoover Gallery; Thomas C. Howe, 2709 Larkin Street, San Francisco, director emeritus of the California Palace of the Legion of Honor; James R. Silke, 18200 Gresham Street, Northridge, a free-lance writer and film producer, and Mervyn Leroy, 400 St. Cloud Road, Los Angeles, movie producer and director.

All are Republicans. Their appointments are subject to Senate confirmation. Appointees receive necessary expenses.

Governor Ronald Reagan today announced the following bills
have been signed:

AB 183 - Thomas (Chapter 1613)	Defines for purposes of exemptions from property taxation a "non-exclusive right" to use specified harbor facilities owned by various entities of local government.
AB 28 - Ryan (Chapter 1614)	Provides for issuance by the Board of Barber Examiners of a special certificate to persons certified by a Lanterman Mental Retardation Services Act regional center as mentally retarded but educable, which certificate authorizes practice only in facilities located on property owned by this state or the United States.

The governor also announced the veto of the following bills:

AB 1265 - Dunlap	This bill would authorize the Reclamation Board to participate in the Fairfield Streams Flood Control Project. The State would be required to contribute approximately \$2.5 million from the General Fund for the costs of land, easements, and rights of way.
------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

REASON FOR VETO:	"In 1969, I advised the Legislature that approval of further flood control authorization projects would be deferred until legislation was enacted to provide for local participation in the cost of land, easements and rights of way. This administration sponsored SB 495 in 1970 to provide for local cost sharing. That measure was refused passage. Legislation introduced during the current session to resolve this matter has not been enacted.
------------------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

"It is inequitable for the taxpayers of this state to bear the cost of flood control projects without requiring greater local participation in the cost of such projects.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 1307 - Brown	Would have the effect of invalidating ordinances in Los Angeles and Ventura Counties which require pawn-brokers to take a fingerprint from customers pawning property.
-----------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------

REASON FOR VETO:	"I have been advised by the law enforcement community that the fingerprint requirement has proven very successful in identifying professional thieves and burglars who would have otherwise gone undetected. No substantial reason has been advanced to support elimination of this useful aid to law enforcement.
------------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

"Accordingly, I am returning the bill unsigned," the governor said.

AB 2178 - Brathwaite

This bill proposes that the Medi-Cal program be precluded from denying payment to nursing homes for providing nursing home care if such denial is based only on the late receipt of an authorization or reauthorization request, provided those requests are received within five days of admission or expiration of a previously authorized period.

REASON FOR VETO:

"AB 2178 would have the effect of circumventing existing Medi-Cal regulatory control on prior authorization and reauthorization for nursing home care. It would permit the inappropriate admission of patients to nursing homes when such level of care is not medically necessary. With respect to reauthorization requests, sufficient time is present in the current stay of the patient to permit a timely submission of a request for continued nursing home care on or before the expiration of the existing authorization period. Authorized periods generally cover three calendar months.

"Approval of AB 2178 would seriously impair the degree of flexibility required by the Director of Health Care Services in his administration of the Medi-Cal program. Furthermore, its enactment could result in additional Medi-Cal program expenditures of approximately \$2.9 million per year.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 499 - Short

The bill would include licensed psychiatric technicians within the definition of "professional employees" for the purposes of giving them the right to be represented separately in public employer-employee relations.

REASON FOR VETO:

"I have expressed concern in the past when I vetoed similar proposals that the creation of additional bargaining units could have an adverse effect on the employer-employee programs of local government. My concern is shared by authorities in the field of public employee relations, at all levels of government, who caution against the proliferation of representation units.

"If SB 499 were approved, its enactment would create immediate pressures from other occupational groups for the same special treatment. The further fragmentation of employee bargaining groups is not consistent with sound public personnel management practice.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 1459 - Stevens

This bill would appropriate \$25,000 from the General Fund to the Ventura-Los Angeles Mountain and Coastal Study Commission for its support with repayment from the Environmental Protection Program Fund.

