Hon. Ronald Reagan  
President of the United States  
The White House  
Washington, D.C. 20500

Dear Mr. President:

The Governor and Cabinet of the State of Florida adopted the attached resolution on April 1, 1986, by a 6-1 vote. This action was taken as an expression of the growing concern among state and local governments about tax reform legislation (H.R. 3838) presently being considered by Congress and about its anticipated impact on the issuance of tax-exempt bonds.

The issuance of such bonds is one of the most effective and important means for financing infrastructure to meet current and future public needs. In light of recent dramatic reductions in direct federal aid, and the resulting shift of responsibility to state and local governments for providing infrastructure, housing, and other basic and critically needed governmental services, tax-exempt bonds will play an even more extensive and critical role in the fiscal planning of state and local governments.

H.R. 3838, as passed by the United States House of Representatives, would drastically curtail the ability of state and local governments to issue tax-exempt bonds. It would:

- impose an arbitrarily low limit on the dollar amount of "nonessential function bonds" issued during any year;
- destroy the public/private partnership solution to the delivery of services and building of infrastructure, by defining as "nonessential" any bond issued to finance a project with more than a small percentage of "private" purpose;

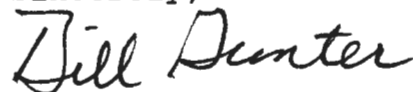

Hon. Ronald Reagan  
April 25, 1986  
Page 2

- impose onerous reporting requirements on both issuers and owners of tax-exempt bonds;
- provide for retroactive taxability of some bonds which were tax-exempt when issued;
- impose several other onerous technical requirements respecting arbitrage, "early issuance," and "advance" refunding;
- curtail the general market for tax-exempt bonds, by setting an alternative minimum tax on income from some tax-exempt bonds and by creating other disincentives against financial institutions and insurance companies investing in such securities.

The fact that the effective date of H.R. 3838 is January 1, 1986, also has caused great confusion in the tax-exempt bond arena, resulting in a tremendous reduction in the amount of bonds issued. This situation has thrown the financial planning of state and local governments into great disarray.

It is critical that state and local governments continue to have the ability to use tax-exempt bond financing to meet education, transportation, housing and other public works responsibilities. I hope the enclosed resolution will convey the seriousness of our situation, and that you will represent our needs when considering tax reform legislation.

Sincerely,

Bill Gunter  
State Treasurer and  
Insurance Commissioner

## R E S O L U T I O N

WHEREAS, the United States of America was conceived and has prospered as a partnership between the federal government and state governments; and

WHEREAS, the doctrine of reciprocal immunity provides for non-interference by one level of government in the affairs of another; and

WHEREAS, current policies of the federal government have shifted additional responsibilities for meeting financial infrastructure needs onto state and local governments, causing a severe financial burden; and

WHEREAS, the issuance of debt is a legitimate and essential financial tool for meeting public needs; and

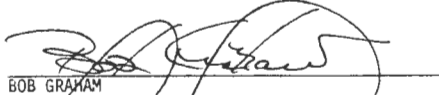

WHEREAS, any action by the federal government to tax interest on state and local debt issues will likely introduce confusion and turmoil into the state-federal relationship and will hinder the delivery of necessary public services to the citizens of Florida and the other United States.

NOW, THEREFORE, BE IT RESOLVED that the Governor and Cabinet of the State of Florida support the continued immunity of state and local debt issues from federal taxation and regulation; and

BE IT FURTHER RESOLVED that the Governor and Cabinet of the State of Florida urge the United States Congress to avoid any action which would result in taxation of interest earned through investing in legitimate public purpose debt issued by state and local governments; and

BE IT FURTHER RESOLVED that copies of this Resolution be delivered to the President of the United States, the Speaker of the U. S. House of Representatives, the President pro tem of the U. S. Senate, the Florida Congressional Delegation, and each member of the U. S. Senate Finance Committee.

IN TESTIMONY WHEREOF, the Governor and Cabinet of the State of Florida have hereunto subscribed their names and have caused the Official Seal of the State of Florida to be hereunto affixed in the City of Tallahassee on this 1st day of April, 1986.

Dear Lieutenant Governor McAlpine:

Thank you for your letter transmitting the Alaska State Legislature's resolution concerning the U.S.-Japan salmon interception agreement.

