Governor Ronald Reagan today announced that he has signed the following bills:

AB 42 - Lanterman Chapter 387	Validates organization, boundaries, acts, proceedings and bonds of counties, cities, and specified districts, agencies and entities. Second Validating Act of 1973.
AB 43 -Lanterman Chapter 388	Validates organization, boundaries, acts, proceedings, and bonds of counties, cities and specified districts, agencies and entities. Third Validating Act of 1973.
AB 91 - Powers Chapter 370	Permits a county recorder to destroy publications and affidavits of notices to deed tax delinquent property to the state that have been on file in his office for more than seven years.
AB 185 - Powers Chapter 371	Authorizes the board of supervisors of any county to agree to participate in a state-prescribed payroll procedure to pay superior court judges solely from a state payroll.
AB 544 -McAlister Chapter 372	Exempts employees of licensed private investigator from provisions regulating process servers and requiring their registration. The bill also requires any proof of service of process signed by any person so registered, or his employee or independent contractor, to indicate the county of registration and assigned registration number.
AB 704 - Wood Chapter 389	Makes technical and clarifying amendments to the Public Employees' Retirement System.
AB 768 - Knox Chapter 390	Makes various technical and procedural changes with respect to offering securities for sale and with respect to the powers and duties of the Commissioner of Corporations.
AB 843 -R.Johnson Chapter 373	Authorizes a county board of supervisors to require the tax collector, with approval of the State Controller, to issue a certificate of redemption containing specified information, and requires all entries to be made on such certificate be stored in a manner making it readily available to the public.
AB 844 -R.Johnson Chapter 391	Provides that when a tax collector offers oil, gas and mineral rights or miscellaneous parcels which are unusable for sale for taxes such offer shall remain in effect for 30, rather than 90, days or until notice is given pursuant to law, whichever is later. The bill retains the requirement that such notice be given and additionally requires in the case of sale of oil, gas, and mineral rights that notice be given to holders of such rights and owners of the property.
AB 845 - R.Johnson Chapter 374	Repeals a conflicting provision of the Revenue and Taxation Code relating to the redemption of property.
AB 861 -R.Johnson Chapter 375	Revises the definition of taxes for purposes of distribution of funds received from the redemption of tax delinquent property. The bill also provides special assessments be distributed as to amount due on the delinquent tax roll as of the redemption day, exclusive of penalties.
AB 862 -R.Johnson Chapter 376	Provides for the transfer to the current unsecured roll of any tax on certain property related to an oil and gas leasehold which remains unpaid at the time such property is sold to the state for unpaid taxes.
AB 949 -R.Johnson Chapter 377	Provides that amounts received from the sale of tax-deeded property resulting from a delinquent special assessment shall be distributed in proportion to the total amount of delinquency involved, exclusive of penalties.

AB 985 -Boatwright Chapter 378	Provides that when a city or public agency has established a reciprocal retirement system with the Public Employees' Retirement System, that city's or public agency's retirement system will automatically have reciprocity with all public agencies covered by the Public Employees' Retirement System and with any retirement system established under the County Employees Retirement Law of 1937.
AB 1020-H.Johnson Chapter 392	Provides that when a local jail is over-crowded, the keeper of that jail, with judicial approval, may accelerate the release of an inmate by up to five days.
AB 1239-Boatwright Chapter 393	Provides that the remedies or penalties specified in the Business and Professions Code relating to false or misleading advertising are cumulative to each other and to all other remedies or penalties that might be available under other state laws.
AB 1287 - Keene Chapter 379	Permits a board of supervisors to make available any surplus personal property, or to lease any real property not needed for public purposes of the county, to specified Indian service agencies.
AB 1301 - Nimmo Chapter 380	Provides that provisions of the County Employees' Retirement Law of 1937 shall not be construed to prevent the use of surplus for the payment of cost-of-living adjustments.
AB 1360-Antonovich Chapter 394	Makes technical changes to conform the California Unemployment Insurance Code to requirements of federal law.
AB 1359-Antonovich Chapter 395	Specifies that "employment" does not include services performed in the employ of an international organization for purposes of unemployment insurance.
AB 1385 - Cline Chapter 381	Includes a guardian, as well as the parent of a pupil, among those to attend a conference or to be notified by a school of pupil's progress whenever the pupil is in danger of failing a course.
AB 1513 - Deddeh Chapter 382	Provides for staggered four-year terms for public members of the Commission on the Status of Women, commencing July 1, 1974.
AB 1886 - Briggs Chapter 383	Provides that the guarantee by the Small Business Administration that a surety shall not suffer loss shall be deemed a contract of reinsurance.

AB 2160 - Waxman Chapter 384	Permits a municipal officer sought to be recalled to publish an answer at his expense if the officer files with the clerk of the legislative body at the time the answer is filed a statement declaring his intent that the answer be published.
AB 2169 - Waxman Chapter 385	States the intent of the Legislature that no limit be imposed on the number of deputy registrars appointed.
SB 35 - Collier Chapter 359	Authorizes local entities to conduct any local, special or consolidated election by absentee ballot, if there are no more than 300 persons registered to vote in that local jurisdiction. The bill does not apply to special elections to fill legislative and congressional vacancies or to elections which are conducted statewide.
SB 105 - Schrade Chapter 360	Increases the fees of reporters transcribing depositions.

- SB 335 - Nejedly  
Chapter 361 Requires, whenever any dog or cat license tag is issued, that it be issued for one-half or less of the fee required for any dog or cat, if a certificate is presented from a licensed veterinarian that the dog or cat has been spayed or neutered. The bill also permits any licensed kennel or cattery to be exempted pursuant to regulation or ordinance from any requirement to obtain a license tag for each dog or cat within the kennel or cattery.
- SB 406 - Nejedly  
Chapter 362 Permits the board of directors of a local hospital district, by resolution to authorize the payment of not to exceed \$50 compensation per meeting for not to exceed two meetings a month as compensation to each member of the board of directors.
- SB 427 - Stiern  
Chapter 363 Provides that the chairman of the Democratic state central committee shall name the meeting place of the Democratic state convention. The bill also deletes the requirement that the Democratic state convention meet in Sacramento.
- SB 444 - Nejedly  
Chapter 386 Specifies that the fee for issuing a writ of attachment by a municipal court is \$1.50.
- SB 472 - Alquist  
Chapter 364 Makes substantial revisions in the Education Code provisions providing for the filing of vacancies on school district governing boards.
- SB 562 - Stiern  
Chapter 365 Requires a person who receives the tax bill of another and has power to pay the taxes on behalf of another upon a written request of the assessee for a copy of his tax bill to annually deliver the bill, or a copy thereof, within 30 days after payment of the taxes in full without further request until such person no longer has the power to pay such taxes or the assessee withdraws the request.
- SB 651 - Bradley  
Chapter 366 Revises the law relating to summary judgments in civil actions and proceedings.
- SB 659 - Walsh  
Chapter 367 Allows trucks having three axles used regularly for the collection and transportation of garbage, rubbish, or refuse to exceed state, county, and city weight limitations when the total gross weight on the group of axles permitted by specified provisions of the Vehicle Code does not exceed by more than 2,000 pounds the amounts stated in such provisions. The bill authorizes any local authority, by ordinance or resolution, to make such provisions inapplicable with respect to any street under its jurisdiction.
- SB 1016 - Marks  
Chapter 368 Exempts children's centers, day care programs, or pre-school programs from the provisions requiring market milk to be served in an individual service bottle or container.
- SB 1021 -Berryhill  
Chapter 369 Provides a minimum amount of income imputed to certain open-space land subject to an enforceable restriction and used for production of timber for commercial purposes for purposes of valuing such lands for property taxation.

Governor Ronald Reagan today announced he has signed the following bills:

- AB 712 - Kapiloff  
Chapter 400      Increases the maximum minor's estate eligible for the filing of a petition for court disposition of such money or appointment of a guardian of the estate from \$10,000 to \$20,000. The bill provides that guardianship estate assets may be invested in shares of an insured credit union as well as being invested in an account of a savings and loan association, or deposited in a bank.
- AB 936 - Collier  
Chapter 401      Authorizes, in counties having a population of 4,000,000 or more, publicly owned vehicles operated by peace officer personnel of a marshal's department, when actually being used in the enforcement of the orders of any court, to display flashing amber warning lights to the rear when such vehicles are necessarily parked upon a roadway and are creating a hazard to other traffic.
- AB 1000 - Moretti  
Chapter 402      Requires that state government accounting system provide for accrual of expenditures on the basis of obligations incurred and for accounting for revenues as being earned when received, with certain exceptions. The bill deletes the provisions requiring that for purposes of accounting, moneys received by the State Treasurer pursuant to the Personal Income Tax Law and Bank and Corporation Tax Law shall be treated by the state as earned during the year of receipt to become operative with respect to the 1973-74 fiscal year. The bill further provides that revenues received in the state Highway Account for the 1974-75 fiscal year shall be computed on the basis of cash actually transferred to such fund for that fiscal year.
- AB 1072 - Hayden  
Chapter 403      Imposes a deadline for delivery of copies of the index of registration and supplements to the index to the clerk of the city by the county clerk prior to election.
- AB 1129 -H.Johnson  
Chapter 404      Permits any duly authorized officer of a county rather than just the board of supervisors to agree in writing to contract changes. The bill provides that the cost of such change or alteration must be agreed upon between the board and the contractor unless the contract includes a provision to determine a fair and equitable price for the change or alteration.
- AB 1380 - Keysor  
Chapter 405      Excludes short-term, limited term, and provisional employees from the existing Education Code provision which requires that upon initial employment and each change of classification a school classified employee be furnished two copies of data pertaining to his compensation, classification, and duty hours.
- AB 2439 -Boatwright  
Chapter 406      Permits a county to sell, exchange, quit-claim, or convey surplus county property which does not exceed \$2,000 in value in a manner approved by the board of supervisors. The bill also permits a board of supervisors to grant or convey to other public agencies easements, licenses, or permits for the use of county owner property, provided that such use is in the public interest and does not substantially interfere with the county's use of the property.
- AB 2440-Boatwright  
Chapter 407      Authorizes counties to pay the actual and necessary expenses of the members of the advisory board of a community mental health service.

- SB 271 -Lagomarsino Chapter 396 Makes permanent the provisions in the Fish and Game Code requiring that any person in possession of property, who between July 1 and the following June 30, receives fees totaling \$500 or more from other persons, for the privilege of taking birds or mammals on his lands, shall procure a commercial hunting license. Licensed pheasant clubs, non-profit corporations or organizations, governmental entities or land leased for incidental camping purposes without the privilege of hunting are exempt from the license requirements.
- SB 292 - Collier Chapter 397 Provides for the addition of several coastal streams to the list of protected salmon and steelhead spawning areas.
- SB 337 - Nejedly Chapter 398 Provides for the relocation of Silver King Oceanic Farms' anadromous fish farming operation from Waddell Creek, Santa Cruz County, to Elk Creek, Mendocino County.
- SB 473 -Lagomarsino Chapter 408 Permits a mutual insurer to borrow at an annual interest rate of 6 percent or the maximum interest rate permitted by the Federal Reserve Bank on single maturity time deposits in the amount of \$100,000 and over, running one year or more, whichever is higher.
- SB 756 - Stull Chapter 399 Revises the conditions of employment regarding certificated personnel employed by a school district for classes conducted under contract with public or private agencies, and requires employment pursuant to a written contract. The bill also makes such conditions also applicable to certificated personnel employed for categorically funded projects of indeterminate duration.

"San Diego State University" is now official.

The new title--what many people have called it all along--is the result of legislation signed today by Governor Ronald Reagan which changes the names of four institutions in the California State University and Colleges system of public higher education.

Two years ago, in an effort to enable California's "well known and highly respected state colleges to take their rightful place among academic institutions across the country," Governor Reagan signed legislation establishing the "state university and colleges" system but the official titles of all the university level institutions in the system were: California State University at (city).

"The legislation I am signing today (SB-381 Alquist) makes official what many people have been calling these institutions all along", the governor said.

The legislation also designates the following changes: San Francisco State University (changed from California State University at San Francisco); San Jose State University (changed from California State University at San Jose) and Humboldt State University (changed from California State University at Humboldt).

In addition, the bill gives the Trustees of the State University and Colleges the authority to make similar name changes at the other institutions in the system.

Governor Reagan emphasized that the name changes provided for in SB 381 are not intended to change the basic role or function of these institutions. "The greatness they have achieved and the prestige they have earned is due, and will continue to be due, in large part, to the emphasis they have placed on their vital classroom teaching role."

The governor noted that the legislation was supported by the student body presidents of the four institutions affected, as well as alumni associations, faculty members and administrators. The bill also had the support of the Trustees of the California State University and Colleges.

Governor Ronald Reagan today made the following statement  
pertaining to the legislature's approval of the death penalty bill:

"I want to commend Senator George Deukmejian for authoring this important legislation, and for his persistence and leadership in causing the legislature to do its duty in approving the bill.

"The people of California voted for the death penalty and now that the legislature has finally responded to that mandate, the cause of justice has been strengthened. There is no telling how many lives of law abiding citizens and their families this legislation will save.

"I also want to thank Attorney General Evelle Younger, the California Peace Officers Association, the California District Attorneys Association and the other law enforcement groups who worked so hard in support of this measure. The successful conclusion of their efforts shows that under our system of government, the people's will can ultimately prevail despite numerous roadblocks.

"As I have said before, I don't believe those who voted to reestablish capital punishment did so out of any feelings of vengeance. They simply believe that those who murder their fellow citizens and who gun down our police, will not be deterred by anything less than the ultimate penalty---and they are right.

"In my opinion this legislation will go a long way toward meeting the requirements laid down by the U.S. Supreme Court in its ruling on capital punishment."

