^{a/} A Medical Care program for recipients of public assistance was put into effect in California in October 1957 and all expenditures for services received under this program are reported as "Medical Care." Medical care allowed as special needs in recipients' grants prior to October 1957 and grant allowances for services not covered by the Medical Care program after October 1957 are included in "Subsistence"; data on expenditures for these medical services are not available. Public Assistance Medical Care program terminated February 28, 1966. Expenditures made under the California Medical Assistance Program beginning March 1, 1966, are not included in the above.

^{b/} Based on recipients eligible for Public Assistance Medical Care.

^{c/} Sum of average subsistence cost for twelve months and average medical care cost for eight months.

^{d/} Average computed from "Net" persons counts, i.e., includes recipient counts involved in plus and minus adjustments for the year.
