Gov. Ronald Reagan,

Dear Sir: -

Thanks for offering the
C. R. S. A. I think they are a Franken-

the poor. Keep up the good work.

Dear Governor Reagan:

Since attorneys in Santa Clara County are being circularized to write in report for the continuance of the California Rural Legal Assistance program for the next year, I wish to state my opposition to the continuance of such program.

The matters which I see it handling in court and read about in the local newspapers serve very little social purpose for the money being spent. Most of the litigation seems to be of the "stirred-up" type which used to be proscribed as "maintenance and barratry."

Very truly yours,

Dear Governor Reagan:

I understand that you will soon be approving or disapproving the budget for the C. R. L. A. in the near future. As a California grower and rancher, I strongly urge you to disapprove the budget.

I have seen the C. R. L. A. in action in my county, and believe me, what they are doing is extremely wrong. They have intimidated local school teachers and harassed farm workers and farmers to the brink of disaster.

I agree that our minorities need and fully deserve a legal council, but the C. R. L. A. is not, and I repeat not, the organization to do the job! Therefore, I repeat my plea to you to disapprove the budget for the C. R. L. A.

I am writing you this letter to express my opinion as a concerned Californian and farmer-rancher.

Honorable Ronald Reagan,
Governor of California,
State Capitol,
Sacramento, California

Dear Governor Reagan:

Congratulations on your Veto of the Federal grant in regards to CRLA. This is a strike in the right direction and I believe will in the long run be beneficial.

Like various other aspects of the War on Poverty all too often the basic requirements of the law have been ignored and most of the time the poor received little benefit if any at all.

This entire program as well as the entire Welfare program must be completely restructured so that those in need can really receive the aid needed.

I firmly believe that if considerable of the empire building and duplication of administrative effort could be cut out the people to be served would have a really workable program and something to look forward to when in dire straits.

I have wired Congressman Gubser and telephoned Margaret Leete urging them to do everything possible to sustain your Veto and will continue to do all that I can.

With respect and best wishes,

Very sincerely yours,

Wendell P. Hammon

Dear Governor :

I understand that you have the power to veto the Calif. Rural Assistance outfit's budget for California. I favor your cutting them off at the pockets.

There is no doubt that poor people need legal assistance, but it is not in the public interest that it be given in the manner of the C.R.L.A. group. While I agree with some of the things they have done , I violently object to their use of the courts to write law - particularly the kind of law which is so liberal that it looks like the group is trying to take advantage of their clients in order to overthrow our present form of government.

I am particularly irked at the way C.R.L.A. acts as a right arm of the labor racketeer- blackmailer Ceasar Chavez. These C.R.L.A. people are spending my tax dollars to further many causes which are far beyond the realm of their original purpose,

Please shut off funds or try to get them to stick to a bit more ethical methods of operating.

Sincerely yours,

Howard W. Harris

Dear Sir:

I would like to urge you to do all within your power to put
an end to the funding of the California Rural Legal Assistance.

The idea behind the forming of this group was admirable but
I feel that it has been sadly misused. Instead of helping the
poor, they seem to be more interested in stirring up trouble
and individual lawyers in making big names for themselves through
publicity surrounding these questionable cases.

The California Rural Legal Assistance has not helped the poor
and is wasting tax dollars.

Sincerely yours,

Pamela A. Harris

Dear Sir,

We urge you to veto the allocation order of funds
for the CALIFORNIA RURAL LEGAL ASSISTANCE program
on December 21, 1970.

The funds are not being used correctly. They are
being used to the detriment of all of us. This in-
cludes the loyal farm worker as well as the farmer.

Thank you,

Sincerely,

Attention: Mr. Kenneth M. Trigger

Dear Mr. Trigger:

To summarize our discussion last week, during the approximate six years that the C.R.L.A. office has been in Gilroy, there has been practically no contact between our office and theirs. Their representation of individual clients during this period has, at best, been negligible. In 6 or 8 contemplated evictions and one collection action initiated by our office they have assisted the tenants or debtor through correspondence with our office or our clients. None of the attorneys in this office can recall any matter in which the C.R.L.A. office has represented individual clients in court, nor have any of us ever seen anyone from the C.R.L.A. office make any appearances in any courts on any legal actions, whether civil or criminal. No one in our office has been contacted for assistance or contribution of time by the local C.R.L.A. office.

It is apparent to us that their activity is centered on "impact" class actions, and not on the representation of individual clients as such. These actions are generated, in large part, by C.R.L.A. staff activity outside the office. Locally, for indigents, criminal defense matters are handled by the Santa Clara County Public Defender's office and civil matters are handled by the Santa Clara County Legal Aid Society, funded by the O.E.O. and supervised by the County Bar Association.

As a trustee for Gavilan College, I found most objectionable, if not unethical, a suit brought in Federal Court against the College on behalf of one Kathe Fish which was based upon false Affidavits prepared by Mr. Don Kates of the C.R.L.A. office. I gave you the pleadings to this suit during our discussion. The suit was contrived and filed for Mr. Kates' own personal reasons to subject the College to bad publicity and harassment after he and the College President disagreed over a completely unrelated issue involving uncontrolled posting of slanderous and pornographic

they are doing now!