Governor Ronald Reagan today announced the following bills have been signed:

- AB 17 - Johnson, H. Chapter 414 Excludes the relationship between an officer or employee of certain public agencies and his officer or employee spouse from certain conflict-of-interest provisions prohibiting financial interests in contractual and noncontractual matters under certain circumstances.
- AB 28 - Thurman Chapter 415 Requires a board of supervisors to canvass the vote on city incorporation at the next regular meeting after the week of the election rather than on the first Monday after election. The bill also makes other changes relating to the canvassing of votes on city incorporation.
- AB 67 - Priolo Chapter 416 Specifies that a person is competent to act as a grand juror if he is 18 years of age or older rather than 21 years of age or older.
- AB 143 - Greene, L. Chapter 417 Provides that school districts be subject to annual nonuse payments to the state for unused sites held beyond a reasonable period of time as determined by the State Allocation Board.
- AB 199 - Gonsalves Chapter 418 Provides for designated mandatory fees, rather than voluntary contributions, on cattle and calves for purposes of administering and enforcement of the California Beef Council Law. The bill permits the producers, by referendum, to elect to provide such funds by voluntary contributions. The bill also increases the membership of the California Beef Council and revises the composition of the council.
- AB 229 - Kapiloff Chapter 409 Requires the California State University and Colleges Trustees to approve specified changes of name for the California State Universities at San Jose, San Francisco, Arcata, San Diego, San Luis Obispo, and Pomona.
- AB 237 - MacDonald Chapter 419 Repeals an out-dated section of the Education Code which requires the Superintendent of Public Instruction to visit the orphan asylums and public schools of the state and provides \$1800 per year for such visits.
- AB 389 - Cline Chapter 420 Requires the award of two major construction contracts for Route 118 (Simi Valley Freeway) during the 1973-74 fiscal year.
- AB 426 - MacDonald Chapter 421 Provides that if an incumbent city officer does not file for reelection, the voters shall have an extra five days to nominate candidates other than the incumbent for that office.
- AB 488 - Dunlap Chapter 422 Prohibits county clerks from counting of votes or releasing results in local races until after polls close in that county, and from counting votes or releasing results in other races until all polls in other counties voting on that race have closed.
- AB 523 - MacDonald Chapter 423 Deletes from the California freeway and expressway system that portion of Route 150 from the Ventura-Santa Barbara county line to Route 126 near Santa Paula.
- AB 529 - MacDonald Chapter 424 Continues a provision in the Ventura County Flood Control Act relating to the vote necessary to determine amount of bonds to be issued for work of improvement and the maximum rate of interest of such bonds.

- AB 535 - Kapiloff  
Chapter 425
- Makes the prohibition against the issuance of any new original public premises license unless the applicant can show that substantial public demand cannot otherwise be satisfied inapplicable to the issuance of a new original public premises license for beer and wine, as well as for beer.
- AB 569 - Alatorre  
Chapter 439
- Provides that the notary public fee, exclusive of signature verification, for each form relating to immigration shall not exceed \$10 whether acting as a notary or not. The bill does not apply to an attorney who is also a notary public and who is rendering professional services regarding immigration.
- This bill also provides for suspension or revocation of a notary's commission if a greater fee is charged.
- AB 582 - Bond  
Chapter 426
- Authorizes the Office of State Registrar of Vital Statistics to furnish the United States Public Health Service with vital statistics relating to births, deaths, marriages, and marriage dissolutions for use in the national vital statistics program on a contract reimbursement or other satisfactory basis which will insure that the reimbursement shall not be less than the cost to the state nor exceed the federal government's fair share of the statewide vital statistics registration and reporting system.
- AB 611 - Kapiloff  
Chapter 427
- Makes technical amendments relating to the operating procedures of county auditors.
- AB 802 - Crown  
Chapter 428
- Provides that the grand jury shall be impaneled and serve during the fiscal year of the county.
- AB 869 - Chappie  
Chapter 429
- Raises the ceiling amount which may be expended for administration and maintenance for the state highway program. The bill also adjusts the ceiling for the maintenance of landscape and functional planting.
- AB 960 - Dunlap  
Chapter 430
- Vests, in the board of directors of a unified air pollution control district, the authority to provide, by resolution, that each member of the board shall receive his actual and necessary expenses, plus compensation of \$50 a day, for attending meetings, up to a maximum of \$1,200 a year.
- AB 995 - Meade  
Chapter 431
- Amends the Private Investigator and Insurance Adjuster Act to authorize the adoption of regulations establishing the qualifications a uniformed employee of a private patrol operator must meet as a condition of handling guard dogs.
- AB 1040 - Chappie  
Chapter 432
- Permits a county committee on school district organization to recommend or to adopt specified alternative means of electing school district governing board members in a school district having trustee areas.
- AB 1087 - Wood  
Chapter 433
- Requires an applicant for renewal of a nursery stock license to pay the fees for the renewal of the annual license equal to the unpaid minimum license fee, rather than unpaid regular license fee, and a restoration fee equal to such fee.
- AB 1207 - Dunlap  
Chapter 434
- Provides that accounting procedures for any school district published in a California School Accounting Manual approved by the State Board of Education shall not expressly or by implication affect content of any educational program or objective except as otherwise specifically provided in the Education Code.
- AB 1272 - Johnson, R.  
Chapter 435
- Provides that an owner or tenant of property on which is located a monument which is necessary for the surveying of neighboring land, except a monument within an access-controlled portion of a freeway, shall provide to the surveyor reasonable access to such monument. The bill requires the public agency having jurisdiction over the freeway to reference a monument within the right-of-way to a useable point outside access control line when requested by surveyor.

- AB 1362 - Antonovich Chapter 436 repeals provisions of the Vehicle Code which specify that a discharge in bankruptcy shall not relieve a judgment debtor from any of the requirements of specified provisions of the Vehicle Code regarding financial responsibility for motor vehicle accidents.
- AB 1418 - Chappie Chapter 437 Exempts commissaries and mobile units on which food is prepared from certain rules and regulations adopted by the state Department of Health if the Units are operated within any state park and depict or reproduce historical conditions or usages or to any vehicle which depicts or represents any vehicle of such period. The exemption does not apply to mobile units serving, offering for sale, selling, or giving away foods or beverages which are not packaged in sealed containers or approved for unpackaged sale by the state department.
- AB 2437 - Boatwright Chapter 438 Authorizes a county water district, on behalf of an improvement district within the district, as well as the district itself, to issue negotiable promissory notes. The bill also increases the maximum permissible interest rate on any county water district negotiable promissory notes from 6 percent to 7 percent.
- SB 381 - Alquist Chapter 410 See Release #472 Requires the California State University and Colleges Trustees to approve specified changes of name for the California State Universities at San Jose, San Francisco, Arcata, San Diego, San Luis Obispo and Pomona.
- SB 386 - Deukmejian Chapter 411 Makes any school bus owned by a private nonprofit educational organization subject to a \$10 registration and licensing fee in lieu of all other Vehicle Code fees, except fees for duplicate plates, certificates or cards.
- SB 421 - Lagomarsino Chapter 412 Requires the Fish and Game Commission to adopt regulations relating to the taking or possession of resident game birds at meetings held in June and August rather than meetings held in April and May.
- SB 488 - Behr Chapter 413 Revises provisions governing the method of filling a vacancy in the office of a member of the board of a recreation and park district.

Governor Reagan also announced he has vetoed the following bill:

- AB 1541 - Ingalls Permits an absent voter, at statewide elections and special elections to fill legislative or congressional vacancies, to have his absent voter ballot processed if it is returned, rather than returned in person, to the precinct board of any polling place in the county of his residence not later than the close of the polls on election day.

REASON FOR VETO: "The present requirements of the Elections Code do not impose an unfair burden on the absentee voter. He may either mail his ballot to the clerk or return it in person to the precinct board of any polling place in the county of his residence.

"The changes proposed by AB 1541 unnecessarily complicate the absentee voter process by creating different procedures for different types of elections.

"Accordingly, I am returning the bill unsigned," Governor Reagan said.

Governor Ronald Reagan today reaffirmed his contention that the funding of a Tax Reduction Task Force which developed legislation to reduce the tax burden on Californians was both a necessary and proper function of the executive branch.

He said the allegations of some that the use of existing state personnel, facilities and funds was improper or illegal are merely attempts to divert attention from the central issues addressed by a proposed constitutional amendment to limit and reduce state taxes which the people will vote on November 6.

The governor noted that similar task forces using available state personnel have produced reform legislation which has saved California taxpayers billions of dollars during the course of his administration.

The total cost to the state of the Tax Reduction Task Force, which began its work a year ago utilizing existing facilities and personnel, amounted to approximately \$168,000.

He emphasized that the sole purpose of the task force was to develop legislation which could result in lowering the tax burden on the people. The legislation was submitted to the legislature March 12, 1973.

The legislature refused to take action on the legislative package. Subsequently, a citizens organization, Californians for Lower Taxes, was formed to qualify the legislation for the ballot by means of an initiative constitutional amendment. Sufficient signatures were obtained in late June to place the measure before the people at a statewide election November 6.

The governor reiterated that the purpose of the task force was to develop legislation and submit it to the legislature for action. The fact that the legislature refused to take positive action on the legislation prompted the citizens group to go ahead with its initiative.

A number of operating departments and agencies within the administration, including the Governor's Office, provided assistance to the task force members in the form of informational data, temporary personnel and resources. This was no different from the manner in which other task forces have been supported in the past---including those on government efficiency and cost control, welfare reform, local government reorganization, public safety and education.

The governor said his ability to effectively utilize all available administrative resources of the executive branch is necessary and proper if he is to meet his responsibilities, solve state problems and propose new legislative programs to meet public needs.

In fact, he noted that the indirect and direct costs for the support of the Tax Reduction Task Force are infinitesimal in comparison to the \$118 billion the people will save if they vote to amend the constitution at the special election.

Of the \$168,000 (approximate) in total task force costs, all but \$34,000 was indirect support from existing state personnel and facilities. This was spread across numerous departments for temporary and part-time personnel, office space and the like. The remaining \$34,000 was for direct cash costs incurred by the Department of Health Care Services, the Department of Human Resources Development, the Health & Welfare Agency, the Task Force and several consultants.

Governor Reagan said that although he believes it would have been entirely proper for the agency and these departments to pay the direct costs out of their own budgets, he nevertheless directed that the Governor's Office reimburse them for those direct costs which they incurred (totaling \$34,425.08). Accordingly, the reimbursement was made from the 1972-73 Governor's Office budget.

He emphasized that the reimbursement decision was made not because it would have been improper or illegal for the agency and departments to share the costs themselves but rather because the funds were available in the Governor's Office budget.

Keeping costs down at every level of state government has been a hallmark of this administration, he said. "And, I am proud to say that because the Governor's Office kept its operating cost to a minimum, we were in a position to provide the reimbursement.

"In taking this action, we have removed from those who would divert attention from the real issue before the people the opportunity they seek to further confuse and mislead the people about our efforts to dramatically reduce the tax burden and the unchecked growth of government in the years ahead," he said.

Governor Ronald Reagan announced today he has signed the following bills:

- AB 469 - Garcia  
Chapter 486      Makes it a misdemeanor for any person to throw any object or thing at the ring during a boxing contest or match. The bill provides for the posting of a notice at every place a boxing contest or match is held, in English and Spanish, that it is unlawful to throw any object or thing at the ring during a boxing contest or match.
- AB 564 - Duffy  
Chapter 485      Provides that the Department of Health shall establish respite care services for the mentally retarded within its certified family care program. The rate of reimbursement for this service is to be established by the department after it conducts a study to determine if there are increased costs involved.
- AB 828 - Mobley  
Chapter 484      Deletes the current provision that salaries and expenses of the California Veterans Board, the board secretary and the director and deputy director of the Department of Veterans Affairs be paid from the Farm and Home Building Fund of 1943.
- AB 863 - Priolo  
Chapter 483      Authorizes a coroner performing an autopsy to provide a body part for the purpose of transplantation or therapy if this does not disfigure the body or interfere with the autopsy and if the decedent or other prescribed person has given informed consent as required by specified provisions. The bill restricts the right of consent to the decedent only under circumstances where this restriction is necessary to prevent violation of a decedent's beliefs or principles.
- AB 945 - Thomas  
Chapter 482      Extends the provision of the boxing and wrestling law added in 1972 which exempts from the tax on televised boxing contests the amounts received from the sale of rights to out-of-state viewing of live telecasts, closed circuit telecasts, and delayed taped telecasts of events held in California.
- AB 1167 -Vasconcellos  
Chapter 480      Deletes the requirement that one-third of the total annual state competitive scholarship awards be available for allocation pro rata to each senatorial and Assembly district.
- SB 313 - Berryhill  
Chapter 481      Exempts counties accounting for less than 250 average daily attendance in community colleges from the requirement that all territory be included in community college districts. The bill requires inclusion of such counties within a community college district within two years after loss of the exempt status. Alpine, Inyo, Mono, Del Norte, Sierra, Amador, and Mariposa Counties presently qualify for the exemption.

Governor Ronald Reagan today announced the appointments of Dan McKinnon, Jr., of San Diego and Mrs. Elmer (June) Weden of San Anselmo as members of the Consumer Advisory Council in the Department of Consumer Affairs.

Both were named to four-year terms.

McKinnon, a 39-year-old Republican, succeeds Joseph Barish of Belvedere, whose term has expired. He is the owner of radio and television stations in San Diego and Texas, and is the publisher of the La Jolla Light Journal.

A graduate of the University of Missouri, McKinnon is a member of the board of the Boys' Club of San Diego, member of the Mesa College and San Diego City College Advisory Committees, and a member at large of the Boy Scouts of America.

Mrs. Weden, a Republican, is a graduate of the Hiroshima Jogakuin University and the Hiroshima University of Literature and Science. She also has done graduate work at the University of Michigan.

She replaces A. Jean Boyd of San Bernardino, whose term has expired. Mrs. Weden is a member of the board of the Marin Council for Civic Affairs, and is vice chairman of the Marin County Human Rights Commission.

Council members receive their necessary expenses when on official business.

Governor Ronald Reagan today issued the following statement:

"I'm very pleased that State Controller Houston Flournoy, after long and careful consideration of the tax limitation initiative has strongly endorsed both its concept and what it seeks to accomplish for the taxpayers of California."

As he has said, "the tax paying general public is obviously and rightfully frustrated by numerous promises to curb government spending," and that "this initiative gives the public a chance to relieve that frustration" at the polls November 6.

He has rightly pointed out "the initiative itself contains sufficient flexibility to allow the state to meet essential obligations" to the people.

With respect to the controller's questions regarding the 1973-74 revenue base and the maintenance of essential government services, I want to reaffirm this administration's contention that the state budget I will propose for 1974-75 will be ample to assure that the state's needs continue to be met.

From the very beginning, it was the intent of the drafters of the initiative that the state's sales tax revenues must be included in the revenue base. I am confident that the attorney general should and will take that into account in any opinion he may wish to render. And again, I want to repeat my prediction that next year's budget will be between 400 and 500 million dollars greater than the current state budget.

Governor Ronald Reagan today issued the following statement pertaining to Sunday's observance of the anniversary of Mexico's independence from Spain:

"As governor and a Californian who has admired and respected the people and culture of our neighbors to the south, it is my pleasure to join in the observance of the 163rd anniversary of Mexico's independence.

"No event outside the borders of the United States has more significantly affected California's history. Our American citizens of Mexican descent have contributed greatly to California's heritage and to the present and cultural wealth of our state.

"I know that all Californians join me in acknowledging these contributions and in saluting Mexico on the anniversary of her independence."

