Dear Mrs. Reagan,

I am very sorry to hear what happened. When I found out what happened, I was very shocked. I think that you are very lucky to be save so well. You also had an excellent recovery. When I came home from school, I turned on the T.V. and I saw only part of the film, but then they filmed it again. I was very scared to see this. When I turned on the news the next day, I was happy to see you were recovering very well. You also had two great secret service men. All my prayers are with all of you.

Sincerely,

Dear President Reagan,

I hope you get better soon so that you can run the government well. I just can't believe that John Wamock Kirkley Jr. would do that to the president of his own nation. Luckily, the secret service agent pushed you into the president's limousine and protected you from any other injury. I want to know if James S. Brady will be your press secretary anymore? Will Mr. Mc Carthy recover? I was shocked at the news of the shooting. So was your brother Neil.

From,
Michael D'Andrea

Dear Mr. President,

Hi! My name is Pam and I am very sorry that you were shot and are in the hospital.

I really admire what you did, I also admire your courage and bravery. If I would have been you I probably would have been as uncourageous as a mouse.

I'm glad you were not that seriously hurt and that the doctors were able to get the bullet out.

Get well and out of the hospital soon so this nation will not fall flat on its face.

Please tell the policeman, secret service man, and if not Jim Brady himself tell his family that I hope they get better very, very soon.

Be good in the hospital and listen to all the nurses and doctors so you can get well soon.

Sincerely,
Pam Lieber

Song!

I love you Mr. President (2x)
You are the best President
of all of the years.

Dear Mr President,

I hope you feel better soon so you can guide the U.S. in the right direction. It seemed like a replay of what happened to Kennedy. I'm glad this attempt wasn't successful and I hope there's no more attempts.

I hope you get better soon.
When my family heard about this we were
shocked. I saw the film a lot of times
and it was awful. Everybody was talking
about it. To happen to you in such a
short time of being a President is
terrible. Well I hope you feel better.

Dear President Reagan,

I'm hoping you are feeling better
I have been praying for you. Matter
of fact I have been praying for Jim
Brady, Mr. McCarthy, and Madelohante.
But I was praying for you and Mr. Brady
the most. I heard that Mr. Brady
was doing better than they thought he would
do. I bet you can't wait to Easter for
jellybeans. I don't blame you for liking
jellybeans, they are very good. But peanuts
are my Dad's favorite. I say there O.K.
I heard that your injury will heal better
than Mr. Brady's injury. You are one
of my favorite presidents next to President
Ford.

Your Friend,
Glen Naessens

P.S.

I hope you
are feeling
better.
