The Honorable Ronald Reagan

State Capital

Dear Sir:

Shortly you will be reviewing the possible funding of the California Rural Legal Assistance program.

I urge you to veto this program. The California Rural Legal Assistance (CRLA) has deviated from its purpose and has already fostered class action suits against legitimate credit grantors and collection agents. There is a need for legal offices to assist the poor in handling consumer problems, but I do not feel the taxpayers of the State of California should have to shoulder the burden of the CRLA.

The CRLA is a dedicated enemy to your own administration and would destroy what few remedies are still available to the credit grantor.

Yours truly,

Dear Govenor Reagan:

Shortly, you will be ruling on the budget for the California Rural Legal Assistance. I, the undersigned, urge that you **DO NOT** approve this budget.

In Imperial County the C.R.L.A. spends its time formenting unrest among the minorities, organizing protest movements and marches in support of jailed Ceasar Chavez, and filing law suits against government entities and public utilities. These projects cause considerable trouble in our community, widen the gap between ethnic groups, and benefit no one.

It is high time to put a stop to the use of public funds to those organizations who continue to harass local government agencies. Locally, the Brawley Union High School, the City of Imperial and the Imperial Irrigation District have been forced to spend taxpayers money to defend themselves against accusations brought forth by C.R.L.A. The money, time and effort would be better spent on Community Development, rather than the approach which C.R.L.A. has chosen.

Again, may I urge the State of California to discontinue its support of California Rural Legal Assistance and terminate its activity!!

Sincerely,

Tony Fisher

Dear Governor Reagan:

I sincerely hope you will veto the grant for the

This is just a waste of taxpayers' money and another

304 Spruce Street
San Diego, California
January 2 1971.

Hon. Richard M. Nixon:

I am attaching a clipping from the front page of our San Diego Union December 27 1970. It explains Governor Reagan's veto of the Federal taxpayers' grant of \$1.8 million for 1971 to operate the California Rural Legal Assistance Inc. In a lame duck season where my representative has, unfortunately lost to the Liberal party, I am taking the liberty of writing to the head man in Washington.

I do not expect Mr. Nixon will personally read the attached clipping but can hope that some interested assistant will place the report and this letter where it might receive unbiased action.

Carefully noting the several violations, it would appear that the U.S. Justice Department should investigate, if they have not already done so, inasmuch as Federal taxpayer's funds are violated according to the newspaper report quoting flagrant abuses claimed by the investigators.

In a televised report on N.B.C. of a Senate hearing broadcast Dec. 30th, the only item in the attached clipping we heard O.E.O. director Carlucci mention to the members of the committee in attention was: "A CRIA attorney advised United Farm Workers' Organizing Committee." He added there were a few more discrepancies which he will review. We thought that the Senators and T.V. viewers should have heard the other very serious violations made by Federal paid attorneys as detailed in the news clipping which is attached hereto. Presume that there was a good reason for omitting them.

I am sure that right thinking taxpayers feel that they are being taken for a ride the manner in which this Legal Assistance program is being manipulated by the tax funded attorneys and immediate action should be taken to correct malpractice, also punish offending lawyers, tightening up the laws if necessary and then provide dependable supervision to protect the taxpayer and eliminate free-loaders who are overwhelming our society.

Ironically, Dem. Congressman Vanderlin appearing on T.V. Dec. 29th, 5:30 P.M. news Channel 10 San Diego station, protested Gov. Reagan's Veto of the \$1.8 million grant for 1971. This man made the statement that to continue would not cost the California taxpayer inasmuch as the money came from the Federal government. We don't swallow that kind of promotion. Only the very naive still think Federal funds are dug up in some Congressmen's back yard in Washington D.C.

Now, Mr. Nixon, our governor has vetoed the Federal grant to operate the California Rural Legal Assistance Inc., he has also stated that his administration will soon propose creation of a privately financed alternative to CRIA. Gov. Reagan is our highest elected State official and we hope that you will agree that his veto should not be over-ridden by an appointed O.E.O. official in Washington D.C., who, incidentally is now being pressured and threatened by Senator Alan Cranston in Washington D.C.

@ Gov. Reagan,

Dear Governor,

Would you please veto the
funding of any money to California Legal
Assistance.

We do not think it is right
that money be given California Rural Legal
Assistance be used to sue the State or our
U. S. Government on Class Actions.

Thanks and with best wishes to
you and yours,

Sincerely,

Harold Meuser

My Dear Governor:

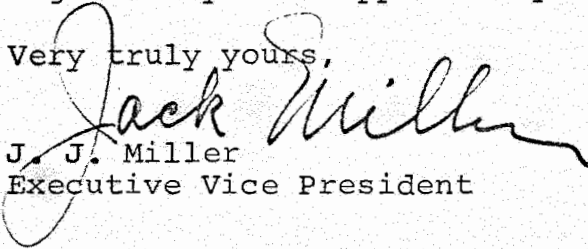

Agricultural Producers Labor Committee is made up of approximately 95% of the citrus and avocado growers in California and Arizona. Its purpose is to keep growers informed on matters relating to agricultural production and labor supplies, and to make statistical studies and recommendations on pending legislation. In performing these functions I have become thoroughly familiar with the activities of the California Rural Legal Assistance as they relate to agriculture.

In my opinion, CRLA is not carrying out the purpose for which it was formed -- to represent poor people on legal matters affecting personal problems. To the contrary, CRLA is engaged in filing legal actions that have political or ideological significance.

These actions are designed to discredit governmental functions and legislative actions that are not of a liberal pattern, to support UFWOC in its union organizational and boycott activities against farmers and their products, to protect civil rights portestors and demonstrators in questionable activities, and to clutter up the courts with actions to bring about social change rather than orderly administration of justice.

Taxpayers' money should not be used in this manner, and I urge that you disapprove any appropriation for CRLA.

Very truly yours,

J. J. Miller
Executive Vice President

Dear Sir:

RE: C.R.L.A. ...

As I understand it, C.R.L.A. was originally set up to assist the needy person obtain legal assistance. It seems, however, to have deviated from its purpose. Now, it is not solely for the needy, but for those with problems that will set an example for society. This is fine, but what

Dear Governor:

The Calaveras County Farm Bureau members would like to ask that you disapprove the CRLA budget for 1971, as they feel it is not living up to it's original concept of legal aid to the poor.

Your cooperation will be appreciated.
