DATE OF BIRTH: 12/24/51

UNDERGRADUATE RECORD

Degree — Bachelor of Arts 1971

Rutgers University
New Brunswick, New Jersey

Academic Distinctions:

Summa Cum Laude with highest distinction.

Phi Beta Kappa

Dean's List all semesters.

I was graduated from college in two years with a straight "A" (1.00) average.

Henry Rutgers Scholar — an honors program for independent interdisciplinary research which culminated in a 550 page thesis on the medical knowledge of the Talmudic savants and a public presentation to the university community.

Activities:

Captain — Mettler Basketball Team (intramural)

Judo Club (Green Belt)

Big Brother Program — designed to enable an interface of underprivileged urban children with college students on a one-to-one basis.

Pre-Legal Society

LAW SCHOOL RECORD

Juris Doctor Degree 1974

Yale Law School
New Haven, Connecticut

Academic Distinctions:

Editor — Yale Law Journal
Topics Advisor — Yale Law Journal
Honors in 70% of graded courses.

Activities:

Executive Director — (YLS) Yale Legislative Services
YLS is a service organization which provides a wide range of free, non-partisan legislative services — innovative legislative drafting, reports on specific bills, and reports analyzing legal and policy problems for legislatures and other governmental bodies on the municipal, state and federal levels.

Member of the National Uniform Law Advisory Committee of the National Notary Association, Woodland Hills, California. Helped compose comprehensive draft legislation for a Uniform Notary Act.

Rapporteur for Panel Discussion on Expulsion and Expatriation at 67th Annual Meeting of the American Society of International Law, Washington, D.C. The presentations were published in the ASIL's Proceedings.

PROFESSIONAL EXPERIENCE

Member of the New Jersey Bar; District of Columbia Bar; New York Bar; District Court of New Jersey; District Court of the Southern District of New York; U.S. Court of Appeals for the Second and Third Circuits; United States Tax Court; United States Customs Court; United States Court of Customs and Patent Appeals.

I was an associate with the law firm of Fried, Frank, Harris, Shriver & Jacobson, 120 Broadway, New York, N.Y. The firm, which was established before the turn of the century, consists of approximately 300 attorneys, with offices in New York, Washington and London. It is a Wall Street firm with a general practice. The clients vary in size and type of business. They include major investment banking houses and large public corporations. The firm is divided into five departments: real estate, litigation, tax, corporate and estates and trusts. I had always been in the litigation department where my areas of concern have included: commercial law, security law, mergers and acquisitions, environmental law, public utility law, international law, anti-trust, and federal procedure.

The above areas were focused upon in a number of diverse forums including: state and federal courts on both the trial and appellate level; as well as numerous federal agencies such as the SEC, FERC, EPA, FPC; as well as many state agencies, e.g., securities commissions, pollution control commissions, public utility commissions, tax commissions, and the American Arbitration Association.

I have been engaged in every aspect of litigation:

- (a) drafting of complaints, answers, interrogatories, document requests, subpoenas, briefs, affidavits;
- (b) taking and defending depositions and examinations before trial;
- (c) supervising company wide pre-trial discovery;
- (d) practicing federal and state court motion practice;
- (e) preparing witnesses, both lay and experts, for direct as well as cross examination;
- (f) developing outline of proofs, exhibits and substantive testimony for trial;
- (g) personally advising and counselling clients on all stages of litigation process as well as both prophylactic and defensive steps;
- (h) personally arguing and appearing before state and federal judges, state and federal administrative agencies, and the American Arbitration Association;
- (i) negotiating settlements of disputes and pending litigations;
- (j) supervising other attorneys and professionals in all of the above; and
- (k) coordinating with co-counsel and of counsel in all of the above.

Since 1980, I have been engaged in private practice in Elizabeth, New Jersey. My concentration has been corporate work and real estate.

JUDICIAL EXPERIENCE

On April 4, 1985 I was sworn in as Municipal Court Judge of Elizabeth. The appointment was made by the Assignment Judge of Union County, the Honorable Edward W. Beglin, Jr. pursuant to NJSA 2A:8-10 and in accordance with rule 1:12-3 (a), rule 7:4-3 (b)(1). I served as an acting judge on a part-time basis. I also on occasion served as an acting judge for the City of Union.

The Municipal Court has jurisdiction over petty misdemeanors and misdemeanors which can result in imprisonment for up to a year. Typical cases, include assault, disorderly conduct, theft, criminal mischief, possession of marijuana, etc. All traffic offenses including drunk driving as well as violation of all city ordinances are heard in municipal court.

