Dear Carlton,

Many thanks for your kind letter of June 30. 1980.

Since then several interesting developments which occurred including Dr. Richard Evans Schultes (whom I'm sure you know) has agreed to write the introduction to Book 11. of The Great Books of Hashish.

This makes me very pleased of course. I shall be visiting with him pretty soon and would also like to come visit you. Would you recommend I come early August or sometime in early September, so that I may learn and view some of your studies; even take some photos. Maybe it would be best to come at both times then I could see things at different stages.

Hoping to hear your suggestions soon.

Warmest regards,

Laurence Cherniak.

Dear Senator Chiles:

I appreciate your forwarding the information regarding the plan by Mr. Erwin Dollar which proposes to augment the U.S. Coast Guard's air surveillance over the Gulf of Mexico.

It is an interesting concept and I have asked my staff to discuss it with the U. S. Coast Guard.

Thank you for your continuing interest in stopping drug smuggling.

Sincerely,

Dear Mr. Cobb:

Thanks for your kind letter. I really appreciated the congratulations.

Briefly, the President's position on drugs has been one of reduced demand and reduction of supply at the source. We will do our best on a broad front, but the Administration will need the support of concerned individuals such as yourself. I very much appreciate your generous offer of assistance.

When your travels bring you to the Washington area, please stop by and visit with us.

Sincerely,

Dear Shirley:

Thank you very much for your kind invitation of August 18, inviting me to address the Florida Alcohol and Drug Association in St. Petersburg Beach on October 15-16.

These are busy days for all of us here and much of our time will be spent in "policy development." Unfortunately, it is not possible for me to make a definite commitment at this time; however, I can assure you that every consideration will be given to your invitation and, as we get a little further along in the month, I will be in touch with you again.

Sincerely,

Dear Dr. Turner:

As a member of the International Association of Chiefs of Police Committee on Narcotics and Dangerous Drugs and colleague of our mutual friend Otto Moulton, may I be among the first to congratulate you on the occasion of your appointment as President Reagan's Senior Policy Advisor on Drug Abuse.

After attending one of Otto's many substance abuse educational programs in Danvers last year, I was indeed impressed with the extensive knowledge, perspective and expertise you have acquired on this most important social problem - one which, without further delay, must be effectively addressed if we are to guarantee a productive future for our country and our children.

Knowing of your dedication to the task before you and the goals we all share, I have every confidence that President Reagan will now be in the best possible position to bring into sharp focus the multifaceted issues and answers concerning narcotics trafficking and illicit drug use in America.

Again, my best wishes and please feel free to contact me directly for any assistance I might offer which would compliment the performance and effectiveness of your office.

Sincerely,
