RONALD REAGAN

September 3, 1980

The Honorable Strom Thurmond
209 Russell Senate Office Building
Washington, D. C. 20510

Dear Strom:

The fiber/textile/apparel manufacturing complex provides 2.3 million vitally needed American jobs, including a high percentage of female and minority employees. As President, I shall make sure that these jobs remain in this country.

The Multifiber Arrangement (MFA), which is supposed to provide orderly international trade in fibers, textiles, and apparels, was first negotiated under a Republican Administration. The MFA expires at the end of 1981 and needs to be strengthened by relating import growth from all sources to domestic market growth. I shall work to achieve that goal.

Sincerely,

RONALD REAGAN

SUGGESTED TALKING POINTS FOR THE PRESIDENT FOR MEETING
WITH MAYORS AND CITY OFFICIALS

June 3, 1981

- I understand that you have been discussing the Economic Recovery Plan and especially the tax cuts and block grants with the Vice President, Secretary Pierce and Rich Williamson.
- I appreciate the support many of you have given to my Economic Recovery Plan. As you all have read, we are in negotiations with Congress on the tax cut proposals and I want to reiterate my total commitment to a 3 year plan.
- Now on a subject of particular concern to you, I cannot stress more emphatically my personal commitment to the concept of block grants.
- Along with the tax cut legislation and regulatory relief, block grants are a major priority of this Administration. Block grants are a crucial element in our federalism objective to return power to state and local governments.
- In addition, they are an important vehicle for budgetary savings.

-- Now, I have heard that some local officials have reservations about working with their state governments on the administration of block grants. And I can appreciate your concern.

-- As you know, Congress is currently considering our block grant proposals. I have had meetings with Ed Meese, Jim Baker, Rich Williamson and others about your concerns. We are open to further discussion on how to ensure a smooth transition from the status quo to block grants.

-- I hope that through meetings like this we can begin to resolve the reservations and concerns some of you may have.

-- And now, I would like to hear any constructive suggestions you may have.

SUGGESTED TALKING POINTS FOR MEETING WITH GRADUATES OF
CONGRESSIONAL PAGE SCHOOL

- Congratulations.
- Praise them for successfully completing an academic experience which has been both rigorous and rewarding.
- Point out that their experiences as Senate and House Pages are truly valuable as they now have an insider's view of how our laws are made.
- Wish them well in their further academic pursuits.

BRIEF REMARKS: CONGRESSIONAL PAGE SCHOOL GRADUATES
JUNE 3, 1981

It is a pleasure to welcome you to the White House. You have spent the last months -- in some cases, years -- in the Houses of Congress, at the core of our Government. You have seen in this brief time more of the workings of Government than most Americans will ever see.

There is a Latin saying that observation, not old age, brings wisdom. I imagine the view from the risers has made you very wise, indeed.

You all have worked hard, done well in school -- except, I understand, for basketball -- and, in the process, gained insights to our country and to our people that few your age yet share. You will find this perspective to be a haunting challenge; a challenge to use your understanding to build an even greater America.

"The government is us; we are the government, you and I," Theodore Roosevelt said, and I think you understand that now, better than most. You have watched the members of the House and Senate, the staff and tourists and lobbyists. You have seen legislation of politics and politics of courage. You know that the people in the Chambers are only appendages of the people at home. You know that the responsibility for this Nation resides in each of us, for there is no vague "they" or "them" or "Washington" to bear our responsibilities for us.

Some of you may come back to this city as Members of Congress or as President. Many of you will not. But I have

high expectations for each of you, no matter what trade or profession or life you choose. I know you will do well, and serve your country well, because you understand freedom. The secret of America's strength is that her people are free and have high expectations for themselves.

Now, I would be very pleased if all of you could come up here to have our picture taken.

MEETING WITH TOM LOEFFLER (R-Texas)

DATE: Wednesday, June 3, 1981

LOCATION: The Oval Office

TIME: 11:45 A.M.-11:50 A.M.

FROM: MAX L. FRIEDERSDORF *M.L.F.*

I. PURPOSE

To thank Tom Loeffler for his excellent work to secure conservative and moderate Democratic votes during recent House action on the bipartisan Budget Resolution (Gramm-Latta); and to provide Tom with the opportunity to have an individual photo taken with the President.

II. BACKGROUND

Tom Loeffler is the first Republican to be elected to the House of Representatives from the 21st District of Texas (rural west central part of the state). First elected in 1978, Tom is serving in his second term. His career prior to 1978 includes work as a practicing attorney and rancher, Chief Legislative Counsel to U. S. Senator John Tower (1972-1974), Special Assistant for Legislative Affairs at the Federal Energy Administration (1974-1975), and White House Special Assistant for Legislative Affairs (1975).

Tom is a member of the Appropriations Committee. He also serves as a Deputy to House Republican Whip Trent Lott, having primary responsibility for liaison with members of the Conservative Democratic Forum. It is in the latter capacity that Tom was instrumental in the recent House Floor victory on the bipartisan Budget Resolution (Gramm-Latta). In addition to his close working relationship with Charlie Stenholm (D-Texas) and other key Conservative Democratic Forum members, Tom provided early identification of other possible Democratic votes and early warning of possible problem areas. Tom's continuing work through the House Republican Whip organization will be a key factor in the continuation of a bipartisan coalition on important Administration initiatives.

Tom has attended various group meetings with the President: meeting and photo session with the House Republican Whip organization on Thursday, February 26, 1981 in the Cabinet Room; breakfast meeting with members of the House Republican Sophomore Class on Thursday, March 12, 1981 in the State Dining Room; and the President's reception for House Members who supported the bipartisan Budget Resolution (Gramm-Latta) on Monday, May 11, 1981 in the East Room.