None of my decisions were ever appealed. Cases I heard prompted me to write a number of articles for publication in the New Jersey Law Journal. I was a columnist for the Law Journal with a monthly column entitled "View From the Municipal Bench". I attended a regular cycle of educational programs for municipal court judges sponsored by the Superior Court.

GOVERNMENTAL EXPERIENCE

On August 6, 1979, I was appointed Assistant Counsel to the Honorable Governor Brendan T. Byrne. My duties included advising on pending and proposed legislation, coordinating access between the various State departments and the Governor's office, counselling on policy issues and interdepartmental differences raised by the aforementioned departments, providing guidance to diverse State councils and commissions, and acting on behalf of the Governor and the Counsel on an assigned basis.

In April of 1979 I was appointed the Chairman of the Human Rights Commission of Elizabeth by the Honorable Mayor Thomas G. Dunn. The Commission was created by City Council pursuant to state-wide legislation to ensure that individual rights and freedoms are promoted. The objective of the Commission is to improve the quality of life for the residents of the City. Specifically, to protect against the deprivation or denial of any rights by any governmental agency, authority, their officials or employees.

In March of 1986, I was nominated by the Honorable Governor Thomas Kean and confirmed by the Senate Judiciary Committee and the Senate as a whole to be a Commissioner of the Public Broadcasting Authority. This autonomous agency operates New Jersey's statewide public television system consisting of four stations. Known as New Jersey Network, it is the largest producer of local programming of any public television organization in the United States.

TEACHING EXPERIENCE

Assistant in instruction at Yale College for a course entitled "Law in Society" under Professor Charles Black of the Yale Law School. The course was designed to teach law as a social science in the context of a liberal arts education.

Assistant Adjunct Professor of Law at New York Law School. The course prepared, but not taught was "Jewish Law" and focuses on a number of jurisprudential perspectives, including: (1) special attributes of a legal system that is predicated on religious considerations, (2) relationships of the law of quasi-autonomous communities to the politico-legal systems of which they are a part, (3) purported and achieved objectives of the system's application, (4) comparative attributes of other systems or frameworks.

Various public lectures on law before university, community and congregational groups, including: Temple Medical School; Rutgers University; J.E.C.; Cong. Talmud Torah of Flatbush.

COMMUNITY SERVICE

Treasurer and board member of the Jewish Educational Center, 330 Elmora Avenue, Elizabeth, New Jersey, founded a half a century ago by Rabbi Teitz, the Dean of New Jersey Jewry, the JEC consists of four synagogues, elementary and high schools for 800 students, two radio programs, a publishing division, and other endeavors.

Board member of Camp Dora Golding, R.D. #2, East Stroudsburg, Pennsylvania. A boys camp for 240 children chartered by the State of New York and a beneficiary of the Federation of Jewish Philanthropies.

Board member of Memorial General Hospital, 1000 Galloping Hill Road, Union, New Jersey. Founded in 1944, it is a 201 bed voluntary non-profit community hospital serving over 50,000 patients annually. The physician staff exceeds 250, while the nursing and ancillary staff consists of 750 employees.

EMPLOYMENT:

UNITED STATES GENERAL SERVICES ADMINISTRATION
REGION II (New York, New Jersey, Puerto Rico and the Virgin Islands) September 1982 - Present

Executive Assistant Regional Administrator

I assist the Regional Administrator in overseeing the programs and activities of the General Services Administration (GSA) in Region II. GSA is an agency of 2600 employees that is responsible for all real estate transactions and management, personal and supply purchasing and contracting, telecommunications and direction of the Federal Protective Service for the federal government. I review and analyze all policy and technical orders to be implemented by the agency. An important area of responsibility is contact and negotiation with members of Congress and officials of local government in regard to GSA policy and activities. I supervise the urban planning affairs in order to determine the potential impact of GSA proposals upon a particular community or area. I am responsible for the equal employment opportunity (EEO) and affirmative action initiatives and mandates. I am also in charge of the public and community relations functions for the agency. This endeavor involves various editing and writing assignments, promotions and inter-relating with media and community organizations.

