MEMORANDUM FOR: MICHAEL K. DEEVER
DEPUTY CHIEF OF STAFF

FROM : ROBERT L. DEPROSPERO
PRESIDENTIAL PROTECTIVE DIVISION

SUBJECT : Viewing Presidential Events

I am concerned about the circumstances described in the attached memorandum since this occurrence is symptomatic of a problem we are experiencing with increased frequency.

There are agreed upon procedures established for the purpose of providing members of the staff, Secret Service agents, and other pass holders opportunities to view selected Presidential movements within the White House complex. These agreements enable pass holders and their guests to stand in preferred locations while maintaining a safe, controlled, and dignified environment for the President. I believe adequate deference is shown to members of the White House staff in attempting to accommodate particular requests - even those on the margin of the guidelines.

When a disagreement occurs during a Presidential event it unfortunately creates distractions for our personnel and risks potential embarrassment for everyone. When we must question the actions of a staff member which results in either challenges to, or actual defiance of, our authority, the outcome can only be counterproductive and serves to undermine unnecessarily the excellent working relationship we all have worked so hard to establish.

If the procedures we are currently using for these events are inadequate or ill-defined, I remain available to negotiate this issue with your staff to everyone's satisfaction. If this is not necessary, then I need your help in reaffirming the existing guidelines in order to emphasize the importance of adherence and to preclude further confrontations.

I bring this to your attention because mutual respect of our roles is so important.

A handwritten signature in dark ink, appearing to read "Robert L. DeProspero".

Secretary Donald Regan
U.S. Treasury Department
Washington, D.C.

Dear Mr. Secretary:

Last week on a cable television news program, I witnessed an event which I consider to be despicable.

One of the accredited newsmen accompanying President Reagan to China, when confronted by a situation which he apparently deemed to be over-reaction by security personnel, verbally harassed members of the Secret Service.

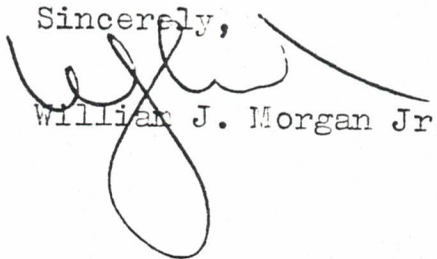

According to the account provided by the news tapes, Mr. Sam Donaldson of the ABC Network, when refused entry to certain areas became very upset and vented his anger at members of the Secret Service who were acting to protect the President. As I am able to remember the words he used on the tapes they were "this is not the actions of the Chinese; it is your doing- next you'll be kidnapping women and killing children". (Or words quite close to these.) All because he had been denied access to certain areas.

Must we condone this behavior in the name of a free press? I wonder what Mr. Donaldson would have reported had he observed such an event and not been part of it?

It appears to me that an apology is in order from Mr. Donaldson to the members of the Secret Service who were acting in the best interest of the United States.

It also appears that maybe a review of Mr. Donaldson's credentials are in order to insure that one who is privileged to accompany the President, particularly on a foreign trip, is able to act at a level which is above that expected from an unruly child. The Chinese kindergarten children appeared to act with more decorum.

Sincerely,

William J. Morgan Jr.

The President
The White House
Washington, D.C. 20500

Dear Mr. President:

With the most recent terrorist activity in the Nation's Capitol, it has come to my attention that a possibility exists during the State of the Union Message for a major catastrophe.

With the fact that the State of the Union Message gathers all 435 Congressmen, 100 Senators, including the majority and minority leadership of both houses, members of the Cabinet, the Vice President and all the Supreme Court justices, a terrorist act at this event could in essence leave our government with no possible successor.

I bring this matter to your attention for a two-fold purpose: One, that every possible security measure, both internally as well as externally, be provided for the security and safety of those on the House floor as well as those in the gallery. Two, that consideration be given that the Vice President not attend the State of the Union Message, so that there would be a leader in place should a catastrophe (God forbid) happen at this event.

I realize that we cannot cave-in to terrorist activity and ask that my request be viewed in that light. However, I feel it would be wise to make sure in this circumstance, as well as circumstances of a similar nature, that the necessary security measures be in place.

I have no reason to believe that such a disaster may occur at this event, but realizing that this is the only event in which every one of our major leaders is in attendance has brought me to the realization of what a catastrophe of major consequence could have in totally eliminating the proper line of succession and crippling the very existence of our form of government.

Thank you in advance and God Bless.

Dear Mayor Vacco:

Nancy and I are deeply honored to extend our warm and thoughtful greetings as the City of Evergreen Park dedicates a park in memory of Special Agent Donald A. Bejcek.

Those of us who are the direct beneficiaries of the dedicated and courageous efforts of the men and women of the United States Secret Service feel a special closeness for each of them. For, in truth, they serve not only us but every American. Without such men and women, our democratic way of life would be seriously threatened and our society thrown into chaos.

Special Agent Bejcek gave his life while performing his duty protecting the emissaries of another nation and our country's leaders. His devotion and sacrifice serve as an inspiration to all who would assist this nation.

In our hearts we know there can be no more fitting homage to his memory than the children's park you dedicate on this occasion. It is a place where children will play and grow -- a place filled with life, just as he was dedicated to protecting life.

Out of the sadness of his passing, may the meaning of what he stood for and the joy he brought to others be fully realized in this unique tribute: the Donald A. Bejcek Memorial Park.

Dear Eileen:

The death of your stepfather is one of the many reasons I am fighting to end the tragedy of drug abuse in our country. You, more than most, know the pain which comes from losing a loved one to a senseless crime.

I can tell from your letter that you are a sensitive, concerned young lady and I am sure that your love and pride in your stepfather will keep him close to you and your mother. I hope you will always be determined to help stop the problems of drug abuse and to share your special sensitivity with those in need.

Dear Students:

I was pleased to receive your letters about drug abuse. You have learned about the negative effects of any kind of addiction on people, their families, their friends and our society. Many of you have said that you wish to stay drug-free and I congratulate you on your decision.

In your messages you stated your admiration for Eileen Tufino's stepfather Mr. Ariel Rios, agent of the Bureau of Alcohol, Tobacco and Firearms who gave his life in our country's war against illegal drugs. I join with you in honoring the memory of this heroic man and I want you to know that we will never relent in the cause for which he made the ultimate sacrifice.

You and your teachers, Mr. Bialicki and Miss Parente, have my best wishes now and for the future.

Dear Mr. President,

Eileen Tufino's stepfather, Mr. Rios, was the agent killed in the December, 1982 drug deal raid in Miami. The meaning of your administration's war against drugs could not have been felt more than it was here in Bethany when the news of his death reached Eileen's classmates.

Our sixth grade students at Bethany Community School are united in their desire to see harsh sentencing for drug users and for those committing drug related crimes. They are a group of eleven and twelve year old Americans who want to grow up and live in a drug free society. We all support your efforts in dealing with this problem. Many students have written their personal feelings to you in the enclosed letters.
