Dear Mr. President,

I am writing to you on behalf of the American Academy of Natural Family Planning (AANFP). We will be having our Third Annual Meeting August 27 through 31 in the mountains of northern New Mexico, our theme is, "Rising to New Heights in Professionalism".

In the three years since our beginning the AANFP has seen Natural Family Planning (NFP) rise to new heights. NFP, not to be confused with calendar rhythm, has become the method of choice for a growing number of Americans today. Modern research and study in NFP has enabled couples to be able to identify with a 99% plus accuracy the days of fertility and infertility. With this knowledge couples can know on any given day whether or not they are fertile and use this information to achieve or avoid a pregnancy without the use of chemicals or devices.

Because the method involves education in the fertility process and the beginning of human life it often leads couples to a new awareness of the dignity and sacredness of human life and because it involves shared cooperation and support it often enriches the couple and family life.

A growing number of hospitals are offering NFP services in an effort to promote wellness and institutes of higher learning are developing courses for NFP teacher training and education.

Since its beginning three years ago the AANFP has worked towards fostering, advancing and promoting quality NFP through service, education, leadership and research. This has been accomplished by developing a system for certification of teachers and by development of the Academy's By-Laws and Code of Ethics. We believe our Code of Ethics is a model for health care professionals who are concerned about basic Christian values. I have enclosed a copy of our Code of Ethics for your information.

NFP supporters and teachers from all over the country will be attending our annual meeting. In the past you have graced our meeting with a telegram expressing your support and good wishes. Last years telegram offering yours and Mrs. Reagan's best wishes really helped set the tone for our meeting. I am asking if you could do this again. This could be sent to:

PRINCIPLE 5

5.0 THE NATURAL FAMILY PLANNING PROVIDER'S PROFESSIONAL PRACTICE AND ADHERENCE TO THE ETHICAL PRINCIPLES OF THE ACADEMY SHALL TAKE PREFERENCE OVER CONFLICTING EMPLOYMENT OR BUSINESS PRACTICES.

5.1 Observation of ethical principles of the Academy, regardless of employment status.

5.1.1 The uniting into business, partnership, corporation, or other form of organization does not exempt the individual natural family planning provider, whether employer or partner, either individually or collectively, from obligation of promoting, maintaining, and adhering to ethical standards of practice.

5.1.2 As an employer or partner, the natural family planning provider shall not permit any employee to engage in any activity which is contrary to the Academy's Code of Ethics.

5.1.3 The natural family planning provider who is an employee is obligated to advise the employer(s) of any practice of the employer(s) which causes the provider to be in conflict with the ethical principles of the Academy.

5.1.4 The natural family planning provider who is an employee shall also attempt to rectify those aspects of employment which are in conflict with the ethical principles.

5.1.5 A natural family planning provider who is an employee shall neither agree, nor be obliged to perform any action which is contrary to the Academy's Code of Ethics.

 - 7.2.2.4.2 Members are advised, however, that in accordance with the existing laws of some states, the use of the title "doctor" or any abbreviation thereof in the conduct of any health related profession by anyone other than a licensed physician may constitute a fraudulent act unless the specific professional title is also included.
- 7.2.2.5 Memberships, offices and committee assignments in natural family planning or other allied health associations;
- 7.2.2.6 Memberships, offices and committee assignments in the Academy;
- 7.2.2.7 Foreign language ability (personal or available in office);
- 7.2.2.8 Whether credit cards or other credit arrangements are accepted;
- 7.2.2.9 Office and telephone answering service hours;
- 7.2.2.10 Charges for routine natural family planning service:
 - 7.2.2.10.1 If the natural family planning provider advertises a fee for service, the service must be rendered for no more than the fee advertised.

- 7.2.3 The natural family planning provider shall not compensate or give anything of value to a representative of any communication media in anticipation of, or in return for, professional publicity in a news item. A paid advertisement must be identified as such unless it is apparent from the context that it is a paid advertisement.
- 7.2.4 The natural family planning provider shall not compensate or give anything of value to a third party for the purposes of client referral except the payment for public communications otherwise permitted by this principle.

PRINCIPLE 8

8.0 THE NATURAL FAMILY PLANNING PROVIDER'S CONDUCT IN ALL AFFAIRS SHALL BE SUCH AS TO AVOID DISCREDIT TO THE ACADEMY AND TO THE PROFESSION.

8.1 Personal conduct.

- 8.1.1 The natural family planning provider shall be constantly aware that the natural family planning profession is judged in part by the social and business conduct of its members. Members shall not cause scandal, but shall conduct themselves in a manner befitting their professional status.

9.1.2 Only those persons designated by the Board of Directors can speak on behalf of the Academy.

9.1.3 The Academy logo is a registered trademark and the property of the Academy. It can be used only as designated and approved by the Academy. Any display of the logo in advertisement of services or endorsement of equipment is prohibited unless specific permission is obtained for such use from the Board of Directors.

9.2 Membership in other organizations.

9.2.1 Membership in any organization or group shall not place the natural family planning provider in a position where that provider shall violate the ethical standards of the Academy.

9.3 Profession or occupation other than natural family planning.

9.3.1 Conduct in a profession or occupation other than natural family planning shall not place the natural family planning provider in a position where the provider shall violate ethical standards of the Academy.