NEW YORK STATE SENATE COMMITTEE ON COMMERCE AND ECONOMIC DEVELOPMENT March 1979 - September 1982

Director

I administered the formulation of legislation and policy relative to the statutes enacted by the New York State Senate in the areas of commerce and economic development. The focus ranged through a wide variety of policy initiatives,

including energy, transportation, government operations, labor, public and private finance, education, tourism and technological concerns. I coordinated program direction with each respective state agency or department. We successfully wrote legislation that reduced the cost of conducting business in New York and implemented a comprehensive, long-range plan for economic development with emphasis on the expansion of the high technology industry. In an oversight capacity, we participated in the restructuring of state agencies for the purpose of economy and greater efficiency. I had extensive administrative and personnel responsibilities, and was involved with the research and reporting aspects of the office. Negotiating and relating to governmental officials, lobbyists and representatives of business, labor and industry were other key activities.

NEW YORK STATE TEMPORARY COMMISSION
ON CHILD WELFARE

February 1977 - March 1979

Executive Director

I directed programs and staff of the Commission relating to the evaluation of the scope, quality, cost and effectiveness of services provided for children in the State of New York. Toward this end, I was involved in holding hearings, issuing reports, writing legislation and making recommendations for institutional change to the Governor and State Legislature. Two major achievements were the re-vamping of the state social services delivery system as it relates to children and substantial changes in the law in regard to foster care and adoption. Aside from my day-to-day administrative duties, I met regularly with the unsalaried members of the Commission who set policy, and represented the Commission at meetings with state executives and legislators as well as heads of social service and educational agencies. I was called upon to make speeches and media presentations.

UNITED STATES OFFICE FOR CIVIL RIGHTS October 1973 - February 1977
DEPARTMENT OF HEALTH, EDUCATION AND WELFARE
REGION II (New York, New Jersey, Puerto Rico and the Virgin Islands)

Regional Director

I was responsible for the development and administration of a comprehensive civil rights program for assuring compliance with federal laws. I directed a large professional staff in obtaining voluntary cooperation, making determinations of compliance, developing affirmative action programs, resolving complaints and documenting non-compliance cases in schools, hospitals, extended care facilities, institutions of higher education, state and local agencies and construction contractors. I also directed the dissemination of information on all aspects of the programs, policies and operation of this office. I authorized the expenditures of all funds and was responsible for its proper usage. I advised and assisted the Director of the development of national policies and priorities. I represented the Director in public discussions on matters involving programs and operations, as well as at intra-departmental conferences. I had responsibility for the investigation and development of civil rights cases and made recommendations for formal enforcement proceedings.

**UNITED STATES OFFICE OF ECONOMIC OPPORTUNITY
REGION II (New York, New Jersey, Puerto Rico and the Virgin Islands)**

**Associate Regional Director
for Public Affairs and Governmental Relations**

March 1971 - October 1973

As Associate Director of the regional office of OEO, I served on the executive committee charged with overseeing the allocation of over seventy-five million dollars to over seventy-five grantees throughout the region. The granting of the funding was based upon the administration and programs being organized by these various grantees. During my tenure at OEO, I had to plan and execute a public information and community relations program to effect acceptance of OEO programs by the general public and elected officeholders. I supervised and coordinated legislative liaison activities of the regional office, seeking the support of various elected officials. I did extensive reporting, research and speech writing, conducting many conferences, seminars and educational presentations. My division produced a series of radio and television public affairs programs, and coordinated state-wide and region-wide conferences dealing with diverse areas such as revenue sharing, efficient management procedures and local-federal relations.

**YORK COLLEGE OF THE CITY UNIVERSITY
OF NEW YORK**

February 1968 - March 1971

Assistant to the President and Director of Public Information

During my years at York College, I worked under the auspices of the college president. I handled the publicity and publications for the college, as well as community relations matters. I prepared speeches, news releases and reports, radio and television contracts, editing of the newsletter and annual catalog. I worked closely with the Queens Borough President and other elected officials in the county in establishing programs which would involve the school in community service. I helped create a center for urban and community affairs which provided tutorial and remedial assistance, adult education courses and a summer camp for ghetto youth. I often represented the school at conferences discussing the role of the college in the Jamaica Urban Renewal Project. I also taught remedial English in the SEEK program and conducted political science seminars.

NEW YORK CITY COMMISSION ON HUMAN RIGHTS March 1966 - February 1968

Assistant Director of Public Affairs and Community Relations

I dealt with general public and community relations matters. I prepared extensive reports, news releases and publications. I organized the 1967 National Conference on Community Values and Conflicts, sponsored by the Human Rights Commission; public officials from throughout the country participated. I coordinated a voter registration drive in deprived neighborhoods, as well as conducted a series of evening rallies in ghetto areas, designed to familiarize citizens with the workings of government. I was often called upon to mediate community-based problems. In this manner, I would meet and conduct "hearings" in areas where low-income housing was to be constructed. I produced and moderated a radio program.

