**Series: Decision Making Information Polls**

**This series consists of bound and unbound polls commissioned from Richard Wirthlin's Santa Ana, California firm, "Decision Making Information." Evidently, this material was provided to the White House as courtesy copies as the polls were compiled for the Republican National Committee. The first 37 archive boxes contain bound (books) polls chronologically arranged. Two archive boxes at the end of the series consist of loose material, folders, and non-bound polls that were previously interspersed with the books. This series was previously unarranged and the new boxes replace OA's 14136-14149.**