Governor Ronald Reagan today announced he has signed the following bills:

- AB 13 - MacDonald  
Chapter 520  
Makes the state and public school holiday "Veterans Day," November 11th, instead of the fourth Monday in October. The bill declares that if November 11th falls upon a Saturday, the preceding Friday shall be deemed such state holiday.
- AB 24 - Bee  
Chapter 521  
Divides the San Francisco Rapid Transit District into nine election districts, equal in population, and calls for the election of nine directors. The bill also provides for an election under certain circumstances to determine if the directors should be elected or appointed.
- AB 31 - Z'Berg  
Chapter 522  
Requires that a notice of violation which contains a declaration of nonownership be delivered prior to the issuance of a warrant for a parking violation. The bill further provides that the court upon receipt of a satisfactory evidence of nonownership of the cited vehicle, shall check with the Department of Motor Vehicles to ascertain if the required endorsement and transfer of documents have been made, and if so, the court shall then dismiss the parking citation.
- AB 48 - Lanterman  
Chapter 523  
Requires a local mental health director, if requested by a conservator, to assist in the selection of a placement facility for the conservatee. The bill further requires a conservator to inform the local mental health director of the location of a facility in which a conservatee who is receiving services from the local mental health program is placed and of any movement of the conservatee to another facility. The bill also deletes the requirements that a conservator, who has the right to place his conservatee in a suitable facility, inform the officer providing conservatorship investigation of his action and submit the conservatee if requested to an evaluation to determine whether such action is necessary.
- AB 49 - Lanterman  
Chapter 524  
Requires group disability coverage be provided for mental and nervous disorders under such terms and conditions as may be agreed upon with group policyholder.
- AB 93 - Foran  
Chapter 525  
Makes it a misdemeanor and imposes penalties for any paid circulator of any initiative, referendum or recall petition to willfully and knowingly refuse to permit each person to whom the petition is presented for signature to read the contents of the petition if he so requests. The bill provides that a conviction pursuant to the act shall not invalidate any signature obtained by defendant which is otherwise valid.
- AB 103 - Warren  
Chapter 526  
Revises the claim and delivery law. The bill's provisions become operative on July 1, 1974.
- AB 142 - Greene, L.  
Chapter 527  
Provides that the state Allocation Board under the State School Building Aid Law of 1952 may provide financial assistance to school districts in furnishing air cooling systems for schools which will be operated on a year-round or continuous school program basis. The bill limits such aid to schools constructed prior to December 31, 1972.
- AB 157 - McCarthy  
Chapter 528  
Permits a central credit union, with consent of its board of directors and approval of the Commissioner of Corporations, to admit to membership members of employee groups under specified conditions. The bill makes several other technical changes relating to operation of credit unions.

- AB 236 - MacDonald  
Chapter 529 Permits certificated employees of school districts or county superintendents of schools to transfer accumulated sick leave with them when they take jobs with the Department of Education or the Chancellor's Office of the California Community Colleges.
- AB 252 - Bagley  
Chapter 530 Establishes a Sir Francis Drake Commission to plan and execute suitable commemorative activities to celebrate the 400th anniversary of Sir Francis Drake's circumnavigation of the earth.
- AB 338 - Keene  
Chapter 531 Authorizes a resort improvement district to elect, by unanimous vote of the district directors, to require all members of the district board to be elected from the district. The bill authorizes, in such case, the calling of a special election to replace the supervisory member of the district board.
- AB 357 - Seeley  
Chapter 532 Allows redeposit in the Legislators' Retirement Fund and makes applicable the deferred retirement provision for any person who withdrew his contributions prior to October 1, 1961, and who had at least 4 but less than 6 years of service.
- AB 370 - Dunlap  
Chapter 533 Extends to the elementary grades the authorization to schedule classes for different lengths of time, provided that on a 10-day average the minimum day for each grade level is maintained. The measure prohibits any increase in state apportionment from this alternative attendance computation.
- AB 382 - Brown  
Chapter 534 Prohibits the Trustees of the California State University and Colleges from charging a foreign student the nonresident tuition fee if such student was graduated from a California high school, has lived continuously in this state for at least three years, and is not receiving assistance from any public or private agency or a foreign government.
- AB 538 - Chappie  
Chapter 535 Requires the Commission of Housing and Community Development to adopt by July 1, 1974, regulations for the installation of fireplaces in mobilehomes.
- AB 584 - Seeley  
Chapter 536 Permits the state Water Resources Control Board to issue temporary permits to appropriate water for periods not to exceed six months upon a showing by the applicant that such appropriation will not be detrimental to wildlife or other beneficial uses of a stream.
- AB 641 - MacDonald  
Chapter 537 Would require the state to pay 50 percent of the separable capital costs of recreation and fish and wildlife enhancement features of federal flood control or watershed protection projects which contain these features, where such payment is specifically authorized by the legislature.
- AB 650 - Gonzales  
Chapter 538 Deletes the requirement that a school district have an average daily attendance of less than 2,000 pupils in order to be eligible for allowances for smaller than maximum class sizes in certain special education programs. The bill prohibits allowances for more than two percent of districts with an a.d.a. of 2,000 or more.
- AB 657 - Knox  
Chapter 539 Revises the period of time in which the Commissioner of Corporations may require escrow or impound of franchisee fees and other funds paid by franchisee or subfranchisors in designated circumstances. The bill authorizes a franchisor, at his option, to furnish an adequate surety bond. The bill also deletes the prohibition preventing the Commissioner from requiring disclosure in a prospectus of certain information concerning the franchise applicant's personal and business background.

AB 658 - Lanterman Chapter 540 Requires the Department of Transportation to make available the sum of \$3,000,000 from the state Highway Account in the state Transportation Fund, to finance noise abatement programs in those public and private elementary and secondary schools identified by the department as being eligible for such programs.

AB 659 - Lanterman Chapter 541 Authorizes, and requires under specified circumstances the Department of Transportation to undertake specified action if the noise level produced by the traffic on any state freeway is in excess of 50 decibels within any public or private elementary or secondary schoolroom, constructed prior to the award of the initial construction contract for the freeway route and prior to January 1, 1974, or constructed prior to the issuance of sound contour maps for the freeway route by the department.

- SB 1311 - Alquist  
Chapter 518 Authorizes the Department of Education to establish and conduct an experimental driver education program. This bill allows the department to waive present driver education laboratory requirements.

Governor Ronald Reagan today also announced that he has vetoed the following bills:

SB 517 - Beilenson Deletes from the California freeway and expressway system that portion of Route 2 from Route 405 to Glendale Boulevard in Los Angeles County.

REASON FOR VETO: "Within 20 years it is estimated that the average daily traffic in this corridor will approach 170,000 vehicles. It is therefore clear that it is one of major importance to both the region and the state.

"At the present time a study of alternate modes of transportation in this corridor is being conducted by the Southern California Association of Governments as a part of its regional transportation plan. The study includes the question of whether a freeway or some other mode of transportation would best serve the needs and desires of the people.

"I continue to be personally opposed to the construction of a multilane freeway through this transportation corridor and have ordered that no action be taken to implement any such project pending a thorough evaluation of all alternative means of handling this transportation volume. But to delete this route from the freeway and expressway system at this time would be premature and ill advised.

"Accordingly, I am returning the bill unsigned."

SB 763 - Roberti Revises the procedure regarding rehearing of order and findings of juvenile court referees, including modifying provisions relating to extension of time for granting of rehearings. The bill authorizes a juvenile court judge to vacate or modify an order not supported by substantial evidence or founded upon erroneous theory of law as well as ordering a trial de novo. The bill further provides that in certain cases a judge of a juvenile court is without jurisdiction to rehear any charge found to be untrue by a referee.

REASON FOR VETO: "The bill adds to the inflexibility of juvenile court procedures. Juvenile courts assist minors when they need counsel and guidance. As such, court procedures should retain their flexibility while at the same time affording juveniles due process.

"In addition, the bill would serve to eliminate many cases before they were heard by a juvenile court judge. This would place an unwarranted restriction on juvenile court judges who have the responsibility of protecting the interests of juveniles and society.

"Accordingly, I am returning the bill unsigned."

- SB 310 - Subcom-  
mittee on Mortgage Loan Brokers of the Senate Comm. on Bus. & Prof.  
Chapter 583 Requires specified real estate licensees who are mortgage loan brokers to submit advertisements for approval by Real Estate Commissioner prior to use, and to submit to Commissioner an annual report of promotion activities and costs attendant to negotiating loans.
- SB 405 - Way  
Chapter 584 Revises amounts of certain approved joint cost allocations for recreation and fish and wildlife enhancement associated with state water projects made by the Department of Water Resources.
- SB 484 - Short  
Chapter 585 Authorizes counties to request from the Director of Social Welfare, amounts required to cancel escape assessments made because property owners were improperly granted the homeowners' exemption for fiscal year 1972-73 and preceding fiscal years while receiving public assistance.
- SB 503 - Marler  
Chapter 586 Authorizes the Director of Food and Agriculture, by regulation, to exempt from minimum wholesale prices, under certain conditions, milk which is custom processed by one distributor for another distributor.
- SB 583 - Nejedly  
Chapter 587 Enacts the Bridge Reconstruction and Replacement Act to implement the federal Special Bridge Replacement Program. The bill will qualify California for federal funds to reconstruct and replace unsafe bridges that are of significant importance.
- SB 686 - Petris  
Chapter 588 Changes the requirement that a community have a master or general community plan, with certain specified provisions, adopted by the planning commission or the legislative body to a requirement that the community have a general plan, as defined by the Planning and Zoning Law, adopted by such commission or body before any area is designated for redevelopment.
- SB 803 - Rodda  
Chapter 589 Permits the general manager of a municipal utility district to establish a probationary period of 12 months, rather than six months, for professional, scientific, administrative, management, or executive positions within the district's civil service.
- SB 933 - Stiern  
Chapter 590 Renames the Greater Bakersfield Metropolitan Transit District the Golden Empire Transit District. The bill also provides that any territory lying outside of the district which is contiguous and annexed to the City of Bakersfield after June 29, 1972, shall be automatically included within the district.
- SB 934 - Stiern

SB 1139 - Nejedly  
Chapter 597

Excludes any person who purchases scrap metal or salvage material pursuant to a nonprofit recycling program from provisions regulating public and public at large weighmasters.

SB 1141-Carpenter  
Chapter 598

Authorizes any county board of education to require the reporting of information by any or all public schools within the respective county which relates to specified disruptive behavior on campuses or in programs and activities in which any school is engaged. It prohibits individual identification of any pupil in such reports. The bill further provides that the reports may be distributed for use in developing programs of delinquency or crime prevention.

SB 1192 - Stevens  
Chapter 599

Provides that provisions of law concerning sale of alcoholic beverages within specified distances of certain institutions shall not apply to premises licensed as a club under the Alcoholic Beverage Control Act, provided the club has been in existence for not less than five years, has a membership of 300 or more and serves meals daily to its members, rather than a club being in existence for not less than 35 years and having a membership of 750 or more.

SB 1256 - Behr  
Chapter 600

Requires resubmission to the planning commission of its recommendation only if the legislative body's modification of such recommendation was not previously considered by the commission in reaching its original recommendation.

SB 1300 - Bradley  
Chapter 601

Increases the maximum commission for administration of Inheritance Tax Law that may be retained by the county treasurer of a county of the fifth class (Santa Clara County) if inheritance taxes do not exceed \$8,000,000 in one year.

SB 1321 - Nejedly  
Chapter 602

Deletes that portion of Route 93 from Route 680 near Alamo to Route 77 near Burton in Contra Costa County from the State Highway System and the California Freeway and expressway system.

SB 1411 - Nejedly  
Chapter 603

Revises statutes relating to Senate confirmation of gubernatorial appointments to reflect the change to two-year regular legislative sessions by making the expiration period of interim appointments December 31 of the first half of the session if the vacancy occurs during such period and November 30 of the second half if the vacancy occurs during that half.

Governor Ronald Reagan today urged Californians to observe Hunting and Fishing Day Saturday, September 23, in a rededication to wise use and proper management of natural resources in the state for the benefit of future generations.

Saturday is the third annual observance of Hunting and Fishing Day by national conservation organizations.

Governor Reagan said that hunters and anglers have been among the leaders in major conservation programs in California and throughout the nation.

"Through their publications and organizations---such as the National Wildlife Federation, Ducks Unlimited, the Izaak Walton League of America and many others---hunters and fishermen have been leaders in the nation in the battle for a better environment and for the wise use of our natural resources," he said.

"They have played a major role in guiding our nation toward the proper management of our natural resources. I urge our citizens to rededicate themselves to wise use and proper management of our land, and to the search for more knowledge about conservation and outdoor skills."

The governor noted that sportsmen-conservationists have been largely responsible for founding state fish and game agencies in all 50 states, and in supporting nongame fish and wildlife habitat development.

RELEASE: Immediate

#488

Governor Ronald Reagan today announced the appointment of H. Allen Sisson of Hollywood as chief deputy director of the Department of General Services.

Sisson, a 56-year-old Republican, fills the vacancy created by the resignation of Jack T. Baker of Rancho Cordova.

A native of Springfield, Massachusetts, Sisson retired in January after 30 years of employment with the Dow Chemical Company. He was a sales account manager dealing in the marketing of agriculture products. During the past two years, he was a government and community relations representative for the company's western division in Los Angeles.

Sisson attended Michigan State and Wayne State Universities.

He is a member of the Los Angeles Public Affairs Officers Association.

Sisson and his wife Helen will make their home in Sacramento. He will receive an annual salary of \$25,776.

Governor Ronald Reagan today announced he has vetoed the following bills:

SB 388 - Alquist      Expects rate increase proceedings from the deliberations which the Public Utilities Commission is presently authorized to conduct in executive session.

REASON FOR VETO:      "The session of the Commission which would be affected by this bill is its weekly conference at which the Commissioners consider, comment and vote upon proposed decisions involving applications for rate increases by regulated utilities. A proposed written decision for consideration and adoption at this session is the end result of an extensive process in which full public participation is provided for in several different ways.

"The record upon which the decision is made is developed in public hearings. The final decision is written so that the public may know the reasons for each aspect of a decision. Furthermore, the decision is signed by the commissioners who voted for it.

"I question whether the enactment of SB 388 would produce any real public benefit and could ultimately prove detrimental to the public interest because of its adverse effect on rational, thorough and expeditious decision-making by the Commission.

"Accordingly, I am returning the bill unsigned."

SB 1088 - Nejedly      Requires the Department of Corrections and Adult Authority to promulgate, file, and publish their rules in the California Administrative Code according to the provisions of the Administrative Procedure Act.

REASON FOR VETO:      "Current law provides adequate procedures for the adoption and change of departmental rules.

"Great care is taken to notify all inmates of current rules and rule changes. Copies of the rules are also made available to the public on request.

"The rules and regulations of the Department of Corrections and the Adult Authority are guidelines for the internal operation of the department and for the conduct of prison inmates. The procedures currently utilized provide a maximum of expert advice and consideration in this highly specialized area. Therefore, it would be unwise to apply the cumbersome processes of the Administrative Procedure Act to rules which govern the management of our penal system.

