Following a review of the U.S. special nuclear material situation, and consistent with the fundamental policy stated above, I have made the following policy decisions:

EO 12958 1.5 (f)

Partially Declassified/Released under provisions of EO 12958 by J. Sanders, National Security Council
Funding to implement these decisions has been dealt with in the normal budget process, consistent with the fiscal principles of sound management established in this Administration. (U)

The Secretary of Energy shall prepare for my approval the report to the Committees on Armed Services and Appropriations of the Senate and the House of Representatives required by Section 3132 of the Defense Authorization Act for FY 1988 (P.L. 100-180). A draft of this report shall be made available for NSC review and comment on or before November 15, 1987. The final report will be provided to the Congress by December 15, 1987. (U)
