The 1600 members of the National Council of Jewish Women in Louisiana commend your nomination of Judge Sandra O'Conner as Supreme Court Justice. The praise that Judge O'Conner has received from both Democrats and Republicans, liberals and conservatives, judicial colleagues and Supreme Court Justice as well, demonstrates the special qualities which Judge O'Conner possesses and would bring to that august position.

The fact that Judge O'Conner would be the first woman Justice of the Supreme Court is exciting in itself. Her qualifications, however, would be remarkable regardless of gender.

We support your choice for Supreme Court Justice, Mr. President, and have urged our senators to do likewise.

Dear President Reagan,

On behalf of the Women's Division, General Board of Global Ministries, The United Methodist Church, I express appreciation for your recent nomination of Judge Sandra Day O'Connor as Justice of the United States Supreme Court. The Women's Division is the national program and policy making body of United Methodist Women with over 1 million members in 35,000 local United Methodist Churches across the United States.

In 1971, when President Nixon had an opportunity to nominate a person to the Supreme Court, the Women's Division expressed a hope that a woman would be named. A decade later, it is heartening that you have taken this step which, if confirmed, will make the court more representative of the national population.

Laws affect the daily lives of all citizens. The Women's Division is aware of the Supreme Court's critical role in the interpretation of laws. As an organization with historical commitments to serving the needs of women and the needs of children, the Women's Division feels that a more balanced and representative Judiciary will help achieve equality of justice under the laws.

You are to be commended for your effort in this direction.

Sincerely yours,

Theressa Hoover

Re: The Nomination of Sandra Day O'Connor as Supreme Court Justice

Dear President Reagan

On behalf of Palo Alto Mid-Peninsula Chapter of the National Organization for Women, I would like to express our appreciation of your nomination of Sandra Day O'Connor to the United States Supreme Court.

I am sure that our chapter members would differ with many of Judge O'Connor's personal views on political issues; however, we believe the Judge O'Connor will not decide cases according to her personal views but by an objective analytic process and according to the dictates of the Constitution and case precedent. It is recognized that all persons have individual view points on any issue. Competent jurists, such as Judge O'Connor, decide cases on judicial issues and not political or philosophical factors. That is why the groups opposing Judge O'Connor's confirmation are in error, as they are demanding guarantees on specific political stances and not looking at judicial performance.

Thank you for nominating a qualified woman to the U. S. Supreme Court.

Yours truly

Dear President Reagan:

As a conservative who has optimistically watched your rise to the Presidency since meeting you in Maryland in 1968 - as well as a feminist who supported you during your most recent campaign - I appreciate the careful thought and investigation you required to select the best nominee for the vacancy in the Supreme Court.

As Chair of the Harford County Commission for Women, I am especially pleased with your selection of Sandra O'Connor.

Ms. O'Connor represents the high caliber of justice necessary for our highest court. Her past record of excellent performance and achievement has received praise from all aspects of the legal community.

The historical significance of the appointment of the first woman as Supreme Court Justice is important to all women. The appointment of a justice with the excellent qualities and fine reputation of Sandra O'Connor is important to all Americans.

I have written to our Senators advising them of the Women's Commission's support for Ms. O'Connor's nomination and urging both Mathias and Sarbanes to vote for her confirmation.

Dear Congressman Dyson:

Thank you for your support of the President's economic package.

We watched avidly as aware congressional representatives from across the nation voted in favor of President Reagan's program and, as a small business we are hopeful and optimistic that our country will achieve economic stability.

You can be sure that the phone calls and telegrams which poured into the offices of Congress and the White House were not orchestrated by "wealthy big business" as the press would have you believe. Many of them were from hard-working small business persons like my husband and me, and our many friends and business associates who took the time to contact Washington prior to the vote.

Thank you again for supporting us. If I can be of assistance to you in the future, please call on me.

Dear Mr. President:

We (over 300 members) are extremely distressed and terribly upset by your nomination for Justice of the Supreme Court, Mrs. O'Connor.

When campaigning, Mr. President, you promised to name a pro-family judge. Pro-family people, anti-abortion people, anti-EKA people are the ones who elected you and put you in office.

We now find your first appointment or nomination for judge is a person who definitely is not pro-family, not anti-abortion, and not anti-EKA. Her pro-abortion record is extensive; her judicial qualifications are questionable, but she is a woman and you say you are satisfied. You --- and Eleanor Smeal are satisfied but decent people are not satisfied. They are upset and unhappy, too, on her softness on pornography.

Mrs. O'Connor is active in Planned Parenthood which gives contraceptives to youngsters without their parents' knowledge. She is also for abortions for youngsters without their parents knowledge. These are things we are fighting in the Maryland schools. The United States is becoming a Sodom and Gomorrah world and since your election, Mr. President, even faster and faster.

Personally, I am sorry each day I voted for you. You have done your party a great injustice. Just remember what happened to Sodom and Gomorrah and the same is going to happen to our United States.

anti-

Remember, Mr. President, Mrs. O'Connor's family record is very, very clear.

Dear President Reagan:

Debra Lozano
In behalf of the Women's Political Caucus of New Jersey, I am writing to commend you on your wise judgement to nominate Sandra Day O'Connor as a Justice on the U.S. Supreme Court. We also congratulate you on keeping a campaign pledge to nominate a woman to an early vacancy.

Your appointment has made a historic breakthrough. We feel that it is another way to bring equal justice under the law. During the court's 191 history, there have been 101 justices who have served and none have been women.

As a woman's rights organization dedicated and committed to having more women represented in government at all levels, we especially applaud your decision. You can understand that we keenly recognize the impact of your selection and how the U.S. Supreme Court impacts on the daily lives of women and their children.

