# Memorandum

To : Governor Reagan

Date : November 14, 1969

Subject: Backgrounder for opening session of Environmental Conference, Monday, November 18, at 9:00 a.m., Coconut Grove, Ambassador Hotel, Los Angeles

From : Tom Ellick

You will be introduced by Robert H. Gerdes. You know him as Bob. Gerdes is Chairman of the Board of Pacific Gas and Electric Company, San Francisco. Gerdes is one of the co-chairmen you appointed for the Conference.

Others at the platform who you should recognize will be:

Lt. General Victor H. Krulak (USMC Ret.) He is president of the Copley News Service, San Diego. He is your other co-chairman of the conference. He likes to be called General and has met you on several occasions.

Secretary of Interior Walter Hickel

Dennis Day, who will sing the "Star Spangled Banner" and "This Land Is My Land"

Ike Livermore, Secretary for Resources

Mayor Sam Yorty who will precede you with a "few words" of greetings. (We have given him 7 minutes)

The Reverend White who will give the invocation

Lt. Governor Ed Reinecke

(Bill Mott will be sitting in the audience. Please recognize him for his work. He and Ike Livermore are the leaders of this conference project)

The morning schedule is very tight because of the four concurrent panels which must begin as closely to 10:00 a.m. as possible. You are scheduled to go on at 9:20 a.m.

After your speech you are scheduled for a "drop-in" on each of the four panels: People and Air; People and Water, People and Land, and People and Urban Society (see attached press release for panel members)

page 2

These panels will be running concurrently throughout the two-day conference and are comprised of individuals representing every degree of shading in the environmental spectrum. Each panel is being presided over by a very firm moderator.

The press, panel moderators and panel members will all be advised of your dropping in.

It is suggested that you emphasize -- as you are recognized in each of the panel rooms -- that you came to listen to the discussions in these panels as did your staff members who will be covering all of the events during the full two days. And -- as you will have mentioned in your address -- you are looking for creative, workable solutions to our environmental problems from these panels.