"Accordingly, I am returning the bill unsigned."

Governor Ronald Reagan today announced the appointment of Peter D. Hannaford of Piedmont as a member of both the Tahoe Regional Planning Agency and the California Tahoe Regional Planning Agency. *Calif. Nevada Compact*

Hannaford, a 41-year-old Republican, fills the vacancies created by the resignation of J. Allen Bray of Oakland.

In announcing the appointment, Governor Reagan expressed his appreciation for Bray's service.

"He has done an outstanding job," the governor said, "and California is in his debt."

Bray has been with the California Tahoe Regional Planning Agency since 1967, and was on the bi-state agency since it was ratified by Congress in 1970.

Hannaford is president of Hannaford & Associates, Inc., an Oakland based marketing, public relations and advertising consulting firm. He is a 1954 graduate of the University of California at Berkeley.

An active member of the Sierra Club since 1957, Hannaford has been a member of the board and executive committee of the California Roadside Council, and is a past president of the Oakland Advertising Club.

Governor Reagan said there were a number of highly qualified applicants for the vacancies, and expressed his appreciation for their willingness to serve. However, he said he was impressed with the fact that Hannaford owns no property and has no economic or political ties with any land in the Tahoe basin, including Placer and El Dorado Counties.

The posts pay the members' necessary expenses.

Governor Ronald Reagan today issued the following statement on signing SB 450 (Deukmejian) in Los Angeles.

"Ladies and gentlemen, we are here today for the signing into law of one of the most important measures to come out of the legislature this year. This bill is the direct result of the death penalty initiative which was approved overwhelmingly last year by California voters.

"In ceremonies such as this, I usually say 'I am happy to sign,' or 'it is a pleasure to sign this bill,' or words to that effect. I don't have those feelings today. But I do have the feeling of satisfaction that comes from doing something that you know is right. There is no way of knowing how many lives of innocent, law-abiding citizens this legislation will save.

"I want to commend Senator George Deukmejian for authoring the bill, and for his persistence and leadership in winning its approval. I also want to thank Attorney General Evelle Younger, law enforcement officials, and the various organizations represented here for supporting the bill. Your actions have strengthened the cause of justice in California."

Governor Ronald Reagan today announced he has signed the following bills:

- SB 68 - Collier Chapter 633 Adds cities to entities now eligible for state funding to construct recreational and reliever training airstrips.
- SB 76 -Zenovich Chapter 634 Authorizes a third school for neurologically handicapped children, to be known as the Diagnostic School for Neurologically Handicapped Children, Central California. The bill appropriates \$500,000 to the Department of Education for establishment of such school to be located in central California.
- SB 133 -Beilenson Chapter 635 Amends provisions of the Automotive Repair Act to specify that an applicant for issuance or renewal of a license as a lamp or brake adjuster or motor vehicle pollution control device installer demonstrate experience and qualifications in accordance with such standards and examinations as the Director of Consumer Affairs may prescribe. The bill also authorizes the Director of Consumer Affairs to approve testing and calibrating equipment used in official stations.
- SB 143 - Stiern Chapter 636 Prohibits the recording or indexing of any document which does not show all persons affected by the property or property interest or right being created, conveyed, encumbered, released or terminated, in addition to other information required by law. The bill does not apply to documents executed and acknowledged prior to its effective date if such documents were otherwise entitled to recordation under the law as it existed prior to the act.
- SB 182 - Marler Chapter 637 Requires, with respect to a person adopted when over the age of 18 years, that a period of five years has elapsed from date of adoption or that a stepparent-stepchild relationship or a combination of the step-parent-stepchild relationship and the adoptive relationship existed for at least five years, before such person shall be deemed to be unrelated to the natural parents and replaced by his adoptive parents, for purposes of determining classification of transferees, for purposes of Inheritance Tax Law, and donees, for purposes of the Gift Tax Law.
- SB 192 - Carpenter Chapter 638 Prohibits the taking or possession of sardines for any purpose, except sardines incidentally taken with other fish which may be used for canning or reduction only or possession of sardines imported under a bill of lading, until the spawning population of northern stock of sardines has reached 20,000 tons as determined by the Department of Fish and Game, at which time, under a permit from the department, 1,000 tons shall be taken, as prescribed, with increases as spawning stock increases.
- SB 240 - Collier Chapter 639 Grants and conveys in trust, under prescribed conditions and for specified purposes, the submerged lands in Clear Lake to the County of Lake in furtherance of navigation, commerce, and fisheries, and provides for the government, management, and control of such lands.
- SB 261 - Nejedly Chapter 640 Requires a permit to install a mobilehome on a site. The Commission of Housing and Community Development is to adopt regulations for such installations. Contractors failing to comply with regulations for installing mobilehomes will be subject to disciplinary action by the Registrar of Contractors. The commission is to establish a fee schedule for state enforcement inspections. Local jurisdictions acting as enforcing agencies may set their own fees.

- SB 304 - Whetmore  
Chapter 641      Revises and strengthens the statutory regulations of certain real estate licensees who are mortgage loan brokers, including limitations on insurance, installment payments, pre-payments and late payment penalties and fees. Provides for additional civil remedies in addition to existing civil and criminal penalties for violations of law.
- SB 319 -Lagomarsino  
Chapter 642      Makes changes in the salaries of personnel employed by the Ventura County Municipal Court.
- SB 330 - Way  
Chapter 643      Allows for a change in the California Water District voting procedure from voting on the basis of land owned in the district to voting on the basis of residence in the district.
- SB 343 -Lagomarsino  
Chapter 644      Precludes constructinn of any portion of Route 33 between Foster Park and Cozy Dell Canyon Road as a freeway or expressway until a cooperative transportation corridor study has been made.
- SB 458 - Coombs  
Chapter 645      Exempts from documentary transfer taxes imposed by cities and counties conveyances of real property to a beneficiary or mortgagee which are as a result of, as well as in lieu of, a foreclosure, but provides that the tax shall apply to the extent that the consideration exceeds the unpaid debt, including accrued interest and cost of foreclosure.
- SB 474 - Bradley  
Chapter 646      Provides that the Insurance Commissioner shall promulgate reasonable rules and regulations describing documents to be filed by an actuary.
- SB 525 - Rodda  
Chapter 647      Makes a series of technical amendments to the provisions of the Education Code relating to textbook adoption.
- SB 645 - Harmer  
Chapter 648      Prohibits precinct boundaries from crossing senatorial district boundaries or from crossing census tract boundaries, to the extent possible.
- SB 655 - Stiern  
Chapter 649      Allows the governing boards of a community college to submit initial preliminary plans to the Chancellor's Office if the request is for working drawings only. Plans shall include all necessary information to show location, function, scope, and appropriate costs. The bill allows small community college districts which have constructed and are operating student dormitories to charge nonresidents a fee equal to the statewide average of the current cost of eduction.
- SB 681 - Schrade  
Chapter 650      Authorizes the California Highway Commission to make modifications in an adopted freeway location upon the request of a local agency, rather than only minor modifications in adopted freeway locations within the boundaries of the requesting local agency.
- SB 682 - Robbins  
Chapter 651      Provides that funds of student body organizations in regional occupational centers or programs may be used, subject to specified procedures and approvals, to finance activities for noninstructional periods or to augment or enrich programs provided by the center or program.
- SB 687 - Petris  
Chapter 652      Defines "services" as used by local agency formation commissions in considering new district formations. The bill gives local agency formation commissions power to adopt standards on specified factors.
- SB 844 - Grunsky  
Chapter 653      Permits local agencies to make employee participation in a pension trust compulsory or optional. The bill permits the grant of reciprocal retirement benefits to members who are entitled to retirement benefits under other specified public retirement systems.

SB 848 - Grunsky Chapter 654	Creates the San Luis Obispo Municipal Court District.
SB 908 - Coombs Chapter 655	Makes technical amendments to the Personal Income Tax Law.
SB 1055 - Marks Chapter 656	Changes the salary and positions of various court officers and attaches of the San Francisco Superior Court
SB 1078 - Coombs Chapter 657	Requires the state Compensation Insurance Fund, at its own expense, to hire a recognized firm of certified public accountants to annually audit the books and records of the fund.
SB 1130 - Coombs Chapter 658	Revises the definition of "practice of psychology" for purposes of the Psychology Licensing Law.
SB 1132 - Coombs Chapter 659	Revises fees under the Psychology Licensing Law.
SB 1160 - Behr Chapter 660	Permits funds derived from parking fees at a community college to be used, in addition to providing parking services, for the purpose of reducing the costs to students and faculty of using public transportation to and from the college.
SB 1446 - Alquist Chapter 662	Appropriates \$90,000 to the Department of Justice to settle the claim of Therese Zwick and Mary Zwick against the State of California.
SB 1305 - Robbins Chapter 661	Provides that in determining seniority for purposes of order of layoff and reemployment among school classified employees, "length of service" does not include any service rendered prior to entering probationary or permanent status, except service in restricted positions.

Governor Ronald Reagan today also announced the following bills have been vetoed:

SB 341 - Roberti	Provides that a juvenile court shall not consider a social study or other written report of a probation officer prior to or during an adjudicatory hearing.
------------------	---

REASON FOR VETO:	"SB 341 initially codified existing case law concerning the review of a social report made by a probation officer prior to the jurisdictional hearing. However, the bill as finally amended goes beyond the decisions of the courts by providing for the exclusion of any other report, whether otherwise admissible or not. I feel this exclusion of possible pertinent information would not be in the best interest of the juvenile justice system.
------------------	--

"Accordingly, I am returning the bill unsigned."

SB 389 - Alquist	Requires the Public Utilities Commission to inspect and audit for regulatory and property tax purposes at least every three years the books of every electrical, gas, heat, pipeline, railroad, telegraph, telephone, and water corporation serving over 500 customers, and at least every five years of every such corporation serving 500 or fewer customers. The bill requires the commission to furnish reports of such inspections and audits and other pertinent information to the state Board of Equalization for use in the assessment of public utilities.
------------------	--

REASON FOR VETO:	"The legislature, at the recommendation of the Department of Finance and the Legislative Analyst, added six positions to the Public Utilities Commission budget for 1973-74 to conduct a two-year pilot program to perform regular audits as required by SB 389. That audit program is running on schedule. To expand this program when a pilot study is underway, and before it has been fully evaluated, would not be in the public interest.
------------------	---

"Accordingly, I am returning the bill unsigned."

SB 1161 - Behr

Permits cities receiving the \$5,000 annual allocation from the Aeronautics Account to expend such funds for maintenance of capital improvements.

REASON FOR VETO:

"The basic purpose of the Aeronautics Account is to provide "seed money" to encourage local government to make necessary improvements to its airports. By using the funds for maintenance purposes, the fund is diminished for capital improvements and the state airport development plan is compromised.

"Accordingly, I am returning the bill unsigned."

SB 1184 - Short

Provides that an applicant for a psychiatric technician's license shall be considered to have been licensed not later than 21 days after passing the Board of Vocational Nurse and Psychiatric Technician Examiners' licensing examination and that such licensure shall be considered valid for all purposes until revoked by the board upon a final determination that all requirements for a license have not been met.

REASON FOR VETO:

"I am advised that the sponsors are concerned about the fact that persons who take the same examination sometimes receive their licenses at different times because of delay in the Board's receipt of the reports from the Department of Justice necessary to evaluate the applicants' background. This in turn leads to different seniority dates for employees who may have taken the examination at the same time.

"Although I agree with the need to remedy this condition, SB 1184 is not the appropriate remedy. Several applications are denied each year because of the applicant's prior conviction of criminal offenses involving drugs and sexual perversion. These crimes are particularly relevant to the work of a psychiatric technician. It would not be in the public interest to allow persons convicted of such crimes to practice during the period between successful completion of the examination and final determination of disqualification, which could involve several months.

"I am asking the agencies concerned to make a strong effort to resolve the problem administratively, but in the meantime the enactment of this bill would not be in the public interest.

"Accordingly, I am returning the bill unsigned."

AB 1151 - Brown

Requires the court that impaneled the grand jury, if no indictment was returned by that grand jury, under specified circumstances, to order disclosure to the defendant and the prosecutor of all or part of the testimony of witnesses before the grand jury for use in pending or subsequent criminal proceedings.

REASON FOR VETO:

"If an indictment is returned, current law allows for disclosure of testimony of any grand jury witness who is going to testify in court. This protects the defendant against inconsistent statements.

"If there is no indictment, it means the grand jury has rejected the combined evidence for the purposes offered and the reporter is not required to transcribe his notes. If the district attorney proceeds on another theory, the evidence is available if a subsequent indictment is returned.

"Witnesses should be encouraged to testify freely before a grand jury. These unsuccessfully accused before a grand jury deserve the protection provided now of not having those accusations made public.

"Accordingly, I am returning the bill unsigned."

AB 2349 - Waxman

Requires the Board of Vocational Nurse and Psychiatric Technician Examiners to hold at least four, rather than at least two, examinations for vocational nurse applicants each year. The bill would eliminate the Board's authority to require an applicant to take additional study if he fails two examinations.

## REASON FOR VETO:

"This authority provides a valuable safeguard to the public in the case of applicants whose prior examination failures reflect inadequate preparation, particularly those applicants who qualify for the examination on the basis of experience equivalent to the training in an accredited school. Because of the dangers involved in using examinations as a sole test of competence, the additional safeguard afforded by present law should be retained.

"Accordingly, I am returning the bill unsigned."

Governor Ronald Reagan today signed SB 541 with the following reduction:

SB 541 - Way  
Chapter 717

Provides for partial state reimbursement of costs of reconstruction and maintenance of nonproject levees in the Delta by local agencies pursuant to plans approved by the Reclamation Board in accordance with criteria adopted by the Board after recommendation by the Department of Water Resources.

## REDUCTION:

"The reduced appropriation for 1973-74 is adequate to encourage needed federal participation in the upgrading of non-project levees.

"I am reducing the appropriation contained in Section 4 of Senate Bill No. 541 from \$300,000 to \$200,000.

"With the above reduction, I approve Senate Bill No. 541."

AB 721 - Deddeh  
Chapter 679

Requires with certain exceptions, that life insurance policies with less than \$10,000 face value issued or delivered on or after July 1, 1974, contain a designated notice concerning the policy owner's right to return the policy to the insurer within a specified period and have the premium refunded.

AB 769 - Knox  
Chapter 680

Sets forth procedures for application for alcoholic beverage license by any limited partnership of more than 10 limited partners and which is not required by law to file periodic reports with the Securities and Exchange Commission.