REPRESENTATIVE SEYMOUR HALPERN

July 1964 - February 1968

Administrative Assistant

I was the administrator of Congressman Halpern's district office, with broad duties relative to the Congressman's legislative, political and community relations endeavors. I often met with and spoke before constituents in the capacity of a fiduciary. All affairs relative to local legislation and public interest were assigned to me for investigation and follow-up. I did a great deal of constituent casework, which required liaison with various levels of city, state and federal government.

HICKSVILLE, L.I. PUBLIC SCHOOLS

September 1961 - June 1964

Secondary School English Teacher

COLLEGE TEACHING EXPERIENCE

NEW YORK UNIVERSITY

February 1974 - present

Adjunct Assistant Professor

U.S. DEPARTMENT OF COMMERCE

To :

March 19, 1986

From:

Max:

Thank you very much for your help. My overall strong point is that I can tell what is relevant in socio-economic data and in economic analysis for clarifying, elucidating and highlighting policy issues.

I have had actual experience in a wide range of public policy areas: unemployment and labor markets; economic differentials by color, sex and disability status; effects of education and training on the economy; the economics of the draft; and so on. My list of publications is attached to my vitae. I have also published a number of op. ed. articles and letters to the editor that I can supply on request.

I can adapt my basic skill to policy areas that I have not had much experience in. For example, I have not done much work in the environmental or safety areas, but I think I could adapt quite easily.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dave O'Neill".

U.S. DEPARTMENT OF COMMERCE

To :

March 19, 1986

From:

Max:

Thank you very much for your help. My overall strong point is that I can tell what is relevant in socio-economic data and in economic analysis for clarifying, elucidating and highlighting policy issues.

I have had actual experience in a wide range of public policy areas: unemployment and labor markets; economic differentials by color, sex and disability status; effects of education and training on the economy; the economics of the draft; and so on. My list of publications is attached to my vitae. I have also published a number of op. ed. articles and letters to the editor that I can supply on request.

I can adapt my basic skill to policy areas that I have not had much experience in. For example, I have not done much work in the environmental or safety areas, but I think I could adapt quite easily.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dave O'Neill", is written above the printed name.

EMPLOYMENT HISTORY

ARLINGTON COUNTY, VIRGINIA

CHIEF: BUREAU OF FINANCIAL SERVICES
Administrative Services Division
Department of Human Services
April 1983 - Present

In my present position, created in a departmental reorganization in 1983, I direct the financial management functions of a locally administered human services department. I manage a staff of 25 who are responsible for the following functions: budget preparation; program cost benefit analysis; accounting; grants management; program billing; Federal, state and county financial reporting; and public assistance and purchase of service payments. The department has an annual operating budget of over \$20,000,000 and provides services in over 60 programs to citizens of Arlington County. The department is responsible for health, mental health, public assistance, employment, job training, aging and social services. A variety of Federal, state, and local sources are utilized to fund the department's programs.

Since the reorganization, I have modified a number of the department's financial management functions. I have implemented a consolidated department budgeting process that has resulted in an increased level of program integration. I have also integrated the accounting, statistical reporting, grants, contract management, and billing functions that were previously dispersed throughout the department. Finally, I have modernized the organization's overall information processing function by introducing a network of 30 microcomputers and 10 word processors to the department.

I served on the transition team that implemented both the functional and physical aspects of the reorganization. I negotiated new reimbursement arrangements between the county and state agencies to accomodate changes resulting from the reorganization. In addition, I served on a county task force to design an integrated, on-line, human services information system. As part of this process, I worked with state agency staff to coordinate this local effort with existing state information system requirements. The county is now implementing the system, and I serve on the task force overseeing this project.

ARLINGTON COUNTY, VIRGINIA

ASSISTANT DIVISION CHIEF: ADMINISTRATION AND PAYMENTS
Division of Social Services
Department of Human Services
January 1976 - April 1983

I developed, implemented, and administered public welfare policies and programs. I also interpreted and executed Federal, state, and local laws and regulations governing these programs. In this position, I directed a staff of 50. I was responsible for developing long and short range plans, preparing division budgets, and monitoring expenditures.

