Dear Jim:

Returned herewith are the copies of bills covering expenses which you had forwarded to me with the pictures.

As you suggested, I am keeping the material which relates to your book. I will also get the pictures to Bill Olson and will see General Bussey on the A-Team matter.

Good luck!

Sincerely,

George L. Cary

Workshops

Black & White

Black & White Printing	101
Photographics Unlimited	\$55

Learn black and white printing from experienced professional custom lab printers. In our all-day workshop on black and white printing techniques you will learn the following:

- * Film developing using stainless steel reels and tanks.
- * How to recognize a good negative.
- * How to push film - which developer to use.
- * How to make black and white prints and contact prints.
- * All about different types of papers: Agfa, Ilford, Kodak, graded papers and polycontrast papers.
- * How to judge a good print: Proper contrast, good gradation of tones.
- * How to use polycontrast filters.
- * Burning and dodging techniques.
- * Washing and drying.
- * Print finishing: Dry mounting and spotting.

We furnish you with all paper and chemistry.

We guarantee that after taking our workshop you will be able to make black and white prints yourself.

Upon completion of our workshop you automatically get a 10% discount for one year on our black and white dark-room rentals.

Lunch is provided.

We urge you to sign up for this workshop. Fill out the registration form and mail the form back to us with your check or money order. The sooner you take the workshop, the sooner you will

be making your own black and white prints. Remember that after the workshop we will still be here to answer your questions and help you progress in photography. But act now! Space is limited.

Assignment: Shoot 2 rolls of black and white 35 mm film. Bring these 2 unprocessed rolls to the workshop. Also bring any processed black and white negatives you wish to print.

Color

Color Printing Techniques	102
Photographics Unlimited	\$55

Yes! You can learn how to make professional quality color prints.

We can teach you to make color prints faster and better because:

- * We are professionals. We operate our own custom lab. You get the benefit of our own daily printing experience.
- * We give you access to our professional equipment:
 - A. Dichroic color enlargers
 - B. Professional automatic dry-to-dry colenta 26" Type R processor to develop prints from slides, and
 - C. Colenta 20" Type C processor to develop prints from negatives.
- * We concentrate on teaching you how to color balance your slides or negatives. The machines take care of processing your prints at the correct time and temperature.
- * Even if you have never done any printing - black and white or color - you will make color prints in our workshop, and you will be able to make color prints on your own afterward. We guarantee it.
- * We limit the number of people in each workshop to six so you get personal-

* After taking our workshop, you automatically get a 10% discount for one year on our color darkrooms and processing charges.

* Lunch is provided.

We encourage you to spend a day with us in our hands-on color printing workshop. In one day you will be making your own color prints from slides or negatives. Remember space is limited, and we have had numerous requests to give this workshop. Read the enclosed registration information and then either fill out the registration form or Dial-A-Workshop at 255-9678.

Assignment: Bring developed color negatives and/or slides to the workshop.

Studio

Studio Lighting 103

Photographics Unlimited \$55

Lighting - simple or difficult?

Top professional photographers can make \$2000.00 - \$5000.00 per day for their ability to manipulate light to produce a stunning photograph.

In this one-day workshop we won't be able to turn you into one of these photographers. What we will do in our studio is to introduce you to the world of studio photography. We'll give you a comprehensive overview of the following aspects of commercial photography:

* Product Photography

The first step is to allow you to see the nature of light. We start by using photo floods in basic lighting setups to show you how light affects your product, where shadows fall, how to create certain standard effects.

Next we demonstrate the use of a 4x5 camera. We discuss bellows factors, swings and tilts, proper meter reading, and film.

Finally you design, set up, and photograph your own product shot.

We discuss and demonstrate the various lighting used in portrait photography: Men, women, actor/actresses, models.

Then you practice photographing each other in 35 mm format using one of the techniques discussed.

Finally, again in 35 mm format you actually photograph a model on seamless backdrop paper.

We develop and contact the film you shoot and give you a follow-up critique the week after the class. If you want to do more studio photography, we are here to give you free technical advice and help.

After you have finished our workshop, we give you a 10% discount for one year on our studio rentals.

Lunch is provided, to register, fill out the enclosed registration form and mail it today or Dial-A-Workshop at 255-9678.

- Remember, space is limited and our workshops do fill up fast.

Critique

Advanced Critique Clinic 104

Photographics Unlimited \$35

For more advanced students of photography who want their work critiqued on an on-going basis.

You'll get a chance to share your work with a committed group of serious photographers, as well as work on your individual problems. Learn new techniques and vision through exchange and group interaction.

The workshop is guided by an experienced professional photographer and will meet four times, one evening every other week.

For times and schedule, see the registration form or Dial-A-Workshop (212) 255-9678

Registration

To Register: By mail - fill out the registration form and mail it with your check or money order to Photographics Unlimited Photography Workshops, 43 West 22 Street, New York, NY 10010.

For Your Convenience: Payment for Photographics workshop courses may be made with Visa or Master Card by mail, in person, or by telephone. When registering by mail, please complete the credit card section at the bottom of the enclosed registration form. When registering by phone, please have your card handy as we will require your number and expiration date.

Deadline: All mail-in registrations must be received at least seven days before your workshop starts. After that date please call Photographics for registration instructions at 255-9678 or register in person at 43 West 22 Street, 11th floor, Monday - Friday 9am - 9pm, or Saturday and Sunday 12 Noon - 6pm, or by telephone with your Visa or Master Card.