REASON FOR VETO:

"I am vetoing SB 1459 because there is no immediate need for a General Fund loan. The bill is designed to provide additional funds to complete the final report of the Commission as required by Chapter 1556 of the Statutes of 1970. In June of this year, the Commission received an allocation of \$13,500 from personalized license plate revenues to accomplish this task. The preliminary draft of this report has been completed, and there are sufficient funds available from the original allocation to cover its costs. If the Commission needs additional funds next year, its needs will be considered when funds are allocated again from the personalized license plate revenues under existing law.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 869 - Ralph

Requires the Department of Public Health to establish a regional mental health center in the south-central Los Angeles area, effective upon completion of the regional centers established by Chapter 1594, Statutes of 1969.

REASON FOR VETO:

"Funds for a new regional mental retardation center for the east Los Angeles area are being included in the 1972-73 budget. The Human Relations Agency is recommending that funds be included in the 1973-74 budget to establish a regional center in south-central Los Angeles.

"The funding schedule for the two additional regional centers in Los Angeles reflects established priority criteria. Nothing has been brought to my attention that would compel a change in existing priorities.

"Accordingly, I am returning the bill unsigned," the governor said.

AB 2085 - Greene, B.

Provides that before any apprentice or trainee at the Office of State Printing is evaluated on his job performance, he shall be given the opportunity to consult and confer with the person making the evaluation. It also would permit the apprentice or trainee, if he does not agree with his supervisor's evaluation, to prepare a brief written statement which shall become part of his permanent employment record.

REASON FOR VETO:

"AB 2085 would put into law what is already authorized by existing Government Code provisions, State Personnel Board Rule, and management practices of the Office of State Printing.

"The Office of State Printing provides for quarterly reports on the performance of each apprentice by the immediate supervisor, and includes a "face-to-face evaluation" with the employee, and review by the general foreman with the supervisor. If an employee does not agree with the conclusions of the rater he may discuss the report with the reviewing officer.

"I question whether special legislation to meet the needs of a dissatisfied employee is in the best interest of the state.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 713 - Rodda

Adjusts the maximum State Scholarship award upward from \$2,000 to \$2,500 beginning in 1972-73.

REASON FOR VETO:

"The State competitive scholarship program has experienced marked expansion during the past five years. The state's contribution to the program has increased from \$4.4 million to \$16 million, while the number of scholarship recipients has increased from 6,042 to 20,201 over the same period. Although the state is not in a position to increase the amount of the maximum scholarship grant at this time, active consideration is now being given to a greatly expanded loan program to provide further assistance to scholarship recipients.

"In addition, I want to emphasize again that I am firmly committed to the principle that a state scholarship student should be able to pursue his education at the school of his choice.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 1435 - Zenovich

Appropriates an additional \$300,000 from the General Fund to the Department of Social Welfare for workshop services for mentally retarded aid to needy disabled recipients.

REASON FOR VETO:

"Over a million dollars is being made available during the current fiscal year in workshop services for mentally retarded aid to needy disabled recipients. This is more than double the amount which was budgeted for such services last year.

"I have been advised by the Department of Public Health that current resources are more than adequate to meet workshop needs for the remainder of the fiscal year. Moreover, I have received no compelling evidence that there would be sufficient capacity in existing workshops to effectively utilize the supplemental appropriation proposed by this measure.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 789 - Petris

Establishes 1975 and 1980 emission standards for light-duty motor vehicles.

REASON FOR VETO:

"This administration has made the fight against smog a top priority. The realistic approach we have taken in waging this battle and our strong commitment to the enactment of tough air pollution control laws have made California nationally recognized leader in the fight.

"We always have taken the position that any legislation in this area must be workable and practical if it is to be effective.

"The strong motor vehicle emission standards we have adopted have first been carefully considered on the basis of their technical feasibility. And, because our program has been technically sound, we always have been able to obtain waivers from the federal government to enforce our tougher requirements.