AB 818 - Alatorre  
Chapter 681

Authorizes payroll deductions from wages and salaries of employees of certain counties to pay dues for services provided by a qualified employee organization. A qualified employee organization is one whose total membership represents a minimum of one percent of the total number of employees in the county and, as an organization, is formally recognized as representing a majority of employees in an established representational unit.

AB 829 - Lanterman  
Chapter 682

Requires the design of, the drafting of specifications for, and the inspection and approval of state highway structures to be by civil engineers licensed pursuant to the Professional Engineers Act. The bill also requires the approval of plans for, and the inspection and approval of, temporary structures erected by contractors in connection with the construction of state highway structures to be by licensed civil engineers.

AB 822 - Cullen  
Chapter 683

Makes it a misdemeanor to mail or distribute literature to voters which includes the designation of a voter's precinct polling place other than the precinct polling place from the latest official precinct polling list of no more than 30 days prior to such distribution.

AB 832 - Murphy

Governor Ronald Reagan today announced that Ed Gray, his press secretary, will be taking a 6-week leave of absence from the governor's staff to coordinate and direct the governor's own press activities in the campaign for Proposition 1, the tax limitation initiative set for a special statewide election November 6.

Gray, 38, has been a key member of the governor's staff since November, 1967. He will return as the governor's press secretary following the special election.

The governor said the brief leave, effective today, is part of the administration's effort to assure that the campaign itself be separate from the day-to-day functions of state government, particularly the executive branch.

Gray's salary and expenses will be paid by Californians for Lower Taxes, the citizens' group sponsoring Proposition 1.

In addition to coordinating and directing the governor's own press involvement in the campaign, Gray will have overall responsibility for the media efforts of Californians for Lower Taxes.

"The issue in this election is of such importance to California's taxpayers and the future well-being of our state that every effort must be made to counter the dishonest statements which the opponents of Proposition 1 have begun to circulate," the governor said.

"The issue is whether the tax spenders and the biggest vested interests in the state will be able to frighten and confuse the people with downright distortions and falsehoods about the initiative, or whether the people learn the truth about the real provisions of Proposition 1---to limit and substantially cut their taxes while maintaining and improving essential government services in the future," he added.

Governor Reagan said "the leave of absence will enable Gray to devote his full-time to the campaign, including helping to counter the selfish dishonesty of the opponents who are doing their best to mislead the people on this crucial issue."

Governor Ronald Reagan today announced he has signed the following bills:

- SB 189 - Grunsky  
Chapter 721 Permits receipt of benefits under certain circumstances by survivors of a person who was required to change his membership from the State Teachers' Retirement System to the Public Employees' Retirement System on July 1, 1971.
- SB 206 - Bradley  
Chapter 722 Requires the governing board of any school district, rather than only community college district governing boards, to establish and maintain an historical inventory of items of equipment whose current market value exceeds \$200.
- AB 257 - Carpenter  
Chapter 723 Extends from the 91st day after the 1973 regular session to January 1, 1976, the statutory provisions vesting general regulatory authority in the Fish and Game Commission concerning sport taking of fish and game.
- SB 276 - Wedworth  
Chapter 724 Prohibits the California Highway Commission, until the adoption of the California Transportation Plan, from adopting the location for any freeway or expressway in the County of Los Angeles, but specifically authorized the commission to adopt modifications for adopted locations of freeways and expressways in the county. The bill specifically authorizes the commission to adopt locations for freeways and expressways in the county, upon adoption of the plan, that conform to the plan, as adopted and as updated.
- SB 293 - Bradley  
Chapter 725 Makes various changes to update and redefine the Insurance Code Sections dealing with underwritten title companies.
- SB 314 - Carpenter  
Chapter 726 Exempts new transit districts (those starting operation after July 1, 1972) from requirements for capital expenditures under the Mills-Alquist-Deddeh Act.
- SB 317 - Coombs  
Chapter 727 Authorizes the issuance of five-year promissory notes by any zone of the San Bernardino County Flood Control District without an election to provide temporary financing.
- SB 336 - Nejedly  
Chapter 728 Authorizes school districts to enter into leases and agreements, not exceeding five years, with a city or county, for the joint occupancy and use of school district real property and buildings.
- SB 367 - Rodda  
Chapter 729 Provides for a minimum punishment of a fine of not less than \$100 or imprisonment in the county jail for not less than 10 days or both, for violating any provision of the law or regulation which prohibits the taking of salmon or steelhead trout in the inland waters by means other than angling.
- SB 401 - Wedworth  
Chapter 730 Requires that the period of closing time designated in bid invitations for the purchase of personal property, shall be exclusive of holidays and shall be extended to the next working day after a holiday.
- SB 446 - Behr  
Chapter 731 Requires the assessor to furnish to the tax collector a metes and bounds or lot-block-tract description of property scheduled to be tax deeded to the state.
- SB 494 - Zenovich  
Chapter 732 Exempts sawed-off shotguns permitted solely for use as props in motion picture production or television program by the Department of Justice under specified procedures, and not in violation of federal law, from provisions making it a crime to manufacture, possess, transport or use specified weapons.

SB 502 - Behr  
Chapter 733

Specifies that herring in Tomales and San Francisco Bays may be taken for commercial purposes only under a revocable non-transferable permit subject to the regulations of the Fish and Game Commission. It authorizes the Commission to limit the total number of permits and the amount of fish which may be taken. The bill further requires the Department of Fish and Game to conduct a study to determine the spawning population of herring in these bays, and to report its findings to the Commission within three months after the end of the 1975 spawning season.

SB 555-Deukmejian  
Chapter 734

Declares that the practice of licensed vocational nursing is a profession. The bill provides that the act shall not affect laws related to the practice of registered nursing nor existing regulations relating to registered nurse staffing of licensed health facilities. The bill also declares provision shall not be construed to mean licensed vocational nurses are to be considered professional employees for employee representation purposes.

SB 624 - Walsh  
Chapter 735

Makes technical amendments to the Streets and Highways Code.

SB 670 - Behr  
Chapter 736

Makes one of the reasons for which the Department of Motor Vehicles may refuse to issue, or may suspend or revoke a license of a vehicle sales man, that the department is satisfied that the applicant or licensee has violated any of the provisions of a specified chapter of the Vehicle Code, rather than when satisfied that the applicant or licensee has violated a specified section of such chapter.

SB 691 - Song  
Chapter 737

Changes the position and salaries of various officers and attaches of the municipal courts in Los Angeles County.

SB 733 - Collier  
Chapter 738

Authorizes the Department of Parks and Recreation, subject to the approval of the Department of General Services and the State Public Works Board, to purchase at fair market value vacant state school lands under the jurisdiction of the State Lands Commission, and to exchange such lands, on a fair market value basis, for certain lands in Sonoma and Mendocino Counties.

SB 784 - Song  
Chapter 739

Changes the amount of the special assessment levied with respect to an offense involving a violation of the Vehicle Code or of a city or county ordinance from \$.50 for every \$20 to \$.50 for every fine imposed and collected by a municipal court conducting a night session. The bill requires that the amount of the assessment, which is deposited in the municipal court night session fund, be expended for maintaining municipal courts which have night sessions for traffic offenses, rather than merely authorizing such expenditure.

SB 821 - Mills  
Chapter 740

Provides funding for bicycle and pedestrian facilities out of the funds derived from the sales tax on gasoline. The bill requires two percent of the money remaining after planning and administration to be made available for pedestrian and bicycle facilities unless the transportation planning agency finds that such money can be better used for public transit purposes or for local road purposes.

SB 828 - Walsh  
Chapter 741

Prohibits, on and after January 1, 1975, any person from selling or offering for sale an inner tube for use in a radial tire unless the tube valve stem is distinctively marked. The bill also prohibits any person from installing an inner tube in a radial tire unless the inner tube is designed for use in a radial tire.

- SB 854 - Marler  
Chapter 742
- Recodifies the parts of the Teachers' Retirement Law that control the manner in which districts and other employing agencies make reports and submit contributions to the STRS. It provides a uniform penalty for the late submission of reports members' and employers' contributions. It requires the annual state contribution to the Teachers' Retirement Fund to be paid in equal monthly installments.
- SB 869 - Deukmejian  
Chapter 743
- Authorizes the State Oil and Gas Supervisor to undertake such actions as he deems necessary to protect life, health, property, or natural resources with respect to the regulation of oil or gas operations if he determines that an emergency exists.
- SB 902 - Bradley  
Chapter 744
- Authorizes the State Banking Department to regulate any acquisition of control of an existing state bank.
- SB 905 - Way  
Chapter 745
- Requires the Director of Food and Agriculture to establish labeling requirements for nutritional contents and dietary values of milk products and products resembling milk products to be followed by a manufacturer if he uses nutritional dietary values labeling. Governor Ronald Reagan today urged California parents to join forces with health organizations in supporting Immunization Action Month in October.

"Mrs. Reagan and I feel that parents of young preschool children, especially, should take part in this national effort to control infectious diseases that can cripple or destroy," the governor said.

"We are pleased that the state Health Department's Advisory Group on Immunization Action Month has asked Nancy to be honorary chairman of the campaign in California. She will appeal directly to mothers of young children, through television and radio announcements, to see their own doctor or to visit a local health department immunization clinic."

The governor said the U.S. Center for Disease Control is coordinating a nationwide drive in October to raise community levels of immunization against polio, measles, rubella (German measles), diphtheria, tetanus and pertussis (whooping cough). In California more than half of the preschoolers have not been immunized against rubella.

"President Nixon and Casper Weinberger, his top health official have directed the Center for Disease Control to begin a continuing drive against crippling childhood diseases," Governor Reagan said.

"The first phase will include emphasis on adequate polio immunization because so many young parents are not fully aware of how dangerous and costly this disease can be. About 27 percent of California children aged 1 to 4 are not protected against polio, and I suspect this is because many parents are unaware that we could have epidemics here again."

Parents who cannot afford full private medical care for their children may go to a local health department immunization clinic, where the charge is nominal or will be waived entirely.

The national and state drives will continue during the remainder of 1973 and in 1974.

The governor said a survey conducted by the state Department of Health this summer showed:

--About 29 percent of California children under 1 and 26 percent aged 1-4 are inadequately protected against diphtheria, tetanus and whooping cough.

--About 33 percent of the 1-4 year-old youngsters have not had measles or received measles vaccine.

--More than 50 percent of children 1-4 are not immunized against rubella.

California has approximately 1.3 million children aged 1-4. Governor Reagan noted that state law requires as a condition of first admission to public or private schools that students be immunized against polio, measles, diphtheria, tetanus and whooping cough. There are certain exceptions to the law, including religious beliefs that would be in conflict with immunization practices.

Governor Ronald Reagan announced today that he has signed the following bills:

- AB 15 - Wood  
Chapter 770
- Makes it unlawful to fly any aircraft, including airplanes or helicopters, at altitudes less than 3,000 feet above the Sespe Condor Sanctuary, and at altitudes less than 1,000 feet above the Ano Nuevo State Reserve, the Farallon Islands Game Refuge, the Point Lobos State Reserve, the California Sea Otter Game Refuge, and Anacapa, San Miguel, Santa Barbara and San Nicolas Islands. Exceptions are made for rescue operations, emergencies and for scientific purposes under permits issued by the department. Provision also is made for the landing of aircraft on islands for administrative or operational purposes.
- AB 183 - Z'berg  
Chapter 771
- Amends the Budget Act of 1973 to expand the purpose for which the appropriation contained in subdivision (a) of Item 379 thereof may be expended for the Stanford Home to include state park system development in addition to land acquisition.
- AB 200 - Deddeh  
Chapter 772
- Prohibits discrimination in the issuance and cancellation of property insurance, other than automobile and workmen's compensation, on account of marital status, sex, race, color, religion, national origin or ancestry. The bill prohibits consideration of sex, race, color, religion, national origin or ancestry as factors to increase rates.
- AB 342 - Bagley  
Chapter 773
- Requires policies of insurance (except automobile insurance) covering personal property to use specified valuation of property, if valuation has been placed on specific items of property by the insurer and is used for specified purposes, in case of loss or damage to property, unless a different method of loss valuation is used by the insurer, in which case such different method must be set forth in a specified manner in the policy and in the application therefor.
- AB 392 - Townsend  
Chapter 774
- Makes it unlawful for any person to disconnect, turn back, advance, or reset the odometer of any motor vehicle with the intent to alter, rather than with the intent to reduce, the number of miles indicated on the odometer. The bill also deletes the requirement that the registration cards and potential registration cards issued by the Department of Motor Vehicles include a space to show the mileage on the vehicle odometer.
- AB 419 - Cory  
Chapter 775
- Extends indefinitely the provisions authorizing the Department of Fish and Game to permit the use of domesticated game birds for organizational dog field trials between April 1 and June 30 under the Fish and Game Commission regulations.
- AB 283 - Thurman  
Chapter 776
- Changes salary ranges and positions of various court attaches in the Modesto Municipal Court.
- AB 444 - Thurman  
Chapter 777
- Requires, if the assessed value of the real property within the area withdrawn from a fire protection district represents 1 percent, rather than 1/2 of 1 percent, or less, of the total assessed value of the real property with the district prior to the withdrawal, that all of the property and assets be retained by the district. The bill requires, if the assessed value of the real property within the area withdrawn exceeds such amount and not mutually agreeable basis for the distribution of the property and assets of the district is reached within a six-month period, that the local agency formation commission determine the basis for the distribution of the property and assets between the district and the city.

- AB 461 - Boatwright  
Chapter 778 Provides that if anyone kills a cat or dog, or possesses, imports into this state, sells, buys, gives away, or accepts any dog or cat for the purpose of selling or giving away the pelt or any other part of such animal, is guilty of a misdemeanor.
- AB 518 - Cory  
Chapter 779 Authorizes a county board of supervisors to provide for testing of individuals upon their request to determine their actual or potential levels of educational achievement and job capabilities.
- AB 579 - Badham  
Chapter 780 Changes the period in which the Real Estate Commissioner has jurisdiction over material changes in management documents relating to community-interest type of subdivisions and provides for the inclusion of undivided interest subdivisions within the law as it is sought to be amended. The bill retains the provisions of the existing law as to those community-interest type subdivisions which are also classified as land projects.
- AB 597 - Fong  
Chapter 781 Appropriates \$10,000 to the Department of Rehabilitation to be made available to the Orientation Center for the Blind to hire personnel to arrange for the repair and maintenance of and to distribute and maintain accountability for talking book machines.
- AB 609 - Kapiloff  
Chapter 782 Authorizes the county assessor as well as the applicant to initiate an exchange of information regarding property values in a county equalization hearing where the assessed value of the property involved exceeds \$25,000.
- AB 631 - Ralph  
Chapter 783 Provides for the issuance of a California wine-grower's agent's license, and specifies the authority granted by such a license. The bill requires an additional fee to be paid by such licensee in support of specified enforcement functions relating to fair trade contracts, price posting, and tied-house restrictions.
- AB 662 - Keene  
Chapter 784 Authorizes the legislative body of a city, by an affirmative vote of the majority, rather than four-fifths, of its members, to override objections and protests to the construction, under the Improvement Act of 1911, of sidewalks and curbs on lots fronting public streets, if such construction is requested by a petition which is signed by the owners of more than 60 percent of the lots fronting the proposed construction and which is filed with the city clerk.
- AB 702 - Wilson  
Chapter 785 Requires that owners of designated mobilehome parks and similar facilities not condition residency on mandatory relocation of mobilehome in the event of resale to third party during term of lease, or renewal or extension thereof. The bill permits owner of a mobilehome park to require specified mobilehomes to be removed from the park in order to upgrade the park's quality.
- AB 709 - Kapiloff  
Chapter 786 Authorizes a county assessor to assess jointly both the lessee and lessor of taxable property on the unsecured roll which is the subject of a lease. The bill requires that notices of assessment and tax bills relating to jointly assessed property on the unsecured roll shall be mailed to both the lessee and the lessor at their latest addresses known to the assessor.
- AB 778 - Wilson  
Chapter 787 Increases the exemption from attachment and execution for a housetrailer from \$9,500 to \$15,000 over and above all liens and encumbrances.

