Dear Mrs. Wilson:

Thank you for the invitation to be with you today.

I am pleased to take this opportunity to extend my heartfelt best wishes to you and your colleagues on the dedication of new offices for the Family of the Americas Foundation.

Your accomplishments are one more example of the success of natural methods of family planning and I am pleased that this Administration has encouraged and supported increased attention to responsible parenthood both in the United States and overseas.

In my State of the Union Address this year I stated that if we could come together in a spirit of understanding and helping, then we could find positive solutions to the tragedy of abortion. Natural family planning and family life for adolescents programs such as those sponsored by the Family of the Americas Foundation are just such positive steps in promoting respect for human life and responsible parenthood.

The values of faith, work, family and neighbor are a commitment which has not only made our society great, but good and compassionate as well. They can be seen reflected in your activities today and we are all the better for it.

Nancy joins me in extending you our best wishes.

Sincerely,

RONALD REAGAN

The major purpose of our organization is to disseminate information about the Billings Ovulation Method of natural family planning, the alternative to abortion, contraception and sterilization. We are working nationally and internationally to counteract the insidious campaign against the freedom and integrity of the family being carried out by those promoting abortion.

In addition to teaching couples how to plan their families naturally, we also teach parents how to communicate effectively with their children about sexuality. Through a national Adolescent Family Life project we also teach teenagers about responsible parenthood and encourage them to reserve sexual relations for marriage. We believe with Pope John Paul II that "the future of humanity passes by way of the family."

We would be deeply honored if you and Mrs. Reagan could share with our staff and special friends and supporters on this ceremonious occasion.

Sincerely,

Mercedes Wilson
Executive Director
