- Fellowship Foundation: 1975-79
Resulting from the initial impetus of the National Prayer Breakfast held in Washington, D.C. in 1953 President Eisenhower and other national figures, a network of relationships established upon a non-political basis has developed in over 100 nations. The purpose of the Fellowship Foundation is to provide a mechanism for the fostering of such associations between leaders in both government and the private sector by initially appealing to their commonly held spiritual values to form the basis for better communication, trust and understanding. The result has been the international establishment of non-partisan fellowship groups which frequently model themselves after the weekly House and Senate breakfast groups. Through the Fellowship Foundation a staff of individuals work on behalf of those participating members of Congress to build and foster links between individuals in positions of responsibility worldwide.
 - o Southeastern Regional Director

- Young Life Campaign, 1971-75, Director, Metropolitan Richmond, Virginia
Y.L. is a non-profit organization whose leadership seeks to build meaningful bridges of understanding and communication between adolescents and the adult community by providing recreation, counseling services, extensive camping experiences, small group therapy and most importantly, adult friendship. The leaders serve as important role models for many questioning youth. While the focus is upon the spiritual dimension important to psychological well-being, the whole person is taken into account in order to be of maximum assistance. My role as Metropolitan Director was to pioneer the effort in Richmond by raising funds, recruiting and training volunteer leaders (over 50 per year), and by generating public support and interest through speaking engagements at various civic clubs and church gatherings throughout the area. Under my leadership the program expanded to involve over 500 adolescent participants weekly. The urban thrust of the program eventually became a national model.

- The Collegiate School, 1972-75, Adjunct Instructor, Religion, Culture and Social Ethics

- African Project, 1971, Coordinator, Joint Program of the Presbyterian Church and Young Life, Addis Ababa, Ethiopia

The purpose of our efforts in Addis Ababa was to create a youth program designed to meet the special needs of the many Ethiopian students who were drawn from the countryside into the center city in the hope of finding a better quality of life. This created enormous social problems. The program provided personal and vocational counseling and stressed athletics, group therapy, drama, music, worship and camping.

- The Honorable Mark O. Hatfield, U.S. Senate, 1969-1970, Legislative Correspondent

My primary responsibility in this Republican Senate office was to monitor constituent correspondence and to draft appropriate responses.

- Young Life Training Program, 1969-71, Washington, D.C.

The training experience stressed both the conceptual as well as the practical aspects of effective youth programming for urban and suburban adolescents.

Dear Mike:

It was good seeing you over the Congressional Election period.
I was glad to again be of service.

In light of some White House staffing changes that I understand
are being contemplated, I am writing to ask for your assistance
and consideration.

Specifically, it has come to my attention that Jim Rosebush has
decided to leave and that you are now screening candidates for the
position of Chief of Staff for the First Lady.

I would appreciate being considered as I feel my background, cre-
dentials as well as prior service are very compatible with the
needs of this position. I would be honored to serve on your
staff. My organizational and strong management skills could be
brought to bear to further increase the efficiency and produc-
tivity of the position.

Mike, anything you can do to assist in this matter would be very
much appreciated. I shall look forward to hearing from you.

Best regards.

Dear Mike:

Your secretary indicated you were out of the country and therefore I am writing in order to reach you upon your return.

The reason I called is that recently there have been press reports that you are seeking someone to serve as Chief of Staff for Mrs. Reagan. If these reports are accurate, I would very much appreciate your consideration for that position. I am very interested in serving the President and Mrs. Reagan in this way and working with you again in this effort.

I am enclosing a copy of my current resume in case that would be helpful to you.

Thank you very much for your consideration and my very best wishes.

Sincerely,

Ralph W. Tarr