AB 811 - Deddeh  
Chapter 788

Prohibits, with certain exceptions, an insurance company from canceling or refusing to renew a motor vehicle liability insurance policy covering the drivers employed by a commercial business establishment or executing an agreement of noncoverage as to designated drivers, on the basis of the driving record of any of the drivers while operating vehicles other than those they were hired to drive.

AB 865 - Ingalls  
Chapter 789

Provides for recalculation of disability retirement allowance of members of the State Teachers' Retirement System who applied for a disability allowance to be effective during July, August or September 1972 and who meet specified age and service requirements.

AB 866 - Chappie  
Chapter 790

Increases the existing Revolving Loan Fund for financial assistance to recipients of Aid to the Blind from \$35,000 to \$70,000. The bill also increases the maximum loan to a recipient from \$5,000 to \$10,000.

AB 868 - Chappie  
Chapter 791

Authorizes the Department of Parks and Recreation to adopt standard design and detail for registered historical landmark markers and plaques. The bill provides that any person who maliciously or for commercial purposes, or contrary to department rules, uses or allows to be used any reproduction or facsimile of such standard marker or plaque in any manner is guilty of a misdemeanor.

AB 940 - Sieroty  
Chapter 792

Designates the saber-toothed cat (*Smilodon californicus*) as the official State Fossil.

AB 952 - Murphy  
Chapter 793

Provides that whenever an indebtedness created by a retail installment contract is satisfied, prior to its maturity through surrender of the collateral, repossession and resale of the collateral, or judgment for the contract amount, the buyer is entitled to a refund credit of the unearned finance charge. The bill specifies that provisions relating to payment or satisfaction of retail installment contract debt before maturity and refund credits do not preclude collection or retention of delinquency charges.

AB 954 - MacGillivray  
Chapter 794

Permits university fireman to transfer from the Public Employees' Retirement System to the University of California Retirement System. Appropriates \$8,000 to the Regents of the University of California from the General Fund.

AB 961 - Dunlap  
Chapter 795

Adds procedures to the Health and Safety Code whereby a county providing court proceedings for a writ of habeas corpus action filed by a mentally retarded person in a state hospital may be reimbursed by the county of residence. Where the county of residence cannot be determined the legislation provides for reimbursement by the county in which the person was originally detained.

AB 972 - Briggs  
Chapter 796

Permits industrial loan companies and personal property brokers, as an alternative, to compute interest rates due on different portions of the unpaid principal balances as a single interest rate.

AB 978 - Chappie  
Chapter 797

Authorizes the filing of a duly authenticated abstract of judgment as an alternative to making execution on property of the person or estate ordered to make payments for certain costs incurred in connection with juvenile court proceedings.

- AB 979 - Deddeh  
Chapter 798 Limits loans by savings and loan associations on residential real property repairs, alterations, improvement, or equipment to \$10,000, rather than \$5,000, per loan.
- AB 989 - Russell  
Chapter 799 Authorizes the director of general services, with the approval of the State Public Works Board, to dispose of certain real property no longer needed by the state.
- AB 1013 - Hayden  
Chapter 800 Sets forth the form for the heading of proposed statewide initiative measures.
- AB 1035 - Beverly  
Chapter 801 Changes the number and salary of various clerks and officers of the municipal court districts established in Los Angeles County.
- AB 1074 - Deddeh  
Chapter 802 Requires the State Air Resources Board to establish standards for accrediting exhaust emission devices which achieve a reduction of the emission of hydrocarbons, carbon monoxide, and oxides of nitrogen from the exhaust of a motor vehicle substantially below the standards for any two pollutants set forth in, or established pursuant to, specified provisions of the Health and Safety Code.
- AB 1094 - Z'berg  
Chapter 803 Repeals provisions of the Harbors and Navigation Code, the Public Utilities Code, and the Vehicle Code, which limit the liability to guests, as specified, with respect to a right of action for civil damages, when riding in any vessel upon the waters of this state, in or upon any aircraft, and in any vehicle upon a highway.
- AB 1158 - Berman  
Chapter 804 Authorizes counties to license persons meeting specified qualifications to solemnize marriages under designated conditions.
- AB 1164 - McAlister  
Chapter 805 Corrects Education Code provisions relating to the reporting of interdistrict attendance, the payment of tuition in interdistrict attendance agreements, and the procedures for including interdistrict tuition payments in the revenue limit calculations. The bill also restores the appropriation to the Department of Education for the administration of the Early Childhood Education program.
- AB 1179 - Fong  
Chapter 806 Creates a Population Research Unit in the Department of Finance. The bill provides that the purposes of the unit include providing adequate demographic data to aid effective state and local planning and policy making, serving all levels of government and the private sector as the centralized state source of demographic data, and assuring equitable classification of cities and counties according to population for distribution of funds and tax rate limits.
- AB 1205 - Murphy  
Chapter 807 Provides that the mobilehome warranty of a dealer or manufacturer shall be a separate written document, shall be delivered to the buyer by the dealer at the time of signing a contract of sale, and shall contain, but is not limited to, specified additional information regarding the buyer's rights and duties under the warranty.
- AB 1212 - Nimmo  
Chapter 808 Extends for one year to December 31, 1974, the authority to pay the cost of replacing personal tools or other equipment required for a state employee's work when stolen from the jobsite without fault of the employee.
- AB 1256 - Quimby  
Chapter 809 Revises the provision regulating winetasting activities by persons who hold a winegrower's license to exclude therefrom a winegrower who meets certain specified requirements, including having engaged in such activities prior to July 1, 1970.

AB 1277 - Cullen  
Chapter 810

requires justice, municipal, and superior court judges to jointly adopt bail schedules for all bailable felony offenses.

AB 1333 - Deddeh  
Chapter 811

Increases the number of positions and provides salary increases for various officers, attaches, and employees of the San Diego Municipal Court.

AB 1336 - Deddeh  
Chapter 812

Permits transit operators to increase the amount of temporary borrowing for short-term expenses.

AB 1363 - Foran  
Chapter 813

Allows the University of California to receive funds under the Mills-Alquist-Deddeh Act for the operation of a public transportation service where such a system has been in operation since at least January 1, 1971.

SB 1266 - Alquist  
Chapter 762

Amends the California Emergency Services Act so that the owner of a qualifying dam is only required to submit one inundation map showing the potential flood zone which could result from a failure of the dam at full capacity. The bill permits the owner to also file maps showing potential flooding when the reservoir is at median and normally low storage levels if the owner determines such filing desirable.

Governor Ronald Reagan today also announced the following bills have been vetoed:

AB 984 - Dixon

Amends the County Employees Retirement Law of 1937 to increase retirement allowances and to permit retirement at age 47 rather than age 50, if these provisions are adopted by resolution of the board of supervisors.

REASON FOR VETO:

"No compelling reason has been advanced to support the minimum retirement age proposed by this bill. The existing minimum retirement age is one of the most liberal among public retirement plans in California.

"Accordingly, I am returning the bill unsigned."

AB 38 - Chappie

Makes applicable to school districts generally, rather than only community college districts, the exemption from requirement for voter approval of school district transactions for the lease or lease-purchase of school buildings and facilities, in cases in which the proposed transaction would not effect an increase in the districts' maximum permissible tax rate.

REASON FOR VETO:

"I am vetoing this bill because I feel that long term commitments of public tax revenues should have the approval of the voters. If local taxpayers see fit to vote down a proposal to build a new school unit in their area, then I see no justification in the legislature overriding that decision.

"Accordingly, I am returning the bill unsigned."

AB 471 - Duffy

Appropriates \$200,000 to the Board of Governors of the California Community Colleges to establish, administer, and operate training programs for psychiatric technicians.

REASON FOR VETO:

"The state is now providing Community Colleges with more than \$245 million annually, including \$65 million in new funds this year. I feel this bill is no longer financially necessary. The Community Colleges will have sufficient funds to augment or develop vocational and occupational courses such as the psychiatric technician program proposed in this measure.

"Accordingly, I am returning this bill unsigned."

AB 693 - Keene

Requires the Director of Health to establish a two-year community dental clinic pilot program in Mendocino County. The bill appropriates \$28,000 for such program.

REASON FOR VETO:

"Providing direct and general dental services at the taxpayers' expense is contrary to this administration's policy. At the present time the state provides emergency dental services to needy persons and their families through the Medi-Cal program. In addition, the federal government provides these services to other persons through Medi-Care and similar programs.

"Accordingly, I am returning the bill unsigned."

AB 1860 - Fenton

Enables a municipal court judge to elect, within 90 days of the first term of office or the effective date of the act, to enroll in a health benefit program under the Meyers-Geddes Act.

REASON FOR VETO:

"The precedent established by AB 1860 could open the door to enrollment in the state program by other employee classifications providing specialized treatment for certain employees and not authorizing the same health benefits for all employees.

"Accordingly, I am returning the bill unsigned."

SB 196 - Grunsky

Provides for continuation of part of a retirement allowance to spouse, child or dependent parents after death of state miscellaneous and school members of the Public Employees' Retirement System.

REASON FOR VETO:

"I recognize that this measure would provide a valuable employee benefit. However, it would be premature to sign the bill at this time. An omnibus bill, covering all state employee benefits, including retirement benefits, will be introduced in the legislature early next year.

"Accordingly, I am returning the bill unsigned."

SB 526 - Grunsky

Includes agents of the Law Enforcement Liaison Unit of the Department of Corrections in the classification of a peace officer and authorizes such agents to possess and carry tear gas weapons.

REASON FOR VETO:

"I am vetoing this bill at the author's request. He has advised me that the bill is technically deficient.

"Accordingly, I am returning the bill unsigned."

SB 613 - Grunsky

Specifies that school district governing board compliance with requirement of availing itself of the advice of specified certificated instructional personnel regarding evaluation and assessment guidelines and procedures shall be pursuant to the Winton Act.

REASON FOR VETO:

"Senate Bill 613 does not address itself to the question of whether or not a complete renegotiation of all such guidelines in every school district would be required. In this area, the bill is both deficient and ambiguous and would cause unnecessary renegotiation expense and litigation in many school districts. Accordingly I am returning the bill unsigned."

Governor Reagan today signed AB 799 with the following reduction.

AB 799 - Badham: - Revises various provisions of the Community Advisers Law which is retitled as the California Commodity Law. The bill also imposes various new duties on Commissioner of Corporations relating to the regulation of commodities transactions.

REDUCTION: "I am reducing the appropriation contained in Section 47 of Assembly Bill No. 799 from \$111,283 to \$86,033. The appropriation contained in this bill was computed on a full-year basis. It has been reduced to reflect that portion of the 1973-74 fiscal year when the bill will be in effect. With the above reduction, I approve AB 799."

Governor Ronald Reagan today announced the following bills have been signed:

- AB 1405 - Cory  
Chapter 814  
Authorizes the Board of Administration of the Public Employees Retirement System to make arrangements with an agency entering into a contract with PERS where the agency maintained a local retirement system to transfer assets over an appropriate period following the contract date if it finds that transfer as of the contract date as now required would not be possible without hardship to the agency because of contractual restrictions on the return of assets held by the carrier under the local system.
- AB 1473 - Dunlap  
Chapter 815  
Excepts fees paid to the state by operators of hazardous waste disposal sites from provision relieving the state and political subdivisions from paying filing and service fees. The bill continuously appropriates funds deposited in the Hazardous Waste Control Account in the General Fund to the Department of Health to carry out specified provisions regarding hazardous waste control.
- AB 1512 - Deddeh  
Chapter 816  
Provides that no escrow shall be required to be established in connection with transfer of an off-sale beer and wine license if a guarantee of payment of claims of licensees' creditors is filed with the Department of Alcoholic Beverage Control by a corporate guarantor having a minimum net worth of five million dollars. The bill provides that such license shall not be transferred by the department until all creditors' claims are paid in full, and the guarantor has filed with the Department a statement, executed under penalty of perjury, that all conditions of the transfer have been satisfied.
- AB 1571 - Warren  
Chapter 817  
Requires notices of default which are curable to contain a specified statement informing the recipient that the mortgage or deed of trust may be reinstated. The bill further requires the statement to contain the name and current address of the beneficiary or mortgagee so that the recipient may contact him for information on: (1) whether reinstatement is possible in specific instance and (2) the amount, if any, which must be paid to cure the default.
- AB 1592 - Cullen  
Chapter 818  
Provides that when the prevailing plaintiff or cross-complainant in a municipal or justice court recovers less than the maximum jurisdictional limit of a small claims court, but could not have brought his action in a small claims court, he shall be awarded the actual cost of the filing fee and service of process, provided that in the case of a prevailing plaintiff, the court is satisfied that prior to commencement of the act he informed the defendant he intended to commence legal action which could result in a judgment against the defendant, including such court costs.
- AB 1593 - Cullen  
Chapter 819  
Provides for the return of retirement contributions made by judges first appointed to the bench after age 70 and prior to January 1, 1972.
- AB 1597 - Murphy  
Chapter 820  
Amends the Therapeutic Abortion Act to provide that it shall not require a nonprofit facility or clinic organized or operated by a religious corporation or other religious organization, and certain personnel and members of the governing board thereof, to permit the performance of an abortion in such facility or clinic or to provide abortion services. The bill exempts such facilities, clinics, and persons from liability for failure or refusal to participate in such an act and provides that such failure shall not be the basis for any disciplinary or other recriminatory action.

AB 1617 - Sieroty Chapter 821 Increases the guarantee fund of Guaranty Corporation from \$1 million to the greater of \$1 million or one half percent of the total outstanding thrift obligations in California.