We were not able to accomplish all our objectives in our negotiations with Japan; however, we believe that the U.S.-Japan agreement represents the best arrangement which could be achieved at this time for the protection of North American salmon. The agreement will further restrict Japan's salmon fisheries from those areas of the high-seas with the greatest abundance of North American salmon. This includes a complete phase-out of the mothership fishery from the Central Bering Sea, where a particularly large quantity of Western Alaskan salmon is intercepted. U.S. scientists estimate that overall interception levels will be reduced by some 20 to 30 percent as a result of the agreement, while interceptions of the valuable chinook salmon will decrease by nearly 50 percent.

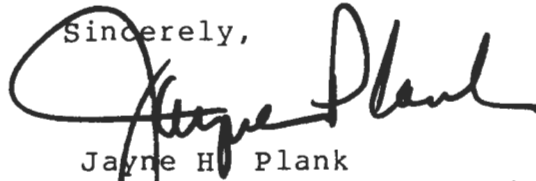

Our primary objective now is to ensure that the agreement's provisions are implemented. Additional research on the origins of salmonids in the landbased fishery is needed to provide the basis for possible future negotiations on a further movement of that fishery's eastern boundary. Surveillance efforts are equally important to ensure that the new fishing boundaries are properly enforced. Under the terms of the new agreement, the Japanese have undertaken to enhance both their research and enforcement efforts.

In addition, we have contacted the Coast Guard and the National Oceanic and Atmospheric Administration to request that they also make every possible effort to increase their program activities in the research and enforcement of the landbased salmon fishery. We understand that both agencies intend to increase their work in this field to support the salmon interception agreement. We will closely monitor these and other activities related to the agreement's implementation.

The Honorable  
Stephen McAlpine,  
Lieutenant Governor of Alaska.

Thank you again for informing us of the Alaska legislature's views on this issue. If there are any further aspects of this situation which you wish to review with us, please do not hesitate to let me know.

Sincerely,

Legislative  
Resolve No.SJR 4742

Requesting additional action by the United States to reduce high seas interception of Alaska-bound salmon.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

WHEREAS salmon is one of Alaska's most important natural resources; and

WHEREAS Alaskans are heavily dependent upon the harvest of salmon as a source of employment, tax revenue, food, and recreation; and

WHEREAS high seas interceptions by the Japanese mothership and land-based gillnet fleets deprive Alaskans of an estimated \$25,000,000 worth of salmon per year; and

WHEREAS a recently completed agreement calls for only a very gradual phase out of the Japanese mothership fishery in international waters of the Bering Sea; and

WHEREAS the agreement allows the mothership fleet to fish for 140 fleet days within the U.S. 200-mile exclusive economic zone in the Bering Sea during which the Alaska Department of Fish and Game believes significant numbers of Alaska salmon will be intercepted; and

WHEREAS the agreement would move the land-based fleet only one degree to the west of the present abstention line, a movement state fisheries scientists believe would not significantly reduce interceptions of Alaska salmon; and

WHEREAS only one U.S. observer would be placed on Japanese enforcement vessels patrolling the abstention line for the land-based fleet, and no U.S. observers will be allowed on the Japanese fishing vessels; and

WHEREAS the issue of cleanup and responsibility for miles of abandoned pelagic drift nets from the Japanese fishing vessels was not addressed by the agreement; and

WHEREAS the social and economic impacts upon Alaskans of the Japanese high seas interceptions are distressing, particularly in Western Alaska where average annual incomes are well below federal poverty guidelines; and

WHEREAS the Japanese continue to enjoy the privilege of fishing within our 200-mile exclusive economic zone and purchasing raw fisheries resources directly from American fishermen;

BE IT RESOLVED that the Alaska State Legislature expresses its extreme disappointment in the terms of the agreement as accomplishing too little too slowly; and be it

FURTHER RESOLVED that the Alaska Congressional delegation urge the State Department to aggressively pursue continued efforts to obtain from Japan further reductions in the interception rates of Alaska salmon by the high seas fleets; and be it

FURTHER RESOLVED that the Alaska State Legislature respectfully requests the U.S. Coast Guard to station one cutter to patrol the abstention line for the Japanese land-based fleet during the entire fishing season; and be it

FURTHER RESOLVED that the Alaska State Legislature respectfully requests the Congress to provide funding for the three-to-five year research and monitoring program, including on-board observers, in support of the renegotiations called for in 1990 under the terms of the agreement.

