Mrs. Reagan:

Please allow me, at this time, to express my admiration for your endeavors in the pursuit of a successful "Just Say No!" campaign. It is to this end that I am writing.

Jordan Vocational High School first opened its doors in the fall of 1936. Jordan was the first vocational high school with a goal of vocationally training her students. Today's Jordan is a comprehensive high school with vocational programs in eight vocational areas: business, marketing, foods, diversified occupations, drafting, graphics, contruction, metals, and automotives.

In 1945 Jordan became the first school in the state of Georgia to have a Distributing Education program and therefore, the first school in Georgia to charter a DECA chapter. The Distributive Educations Clubs of America chapter at Jordan Vocational High School is still in existence. After a lull of several years in involvement, we are now rejuvenating and want to leave our mark for future DECA members at Jordan, in Columbus, and in Georgia.

My name is Mellissa Thompson. I am a junior at Jordan enrolled in the Marketing Education work program and belong to Jordan's DECA chapter. It has become our goal to start a project that will leave an impact on those who follow us. I am chairman of that committee.

Jordan began an Arrive Alive chapter last year. It was the first step in cleaning up the problems of today. We would like to take the second step and help kids to just say, "NO!"

Over the years of your husband's presidency, you have endorsed the "Just Say No" program. We are very

interested in starting such a campaign at Jordan and in Columbus. How would we start such a campaign and what literature is available? Any and all of your assistance will be greatly appreciated.

Respectfully,

Mellissa Thompson

On September 15th, my children and I watch the "just Say No - to drugs" Flintstone Special and were geared up to start a Club.

I was not fast enough to get the address - it flashed too fast.

Please send me either the information from the Club or the address for it.

I am proud to say that all 4 of my children are drug free, even my 15 year old (Not to mention smoke-free, Alcohal-free and Latter-Day Saint's).

Please send me the information - post-haste. Pinconning has a drug problem (our neighbors have grow "pot" several times - and have been busted for it).

I want to protect my kids and their friends, they are all such good, clean kids.

I agree, and have promised, to sponsor their club and help them out.

I am drug-free, alcohal-free and smoke-free myself - I have allergies which won't allow any foreign substances inside me. I thank God for that - its made it very easy for me to

"JUST SAY NO!"

Thank you and may Father in Heaven bless you and your Husband in all of your efforts.

Why ruin it all?

Why screw things up?
Why live some horrible, evil dream?

I myself am an ex-addict, who now attends N/A seven days a week. It was a long rough road but the suffering was worth the enjoyment I now have. I try to spread the message that drugs are nothing to experiment with, especially to youngsters.

I would appreciate it very much if you could send me a large Tee-shirt with your message "say no" on it. I saw a few kids wearing one when they had you and them on at half time. Wearing a shirt with the message on it will allow me to give everyone who see's me wearing it something to think about as the saying goes a picture is worth a thousand words.

Good luck to you and Mr Reagan in whatever road you choose to follow. Thanks for the wonderful years.

Attention: Drug Awareness

Dear Mrs. Reagan:

A "Say No" Club is being formed at Thomas Knoles Elementary School (K-6) in Flagstaff, Arizona. To our knowledge this is the first such club in the northern Arizona area.

We are quite anxious about getting this club off and rolling. Our first meeting was held September 29th during a half hour recess at lunch time. We had an astonishing enrollment of 160 students and hope to gain more students through the enthusiasm and interest of all the students who sacrificed their recess time for this enrichment program. We have set every Thursday as our meeting day and plan on having video presentations, guest speakers, projects and contests to keep the enthusiasm and generate new interest by word of mouth and newsletters.

Five parents have committed their time and efforts heading this program through the guidance and spear heading of one of the third grade teachers, Mrs. Valerie Fairchild. Hopefully we can arouse the interest of more parents to help with this cause. We need all the help, suggestions and guidance we can solicit to make this club a huge success and helpful tool in combating bad elements presented to our children.

Thank you for your attention to this matter and any guidance you can offer... And thank you, Mrs. Reagan, for your crusade to save our society. I anxiously await your response at the above indicated address.

