REMARKS FOR BRIEFING FOR
FEDERATION OF JEWISH PHILANTHROPIES OF NEW YORK
September 23, 1986 10:45 a.m. Room 476 OEOB

Good Morning. My name is Marty Schnepfer and I am Associate Director in the Office of Public Liaison. On behalf of the President, it is a pleasure for me to welcome you to the White House complex for today's briefing.

Before beginning today's program, I would like to thank Susan Harris, the Director of the Washington Office of the UJA-Federation of New York, who was instrumental in making today's program possible.

Our first speaker this morning is Dr. Charles R. Schuster. Dr. Schuster is the Director of the National Institute on Drug Abuse. Dr. Schuster is an internationally recognized researcher on the psychopharmacology of drugs of abuse. For the past decade, he has been an Expert Advisor to the World Health Organization for the international regulations of drugs of abuse. Prior to joining the National Institute on Drug Abuse in March of 1986, Dr. Schuster was the Director of the University of Chicago's Drug Abuse Research Center, and Professor of Psychiatry, Pharmacological and Physiological Sciences, and Behavioral Sciences in the University's Medical School.

From 1963 to 1968, he conducted research in psychopharmacology at the University of Michigan, where he held posts as Assistant and Associate Professor of Pharmacology. In 1968, Dr. Schuster became Associate Director of the Illinois Drug Abuse Rehabilitation Program. While there, he was instrumental in developing a new program to rehabilitate drug users. He also administered a methadone maintenance clinic and polydrug abuse clinic for adolescents, and conducted clinical drug studies.

Dr. Schuster received his Ph.D. from the University of Maryland, his M.S. from the University of New Mexico, and a B.A. from Gettysburg College, Pennsylvania.

He is a member of numerous professional societies, and serves as consultant to many committees and organizations in the drug abuse field at the national and international level. He is a Fellow of the American Association for the Advance of Science, American College of Neuropsychopharmacology, and the American Psychological Association.

Ladies and gentlemen, it is my pleasure to introduce Dr. Charles Schuster.
