KELLY, ANNE: Files, 1983-1989

Private Sector Initiatives, Office of, Deputy Director

Anne Kelly was a detailee at the White House from the Department of Defense. She began work as the Assistant to the Director of the Office of Private Sector Initiatives, then James Coyne, and eventually became the Deputy Director of the Office. As Assistant to the Director she succeeded Holly Stewart. At this time, the Library does not have a separate collection for Stewart. Kelly appears to have taken over her filing systems and continued her work, especially with the Partnerships in Education program. Stewart's work product can be found within this collection, notably, OA 11045.

She worked very closely with Frederick Ryan, the later Director of the Office of Private Sector Initiatives. Mr. Ryan eventually became the Chief of Staff of the Office of Ronald Reagan for the President's post-presidential years. Ms. Kelly assisted with Mr. Ryan's transition work for that office from the White House and some of her material reflects that work.