Sincerely,

Arleen Ludwig

Dear Mrs. Reagan,

I am writing to you on behalf of Hebraica Miami Community Center, a community center for Latin Jews, in Miami. I know you are very interested in fighting drugs in our great country. Fortunately, none of the kids in the community center are involved with drugs. These kids range from the ages of two to fifteen. I would be honored if you could come down to Miami and talk to the kids about the importance of saying "No!" to drugs. I assure you you will not be disappointed.

Thank you very much for your attention. I hope to hear from you soon. The community center will be moving to a new location soon. This is why I did not include an address. Again, thank you very much.

Dear Mrs. Reagan:

I am writing this letter to express my interest in the "Say No To Drugs Program" for which you are the official spokesperson. I feel that this program is very much needed for all our young people today. It is wonderful that this program is available for young Americans. In Canada, as far as I know, there is as yet no such program.

I am a parent with two children, aged ten and twelve. Also I am an educator by profession. These two qualifications I think will help me promote this drug program. Therefore I would appreciate any information that you could give me that would help me start a "Say No To Drugs Program" in Canada. It would also be very beneficial if I could speak to someone directly about this program. Perhaps you would be at liberty to recommend someone that I may contact in person.

Thank you for your consideration of this matter. I will be looking forward to your communication.

Yours Truly
Irene A. Browne

Dear Mrs. Reagan:

My friend and I are Early Childhood Education Majors at Kennesaw State College in Kennesaw, Georgia. We are presently working on a research project concerning your "Say No To Drugs" program and what effect it has on elementary school students. More specifically we are trying to determine the drug awareness level of third grade students.

We read an article of yours in Education Digest, December 1986, and were very impressed with the work you have been doing. We were wondering if it would be possible for you to send us any information you have on the role "Say No To Drugs" is playing in the elementary schools, anything you have would be most appreciated.

Sincerely yours,

Sheri Rollinger

Dear Mr. Cohen:

On behalf of Mrs. Reagan, I want to thank you for your kind invitation to participate in your "Just Say No"/MO Booth at the September "Learn-To-Tinker/Do-it-Yourself" show at the St. Louis Convention Center.

Unfortunately, because of the demands of Mrs. Reagan's official schedule, she will not be able to join you for this occasion. However, she would be delighted to send a special message to be read during the event. We will send it under separate cover closer to that day.

The First Lady is deeply grateful for your thoughtfulness and sends her appreciation and warm best wishes.

Sincerely,

Mrs. Ronald Reagan

Washington, D.C. 20500

Dear Mrs. Reagan:

I share your strong feelings about the curse of drugs in America and the importance of getting people, especially young people, to "Just Say No". To further this cause, I am distributing "Just Say No" literature to each of our 3,000 employees, and plan to feature a special booth at Central Hardware Company's September "Learn-To-Tinker/Do-It-Yourself" show at the St. Louis Convention Center. This public service show attracts over 50,000 people every year to see "do-it-yourself" experts demonstrate the latest materials and techniques for home improvements. It is a free, family event and an ideal place to reach solid middle-class Americans and their children. For the past two years we have had sports celebrities at the booth, and they were photographed with people signing a pledge to live a drug-free life.

cc: Betsy Schakem

What a wonderful thing it would be if you could be our celebrity this year! I realize that this is terribly short notice, and I am sure your appointment calendar fills up quickly, so I won't be at all surprised if you are unable to make any one of the three days of this event--September 9, 10, and 11. However, if a personal appearance is out of the question, it would certainly help us publicize the "Just Say No" booth and attract more people to it if we could have your support in the form of a brief letter encouraging this special effort. A photograph to post with the letter at the booth would also be appreciated.

As a fellow recipient of the AmVets 1986 Silver Helmet Award for Americanism, I am particularly proud to support your effort to build a better, stronger, and drug-free America. Hearing from you would greatly enhance the effectiveness of our efforts.

Sincerely

James H. Cohen

Dear Students:

On behalf of Mrs. Reagan, thank you for writing to invite her to visit with your Just Say No Club. Hi

Nothing would make the First Lady happier than to be able to respond favorably to your request. As you might imagine, though, she receives many invitations from all areas of the country each day, and it is not always possible for her to accept as many as she would like. Although we are unable to accept your invitation at this time, we will keep your letter on file in the event Mrs. Reagan visits your area in the future.

Again, thank you for writing. The First Lady appreciates all you are doing in the fight against drug abuse, and joins me in sending our thanks and best wishes.

Sincerely,