COPIES of this resolution shall be sent to the Honorable Ronald Reagan, President of the United States; the Honorable George Shultz, Secretary of State; the Honorable Robert Dole, U.S. Senate Majority Leader; the Honorable Thomas P. O'Neill, Jr., Speaker of the U.S. House of Representatives; to the Honorable Ted Stevens and the Honorable Frank Murkowski, U.S. Senators, and the Honorable Don Young, U.S. Representative, members of the Alaska delegation in Congress; to Admiral James S. Gracey, Commandant, U.S. Coast Guard; to Mr. William Gordon, assistant administrator for fisheries, National Marine Fisheries Service; to Mr. Jim Campbell, chairman, North Pacific Fishery Management Council; and to Mr. Clem Tillion, chairman, International North Pacific Fisheries Commission.

## Resolution

WHEREAS, the members of the Missouri House of Representatives strongly support tax reform which embodies the concepts of equity, simplicity, economic opportunity, progressivity and preserving the historic relationship of state and local governments to the federal government; and

WHEREAS, the proposed federal income tax reform plan proposes the elimination of the tax exemption for nearly all state, county and city bonds, the elimination of advance refunding bonds, the elimination of rehabilitation and historic tax credits and the elimination of banks' deductions of costs incurred in buying and carrying municipal bonds; and

WHEREAS, the elimination of the tax exemption for many municipal bonds (those where more than five percent of the proceeds flow to any entity other than a state or local government) would jeopardize many public services, including water and sewer projects, low income housing, docks and wharves, airports, hospitals, utilities, bonds for economic development, mortgage revenue bonds, students loan bonds and other important programs; and

WHEREAS, the elimination of advance refunding bonds will prevent state and local governments from refinancing their debt at lower interest rates, restructuring their debt repayment schedule and removing restrictive covenants in the original bond covenants; and

WHEREAS, the elimination of banks' deductions of costs incurred in buying and carrying municipal bonds will significantly impact the market for municipal bonds resulting in increased costs to state and local governments; and

WHEREAS, significant reforms have already been enacted by the Congress which restrict the use of industrial development bonds and mortgage revenue bonds; and

WHEREAS, the elimination of rehabilitation and historic preservation tax credits, along with the elimination of the investment tax credit, jeopardizes the rehabilitation of older commercial buildings, central city downtowns and old, declining neighborhoods:

NOW, THEREFORE, BE IT RESOLVED that we, the Missouri House of Representatives, Eighty-third General Assembly, hereby call upon the President of the United States and Congress to continue to allow the use of tax exempt bonds for important public purposes, including, but not limited to, low and moderate income housing, resource recovery, docks and wharves, airports, water and sewer projects, hospitals and health facilities, utilities, transit, environmental protection, prisons and the like; and that small issue industrial development bonds be available to those areas that need them most; and

BE IT FURTHER RESOLVED that advance refunding bonds are necessary for the fiscal management of state and local governments; and

BE IT FURTHER RESOLVED that banks' deductions of costs incurred in buying and carrying municipal bonds are necessary to preserve a traditional segment of the municipal bond market; and

BE IT FURTHER RESOLVED that rehabilitation and historic tax incentives as important tools for revitalizing cities should be retained; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to mail copies of this Resolution to the President of the United States, and the Vice President, Treasury Secretary James Baker, Acting Assistant Treasury Secretary for Tax Policy Roger Metz and the Senators and Congressmen representing the State of Missouri with the request that they not support any restrictions on the right of state and local governments to issue tax exempt bonds for public purposes.

Offered by Representative Steve Danner  
Speaker Bob F. Griffin

I, Bob F. Griffin, Speaker of the House of Representatives, Eighty-third General Assembly, Second Regular Session, do certify that the above is a true and correct copy of House Resolution No. 381, adopted April 28, 1986.