AB 1626 - Berman Chapter 822 Adds county warrant to the list of negotiable instruments which it is a crime to utter or pass with the intent to defraud. The bill reduces the felony penalty for such crime from not less than one nor more than 14 years to not less than one nor more than 10 years.

AB 1634 - Kapiloff Chapter 823 Authorizes a court to grant visitation rights to children and grandparents of a deceased parent with respect to minor children of the deceased parent on certain conditions.

AB 1641 - Lewis Chapter 824 Specifies that service rendered to the Fontana Unified School District by a specified person shall be deemed to have been rendered as if the person had been properly credentialed for purposes of crediting average daily attendance and validating compensation.

AB 1656 - Chappie Chapter 625 Provides that vehicles which have been issued an off-highway identification plate may be towed upon the highway.

AB 1677 - McAlister Chapter 826 Requires that notary public be a legal resident of this state rather than a citizen of this state who had resided herein for 12 months. The bill also repeals obsolete provisions relating to notaries public.

AB 1679 - McAlister Chapter 827 Exempts from the compulsory continuation education laws regularly employed persons 16 and 17 years old who are attending classes for adults for not less than four clock hours per calendar week.

AB 1683 - McAlister Chapter 828 Repeals Code of Civil Procedures provisions requiring causes of action to be separately stated.

AB 1701 - Thurman Chapter 829 Creates new positions and increases the salary of various staff personnel of the San Joaquin, Manteca-Ripon-Escalon, Tracy, and Stockton Judicial Districts.

AB 1703 - Thurman Chapter 830 Requires the Stockton Port District to be governed by seven, rather than five, commissioners.

AB 1706 - Seeley Chapter 831 Authorizes the use of open outdoor fires to dispose of Russian thistle when authorized by specified public officers.

AB 1733 - Knox Chapter 832 Changes the salary and position of various officers and attaches of the municipal courts in Contra Costa County.

AB 1760 - Lanterman Chapter 833 Changes the title "medical director" for the state hospitals to "clinical director." This bill also changes requirements for clinical director of a hospital for the mentally retarded to allow non-physicians to hold the position.

AB 1798 - Keysor Chapter 834 Requires a county clerk to send a second absent voter ballot to the voter upon receipt of a statement under penalty of perjury from the voter that he has lost or destroyed his absent voter ballot. The bill provides that if the voter attempts to vote more than one absent voter ballot, both ballots shall be void. The bill also requires the county clerk to maintain a record of each absent voter ballot sent to and received from a voter, and shall verify, prior to counting the vote of any second or replacement absent voter ballot, that the voter, according to the record maintained by the clerk, has not voted or attempted to vote more than one absent voter ballot.

AB 1804 - Knox Chapter 835	Requires any person claiming certain permit exemptions to file a claim of such exemption with the San Francisco Bay Conservation and Development Commission.
AB 1849 - Foran Chapter 836	Requires the Air Resources Board to establish criteria for and grants the board the authority to accredit auxiliary gasoline fuel tank evaporative loss control devices or systems.
AB 1865 - Kapiloff Chapter 837 -	Increases the penalty from the present fine of not more than \$500 or imprisonment for not more than six months or both, to a penalty of a fine of not more than \$1,000 or imprisonment for a term not exceeding one year or both for violating provisions prohibiting, with certain exceptions, sale and importation into the state or the taking, possessing or selling within the state of any species or subspecies of animal that the Fish and Game Commission finds is an endangered or rare animal.
AB 1941 - Russell Chapter 838	Creates the state Personnel Board Cooperative Personnel Services Revolving Fund and transfers into it \$125,000 from the General Fund.
AB 1994 - Briggs Chapter 839	Clarifies the separability provision in the Milk Stabilization Laws between the producer price and minimum wholesale and retail prices. The bill also provides for purposes of stabilization and marketing plans for fluid milk that fluid milk includes flavored milk, low-fat milk includes flavored low-fat milk, and fluid skim milk includes flavored nonfat milk.
AB 2012 - Thurman Chapter 840	Requires any irrigation district directors appointed to fill vacancies to run for election in the next succeeding general district election. The bill authorizes an irrigation district which has terminated a plan which provided retirement benefits and has entered into a contract to participate in the Public Employees' Retirement System to adopt a plan to increase retirement benefits, as prescribed, for former employees of a district who had retired prior to provision being made in the contract with the Public Employees' Retirement System for past service credit.
AB 2082 - Kapiloff Chapter 841	Specifies whether certain kinds of mobile equipment pay personal property taxes or the Vehicle License Fee.
AB 2084 - Kapiloff Chapter 842	Provides a more specific reference to the definition of a cooperative housing corporation for purposes of the homeowners' property tax exemption.
AB 2096 - Maddy Chapter 843	Requires each parking authority created under the Parking Law of 1949, at least once annually, to submit a statement of all its financial affairs, audited by independent certified public accountants, to the legislative body of the city, rather than publish the statement in a newspaper of general circulation in the city.
AB 2207 - Z'berg Chapter 844	Permits airport land use commissions to include the area surrounding federal military airports within their planning jurisdiction.
AB 2276 - Russell Chapter 845	Clarifies responsibility of the Department of Human Resources Development and the Department of Industrial Relations in the preparation of statistical reports and authority to require information from employers necessary for preparation of such reports.
AB 2345 - Mobley Chapter 846	Establishes the Mobilehome Revolving Fund in the state Treasury and requires revenues from fees established by the Commission of Housing and Community Development re mobilehomes to be deposited in such fund.

AB 2357 - Waxman  
Chapter 847

Amends the provision of the Penal Code pertaining to the time within which criminal actions must be brought to trial. This bill would require the same 60 day time limit for retrial of a case after the granting of a special writ by an appellate court as is required in the first instance. The bill also provides for a special 90 day time limit in the one particular situation; that is, when the defendant must be taken before a magistrate for a preliminary examination prior to trial in the Superior Court. Also, it specifies that said time commences upon notice of the writ or order being filed in the trial court and its being served upon the prosecuting attorney.

AB 2478 - Murphy  
Chapter 848

Modifies the Evidence Code by extending the prohibition relating to discovery or testimony to the proceedings or records of an organized committee of any nonprofit medical care foundation which is a component or subsidiary of a medical society, when such committee reviews health care services with respect to medical necessity, quality of care, or economic justification of charges or level of care. Exception is made in actions involving a claim of a provider of health care services for payment for such services.

AB 2522 - Foran  
Chapter 849

Permits someone other than the insured-borrower to execute a premium finance agreement, including execution of a power-of-attorney to cancel the insurance on behalf of the insured.

AB 2525 - Lewis  
Chapter 850

Adds the portion of Route 40 from Barstow to Needles to the state Scenic Highway System.

AB 2567 - Thomas  
Chapter 851

Provides that equalization applications filed by appeals board member or alternate member shall be heard before an assessment appeals board panel appointed by order of a superior court judge.

AB 2577 - Waxman  
Chapter 852

Authorizes the governing board of a specified entity, having the power to operate and maintain a sewerage system, to use a specified alternative procedure for levying costs incurred by the entity connecting the premises to the public sewer system.

SB 1316 - Petris  
Chapter 766

Provides for issuance of cease and desist orders by the San Francisco Bay Conservation and Development Commission and its executive director under specified circumstances and provides penalties for violation.

SB 1437 - Beilenson  
Chapter 767

Amends the Funeral Directors and Embalmers Law to permit licensed embalmers to enucleate the eyes of dead persons for purposes of the Uniform Anatomical Gift Act if they have completed a course in this procedure approved by the Board of Medical Examiners.

SB 1447 - Collier  
Chapter 768

Provides for the termination of a contract of a contracting agency of the Public Employees' Retirement System upon merger of its contract with contract of another contracting agency.

SB 1464 - Lagomarsino  
Chapter 769

Authorizes the board of supervisors of counties with a population exceeding 260,000 but not exceeding 290,000 as determined by the 1970 federal census, to appropriate a maximum of \$10,000 to a legal aid society of the county.

Governor Ronald Reagan today announced he has accepted the resignation of his Education Advisor, Dr. Alex C. Sherriffs, who, this afternoon, was named vice chancellor for academic affairs by the board of trustees of the California State University and Colleges.

Dr. Sherriffs, who has been Governor Reagan's chief advisor on education since 1968, will assume his new position October 1, 1973. He succeeds Dr. William B. Langsdorf who is retiring after a 14-year administration career with the 19-campus system.

"I regret that Dr. Sherriffs will be leaving my staff," Governor Reagan said. "I have relied upon his knowledge and expertise on educational affairs almost daily for the past several years and he has done an outstanding job. I am confident he will make a valuable contribution to the administration of our university and college system---particularly to its students and faculty.

Dr. Sherriffs, in a steady and even-handed manner, has been able to explain to such diverse elements as the Department of Finance, the legislature, agency heads, and the public, including this office, the needs and aspirations of the several segments of education, including elementary, secondary and higher education.

"He has done much to bring together those of different views so there could be a common understanding of the important aspects of education today.

"I regret that Alex is leaving Sacramento, but I recognize that this is an excellent opportunity in his chosen profession."

Dr. Sherriffs has been on leave from the University of California at Berkeley since assuming his responsibilities with the governor.

His broad experience includes serving as vice chairman of the Department of Psychology at Berkeley, and the University's vice chancellor for student affairs.

Born in December, 1917, at San Jose, Dr. Sherriffs is a 1939 graduate of Stanford University with a Bachelor's Degree in Economics. He received his Masters and Doctorate Degrees from Stanford in 1941 and 1946, respectively.

His publications in recent years have dealt with issues of relevance in education, changing relationships between the public and campus, and the technical aspects of school finance.

Prior to joining the U.C. Berkeley faculty in 1944, Dr. Sherriffs taught at Stanford and San Jose State College.

Dr. and Mrs. Sherriffs will make their home in Los Angeles.

Governor Ronald Reagan today announced he has signed the following bills:

AB 1342 - Knox Chapter 861	Amends provisions of various codes which permit certain fees or charges to be levied, collected and enforced in the same manner as city and county ad valorem taxes, to protect bona fide purchases and encumbrancers from liens based on the seller's delinquency. It excepts from attachment real property which has been transferred or conveyed to a bona fide purchaser for value, or where a lien of a bona fide encumbrancer for value has been created and attached thereon, prior to the date on which the first installment of county or municipal taxes would become delinquent. In such a case, the unpaid charges would be placed on the unsecured roll for collection.
AB 1374 - Burton Chapter 862	Increases bar pilotage rates for the Bays of San Francisco, San Pablo and Suisun.
SB 219 - Wedworth Chapter 855	Includes inpatient and outpatient podiatric services within the supplemental schedule of Medi-Cal benefits.
SB 486 - Cusanovich Chapter 856	Provides that cost reports and other data for cost reporting periods beginning on January 1, 1972, and thereafter which are submitted by providers of Medi-Cal services to the Department of Health shall be considered true and correct unless audited or reviewed within three years after the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later.
SB 637 - Short Chapter 857	Authorizes cooperation between Stockton Unified School District and other school districts in regional occupational centers and programs. The measure also allows the district to increase their revenue limit by the amount levied in the district by the county superintendent of schools for the support of regional occupational centers and programs.
SB 798 - Bradley Chapter 858	Revises the statutory fees charged by the State Banking Department.
SB 819 - Mills Chapter 859	Authorizes the state, and any city or county, to use for public mass transit guideways specified percentage of motor vehicle fuel tax revenues, and motor vehicle registration and license fees available for highways and guideways, available to it. The bill also specifies that the above provisions are operative only if either SCA 15 or ACA 16 is adopted by the voters. The bill places SCA 15 on June 4th, 1974, direct primary ballot.
SB 1199 - Rodda Chapter 860	Excludes candidates for a single subject instruction credential in designated subjects from the requirements of demonstrating a knowledge of various methods of teaching reading.

Governor Reagan today vetoed the following bills:

AB 390 - Cline	Deletes from the California freeway and expressway system that portion of Route 64 from Route 101 near Hidden Hills to Route 5.
REASON FOR VETO:	"At the present time the Southern California Association of Governments is studying the regional transportation corridors. Included in this study is the portion of Route 64 covered by AB 390. Until completion of this study, it would be poor planning to delete Route 64 from the freeway and expressway system  "Therefore I am returning the bill unsigned."

Provides for the establishment of 20 California Indian Education Centers. Applications to establish a center may be made by any tribal group or incorporated Indian association. Guidelines for selection and administration of the Centers shall be adopted by the State Board of Education. The bill appropriates \$1,600,000 for 1973-74 and 1974-75.

REASON FOR VETO:

"The majority of the services to be provided by the Indian education centers are presently available or may be provided through a number of existing local, state and federal education programs.

"To commit the state to a permanent program of this magnitude without determining if the proposed services cannot be provided by other programs would not be in the taxpayers' best interest.

"Accordingly I am returning the bill unsigned."

Governor Ronald Reagan today announced that Fresno has been selected as the site of the first of five regional workshops attacking alcoholism, venereal disease, drug abuse and dental disease.

Statewide community action forces, called "Strike Forces," are being mobilized under leadership of the Health and Welfare Agency to cut across bureaucratic boundaries in fighting what the governor called the four major family health problems affecting millions of Californians.

The Fresno workshop, bringing together county health and mental health officials, service clubs involved in community action projects, community leaders and interested citizens, will be Saturday, October 13, at the Airport Marina Hotel, 5115 East McKinley Avenue.

Representatives from Fresno, Kings, Inyo, Kern, Madera, Mariposa, Merced, Mono, Stanislaus, Tulare and Tuolumne counties are expected to attend.

E. G. (Jack) Crews of Fresno, an official of Optimists International, is the Fresno Workshop coordinator.

California Secretary of Health and Welfare, Earl Brian, will be the keynote speaker at the workshop. The agenda will include presentations by state officials on each of the four health problems and an outline of the Strike Force master plan by David Winston, assistant Health and Welfare Secretary.

Participants will be involved in identifying specific community problems, defining community action projects, and organizing "grass roots" efforts to treat and prevent the four health problems.

The other four Strike Force Regional Workshops are scheduled for Sacramento, October 27, coordinated by Mrs. Stephen Guensler, California Federation of Women's Clubs, Junior membership; San Diego, November 3, with joint chairmen Dr. Kenneth Forrer and Philip Robinson, Kiwanis International; San Jose, November 10, headed by Dean Skeels, Optimists International; and Los Angeles, November 17, Bob Uda, Jaycees.

(The Strike Force concept was originally announced last February by Secretary Brian. A statewide planning workshop involving service club representatives and state officials was held in Sacramento July 17-18).

