Finding Pursuant to Section 662 of
The Foreign Assistance Act of 1961
As Amended, Concerning Operations
Undertaken by the Central Intelligence
Agency in Foreign Countries, Other Than
Those Intended Solely for the Purpose
of Intelligence Collection

I hereby find that the following operation in a foreign country (including all support necessary to such operation) is important to the national security of the United States, and due to its extreme sensitivity and security risks, I determine it is essential to limit prior notice, and direct the Director of Central Intelligence to refrain from reporting this Finding to the Congress as provided in Section 501 of the National Security Act of 1947, as amended, until I otherwise direct.

SCOPE

DESCRIPTION

Iran Assist selected friendly foreign liaison services, third countries and third parties which have established relationships with Iranian elements, groups, and individuals sympathetic to U.S. Government interests and which do not conduct or support terrorist actions directed against U.S. persons, property or interests, for the purpose of: (1) establishing a more moderate government in Iran, (2) obtaining from them significant intelligence not otherwise obtainable, to determine the current Iranian Government's intentions with respect to its neighbors and with respect to terrorist acts, and (3) furthering the release of the American hostages held in Beirut and preventing additional terrorist acts by these groups. Provide funds, intelligence, counter-intelligence, training, guidance and communications and other necessary assistance to these elements, groups, individuals, liaison services and third countries in support of these activities.

The USG will act to facilitate efforts by third parties and third countries to establish contact with moderate elements within and outside the Government of Iran by providing these elements with arms, equipment and related materiel in order to enhance the credibility of these elements in their effort to achieve a more pro-U.S. government in Iran by demonstrating their ability to obtain requisite resources to defend their country against Iraq and intervention by the Soviet Union. This support will be discontinued if the U.S. Government learns that these elements have abandoned their goals of moderating their government and appropriated the materiel for purposes other than that provided by this Finding.
