

Reagan Library Topic Guide – National Aerospace Plane (NASP)

Reagan Library topic guides are created by the Library staff from textual material currently available for research use. Material cited in the topic guides come from these collections:

[White House Staff and Office Collections](#)

White House Office of Records Management (WHORM) [Subject Files](#)

White House Office of Records Management (WHORM) [Alphabetical Files](#).

An overview of the entire Reagan Presidential Collection is available in the [Guide to Holdings](#).

The folders and case files listed on these topic guides may still have withdrawn material due to Freedom of Information Act (FOIA) restrictions. Most frequently withdrawn material includes national security classified material, personal privacy issues, protection of the President, etc.

F00-117/1	T.A. Heppenheimer	National Aerospace Plane	682	30 (24 classified)

This request pertains to the National Aerospace Plane (NASP) Program. The majority of the materials to be opened are from the Gerald M. May collection. Gerald May was the Director of the NSC Office of Space Programs from 1985-87. Included in the material are correspondence and memos regarding the public announcement of the aerospace plane in the State of the Union Address 1986, fact sheets and information about the plane, schedule proposals for a possible presidential visit to the program, and background material regarding development of the plane.
