Dear C.T.,

Just a note to express my personal appreciation on behalf of the people of Mississippi for your appearance at the announcement of DREAM. It was an unqualified success, thanks to you.

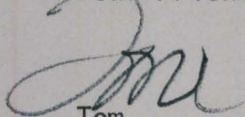

I forgot to mention this on the phone but if you could contact Mrs. Reagan and the coordinator for Get High on Yourself in regard to attending the conference January 14-15, 1982, I would be eternally grateful. I am willing to meet with you and anyone else, anytime or any place. It is extremely important to this movement that we be able to pull this off.

I am enclosing copies of news articles about the meeting as well as articles which appeared in the Clarion Ledger today.

I will draft a letter to Trent Lott and Thad Cochran regarding your assistance as well as a request for your help in January.

Thanks again for everything. If I can help you in any way I'm as near as the phone.

Your Friend,

Tom

Dear Dr. Turner:

On behalf of the State Drug Enforcement Alliance, I would like to thank you for meeting with us in New Orleans and sharing the information on President Reagan's position concerning drug law enforcement.

SDEA is planning its spring conference in Orlando on May 11-14, 1982. It would be a pleasure to have you attend this conference and keep open the lines of communication established in New Orleans. We are planning a breakfast session on Thursday, May 14 and would like for you to address the membership at that time.

SDEA feels that it is imperative that State and local law enforcement agencies maintain a close liasion to ensure maximum effectiveness in the efforts to cut drug smuggling.

I am looking forward to seeing you in Orlando and if I can be of any assistance, please call.

Dear Commissioner Wadman:

Thank you for your recent phone call and subsequent letter of July 27th. Your Anatomy of a Merger was most interesting. I certainly appreciate you taking time from your schedule to correspond with me regarding your views on that merger.

The President and other members of this Administration have been supportive of the law enforcement community. The Attorney General has made several presentations on the issue. Please see the June-July issue of Justice Assistance News.

Moreover, Mr. Dan Leonard, Policy Adviser in the Office of Policy Development, has nearly thirty years of law enforcement experience. I believe our interest and your interest are one and the same with perhaps some differences in schematics. We will be formulating a drug policy which the President has publicly stated will be one of his priorities.

Commissioner, I appreciate your views and concerns. Your views will be taken into consideration in the formulation of drug policy.

Dear Mr. Rinehart:

A quick note to say thanks for helping direct this newcomer around the City of Washington. Without your advice, I probably would have gotten on the wrong bus and wound up back in Maryland instead of 17th and Pennsylvania.

My office is Room 424 Old Executive Office Building. When you get a chance, drop by and visit with us.

Sincerely,

Dear Mr. O'Donnell:

The meeting with you and Carolyn Bacon was most interesting. Your idea of a professionally-produced film to educate the young people of our society regarding the problems with drug abuse is a sound one which I support wholeheartedly.

We discussed the possibility of having certain literature sources shipped from Mississippi, abstracted by me or my office or the National Institute on Drug Abuse in order to provide information in support of your proposal. In checking with Ms. Beverly Urbanek of the Research Institute of Pharmaceutical Sciences, University of Mississippi, Beverly tells me that it will be a few days before she can have the material shipped to me. Subsequently, I spoke with Dr. Bill Pollin of NIDA, regarding the support his agency could provide. Dr. Pollin thinks it will be more than a six-month project. However, I think some of the work can be done in much less time. The papers on the reproductive system are numerous but a reasonable volume. The papers on the lungs are numerous but reasonable. The papers on the brain will present the greatest problem. Nevertheless, I intend to continue striving in this direction.

We are trying to formulate a comprehensive policy which will bring the resources of this country together in a unified front against drug abuse. These programs can only be successful with the support of individuals such as yourself.

Personally I thank you for the work you have done in the area of drug abuse, and look forward to the successful completion of your project. If this office can be of any assistance, please call.

Give my regards to Ms. Bacon and remember when your travels bring you in our area, you have a standing invitation to visit anytime.

Sincerely,

Carlton E. Turner, Ph.D.

Dear Mr. McGreevy:

Your letter to the Honorable Michael M. Uhlmann and the press release regarding SDEA's role in curtailing drug trafficking and drug abuse, have been forwarded to me. Mike also briefed me on the earlier meeting that he and Mary Lee Garfield participated in with representatives of the SDEA.

Through the efforts of Mr. Tom Dial of the Mississippi Bureau of Narcotics, I am personally aware of SDEA activities. Also I have been invited to participate in your meeting in New Orleans in September. A decision on this matter will be made shortly.

In case you do not have a copy of the President's news conference on March 6th, I have enclosed a copy.

My office phone number is (202) 456-6594. Please feel free to call me at any time regarding any issue on drug abuse. If I am not in, Mr. Dan Leonard will be happy to talk with you.

Let me encourage you and other members of SDEA to continue working toward a reduction in the availability and use of drugs by the citizenry of this country.

I look forward to working with you and your organization in the future.