# State of New York Legislative Resolution

Assembly No. 774

BY: The Committee on Rules (at the request of Messrs. Friedman, Bennett, Conners, Halpin, Mrs. Lipschutz, Ms. Nolan, O'Neil and Tedisco)

**MEMORIALIZING** President Ronald W. Reagan and Congress to urge the Greek government to grant immediate and unconditional amnesty to those political prisoners who valiantly fought against Communism during 1945-1949, and who have been imprisoned since 1974

**WHEREAS**, In the continuing spirit of nonviolence, liberty and democracy which followed Philippine President Corazon C. Aquino's immediate renewal of human rights and the release of political prisoners in the Philippines, it is the sense of this Legislative Body to memorialize the Honorable Ronald W. Reagan and Congress to urge the Greek government to grant immediate amnesty to those political prisoners who fought Communism during 1945-1949, and who have been imprisoned since 1974; and

**WHEREAS**, When the Socialist Party, known as Pasok, gained control of the Greek government under Prime Minister Andreas Papandreu, the military junta leader at the time, Col. George Papadopoulos, was sent to prison for life. The ex-ruler, who is seriously ill, has been detained in a cell for some twelve years; and

**WHEREAS**, During the seven year rule of Col. Papadopoulos, the United States enjoyed an amicable relationship with Greece. Col. Papadopoulos was a strong supporter of the United States during his term in power, and N.A.T.O. was strengthened in the Mediterranean; and

**WHEREAS**, During the transition from the military to the civil government, amnesty was given to all individuals who were involved in Col. Papadopoulos' takeover in 1967; however, some three months later, the new government revoked the amnesty and introduced a new law granting themselves the power to prosecute the army officers who had valiantly fought against Communism in Greece from 1945-1949; and

**WHEREAS**, These courageous Greek officers, whose only crime was to fight for freedom and human rights in their beloved Greece, have been imprisoned for more than twelve years; and

**WHEREAS**, This Legislative Body has long been at the forefront of efforts to ensure that the victims and survivors of such political imprisonment are not forgotten; now, therefore, be it

**RESOLVED**, That this Legislative Body pause in its deliberations to memorialize President Ronald W. Reagan and Congress to urge the Greek government, in the name of justice, to grant immediate and unconditional amnesty to those political prisoners who valiantly fought against Communism during 1945-1949, and who have been imprisoned since 1974; and be it further

RESOLVED, That copies of this Resolution, suitably engrossed, be transmitted to The Honorable Ronald W. Reagan and to the New York Congressional Delegation.

Dear Joe:

Thank you very much for sending me Indiana's Senate Concurrent Resolution 40 which memorializes the seven members of the Challenger crew.

This resolution will certainly be passed on to the President. I am sure he will appreciate, as I do, Indiana's confidence in NASA and the space program.

We mourn the loss of the Challenger crew together as a nation, and as a nation we must pull together and support continued space exploration. As the President said, "we're still pioneers. They, the members of the Challenger crew, were pioneers....We'll continue our quest in space. Nothing ends here. Our hopes and our journeys continue."

Again, thank you for bringing this resolution to my attention. If I or any member of my staff can be of assistance in the future, please feel free to contact our office.

Sincerely,

STATE CAPITOL, LINCOLN, NEBRASKA 68509

## LEGISLATIVE RESOLUTION 344

Introduced by Pappas, 42

WHEREAS, the Federal Administration's proposed fiscal budget proposed the elimination of the federal agency known as Small Business Administration; and

WHEREAS, Nebraskans rely heavily on both the financial and management services supplied by S.B.A. to fledging small businesses in Nebraska; and

WHEREAS, Nebraska must look to small business development to help overcome the economic problems developing in this state due to the economic revolution occurring in agriculture and agriculture related businesses; and

WHEREAS, there are relatively few private banking and other lending institutions providing loan funds in Nebraska who are willing or without the availability of the S.B.A. guarantee; and

WHEREAS, this Legislature has established and funded agencies to assist small business development, but cannot afford to replace the S.B.A. program which is so vital to the total package development assistance needed to generate economic business development in this

state; and

WHEREAS, the services provided by S.B.A. of guaranteeing loans from private lending institutions and of providing business management training, market development training, and providing knowledgeable access to government contracts and product development, are the core services that need be continued by S.B.A. in Nebraska.