"Dr. A. J. Haagen-Smit, Chairman of the California Air Resources Board, and a world-renowned authority on smog control, has urged me to veto SB 789 because he says the legislation is ill-conceived and simply will not work. He says this bill makes the emission standards set by Congress for 1975 and '76 model cars mandatory in California by advancing the date for oxides of nitrogen control to 1975. But, the bill does not permit an extension of one year if the standards cannot be shown to be feasible. He also notes that SB 789 sets stronger standards for 1980--again without considering the practicality or feasibility of the standards.

"If this bill became law, it would engage us in a numbers game with the federal government, with no real benefit to our citizens. Dr. Haagen-Smit points out that the feasibility of the emission standards adopted last year by Congress for 1975 and '76 model vehicles are themselves the subject of great debate among engineers and scientists in government, industry, and other organizations. Congress foresaw the problem and provided that if the federal Environmental Protection Agency could not show that the standards were feasible, an investigation would be undertaken by the prestigious National Academy of Sciences. That investigation is now under way. Dr. Haagen-Smit, who is a member of the Academy, is participating in the study and he has assured me that California's interests are being forcefully advanced.

SB 789 - Petris (continued)

REASON FOR VETO:

"It is clear to both Dr. Haagen-Smit and me that California would be ill advised to adopt the provisions of SB 789 so long as the controversy on the standards exists, especially in the light of the careful review now being made by the Academy. Should the Academy find that the standards could be technically feasible, there would be no need for California to adopt essentially the same ones. Conversely, should the Academy find that the standards are not technically feasible, we would be unable to obtain a waiver from the federal government to enforce the provisions of this bill.

"Without substantive answers to the serious questions this bill raises as to technical feasibility, and in view of the fact that the Academy is now studying this very problem, the enactment of SB 789 would be clearly premature and unwise.

"Accordingly, I am returning the bill unsigned," the governor said.

Governor Ronald Reagan today announced the following bills have been signed:

AB 474 - Miller (Chapter 1618)	Requires commercial outdoor advertising signs located on property of the San Francisco Bay Area Rapid Transit District to be in conformance with the zoning regulations and ordinances of the city or county in which the signs are located.
AB 1626 - Bee (Chapter 1619)	Provides for allocation by the Superintendent of Public Instruction, from money appropriated to the State School Fund, to provide services for handicapped adult community college students demonstrating financial need.
SB 95 - Deukmejian (Chapter 1615)	Increases the number of superior court judges in Los Angeles County from 149 to 161.
SB 973 - Harmer (Chapter 1616)	Provides that a person who has previously been convicted of a felony, other than a felony punishable by death, may be employed as a parole officer by the Department of Corrections or by the Department of the Youth Authority, if he has been granted a full and unconditional pardon.

Governor Ronald Reagan today signed legislation that will increase survivor benefits for Public Employees' Retirement System members who are not protected by Social Security.

The measure (AB 207) by Assemblyman Robert E. Badham, (R-Newport Beach) will increase benefits from \$90 to \$180 for a widow or a surviving child, from \$180 to \$360 for a widow with one child, or two surviving children, and from \$250 to \$430 for a widow with two or more children, or three surviving children.

"I am particularly pleased to sign this legislation because it corrects a serious deficiency in survivor benefits for widows and children of the 71,000 members of the Public Employees' Retirement System who do not have the protection of Social Security," Governor Reagan said.

In response to a telegram from Idaho's Governor Cecil D. Andrus, Governor Ronald Reagan has sent the following reply:

"While I regret the necessity for taming Broncos with Wildcats, I accept your wager.

"On December 11, after Chico State College has given a football lesson to Boise State College in the Camellia Bowl, I know that the people of Sacramento will apply the warm salve of California hospitality to the wounded Broncos and their supporters.

"Needless to say, I am looking forward to sampling Idaho's equally warm hospitality at Sun Valley."

