Dear Mr. Deaver:

It again gives me great pleasure to invite you to participate as a Presidential Fellow in Aspen Institute activities which are of interest to you. As a Presidential Fellow, you would be our guest during the time of your participation. This invitation extends through 1984 and the summer of 1985.

Wye Plantation, our facility on the eastern shore of Maryland near Washington, has recently been designated as the principal campus of the Institute while Aspen and Baca Grande, Colorado, continue to be the home of our traditional summer program. A full level of activities will be maintained at Aspen Institute Berlin, and additional programs are scheduled at other locations throughout the world.

Enclosed is a tentative calendar of Institute activities in 1984. The Institute's work is now focused in three major areas. The Executive Seminars bring together leaders from the corporate and other sectors of society to explore the underlying values of our civilization and the relationship of these values to contemporary society. Tradition and Change Seminars examine specific countries, regions or religions by reviewing their historical past, their present commitments, and their visions of the future. Governance activities deal with the management of institutions and the ways in which different sectors of society can meet today's challenges with both fairness to the individual and social justice.

If you have questions about any of our programs, please feel free to call me or Mary Morrisett, Director of Fellowships, who can be reached at (212) 759-1053. We will be glad to follow up with further details.

It would be a great pleasure to welcome you to the Aspen Institute during the coming year.

Warmest regards and all the best for the New Year,

Cordially,

Joe Slater

Mr. Deaver,

After visiting with Ms. Gorganne Hedges, a friend who is director of Senator Danforth's Kansas City office, I am writing to request a special favor.

As Julie Regan and I will be married on February 4, 1984, the Regan - Busch "ticket" will become a lifelong team. We would greatly appreciate any special acknowledgments the President or Vice-President could make about this important day.

Julie and I are both fairly well known in the Kansas City area. Additionally, I work frequently with the media as General Manager of Lamar Hunt's themed amusement park, Worlds of Fun. For these reasons, we feel the possibility for media exposure is quite high.

Thank you for your consideration. An acknowledgement such as a letter, autographed campaign memorabilia or even a video clip to play at the reception will be deeply appreciated and most warmly remembered.

Very best regards,

David J. Busch

P.S. I apologize for such short notice---thanks again.

Dear Mr. Gordon:

Thank you for your letter of January 10th expressing your interest in having Miss Yue Sai Kan obtain press credentials to accompany the President when he travels to China in April.

Please be assured that Miss Kan's request is being given every consideration but be aware that the number of press will be limited by the People's Republic of China.

It is good hearing from you and I do recall with pleasure your hospitality to Carolyn and me when we were guests at your home.

With best wishes,

Sincerely,

Dear Mr. Deaver:

I remember with pleasure your visit with Mrs. Deaver to my house on Martha's Vineyard last summer with Kay Graham.

This letter concerns Miss Yue Sai Kan, who is the producer and hostess of a national television program called "Looking East". The program has had inordinate success in airing to the American Public the culture, history and politics of the Orient. Miss Kan is on exceptionally good terms with the People's Republic of China and would like to obtain press credentials to accompany the President when he travels to China in April. She has written to Larry Speakes and has received the enclosed answer.

I would appreciate it very much if you would convey to Mr. Speakes or to Mr. Weinberg my personal interest in this matter.

Sincerely,

Milton A. Gordon

Dear Ms. Kan:

Many thanks for your recent letter regarding your interest in obtaining press credentials to accompany the President when he travels to the People's Republic of China in April.

We are just now beginning to work with the Chinese government on arrangements for press wishing to cover the trip. In the past, it has been necessary to limit the number of journalists accredited to accompany the President. It will probably be at least a month or two before we are able to focus more specifically on the allocation of press credentials.

I have given your letter to Mark Weinberg, who will be handling press coverage arrangements for the trip. I am certain he will contact you if we are able to include you on the trip.

Thanks again for your interest in writing.

Best regards,

Dear Phil:

I'm sorry circumstances have occurred that prevent the Vice President from hosting the Business Council reception. I hope you recall that I said that his participation was contingent upon any foreign travel.

My staff and I tried very hard to accommodate your request from the very beginning and while I understand your frustrations, I would hope you understand our difficult circumstances.

If there is anyone else in the Administration that you would like to consider, please let me know.

Sincerely,

MICHAEL K. DEEVER