II. BACKGROUND (continued)

Tom also attended the meeting with Republican Members of the House Appropriations Committee--on April 7, 1981--which was conducted by the Vice President during the President's recuperation. Tom has not had an individual meeting with the President.

III. PARTICIPANTS

The President
Representative Tom Loeffler
Max L. Friedersdorf

IV. PRESS PLAN

White House Photographer Only.

V. SEQUENCE OF EVENTS

See attached Talking Points.

Attachment: Talking Points

SUGGESTED TALKING POINTS FOR MEETING WITH
REPRESENTATIVE TOM LOEFFLER (R-TEXAS)

- Thank Tom for his excellent work through the House Republican Whip Organization to help secure the support of the 63 House Democrats who voted for the bipartisan Budget Resolution (Gramm-Latta) on May 7, 1981. Given the additional unanimous support of 190 House Republicans--including Tom--the bipartisan Budget Resolution was approved by a sizeable 253-176 margin.
- Mention that Tom's prior experience at the White House and on Capitol Hill, combined with his unusual ability to work with Representatives on the other side of the Aisle, make him uniquely suited to play a key role in continuing to strengthen the bipartisan coalition in the House of Representatives.
- Note that you also look forward to Tom's continued leadership and support as a Member of the House Appropriations Committee--a House panel which is pivotal in many respects to the economic recovery effort.
- Congratulate Tom on being the first Republican ever elected to the House of Representatives from the 21st District of Texas (rural west central part of the state) in 1978; and express the confidence that he will remain on the leading edge of the nation's growing trend toward Republicanism.

THE WHITE HOUSE

WASHINGTON

MEETING WITH REPRESENTATIVE SAM B. HALL, JR. (D-TEXAS)

DATE: JUNE 3, 1981
LOCATION: THE OVAL OFFICE
TIME: 11:40 A.M. (5 minutes)
FROM: MAX L. FRIEDERSDORF *MLF*

I. PURPOSE

To present the President with a pair of gold cufflinks.

II. BACKGROUND

Sam gave the President his personal pair of Texas cufflinks during the May 11 reception for the 253 members who voted for Gramm-Latta. Unfortunately, no photograph was taken at that time and Sam would very much like a photo of the presentation. The press had focused on presidential "favours" during consideration of Gramm-Latta and Sam, in a moment of well-turned humor, gave his own cufflinks to the President.

Sam B. Hall, Jr. succeeded Wright Patman in 1976 in Texas' first congressional district in the northeast corner of the state that includes the cities of Marshall, Paris, and the Texas half of Texarkana. Sam serves on the Judiciary and Veterans' Affairs Committees. He is a leader in the Conservative Democratic Forum and a strong supporter of the President's.

Attachment: Talking Points

SUGGESTED TALKING POINTS FOR MEETING WITH
REPRESENTATIVE SAM B. HALL, JR. (D-TEXAS)

- Indicate that you are delighted to receive the cufflinks again because staff took them away for this photo opportunity and, as Sam knows, you've given most of yours away.
- Thank him for his strong support on the Gramm-Latta resolution.
- Indicate that you know the real work is just beginning with reconcilliation and note that you look forward to his continuing leadership role in this effort.
- Indicate that you look forward to working with him on the tax bill and hope you can count on his guidance and support once again.

Senator Robert Byrd, as Minority Leader of the Senate, will be in a position to assist us on selected occasions. Conversely, he can do a great deal to frustrate our legislative program.

Senator Baker has had a long-standing recommendation that there be a one-on-one meeting between Senator Byrd and the President to encourage his cooperation to the extent possible.

SUGGESTED TALKING POINTS FOR MEETING WITH

- Point out that his cooperation will be especially essential when it comes to foreign policy matters and that you are aware of the support he has provided to other Republican Presidents on foreign policy issues.
- Ask him for his thoughts on the status of negotiations on the economic package including taxes and Social Security.

Frank Sinatra is the MS Society's Chairman for the National MS Hope Chest Campaign which runs from Mother's Day to Father's Day. SUGGESTED TALKING POINTS FOR MEETING WITH
MS MOTHER AND FATHER OF THE YEAR AND FRANK SINATRA

-- Anita Wagner and Jan Smith, the plaques which I have presented to you today are a symbol of the example you both set as strong and courageous citizens and parents, despite your handicaps. Nancy and I congratulate you and I know share with everyone here a sense of pride in your accomplishments and enormous capacity to tackle life's problems. You truly serve as a symbol for the 500,000 Americans who also suffer from multiple sclerosis.

-- Anita, I understand that your capacity for an involved life goes beyond your family and extends into your community, where you play an active role in community affairs. And Jan, I hear that we share a common interest in tackling -- as it relates to both football and challenges. Keep up the good work!

-- But these successful examples of human endeavor might not have been possible without the help of the National Multiple Sclerosis Society through fundraising, research, and patient services. Sylvia Lawry, as the founder of this organization in 1946, you have given both national and international leadership in the voluntary effort to find the cause, prevention, and cure for Muscular Sclerosis. We all owe you, Society President Ralph Weller, and the thousands of volunteers our heartfelt thanks for carrying on this outstanding effort. The Society's commitment of \$57 million to research since 1946 has I'm sure been a big factor in enabling MS victims like Anita and Jan to lead meaningful and productive lives.

-- Frank, I am greatly touched by this gift with its inscription. But I think what it truly represents is the grit and determination of Americans everywhere who aren't afraid of a hard fight in a rough battle and who have the spirit and excellence to survive the toughest

times. Thanks to you and thanks to the entire Multiple Sclerosis Society for this symbolic gift.

-- And I know, Frank, with you heading this year's MS Hope Chest Campaign, it's bound to be a success. Nancy and I extend our support for your work to eradicate this disabling disease.