Governor Ronald Reagan today announced the following bills have been signed:

- AB 123 - Barnes Directs the State College Trustees and the Coordinati
(Chapter 1620) Council for Higher Education to jointly develop
criteria for including state university in the name
of any state college.
- AB 344 - Brathwaite Extends the licensing provisions applicable to
(Chapter 1626) institutions and boarding homes for aged persons
to persons aged 16 and above.
- AB 581 - Russell Permits indemnification by cities and counties of
(Chapter 1627) innocent needy residents of California whose
property is injured or destroyed as a result of
specified criminal acts.
- AB 643 - Brathwaite Requires medical insurance policies to include
(Chapter 1628) immediate coverage for newborn infants of the insured
- AB 870 - Barnes Permits funds held by state and local agencies as
(Chapter 1629) deferred compensation to be invested in a
specified manner.
- AB 883 - Monagan Requires the California Industries for the Blind to
(Chapter 1630) contribute the same amount per month for health in-
surance for non-civil-service employees, as is
contributed for civil service employees of such
industries.
- AB 1316 - Townsend Provides that the provisions of a 1970 statute
(Chapter 1631) which make sewer system corporations subject
to the jurisdiction of the Public Utilities
Commission shall become operative on July 1, 1972,
rather than July 1, 1971.
- AB 1378 - Arnett Requires general plans of counties and cities to
(Chapter 1632) include a scenic highway element.
- AB 1679 - McCarthy Makes a number of technical amendments to provisions
(Chapter 1633) dealing with property taxes.
- AB 1680 - McCarthy Makes conforming and clarifying changes relating
(Chapter 1634) to sales and use taxes, cigarette tax, and
alcoholic beverage tax notices of delinquency to
creditors and insurance tax prepayments. The bill also
permits the Franchise Tax Board, State Board of
Equalization, Controller, and Department of
Human Resources Development to release tax liens
which are legally unenforceable.
- AB 1720 - Moorhead Amends the Subdivision Map Act to provide that
(Chapter 1635) tentative and parcel maps and dedication of street
rights-of-way will not be required in the case of
a division of land which is zoned for commercial or
industrial land development when the land is on an
operating right-of-way of a railroad, and the
division into parcels is made solely by short-term
leases terminable by either party on a 30-day
written notice. The bill further provides that any
regulations adopted to control divisions of land
other than subdivisions shall not apply unless a
showing is made in individual cases upon substantial
evidence that public policy necessitates the
application of such regulations to short-term leases
in such cases.

- AB 1755 - Sieroty
(Chapter 1636) Requires county auditors, rather than county assessors, to report to the Controller on incorrectly allowed property tax exemptions for which the state has reimbursed local taxing agencies, commencing January 1, 1972.
- AB 1759 - Gonsalves
(Chapter 1637) Provides that, in any year where all assessments on the local secured roll are raised or lowered, information on the property tax bill shall include information explanatory of such changes.
- AB 1815 - Hayes
(Chapter 1638) Allows suits for personal injury or wrongful death to be continued in the name of the decedent who dies after commencement of an action without appointment of a personal representative or successor in interest in specified cases in which the defendant had liability insurance applicable to the cause of action.
- AB 1860 - Knox
(Chapter 1639) Makes it a misdemeanor for any person to place fill, extract materials, or make any substantial change in the use of any water, land, or structure within the area of jurisdiction of the San Francisco Bay Conservation and Development Commission without securing a permit from the commission.
- AB 1905 - Warren
(Chapter 1640) Provides that trials in actions to collect money due on goods, services, loans, or extensions of credit intended primarily for personal, family, or household use, other than obligations subject to the Unruh Act or the Rees-Levering Act, must be brought either in the county in which the defendant signed the contract, or the county in which he resided at that time, or the county in which he resides at the commencement of the action.
- AB 1957 - Z'berg
(Chapter 1641) Specifically authorizes specified fire protection districts to purchase necessary equipment on a contract, or to borrow money to make such purchases, under specified conditions. The bill also authorizes fire protection districts to establish special fire protection zones which have been annexed to a city for purpose of payment by taxpayers of the zone of costs of fire protection services rendered by the Division of Forestry, pursuant to contracts with the city, for grass, brush, and forest-covered lands in the zone.
- AB 1981 - Sieroty
(Chapter 1642) Prohibits the acquisition of public park lands by a city, county or state agency unless it is replaced by substantially equivalent park space and facilities which are accessible to the same general persons who used the original park. The acquiring agency is to provide the payment for the cost of the new park space and facilities. The bill specifically states that it does not authorize condemnation other than presently authorized by law or affect the determination of a more necessary public use.
- AB 2060 - Karabian
(Chapter 1643) Authorizes the service of interrogatories on any party instead of only on adverse party.
- AB 2131 - Campbell
(Chapter 1644) Provides for the establishment and maintenance of a dental program within the State Department of Public Health.
- AB 2172 - Cullen
(Chapter 1645) Amends the Code of Civil Procedure provision relating to exemption of certain earnings from levy of execution.
- AB 2326 - Russell
(Chapter 1646) Requires the assessor, upon notifying a property owner as to what value will be placed on his property, to also inform him concerning the procedure whereby the tax-payer and the county assessor, with approval of the county legal officer, may stipulate a value of the property rather than having a contested equalization hearing.