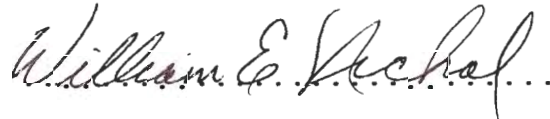

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-NINTH LEGISLATURE OF NEBRASKA, SECOND SESSION:

1. Recognizing that budget constraints dictate a streamlining and reduction in agency costs, nevertheless, that this Legislature inform the President and Congress of the United States of America by this resolution of the demanding need in Nebraska to continue the Small Business Administration as a lean and effective agency providing loan guarantee services, management training, market development training, assistance in securing government contracts, and new product development assistance.

2. The need in Nebraska for said S.B.A. programs is great and are best provided by an experienced agency with offices in Nebraska ready to function, rather than becoming lost in the maze of

Department of Commerce general functions.

3. That the Clerk of the Legislature send a copy of this resolution to the President of the United States, the Nebraska Congressional Delegation, and the Chairman of the House and Senate Committees reviewing the federal budget.

Introduced by Representatives Blanding, White, Washington, D. Martin, Woods, Gilbert, Williams, Foster, Taylor, Mitchell, K. Bailey, McBride and Faber.

A CONCURRENT RESOLUTION

TO MEMORIALIZE THE PRESIDENT AND THE CONGRESS OF THE UNITED STATES TO TAKE CERTAIN IMMEDIATE ACTIONS IN REGARD TO FOOD PRODUCTION, FARM DEBT, LOANS, AND FORECLOSURES, GOVERNMENT FARM AND TRADE PROGRAMS, ANTI-TRUST PROCEEDINGS AGAINST FOOD CARTELS, CONFLICTS OF INTEREST WITHIN THE UNITED STATES DEPARTMENT OF AGRICULTURE, AND EMERGENCY FOOD RELIEF TO AFRICA AND DEVELOPING NATIONS.

WHEREAS, ending the starvation in Africa requires thirty million tons a year of cereal and animal and vegetable protein foods from outside the continent for three years; and

WHEREAS, worldwide food supplies per capita are shrinking dangerously and annual world grain production has declined from eighteen bushels per capita to fifteen bushels per capita when every person needs the equivalent of twenty-four bushels per person per year for a healthy diet, including animal protein; and

WHEREAS, the agricultural output potential of the developing sector nations is being destroyed through the International Monetary Fund system; and

WHEREAS, a small number of world food cartels and private family trusts have consolidated monopoly control over international food, trade, and shipping facilities, domestic food processing, and farm supply companies, and this poses a threat to national and western security because agreements have been made to guarantee Soviet food stocks resulting in food scarcities in the west; and

WHEREAS, the potential agricultural production of the globe is enormous if emergency measures are implemented immediately and provision is begun for applying a wave of advanced technologies to developing largescale infrastructure projects such as dams, irrigation systems, ports and to providing cheap, plentiful power.

NOW, THEREFORE,

BE IT RESOLVED by the House of Representatives, the Senate concurring:

THAT the members of the General Assembly of South Carolina hereby memorialize the President and the Congress of the United States:

1. To ensure emergency food production orders to guarantee resumed livestock development and spring planting, including government-to-government food commodity trade commitments to guarantee cost-of-production parity prices to farmers in all trading partner nations.
2. To institute investigations and anti-trust proceedings against the food, shipping, and chemical cartel companies starting with conflict-of-interest hearings on the role of former cartel executives who occupy positions within the United States Department of Agriculture;
3. To conduct a national grain and food inventory to produce an accurate public record of national food stocks and total western food supplies, and to set production objectives like the World War II mobilization; and
4. To provide emergency food to Africa and all other points of need and to supply the logistics and infrastructural assistance needed to allow the most rapid economic development.

BE IT FURTHER RESOLVED that copies of  
this resolution be forwarded to the President of the United  
States, the United States Senate, the United States House of  
Representatives, and to each member of the South Carolina  
Congressional Delegation.

