

GIBSON, THOMAS F., III: Files, 1983-1987 – REAGAN LIBRARY COLLECTIONS

Material noted **in bold** within this collection is currently available for research use. If a folder is available for research use it may still have withdrawn material due to Freedom of Information Act restrictions. Most frequent withdrawn material is national security classified material, personal privacy, protection of the President, etc. Any non-bolded folder is closed for research.

The non-bolded folders are subject to Freedom of Information Act (FOIA) requests under the provisions of the Presidential Records Act (PRA).

If you are interested in submitting a FOIA request for access to any of the unavailable records or have any questions about these collections or series, please contact our archival staff at 1-800-410-8354, outside the US at 1-805-577-4012, or email reagan.library@nara.gov.

Box Note

The material in OA 13084 appears to be the combined work product of Thomas Gibson, Joseph Rodota, Jerome Becker, and Jane Lankering. Due to the small size of the office, it is likely that combined filing was done for general research information on alphabetical topics. This is likely to apply to other boxes in this collection and the Office of Public Affairs collection. We will do proper cross-references at the time of processing.
