The CRLA is no longer doing the work that they are supposed to be doing, which is supposedly helping the poor. Instead they are harassing the farmers, and being an unnecessary evil in the lives of many people who are trying to earn an honest living.

I would urge you to disapprove the budget the CRLA has presented for 1971.

Let me congratulate you on your efforts to reduce the cost of Government Spending and in your efforts to increase later efficiency in Government.

As you review the Budget for 1971-72 may I suggest that you seriously consider elimination of funds for the C.R.L.A. or at the very least a severe curtailment of their budget.

In my opinion this organization has gone far beyond the original intent of the Legislature.

The C.R.L.A. is using tax dollars to harass the entire Agricultural industry, the largest industry of the State, and the growers who are paying a large portion of the total tax bill in the State of California.

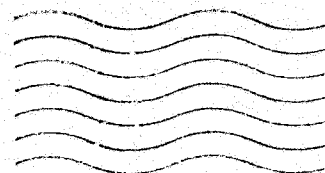

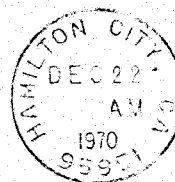

Thank you for your consideration and attention to this matter.

Sincerely yours,

Dear Sir: There is an awareness of

the hope that California will begin to do

without money (and orders) from the people-

Department in Washington D.C.

Of all the administrative programs that

have been set up (by bureaucrats that are

appointed) to work on the problem of poverty,

D.E.C. is the leader toward more and more

central and more and more "child" and "welfare" and

regulations "around" activity without the public

having any a voice. C.R.A.M. is the left hand of

the "office" and this state is to pay for maintaining

such a cancer.

Please use your "life" power to stop some

of these useless but costly programs. Surely we are

not foolish enough to pay someone to settle down

the people and settle the work and order of our

own courts and departments.

Eliminating the CRDA is an excellent way to trim the state budget. The entire "War on Poverty Program", and the O.C.O. are a complete waste of tax payers money. Many of these programs are duplications of other tax supported educational programs.

MR AND MRS R L GROSS 1334 HOOPER RD YUBA CITY

(.

556 Lewis Ave.
Yuba City, Calif.
Jan. 2, 1971

Dear Governor Reagan,

The singed edges on this letter are because I am completely burned up over the CRLA using my tax money to bring lawsuits against institutions which are also supported by my tax money.

The CRLA in my area (Yuba-Sutter) has sued (and lost) these widely-publicized cases:

1. Sued Yuba City High School, trying to force them to allow long-haired hippies to attend school without getting haircuts. (The spokesman for this group of boys is the son of a doctor, but the boys brought suit in the name of the boys who were poor enough to qualify for the services of the (tax-supported) CRLA. The school won, after spending 9000 tax dollars to fight the lawsuit!

2. Sued Sutter County Welfare director to try to force her to buy a new stove for a family which was already receiving the maximum welfare benefits.

(When the case hit the papers, a local merchant offered the family a free secondhand stove, but the CRLA refused it, and insisted on going through with the lawsuit, as a lesson to the welfare director, and possibly to hold out for a new stove.)

The welfare department won, after presenting evidence that the present stove was not dangerous, but just needed cleaning up. It took a few thousand more tax dollars to win this case.

3. CRLA is now suing Marysville High School, trying to force them to re-instate a boy who was suspended for constant profanity, general incorrigibility, and (specifically) breaking another boy's jaw.

(The school is already facing a lawsuit from the parents of the boy with the broken jaw, besides facing the CRLA lawsuit on behalf of the jawbreaker.)

I feel as though I'm taking money out of one pocket to pay for filing each lawsuit, and taking money out of the other pocket to pay for defending the cases.

Please, Mr. Reagan, stick to your guns and cut back enough funds so the CRLA can't afford to finance these frivolous cases.

And please hurry. Several boys have been suspended from Yuba City High for phoning bomb threats to the school and for passing out filthy, revolutionary literature on the schoolgrounds. If the CRLA receives an extension in funding, they'll probably take this case next.

Please feel free to use this letter (but not my name) any way you see fit.

Sincerely,

from their original intent, giving aid to the poor, and are now harassing
the farmers.

They should be denied funds from any source other than from people who
are in sympathy with their causes, and support their ideas.

Dear Sir:

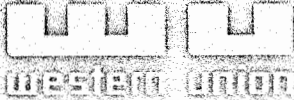

I am very much concerned about the activities of the California Rural Legal Assistance Association. I feel that they have departed from their intended purpose of aiding the poor and have concentrated too much on social and labor problems, harrassment of farmers and changing the establishment. I do not believe that the taxpayer should be called upon to finance these activities.

Therefore, I am asking you to delete from the state budget all funds intended for the C.R.L.A. I am a farm owner-operator from Butte County who believes you are doing a good, honest job. Please accept my sincere appreciation.

Respectfully,

Robert D. Hennigan, Jr.
