Series: Decision Making Information Polls

This series consists of bound polls commissioned from Richard Wirthlin's polling research firm in Santa Ana, California, named "Decision Making Information." These polls, spanning 1981-84, were commissioned by the Republican National Committee. Each poll, depending on its complexity is bound in one to three or more volumes, each containing tabbed sections for such topics as: introductory materials, interview schedules, aggregate tables, appendices, cross tabulations, computer output, analysis, etc. These previously unarranged poll books are now arranged chronologically, and the new box listings replace OA's 12470-12479.