- AB 2336 - Priolo
(Chapter 1647) Amends and supplements the Budget Act of 1971 to appropriate \$400,000 from State Beach, Park, Recreational and Historical Facilities Fund for a grant to the City of Los Angeles for land acquisition for the Rustic Sullivan Regional Park.
- AB 2416 - Moorhead
(Chapter 1648) Establishes a procedure under which the personal representative of a deceased partner, under specified circumstances, may continue the partnership business as a partner.
- AB 2453 - Hayes
(Chapter 1649) Directs the party required to show "good cause" to obtain discovery under specified provisions of the Code of Civil Procedure to show specific facts justifying discovery and that the matter is relevant to the subject matter of the action or reasonably calculated to lead to discovery of admissible evidence.
- AB 2653 - Lanterman
(Chapter 1650) Permits the Citizens Advisory Council on Mental Health to employ staff and accept federal funds and gifts.
- AB 2717 - Quimby
(Chapter 1651) Amends the Private Investigators and Adjusters Act to permit licensed private investigators and patrol operators and uniformed patrolmen employees of patrol operators to purchase, possess, and transport tear gas weapons if they are used solely for defensive purposes in the course of the activity for which the license was issued and if the person using them has completed a course of instruction in the use of tear gas approved by the Commission on Peace Officer Standards and Training.
- AB 2871 - Foran
(Chapter 1652) Specifies that the Metropolitan Transportation Commission is a local area planning agency and not a part of the executive branch of the state government.
- AB 2994 - Miller
(Chapter 1653) Increases the maximum liability of certain common carriers from \$100 to \$500 for loss or damage of a trunk and from \$50 to \$250 for loss or damage of other luggage, as defined. The bill requires all baggage checked with the carrier to be tagged inside and out with the name and address of the owner.
- SB 385 - Harmer
(Chapter 1621) Requires the State Department of Public Health to keep specific records pertaining to therapeutic abortions and to report the findings to the Legislature every other year.
- SB 424 - Zenovich
(Chapter 1622) Provides unemployment insurance coverage for classified employees of school districts to be operative for service performed after December 31, 1971. School districts would reimburse the cost of unemployment benefits paid to their former employees, rather than pay tax. Benefits costs are funded from existing school district taxes levied for fringe benefits. Instructional personnel, temporary and intermittent employees, and students, are not covered by the bill.
- SB 1210 - Marks
(Chapter 1623) Establishes rules for the regulation of negative option merchandising plans, such as those used by book and record clubs.
- SB 1308 - Collier
(Chapter 1624) Assesses, on a one-time-only basis, a \$1 fee, to be collected at the time of vehicle registration for 1973, to be used for the purpose of removing abandoned vehicles from the State's streets and highways. The bill authorizes the Department of Public Works to administer the program.
- SB 1520 - Grunsky
(Chapter 1625) Provides that if a justice court judge is assigned to another justice court, he will receive, in addition to his regular salary, extra compensation equal to the portion of the regular salary of the judge of the justice court to which he was assigned for a comparable period of time, providing the aggregate compensation does not exceed that of a municipal court judge.