7       We, your Memorialists, the House of Representatives and the Senate of the  
8   State of Idaho assembled in the Second Regular Session of the Forty-eighth  
9   Idaho Legislature, do hereby respectfully represent that:

10       WHEREAS, the transportation network is the most important component in the  
11   infrastructure of the United States; and

12       WHEREAS, the Interstate Highways and other Federal-Aid Highway Systems are  
13   the very sinews of that transportation network; and

14       WHEREAS, construction of the Interstate Highway System has been the focus  
15   for massive funding for thirty years, during which time the Primary Highway  
16   System has been underfunded; and

17       WHEREAS, it is essential to the Nation's mobility to preserve the invest-  
18   ment of the past fifty years in the Primary Highway System.

19       NOW, THEREFORE, BE IT RESOLVED by the members of the Second Regular  
20   Session of the Forty-eighth Idaho Legislature, the House of Representatives  
21   and the Senate concurring therein, that the Idaho Legislature urge that,  
22   during forthcoming Congressional deliberations on the future of the Federal-  
23   Aid Highway Program, greater flexibility be developed for transferring appor-  
24   tioned funds from the Interstate Resurfacing (4R) Program to the Primary High-  
25   way System.

26       BE IT FURTHER RESOLVED that the Idaho Legislature petition Congress to  
27   eliminate federal statutory mandates upon which regulations in 23 CFR 625 are  
28   based that require the blanket application of rigid safety standards to all  
29   Federal-Aid Interstate 4R Projects; and that the petition also require that  
30   all specified safety features be cost-justified in the case of each individual  
31   project.

32       BE IT FURTHER RESOLVED that due to the economic restraints imposed upon  
33   the Federal-Aid Highway Program by the Gramm-Rudman-Hollings Amendment, road-  
34   way standards should be made more flexible in order to give the states greater  
35   discretion in their application.

A RESOLUTION MEMORIALIZING THE PRESIDENT OF THE UNITED STATES TO RECOGNIZE THE ROLE THE FEDERAL GOVERNMENT OCCUPIES IN THE CURRENT AGRICULTURAL CRISIS AND TO ORDER THE IMMEDIATE SUSPENSION OF FORECLOSURE ACTIONS BY THE FARMERS HOME ADMINISTRATION OF THE U.S. DEPARTMENT OF AGRICULTURE; AND DIRECTING DISTRIBUTION.

---

WHEREAS, the Oklahoma family farmer has brought food to the people of America at a price and quality which allows all Americans to enjoy one of the highest living standards in the world; and

WHEREAS, the family farm is the backbone of rural Oklahoma, with agricultural revenue providing jobs at the grocer, the filling station, the hardware dealer, and the bank, and supporting the education of young and old at common and vo-tech schools in the locale; and

WHEREAS, the policies of the federal government over the past decade, including three devastating embargoes on international grain sales, and a farm policy that encouraged expansion, fueled inflationary land values, and accumulated vast product surpluses, has led the Oklahoma family farmer to the brink of foreclosure and ruin; and

WHEREAS, low product prices, high interest costs and declining land values have together already forced many Oklahoma family farmers off their land; and

WHEREAS, the federal government, through the Federal Credit System and the Farmers Home Administration, now holds the bulk of outstanding family farm loans in Oklahoma; and

WHEREAS, ample precedent and law exists for those federal instrumentalities to forbear, set-aside, restructure, and otherwise adjust the loans of those family farmers which are delinquent, so that foreclosure and loss of the farm are not the inevitable remedy to service those loans; and

WHEREAS, those federal instrumentalities also have authority to take special steps, even in foreclosure, to adjust security so that the homestead can be retained by the family.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE 2ND SESSION OF THE 40TH OKLAHOMA LEGISLATURE:

THAT the Oklahoma State Senate does hereby petition the President of the United States to recognize the contribution of the family farm to the health of our nation's people and economy; and the responsibility of the federal government for most instances of the current agricultural crisis.

THAT the Oklahoma State Senate further memorializes the President to order the immediate suspension of foreclosure actions by the Farmers Home Administration of the U.S. Department of Agriculture, to request such suspension by the Farm Credit System, and to direct that every effort of both federal instrumentalities be expended to protect the family farmer's possession of the land and the homestead.

THAT copies of this resolution be distributed to the President, the Speaker of the United States House of Representatives, the President of the United States Senate, and to all members of the Oklahoma delegation.
