Again, Officer Swain, my deepest appreciation for your courageous actions.

Dear Howard:

You are absolutely right in your judgement about the need to move quickly in developing a private sector initiatives program for the President.

The Mosbacher and Baroody proposals have been thoroughly discussed and the best elements of both are being incorporated in a strategy to be implemented during August and September. This plan includes a Presidential Task Force of private sector leaders charged with the responsibility of discovering and promoting private sector solutions to public needs. The President will also seek from the members of his Cabinet specific action that will remove impediments to move from public to private programs.

Jim Rosebush, who reports directly to me, has been assigned the special responsibility of making this program a reality. You might like to designate someone on your staff to work directly with Jim.

I appreciate your enthusiastic support for this issue and I assure you as we move forward you will be kept informed of the entire program and its goals.

Thank you for your recent message. I know that President Reagan will be as pleased as I was to hear of your support and see the poster which you designed.

Mr. Mike Deaver

Dear Mike,

What a wonderful evening you arranged for us with the President, and so many other interesting people.

Stallone was not only excited about meeting the President, but impressed with his warm human qualities, and ability to make everyone feel comfortable. Sly said the credit for the evening goes to the people around the President since they were all so warm and sensitive that the atmosphere was devoid of tension. Carole and I know who set the mood for the evening, and for that we are very grateful.

You teased me about building you up too much to my friends. I have a problem in that area because I represent artists, and recognize and appreciate talent. There are few winners whether it be in politics or show business, and you are a winner. I guess part and parcel with that success comes guys like me who tell people how good you are.

We love spending time with you and hope to arrange a dinner in August at a restaurant of your choice. Carole suggests La Toque, hoping you can come down from Santa Barbara and spend an evening with us.

Our heartfelt thanks to you for making our trip such a great success. Love to Carolyn and your family.

In good friendship,

Tony Scotti

Dear Mr. Wallach:

Thank you for your letter requesting a sheet of President Reagan's doodles. I appreciate your interest in having one and regret that this must be a disappointing reply. However, because of the great number of requests the President receives for mementoes, it is not possible to oblige them all. He believes it is unfair to select a few for preferential treatment while excluding others.

Your interest is appreciated, and we know you will understand.

I was glad to hear that your vacation was so exciting and stimulating. I'm looking forward to a short vacation with Carolyn and the kids during August.

I'm sorry about your robbery, and am sending along a replacement picture.

The staff I currently employ will be sufficient to handle the work generated by my duties in connection with the 1984 Olympics, however, you could contact David Simon of the Los Angeles Olympic Organizing Committee, Los Angeles 90084, for information concerning both employment and volunteer work opportunities.

Incidentally, anything you can do to support the President's good record on appointment of women would be helpful. We've now appointed 43 women to key positions in the government after being here only six months.

Dear Mike,

Appreciated your very nice note. In reply to your question - I have heard nothing from Lyn -

I would like to continue to participate - as a volunteer or "dollar a year" lady. Would it be possible to have an assignment working under you in your capacity as Olympics Liaison?

We had a wonderful time in Japan, Taiwan and Hong Kong. Was so stimulated by the Japanese that I am taking a language course.

Spent three weeks in Africa also - Namibia and Charles Greenleaf there and, in Namibia, ended up having dinner with a friend of
