MEMORANDUM à: FRED F. FIELDING

De: JOHN G. ROBERTS *JGR*

A l'égard de: Jacky Reggan

Jacky Reggan, un cantatrice français, a écrit le Président. M. Reggan dit que tout le monde dans le métier du show biz se fait des blagues sur son nom, et dis qu'il est de famille du Président. Il demande une faveur au Président, que le Président l'écrit une lettre. Ça lettre dirait que le Président n'est pas le pere de Jacky.

Je pense que M. Reggan cherche le publicité et la réclame. Ce ne'est pas possible, que quelqu'un pense qu'il est le fils du Président. Et la couverture de son disque dépeinde La Maison Blanche, donc il pairâit que c'est Jacky qui s'associe avec le Président. (Mme. Strudwick, la meilleure étudiante de la Française en votre bureau, a écouté le disque, et elle rapporte que le disque ne cite pas le Président ou La Maison Blanche.)

Mais, on ne peut pas être certain. Il faut rechercher plus. Je recommande que je vais à Paris d'avoir une entrevue avec M. Reggan et ses confrères. Mon passeporte est prêt, comme toujours. Je ne veut pas aller. Mais je sais que la besogne est difficile, mais quelqu'un faut la faire. Alternativement, je recommande que vous ne faisons pas une réponse, parce que j'ai peur que Jacky l'employe pour le publicité.

TRANSLATOR'S SUMMARY OF COMMUNICATION

Language: French
Date of Communication: October 4, 1983
Addressed to: The President
Name and address of writer: Mr. Jacky Reggan
86, rue Haxo
75020 Paris, France

Substance of writer's statement:

Mr. Reggan, a popular singer, asks President Reagan to write him a letter, to be published in the print media, stating that "we are not relatives," because since the President took office, "everyone in show biz has been making jokes about my name." Although he would be pleased to be a member of the Reagan family, Mr. Reggan is concerned about rumors in the press that he is actually the President's adopted son. He encloses a 45 rpm recording of his latest release, a publicity photo of himself, and promotional literature about his music.

DECEMBER 1, 1983

Honorable John Glenn
United States Senate
Washington, D.C. 20510

Dear Senator Glenn:

Your communication transmitting a letter from Reuben Embree has been referred to me. Mr. Embree is again requesting a Federal investigation of what he feels are discrepancies in the plotting of certain property on county tax maps.

As you may have noted, Mr. Embree's allegations have been reviewed in the White House, the office of the Vice President, the United States Attorney's office, the Federal Bureau of Investigation, and the Criminal Division of the Department of Justice without finding any basis for a Federal investigation. Such an investigation may be undertaken only when there is evidence that a violation of Federal law has occurred, and it is the unanimous view of all who have reviewed his allegations that no such violation exists.

A private attorney can advise Mr. Embree and the citizens who have signed his petition what civil remedies may be available to them. The courts provide the appropriate forum for litigating Mr. Embree's claims that his constitutional rights have been in some way denied. Again, a private attorney can best advise him.

I am sorry, but there does not appear to be any way in which the Executive Branch of the Federal Government may appropriately be of assistance to Mr. Embree. Your enclosures are returned as requested.

Sincerely,

Stephen S. Trott

RESTRICTED DELIVERY

ATTENTION: Annie Higgins, Director Presidential Correspondence

This is an open, certified, restricted delivery letter to Ronald Reagan, the President of the United States. Whoever signs must assume the responsibility for its delivery to President Reagan.

191936

After four years fighting a cover-up, I am tired of trying to get a federal investigator sent to Lincoln County, Oregon. Mr. President, I am sure you are not involved, but every ruse in the book is being used to keep you from being informed of deliberate violations of the fifth and fourteenth constitutional amendments, which were committed by public officials.

On behalf of the signers on the enclosed petition, I am asking you to personally send a trusted federal investigator to Lincoln County, Oregon. He must protect witnesses, lawyers and the plaintiff's from intimidation and harm.

One of several cases is to have an investigation of an Oregon State Board of Engineering Examiners Report, which was made and sent to the Governor of Oregon at the Governor's request.

It has been deliberately falsified. The reasons for the cover-up will be easy to understand, if the investigation is made in an open and honest manner. It is important to let the voters know about their public officials, and how well they can PERFORM in a cover-up.

We have documented evidence for indictments and are sure a thorough investigation will produce several more.

I will be sending copies of this letter to the media in the hopes of finding someone who is more interested in honest government and constitutional rights, than trying to protect their political cronies.

Sincerely,

Reuben Embree

TO

Presidential Candidate Sen. John Glenn Jr.

Washington D. C. 20510

Dear Senator Glenn:

On behalf of one hundred thirty signers of a petition asking for a federal investigation involving public officials, I am asking you to personally contact President Reagan. Several state and federal laws have been broken and the violations are varied.

The county and state governments have refused to investigate the problems, and a cover-up has prevented letters from being delivered to U. S. Attorney General Smith, Vice-President Bush or President Reagan.

One hundred sixteen certified letters have been written to various agencies, officials, newsmen and others. These letters have not produced results.