WPC-NJ supports Judge O'Connor's appointment because of her outstanding legal and judicial credentials that she will bring to the U.S. Supreme Court. She has distinguished herself in her legal, personal and political career as a legal scholar, practicing attorney and government attorney.

I have talked with the Director of NWPC's Judicial Selection Project and to leaders of Arizona WPC who praise her abilities. They believe that the same laudable qualities that she brought to the Arizona Court of Appeals will continue as a member of the U.S. Supreme Court. Also, they cite her competence, fairness and commitment to equal justice under the law.

As you know, there are over 50,000 women in our country who are practicing attorneys. We feel that many of them represent resources for future appointments not only on the U.S. Supreme Court but in the federal judiciary system. We hope that you will continue to recognize the legal talents and brainpower of women lawyers by appointing them to the federal judiciary.

I have written to New Jersey's U.S. Senators Bill Bradley and Harrison Williams urging them to support her confirmation.

As NWPC celebrates its tenth anniversary of its founding this year, your nomination has special significance. We hope that the O'Connor nomination will be a new beginning for you to appoint more women to executive and judicial positions.

During your presidency, it is predicted that you will have five opportunities to appoint justices to the U.S. Supreme Court. WPC-NJ hopes that you will balance the scales of justice by appointing other women not only to the U.S. Supreme Court but to other federal judicial posts.

Sincerely,

Eileen P. Thornton

Dear Senator Bradley:

The Women's Political Caucus of New Jersey is pleased with the historic nomination of Sandra Day O'Connor as a Justice on the U.S. Supreme Court. We regard her appointment as a triumph for expanding women's rights in our country.

In behalf of WPC-NJ, I am writing to urge your support for her confirmation.

Our organization endorses her nomination because of the excellent qualifications she will bring to the nation's highest court and for the need to have this court be more fairly representative. Judge O'Connor has the dedication, fairness and commitment to be an outstanding Justice. We feel this way based on her legal, judicial and political careers.

I have talked with the Director of NWPC's Judicial Project Selection Committee and with leaders of Arizona WPC about her legislative and judicial records and credentials. Based on my conversations with them, including their discussions with legal scholars, attorneys and judges in Arizona, we are proud of Judge O'Connor's appointment. They quickly point out that her outstanding qualification to the U.S. Supreme Court focuses on her working knowledge of the lawmaking process gained as a State Senator and as the majority leader of the Arizona Legislature. None of the other Justices bring this perspective to the country's most influential court.

WPC-NJ feels that Judge O'Connor will bring a special perspective on issues that affect women such as sex discrimination. We take note that her legislative record shows that she supported ratification of the Equal Rights Amendment in 1972 and she tried to place the Amendment before the voters in a referendum in-1974.

As an organization dedicated to having more women represented at all levels of government, we are cognizant of the paramount role of the U.S. Supreme Court on the lives of women and their families. We recognize that this court has expanded women's rights, especially in the area of sex discrimination in employment matters.

WPC-NJ hopes that Judge O'Connor will continue her interest in women's issues. We believe that her appointment and service will add a special dimension to the U.S. Supreme Court's motto of "equal justice under the law."

Therefore, we urge you to support her confirmation to the U.S. Supreme Court.

Sincerely,

Eileen P. Thornton

Dear Judge O'Connor:

The Women's Political Caucus of New Jersey shares your pride and pleasure in being the first woman to be nominated to the U.S. Supreme Court. Your achievement and recognition are very important to women's advancement in our society.

In behalf of WPC-NJ, I sincerely congratulate you and extend best wishes for a speedy confirmation.

I have written to President Ronald Reagan to commend him on your nomination and to New Jersey's U.S. Senators Bill Bradley and Harrison Williams urging their support for your confirmation.

WPC-NJ is pleased to support you because of the credentials and perspectives you will bring to this most influential position. The experiences you had as the first woman to serve as a majority leader of a state legislature in our country and as a judge in the Arizona Court of Appeals will certainly be helpful.

We hope that you will encourage President Reagan to appoint other women to future vacancies not only on the U.S. Supreme Court but in the federal judiciary system. As an organization committed to having more women better represented at all levels of government, we know the U.S. Supreme Court has made progress for women's rights, especially on sex discrimination in employment matters. We hope that your experiences will give this court a special perspective on issues affecting women and that you will continue your interest in these issues as you have done in the past.

WPC-NJ believes that your service will give the U.S. Supreme Court's motto of "equal justice under the law" a special meaning. Again, we offer you our best wishes for a speedy confirmation.

Sincerely,

Dear President Reagan:

The Kentucky Federation of Republic Women are proud you chose Judge Sandra Day O'Connor for Justice of the United States Supreme Court.

We support your nomination because she is an able, well qualified, conservative Republican jurist, with an exemplary record of public service, and a good choice for the Supreme Court. We give Judge O'Connor our wholehearted and enthusiastic support.

We as the Kentucky Federation of Republican Women support her not because she is a woman but because she believes in your judicial philosophy, that the legislatures, not the courts are to make the law. Judge O'Connor is the type of Judge, like Justice Rehnquist and Chief Burger, both of whom admire and respect her, who will show judicial restraint, rather than letting the Courts run the Country.

Judge O'Connor has a superb record. Graduated with great distinction, managed many Campaigns, has been a life-time Republican, and has never been an active promoter or supporter of pro-abortion causes.

We agree with your excellence and I will send a letter to my two Democrat Senators of Kentucky, a background record and ask them of their support.

I also sent telegrams to all seven (4 Democrat and 3 Republican Congressmen) in support of your proposed budget.

You are making one of the greatest Presidents history has ever known.

Sincerely
Emogene Holt
