STATE OF CALIFORNIA

**SUMMARY OF REVISED REVENUES  
AND  
AUTHORIZED EXPENDITURES  
INCLUDING FINANCIAL LEGISLATION**

FOR THE FISCAL YEAR  
JULY 1, 1970 TO JUNE 30, 1971

DEPARTMENT OF FINANCE

## FORWARD

This document is prepared after the completion of each legislative session to provide a single reference source of all fiscal measures affecting the revenue and expenditure programs for the State of California, including final action on the Budget Bill and all significant financial legislation. In addition, a revised Budget Summary for the State General Fund (Schedule 1) is included providing actual 1969-70 fiscal year data reported by the State Controller, and the estimated condition of the General Fund for the 1970-71 fiscal year.

The authorized expenditure program for the 1970-71 fiscal year for all funds, including bond proceeds, totals \$6,609,283,776. This amount is \$128,958,122 above the original budget request of the Governor, of which \$94,128,681 was added to the Budget Bill, and \$34,829,441 was contained in additional expenditure measures. Estimated revenues from all funds for 1970-71 total \$6,116,425,609. Most of this apparent gap between revenues and expenditures is made up by bond funds, with the remainder coming from prior year surplus.

The most significant changes to the proposed 1970-71 expenditure program occurred during the final legislative action on the Budget Bill. At that time, changing case-load patterns and adverse court decisions made it necessary to increase appropriations for Welfare Public Assistance and Medi-Cal by \$70 million, and continuing inflation caused the Legislature to add \$88 million as a cost-of-living adjustment for Public School Aid. At the same time, economic conditions affecting California required a downward adjustment of \$72 million in revenue estimates. These substantial adjustments combined to create a major budget-balancing problem of \$230 million.

In the few weeks remaining for final budget action, this problem was solved by sharp reductions in state agency operations and capital outlay, and by such one-time financing sources as transfers from special fund surpluses, cancellation of prior year capital outlay appropriations, the use of bond funds, and exhaustion of the remaining General Fund surplus balance.

By these methods, it was not necessary to increase taxes, and no significant revenue measures were added to the State's tax base. The only revenue legislation proposed by the Governor was a major tax reform proposal which involved tax and expenditure shifts between levels of government and provided further reduction of property taxes for homeowners and renters and larger reductions of business inventory taxes. After lengthy legislative debate, however, the tax reform package failed passage by one vote in the second house at the close of the 1970 Session.

After taking into account all financial legislation at the 1970 Legislative Session, the State General Fund is estimated to end the 1970-71 fiscal year with available surplus of \$1,819,000. Estimated revenues and expenditures contained in this report represent known conditions at the close of the 1970 Legislative Session, and will be revised as necessary in the 1971 Governor's Budget document.

Director of Finance

Purpose

ORGANIZATION

Governor's Reorganization Plans of 1970

Plan No. 1		Creates a Department of Health to assume the responsibilities of the Departments of Mental Hygiene, Public Health, and Health Care Services, except that the Neuropsychiatric Institutes in the Department of Mental Hygiene are to be transferred to the University of California. The plan also transfers the alcoholism programs in the Department of Rehabilitation, the social service functions in the Department of Social Welfare, and the healing arts boards in the Department of Professional Standards to the Department of Health. In addition, the plan abolishes the State Board of Public Health, the Health Planning Council and the Health Review and Program Council and transfers their responsibilities to an Advisory Health Council, except that certain responsibilities of the State Board of Public Health are transferred to the Director of Health. This plan will not take effect until July 1, 1972, in accordance with Chapter 1434, Statutes of 1970.
Plan No. 2		Changes the name of the Department of Professional and Vocational Standards to the Department of Consumer Affairs. Consolidates the Collection Agency Licensing Bureau and the Bureau of Private Investigators and Adjustors into a new Bureau of Collection and Investigative Services.