The cover-up started before a property dispute report made by the Oregon State Board of Engineering Examiners was sent to the Governor of Oregon. There is documented evidence proving this report had been deliberately falsified.

When this was brought to the Governor's attention, he stated by letter that he was satisfied with the report. He did not answer my certified letter asking for an investigation of the falsified records.

Several Senators and Representatives failed to answer certified letters, others evaded the issues. Not one Congressman would contact the President on our behalf in order to have a federal investigator sent to Lincoln County.

To protect witnesses from possible intimidation, it is best that the investigator be from some area other than Oregon. This is a small part of the problems in Lincoln County.

Reuben Embree

Dear Mr. Embree:

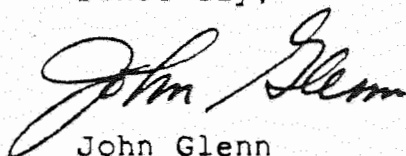

Thank you for sharing your thoughts with me about alleged activities in Toledo, Oregon.

In cases such as this, I will need more information than you have supplied in order to contact the Justice Department with regard to an investigation. I would suggest that you send me whatever information you have to verify your charges of illegal activities. Then I will contact the Justice Department to see if they can be of service.

Thank you for being in touch.

Re: Letter 10/12/83

Dear Senator Glenn:

Your letter suggested I send you information to verify the charges of allegations of violations of state and federal laws by public officials. I have always been under the impression that an investigation was to either verify or disprove the violations.

I am very serious when I ask you to personally contact President Reagan in order to have him be responsible for sending a trusted federal investigator to Oregon. The investigator should not have had any connection with Oregon officials.

I am enclosing a photo-copy of the names on a petition asking for a federal investigation. The petition was for Attorney General Wm. Smith, but we have not been able to make contact because of a cover-up. This is also true when trying to contact President Reagan.

As a well known senator, aspiring for the next presidency, I am confident you will be able to contact the President and delivery our request. I believe the few enclosures will give you an idea of the seriousness of the cover-up and violations.

I believe it is time the voters quit being impressed by elected officials. After all, you were elected to be our public servants.

I have over one hundred certified letters, and when we get them published, several congressmen may take an early retirement.

Sincerely,

Reuben Embree

I am sorry to hear that you find the report from Jack Burrell to be unacceptable. However, I must tell you that, from my perspective, I have no reason to doubt the objectivity and impartiality of the investigation that Mr. Burrell undertook at the request of the Oregon State Board of Engineering Examiners.

I urge you to have a surveyor of your choice review the report and the underlying documentation. If the conclusion of your surveyor is at odds with the report, please contact the Board of Engineering Examiners with your new information. I can assure that, in nearly four years as Governor, my trust in the honesty and integrity of this board and its administrator has been totally justified.

ANSWER TO 7-5-83
LETTER AT BOTTOM OF PAGE

Vice-President George Bush
Executive Office Building
Washington, D. C. 21510

7-5-83

Dear Mr. Vice-President:

No matter who opens and reads this letter, it is to the best interest of the Republican Party and the American people to see that the contents of the enclosed letters are phoned directly to President Reagan.

There is a cover-up involving county, state and federal officials that is designed to keep President Reagan from receiving information, which when investigated, will prove the Fifth and Fourteenth constitutional amendments have been deliberately violated a number of times by public officials.

I am sure that President Reagan is not involved, but I do have letters that infer that the President has received the information and is aware of what has happened.

Vernie Hansen, Julio Mendoza, Craig Kelson, Dick Parks, Doreen Cook and myself, have documented evidence to present to a trusted federal investigator who is not from this area (Oregon).

We have evidence for indictments and a full investigation should uncover a scandal involving more people and is nastier than Watergate.

If the request for a federal investigation is denied, I must presume the statement President Reagan made at a May 16, 1983 news conference was nothing more than rhetoric, and that the person who opened this letter is involved along with several others in the cover-up.

Sincerely,

Reuben Embree

Dear Mr. President:

I have been advised that the Departments of Education, Labor, Health, Human Services and Commerce have so far failed to initiate litigation against the Reverend Jesse Jackson for misuse of funds secured by him for Operation Push, Inc. and for Push for Excellence, Inc.

What is causing these Departments to drag their feet and not proceed with litigation in accordance with the law? These Departments should make a statement for the American taxpayers' information as to why they are withholding instigation of suit.

Would appreciate your letting the American people know why this has not been done.

Sincerely,

MEMORANDUM FOR FRED F. FIELDING
RICHARD A. HAUSER

FROM: JOHN G. ROBERTS *JGR*

SUBJECT: Maureen Mahoney

Attached is the Martindale-Hubble biography of Maureen Mahoney, currently an associate at Latham Watkins & Hills, whom I think would be an ideal addition to our office. The biography adequately conveys her stellar legal qualifications, but omits the facts that she is extremely personable, charming, and attractive. She exhibits none of the poorer qualities you may associate with current members of your staff from Indiana who clerked for Justice Rehnquist. She is married, has a young son, and resides in Alexandria. I think she plans to leave Latham in the near future to gain litigation experience at a U.S. Attorney's office, but could perhaps be persuaded that a stint in this office would be a good experience before or instead of that.
