Dear Governor Reagan:

Two of us wish to protest the California Legal Assistance
Program being forced upon us here in Tulare County. At least
we are being asked to support it in the budget. The program
seems not to fulfill their original purpose any longer, at
least here.

We wish to thank you for trying so hard to keep our
California Budget in line with what we can afford.

Dear Governor Reagan:

We urge your disapproval of the California
rural Legal Assistance budget for next year.

The California Rural Legal Assistance has
departed from its original concept of Legal aid to the
poor and has harassed our farmers throughout the state.

Your help in this matter is imperative.

Dear Governor:

You may add my name to the list of people who
are in favor of your veto of the funds for the CRLA.

In my opinion, it is ludicrous for the taxpayers of
the State of California to be compelled to finance
both sides of a court action.

When the CRLA attorneys represent Yuba City
High School students in a law suit over the issue
of length of hair, it can hardly be said that they
are performing a necessary service for the "poor".
Those students are neither poor nor rural.

I shall be sorely disappointed if you do not
avail yourself of this opportunity to curtail the
activities of the parasitic CRLA.

Re: California Rural Legal Assistance

Being in the category of the rural poor ourselves, we have no quarrel with help in this direction. But as farming taxpayers, we hate to see our hard-earned tax dollars used against us, especially like in the trumped up pesticide and politically inspired discrimination suits.

The CRLA has strayed so far from it's original conception of Legal help to the Rural Poor that we urge you to disapprove it's budget.

We feel that this action will in no way limit, restrict or inhibit any responsible California citizen.

In re: C.R.L.A. - Funding

Dear Sir:

May I please add my voice to the many who are opposed to the continuation of the above Legal Assistance Program as it is now constituted?

Our experience in the Kern County area shows many instances of what appear to be general abuse of the legitimate purposes of this organization and I would strongly urge you to veto any funding appropriations for the forthcoming year until a thorough investigation into the matter can be conducted and until appropriate protections are given by way of enforceable guidelines.

Very truly yours,

Dear. Gov. Reagan:

Thank You!

Thank you for not funding C.R.L.A. for 1971.

The local office of C.R.L.A. has constantly harassed our County Welfare Dept. and laid technical legal traps just to enable the C.R.L.A. to bring suit and force precedent and policy decisions from our courts. Our Special Investigator in the District Attorney's office has had many instances where the C.R.L.A. has tried to hamper helping welfare recipients instead of cooperating to provide financial aid for the recipients.

As a citizen and as a member of our Sutter County Welfare Advisory Committee, I can not support the C.R.L.A. as being an agency that is benefiting the low income people. and sincerely believe with you that it should cease to exist.

I am writing to tell you that I heartily
approve of your veto of the continuance
of the California Rural Assistance League.
It has done many things for which the
fund which supports it, was not intended.

They are a biased group out for their
own good, not that of the common
people. They should not be allowed
to continue in their undermining of the
laws which should be enforced. Keep up
the good work in your effort to stop them.

Dear Governor Reagan:

I understand that you are about to act on the C.R.L.A. allotment. Although the expressed purposes of the program may have had merit, my personal opinion is that such purposes have not been carried out. The agency has caused more problems than it has solved. It has injected itself into areas foreign to its purposes. It appears to be intent upon the destruction of the government itself. For these reasons I urge you to veto the proposed allotment. For once let's terminate an agency that is not doing its job.

About the abolishing C.R.L.A. of which we are so grateful to have, because it serves our minority groups who find them unable to hire an attorney, and also these of us who need legal advice in our everyday life. Who with our California Rural Legal Assistance would be, unable to carry on so we are asking you sir to please do not extend this service or the help it give to the communities.

The Honorable Ronald Reagan:

The law abiding, and hard working citizen of California, is fortunate in having a Governor with your character and unflinching courage, to face up to the dangerous far left liberals who would sell our country out to communism and destroy the good things in life.

These extreme left wing liberals actually comprise a small percentage of our population. Many of them are professionals in their art of misleading the public, and especially the kind hearted old ladies, into believing the California Rural Legal Assistance (CRLA), is working for the welfare of the poor and underprivileged minority groups of our state. Actually, the CRLA and the radical liberals are misusing public funds that are provided and intended to serve the poor. The CRLA, in fact, deprives the poor of their rightful funds.

To my knowledge, the CRLA has never done anything constructive to help the deserving poor and productive worker. The CRLA supports the UFWOC and proposes to force the unwanted union and Cesar Chavez upon the worker against his will, to accept them.

I am sure you are aware the CRLA is supported by William Kunstler, Gus Hall, and some radical militant organizations who are dedicated to communism and to the overthrow of our government, by violence and revolutionary action if necessary.

The masses of silent conservatives, both Democrats and Republicans, are itching for the green light, to permit them to tear these radical organizations apart.

Dear Sir:

Re: CRLA--OEO Funding

I have had dealings with CRLA as a lawyer in Kern County and I urge you to veto the above referenced funding provision.

By way of setting forth my reasons I enclose a copy of a CRLA Questionnaire and my answers thereto which I returned to OEO several weeks ago.

I also enclose a copy of the Fifth Appellate District's order dismissing an appeal by CRLA of a Kern County Superior Court suit against my client, The William Mosesian Corporation, filed on February 14, 1969. In this proceeding CRLA demonstrated a complete lack of integrity and ethics, in my opinion. They brought this suit in the names of two Mexican Nationals purporting to represent all agricultural workers covered by various Health and Safety and Labor code sections alleging various untruths, known by CRLA to be such, and filed this appeal after our demurrers were sustained and then let the appeal be dismissed fourteen months later.

Our clients in this case have been put to unjustified harrassment and expense under the guise of a civil suit which amounts to a malicious abuse of process if such there ever was. Now that it has been finally terminated we will advise our client to seek appropriate relief.

CRLA's clients were also victimized by this transparent advancing of some kind of social cause since we had to advise our client not to re-hire the plaintiffs while the action was

Dear Governor Reagan:

I strongly urge you disapprove the refunding of the
California Rural Legal Assistance by the Office of

My observation is that CRLA has always put far too
much stress on social action endeavors rather than
representing poor individuals with personal legal
problems the real purpose for which they were
established.