Governor Reagan also announced the veto of the following

bills:

SB 331 - Marks This bill would require a court to issue a certificate of detention to any person formally charged with a crime, when the charge is dismissed before jeopardy attaches.

REASON FOR VETO: "The California Peace Officers' and District Attorneys' Associations have urged me to veto this legislation. They point out that a certificate of detention is now issued to a person arrested and released by a peace officer because there were insufficient grounds to sustain the filing of a complaint, or because the person arrested was under the influence of drugs or narcotics and was released to a medical facility after a determination that no further proceedings were desirable.

"SB 331 would give every defendant, whether charged with a serious crime or not, the right to a certificate of detention if the case was dismissed for any reason. The reasons for dismissal could include the unavailability of a key witness or the tender age of a victim-witness. The issuance of a certificate of detention, even if the certificate reflects the reasons for dismissal, is not appropriate in these cases.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 737 - Moscone Provides for an employee's recovery of specified treble damages in addition to the amount of unpaid wages and other penalties in a case where the Labor Commissioner has determined the validity of the claim and the amount of such claim and other applicable penalties remains unpaid over 10 days after receipt of notice by the employer that such wages are due where employer is able to pay but willfully fails to do so.

REASON FOR VETO: "California is one of the few states that provides stiff criminal and civil penalties for a failure to pay wages when the employer has the ability to make such payments.

"The imposition of the penalty proposed by SB 737 is not required to adequately protect the employee whose wages have been willfully withheld by his employer.

"Accordingly, I am returning the bill unsigned," the governor said.

SB 920 - Collier This bill would authorize the creation of the North Coast Area Planning Organization.

REASON FOR VETO: "What SB 920 proposes can already be done under the provisions of the Joint Exercise of Powers Act, making this legislation unnecessary. If local governmental entities in the North Coast area wished to use their existing authority to accomplish what is intended by SB 920, they could do so. But, it is a decision they should make, not one which should be imposed on them by the State.

"Accordingly, I am returning the bill unsigned," the governor said.

#

Governor Ronald Reagan announced today that five surplus California tule elk will be shipped to west central Mexico where they will go on public display near Guadalajara, capital of the state of Jalisco.

The animals--two males and three females--will roam a 100-acre reserve in the lush, mile-high country.

Under the agreement, the elk will not be hunted and can be withdrawn by the state at any time.

Governor
/Reagan said the site has been inspected and found suitable for the animals, natives of California's Central Valley.

"I am confident that all Californians, especially conservationists, will endorse this plan as the wisest possible use of this valuable resource in circumstances where reduction of herds is essential

"In addition to the good will this move will generate between California and Mexico, this plan will also help stimulate the growing interest in wildlife conservation among our good neighbors to the south," he said.

The transplant was arranged with officials of the state of Jalisco by Ray Nesbit, executive officer of the California Wildlife Conservation Board, and a member of the Commission of the Californias, an international agency.

The California Department of Fish and Game, which manages the tule elk in the state, has approved the transplant. The DFG is seeking suitable sites for transplanting surplus animals.

According to DFG Director Ray Arnett, the transplant is part of a continuing department program to maintain viable populations of the animal that was rescued from the brink of extinction before the turn of the century.

The population was believed to have been down to a single pair in 1874. Stocking the animals on refuges led to the gradual increase in their numbers.

There are approximately 500 tule elk in the state, a minimum 300 in the five herds in the Owens Valley of Inyo County, 140 in the Cache Creek area of Lake and Colusa counties and 32 in the Tupman Elk Reserve State Park in Kern County.

Tule Elk have been distributed by the DFG to zoos in San Diego, Los Angeles, San Francisco, Fresno, Oakland, Phoenix, Tacoma and West Germany.