I also directed the function of eligibility determination for public assistance and service programs. This function determined client eligibility for the following programs: Aid to Families with Dependent Children, Food Stamps, Medicaid, General Assistance, Refugee Assistance, State-Local Hospitalization, Social Service Block Grant (Title XX) Services, and Housing Expense Relief. To meet the needs of the county's growing elderly and foreign born population, I developed and obtained Federal Food Stamp Cash-Out and Refugee Assistance Grants.

In addition, I was responsible for the provision of central administrative services for the division. These services included: occupancy arrangements, transportation, purchasing, clerical support, purchase of service processing, financial and statistical reporting, and internal office communication.

I represented the division at meetings, conferences, and negotiating sessions with the Arlington County Board, other county departments, the community hospital, community groups, and various departments of the Federal and state governments. I prepared and presented testimony on behalf of the county before national organizations, the Virginia General Assembly, and the United States Congress.

UNITED WAY OF AMERICA

SENIOR CONSULTANT: SYSTEMS, PLANNING AND ALLOCATIONS DIVISION
January 1972 - December 1975

I coordinated a staff to develop techniques for budgeting and allocating funds for health and social services. I initiated an annual survey of local program allocations, management and fund raising expenses and budgeting procedures. With the survey data I created an allocations information base used widely by local United Ways as well as by the national office. I also provided technical assistance in the areas of planning and budgeting to local United Ways. This technical assistance focused on improving methods of determining community needs, assessing service effectiveness, and improving financial accountability.

I assisted in revising and implementing the "generally accepted accounting principles" for not-for-profit human service organizations and the Standards of Accounting and Financial Reporting for Voluntary Health and Welfare Organizations.

In addition, I staffed the Committee on National Agency Support, a volunteer citizens' committee that evaluated national agencies receiving financial support from local United Ways. I also taught courses on budgeting and planning techniques, addressed agency annual meetings, and represented United Way of America in negotiations with other national organizations.

HEALTH AND WELFARE PLANNING ORGANIZATION OF ALLEGHENY COUNTY, PENNSYLVANIA

COORDINATOR: MANAGEMENT INFORMATION SYSTEM PROJECT
June 1968 - December 1971

I was responsible for planning, developing the proposal, and obtaining funding for the Management Information System (MIS) Project. I developed a quantitative and qualitative information base for use in planning, budgeting, and administration of voluntary human service programs. In addition to directing the project and a staff of 12, I also worked with staff and

volunteer leaders of more than 50 United Way funded agencies in the Pittsburgh area. I implemented a functional accounting, reporting and budgeting system for these agencies. The project also produced socio-economic information on client populations served in agency programs.

UNITED STATES PEACE CORPS

PEACE CORPS VOLUNTEER: NIGERIA
September 1964 - December 1966

I taught at St. John's Grammar School, Fugar, Nigeria. While there, I initiated a community development project that resulted in the establishment of a town water supply. In working on the project, I obtained support and cooperation from local town leaders, the Nigerian government and U.S.A.I.D.

EDUCATION

Queens College; New York, New York; September 1960 - January 1962.

University of Michigan; Ann Arbor, Michigan; February 1962 - May 1964;

Dear Max,

I appreciate your offer to call Morris Abram (or anyone else). I'm presently earning a package (salary + benefits) of \$90,000, so while I might consider a slight cut, I couldn't do anything drastic.

I would be happy to talk to anyone that you might think would be helpful.

All the best,

Jimmie Packman

PERMANENT ADDRESS
Claridge House II, Apt. 5FE
Verona, NJ 07044
(201) 857-3966

Mr. Max Green, Associate Director
Office of Public Liaison
196 Old Executive Office Building
1600 Pennsylvania Avenue
Washington, DC 20500

May 12, 1986

Dear Mr. Green,

Thank you very much for taking the time out of your busy schedule to meet with me last week. I enjoyed discussing your duties and my experiences and opinions, and I was very impressed with the scope of issues and peoples with which you are concerned. I am very excited by the prospect of a position opening in your office.

I think I would enjoy researching issues for you, knowing that my work can really make a difference to individuals - Jewish and otherwise - who would like very much to see their concerns addressed by their government. And, although I did a lot of talking when we met, I must tell you that working for the news media has taught me to be a good listener. I know that one learns by listening, not by talking, and I am pleased that "sounding board" was listed as one of the obligations of your office.

I hope everything runs smoothly for you in the transition to a new director. I will certainly keep in touch with you, but if you become aware of an opening please do not hesitate to call me at (201) 822-3764.

Thank you again for your time and consideration.

Sincerely,

Amy Beth Schulman