Governor Ronald Reagan today announced the following bills have been signed:

- AB 10 - Greene, L.  
Chapter 879 Prohibits an employer from appropriating or sharing tips of employees except to the extent permitted by a valid regulation of the Industrial Welfare Commission. It exempts any employment in which no charge is made through a paycheck for services rendered by an employee if the employee receives the minimum wage.
- AB 55 - Lanterman  
Chapter 867 Specifies that the Motor Vehicle Transportation Tax Account in the Transportation Tax Fund, rather than the state Highway Account in the state Transportation Fund, be the source of funds for school severance aid.
- AB 123 - Deddeh  
Chapter 868 Requires the county assessor in each county to furnish to each local taxing jurisdiction, except school districts, an estimate of the assessed value of property in such jurisdiction for the coming fiscal year. Such estimate is to be made upon request of such jurisdiction and is to be submitted by May 15 of each year.
- AB 162 - Briggs  
Chapter 869 Revises testing procedures for milk fat and solids not fat delivered by producers to distributors. The change in the procedure would require daily testing of bulk milk for fat and skimmed milk components rather than the present system which permits a composite sample to be collected for as long as an eight-day period and the testing based on such composite sample.
- AB 227 - Z'berg  
Chapter 880 Enacts the "Z'berg-Nejedly Forest Practice Act of 1973" to govern forest practices.
- AB 292 - Greene, B.  
Chapter 881 Excludes service by a person as an instructor in classes at regional occupational centers or programs in computing the service required as a prerequisite to attainment of classification as a permanent employee of a school district. The bill provides that it has no application to regularly credentialed teachers subsequently assigned as instructors in regional occupational centers or programs nor regional occupational center teachers classified as permanent or probationary at the time this act becomes effective.
- AB 320 - Knox  
Chapter 870 Enacts the Tax Preparers Act providing for registration bonding and regulation by the Department of Consumer Affairs of persons who, for a fee, assist with or prepare income or franchise tax returns for others.
- AB 371 - Chappie  
Chapter 871 Authorizes Air Pollution Control Districts to establish rules and regulations to govern such open burning, to review each proposed burn, and to delegate the authority of permitting such a burn to the air pollution control officer.
- AB 372 - Brown  
Chapter 872 Provides for California High School equivalency certificates to be issued to specified persons upon successful completion of general educational development test.
- AB 440 - Murphy  
Chapter 882 Deletes from the California Freeway and Expressway System that portion of Route 17 from Granite Creek Road near Scott's Valley to the south city limits of Los Gatos.
- AB 684 - Moretti  
Chapter 883 Requires each pharmacy in the state, except one located in a licensed hospital and accessible only to hospital medical staff and personnel, to post on its premises in a place conspicuous to customers a list provided by the Board of Pharmacy of the 100 prescription drugs most frequently sold in the state, and the professional services and nonprofessional convenience services associated with the dispensing of drugs as specified by the board.

- AB 785 - Russell  
Chapter 884 Requires state agencies to provide for the maintenance of surplus real property for up to one year, where such surplus property requires annual maintenance costing in excess of \$50,000 from the date notification is made to the Department of General Services to request the legislature to declare such property surplus or until sold. The bill provides for agency notification to the department to request the legislature to declare property surplus while the property is still in use.
- AB 790 - Garcia  
Chapter 885 Requires recruitment and appointment, under specified conditions, of bilingual deputy registrars of voters and election officials. Requires clerk to make public a list of precincts to which such officials were appointed, and prohibits communications in foreign languages which would be unlawful in English. The bill also deletes the requirement that all proceedings at the polls be in English.
- AB 962 - Dunlap  
Chapter 886 Permits surplus state property which is to be used for park or recreation purposes and operated by local agencies at no expense to the state, to be sold to local agencies at fair market value or lesser value, if in the public interest, rather than at 50 percent of such value, under specified conditions.
- AB 1422 - Chappie  
Chapter 873 Makes various clarifying amendments of the Geologists and Geophysicists Act concerning license qualifications, disciplinary grounds, and designated of geographical areas from which board members are appointed.
- AB 1427 - Chappie  
Chapter 874 Provides for collection of certain delinquent water and sewer service fees or charges in the same manner as property taxes.
- AB 1506 - MacGillivray  
Chapter 875 Makes changes in the salaries, job titles, and number of municipal court personnel in Santa Barbara County.
- AB 1557 - Burton  
Chapter 887 Authorizes the Department of General Services to contract for no more than 100 toll free lease lines to provide access by the public and local governmental entities to state agencies located in Sacramento.
- AB 1847 - Duffy  
Chapter 888 Revises provisions governing program of state loans for medical students to increase the number of loans, permit second-year medical students to qualify for such loans, and specify that loans are repayable to the Contingent Fund of the Board of Medical Examiners.
- AB 1912 - Cullen  
Chapter 876 Specifies that all records of the Department of Motor Vehicles which relate to convictions of any offense involving the use and possession of narcotics under specified provisions of the Health and Safety Code not arising from circumstances involving a motor vehicle are confidential and not open to public inspection.
- SB 501 - Deukmejian  
Chapter 863 Changes the name of the State Board of Dry Cleaners to State Board of Fabric Care. The bill authorizes the board to expend not more than \$25,000 in fiscal years 1973-74 and 1974-75 for research and dissemination of information on the ecological and environmental effect of dry cleaning processes and operations relating to drycleaning establishments.
- SB 868 - Deukmejian  
Chapter 864 Authorizes the state Oil and Gas Supervisor, pursuant to rules and regulations and after public hearing; to determine that specified reasons exist with respect to the development of a pool, discovered after the effective date of this act for the production of oil or gas which require a special well spacing pattern and, on the basis of such determination, adopt a special well-spacing pattern to apply to a designated pool.

SB 914 - Coombs  
Chapter 865

Makes the crime of failure to deliver title documents to a purchaser, or failure to surrender cancelled, suspended or revoked title to the Department of Motor Vehicles, a misdemeanor rather than an infraction.

SB 999 - Wedworth  
Chapter 866

Grants to the surviving spouse of a member of the state Teachers' Retirement System who dies before July 6, 1972, the right to elect, under certain conditions, to receive benefits granted by such system on June 30, 1973.

Governor Ronald Reagan today also announced the following bills have been vetoed:

AB 120 - Arnett

Changes the definition of "household" for the purposes of the Senior Citizens Property Tax Assistance Law to include only the owners and their spouses living in the home.

REASON FOR VETO:

"This redefinition of household is broad enough to increase the cost of the Senior Citizens Property Tax Assistance Program by \$3 million. While changes in the definition of 'household' may be appropriate, I am sure the particular problem that the author was intending to resolve can be met at significantly less cost to the state.

"Accordingly, I am returning the bill unsigned."

AB 122 Vasconcellos

Permits the governing board of any school district or any county superintendent of schools to maintain classes on Saturday or Sunday. Attendance would be voluntary and classes offered must be offered during the week.

REASON FOR VETO:

"I am vetoing this bill at the request of the author. He has advised me that the bill requires further amendment.

"Accordingly, I am returning the bill unsigned."

AB 235 - Papan

Eliminates the prohibition against granting Senior Citizens Property Tax Assistance to welfare recipients

REASON FOR VETO:

"I have recently signed Senate Bill 582, which makes aged, blind, and disabled recipients eligible to receive a special needs payment of up to \$500 per year to help pay their property taxes. Thus the property tax needs of these recipients will continue to be met until the policies addressed by this bill are reviewed more thoroughly.

"Accordingly, I am returning the bill unsigned."

AB 1801 - Keysor

Requires, rather than permits, a school district, which has been so authorized by an employee, to make deductions from salary of a certificated employee for organizational dues. The bill provides that any revocation of a written authorization to make such deductions shall be in writing and shall be effective commencing with the next pay period.

REASON FOR VETO:

"The decision as to whether deductions are made for professional organization dues properly rests with the local school district. There is no compelling need for the state to compel districts to make such deductions.

"Accordingly, I am returning the bill unsigned."

AB 2353 - Karabian includes as an employer who is required to pay costs of a driver's license physical examination of an employee, any county with a population of over 4,000,000 and political subdivisions therein.

REASON FOR VETO: "AB 2353 can be construed to limit the application of Section 231 of the Labor Code to only cities within Los Angeles County. For this reason, I believe the bill is technically deficient.

"Accordingly, I am returning the bill unsigned."

SB 1044 - Dills Creates a new district agricultural association designated as the 54th District and to be known as the Watts Industrial Fair. This fair is in the Watts area in Los Angeles and the district is carved out of the existing 48th District.

REASON FOR VETO: "The creation of this new fair could result in an undetermined shift in capital outlay funds from existing fairs. I am not satisfied with the rationale surrounding the need for another fair within Los Angeles County.

"Accordingly, I am returning the bill unsigned."

SB 1067 - Zenovich Requires a distilled spirits manufacturer, as well as a retailer, who performs the functions of a wholesaler, to comply with provisions of Alcoholic Beverage Control Act applicable to holder of a distilled spirits wholesaler's license. The bill limits such functions to include only act of selling to retailers

REASON FOR VETO: "This in essence would mean that distilled spirits rectifiers and manufacturers would be required to change their method of operation with regard to sales to retailers. The end result of such a change in law would be that the consumer price of private label or "store brand" distilled spirits will be increased.

"In addition, it is possible that this legislation might force some distilled spirits rectifiers to totally eliminate their sales to retailers. This again leads me to question whether this would benefit the consuming public.

"Accordingly, I am returning the bill unsigned."

Governor Ronald Reagan today signed SB 753 with the following deletion.

SB 753 - Alquist Chapter 877 Requires the state Architect to develop and apply energy conservation standards for the design of new state buildings, and declares that the policy of the state shall be to make the conservation of energy resources a prime consideration in the design of state buildings.

DELETION: "I am deleting the \$20,000 appropriation contained in Section 3 of Senate Bill No. 753.

"I am advised that federal funds are available to implement the provisions of this bill.

"With the above deletion, I approve Senate Bill 753."

Governor Ronald Reagan today announced the reappointment of former Assemblyman Carl A. Britschgi to a four-year term as a member of the Unemployment Insurance Appeals Board.

The appointment requires confirmation by the state Senate.

Britschgi, 61-year-old Republican, represented the 26th Assembly District in San Mateo County for more than 14 years. He was first elected to the Assembly in 1956 after serving as a park and recreation commissioner and a city councilman and mayor of Redwood City.

He was first appointed to the Unemployment Insurance Appeals Board in June 1971.

Britschgi and his wife June make their home at 11 Cove Court in Sacramento. The post pays an annual salary of \$28,875.

Governor Ronald Reagan today announced the reappointment of John H. Stevens of Wrightwood and the appointment of Edwin A. Kujawa of Coronado as members of the Narcotic Addict Evaluation Authority.

Stevens, a 49-year-old Democrat, has been a member of the Authority since January 1968. He is a veteran member of the California Youth Authority. He was selected to be the Authority's first narcotic control parole agent in 1960 and has specialized in the treatment, training, education, rehabilitation and control of narcotics offenders. His term will expire January 15, 1977.

Kujawa, 52-year-old Republican, fills the vacancy created by the resignation of Paul T. Shirley of Santa Cruz. His term will expire January 15, 1974.

A retired lieutenant commander with the U.S. Navy, Kujawa is a design engineer and has been employed by the International Harvester Company in San Diego, and the Lockheed Aircraft Corporation in Burbank.

He attended St. Mary's College in Winona, Minnesota and is a graduate of the U.S. School of Naval Justice at Port Hueneme.

Members of the Narcotic Addict Evaluation Authority receive an annual salary of \$12,568.50.

Governor Ronald Reagan announced today that "Employ the Handicapped Month" will be observed in California throughout the month of October.

The purpose of the month-long observance, he said, is to acquaint employers with the availability of job-ready handicapped persons.

"We feel," the governor said, "the employment of these worthy members of our population is deserving of more time and emphasis than the annual one week special emphasis we have given to it in past years."

Governor Reagan has directed Earl Brian, secretary of Health and Welfare, to spearhead the observance.

Two Health and Welfare departments, the Departments of Rehabilitation and Human Resources Development (HRD), placed over 30,000 handicapped persons in jobs last year.

California's total labor force consists of over 9,000,000 persons, both non-handicapped and handicapped. Of this number about 600,000 handicapped men and women are working. But there are 190,000 other handicapped persons not in the labor force who are able and want to work, the governor noted.

"People who employ the handicapped in business, industry and other fields testify that employing job-ready handicapped persons in suitable jobs is good business," Governor Reagan said.

Governor Ronald Reagan today announced the creation of a State Energy Planning Council, chaired by Lieutenant Governor Ed Reinecke.

The council is the outgrowth of administrative study regarding the utilization and conservation of the state's energy resources.

Also serving on the council will be: state agency secretaries; executive assistant to the governor; president of the Public Utilities Commission; the director of the Office of Planning and Research; and the director of the Office of Science and Technology.

The council will be advisory to Governor Reagan. It will coordinate all state activities regarding energy resources, monitor the status of energy problems and solutions, and formulate and recommend to the governor policy alternatives and actions.

The council will also coordinate a program of research and development of energy resources, review and make recommendations on legislation, propose new legislation regarding energy matters, and develop plans for the most effective use of available energy resources in emergency situations.

The Energy Planning Council is one result of the State Energy Workshop, held last spring and chaired by Reinecke. One recommendation of that workshop was that the state take action to play a more active role in relation to energy matters.

Governor Ronald Reagan today announced he has signed the following bills:

SB 281 - Grunsky      Appropriates \$145,300 to Department of Education  
Chapter 878           for the establishment and maintenance of a unit of  
the state library to furnish library services to the  
blind and the physically handicapped persons.

Governor Ronald Reagan today vetoed the following bills:

AB 1447 - Keene      Amends Section 601 of the Welfare and Institutions  
Code by amending the language which would give the  
juvenile court jurisdiction over any person under  
the age of 13 years who "by his own actions is in  
danger of leading an idle, dissolute, lewd, or immoral  
life."

REASON FOR VETO:    "There is ample reason for the juvenile court to  
retain jurisdiction over youths who are in danger  
of ruining their lives. In many cases, the court can  
provide the necessary guidance and protection that  
most youths require.

"Moreover, this bill neglects to consider the  
existence of Penal Code section 272, prohibiting  
acts which contribute to the delinquency of minors.  
It would appear that the prosecution of adults for  
acts which would place a minor in a delinquency  
situation would be rendered impossible under this bill

"Accordingly, I am returning the bill unsigned."

SB 411 - Rodda      Increases the maximum number of college opportunity  
grants for fiscal years 1974-75, 1975-76, and 1976-77  
from 2,000 to 3,000.

REASON FOR VETO:    "There is probably no area to which this administration  
has given greater impetus than to the field of  
scholarships. The number of available state  
scholarships has increased dramatically over the past  
six years. The budget for the current year substan-  
tially increases the availability of grants for low  
income students under the EOP program and opens it,  
for the first time, to upper division students.

"Accordingly, I am returning the bill unsigned."
