# Minority Contractors Association of North Dakota

3315 S. AIRPORT ROAD • BISMARCK, N.D. 58501 • PHONE: 701-255-3002

August 2, 1982

*file Ind. Economic  
meeting*

Mr. Morton Blackwell  
Special Assistant to President  
for Public Liaison  
The White House  
Washington, DC 20500

Dear Mr. Blackwell:

I'd like to introduce myself and the minority businesses I am associated with. I've been actively involved with the minority business enterprise sector in North Dakota since 1975, working, specifically with Native American Indian businesses. In 1976 I organized and assisted with the formation of the Minority Contractors Association (M.C.A.) with only eight (8) Indian Contractors in the state. Today, there are presently 102 identified contracting firms. Our Association is a non-profit organization that is Indian owned and controlled. I've seen this organization grow over the years from 8 to 102 firms and still climbing.

The primary purpose for the formation of the MCA was to give technical assistance in all areas to all Indian businesses so that they would become recognized, productive, profit making, and most of all self-sufficient. The areas of specialized technical assistances we provide to the firms are for an example; Loan Packaging, Bidding & Estimating, Bonding, Record and Bookkeeping, Financial Management, Pre-qualification, Labor Compliance rules, and most important Indian Preference Laws on contracting and employment.

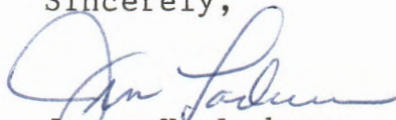

Because of my close involvement with the five reservations and the Indian businesses in the state of North Dakota, I am very much interested in attending the "White House Conference for Indians" tentatively scheduled for late August. For I feel I can contribute alot of valuable information that could be of direct benefit to this conference on business, employment and economic development for Indian people.

I have been in contact with Assistant Secretary Ken Smith's office regarding the conference. Ms.LoAnne Wagner, one of Assistant Secretary Smith's staff, suggested I write your office in hope of receiving an invitation. I've been added to the list of names their office is compiling and they are aware of the type of assistance we provide.

For your information I am enclosing a 1982 MBE Guide and a synopsis of our services. I hope you find these of interest.

Again, I want to emphasize my desire to attend and participate in a conference such as this.

Sincerely,

James K. Laducer  
Executive Director

**SYNOPSIS**  
**OF**  
**MINORITY CONTRACTORS ASSOCIATION**  
**OF NORTH DAKOTA**

## I. Introduction

The MCA is the Minority Contractors Association of North Dakota. It is a non-profit association with a predominantly Indian membership organized by Minority Business throughout North Dakota. The purpose of the association is to advance the quantity of minority participation in the construction industry, to protect the welfare of its members, and in general to engage in all undertakings which serve to advance the commercial and social value of its membership. The MCA will pursue all legitimate interests within the construction industry.

Efforts of business development/management have been in the area of the construction industry; however, the association is now in a position to offer Technical Assistance to those minority firms starting up any kind of business venture.

Minorities, female and disadvantaged owned enterprises may qualify for MCA membership after they are thoroughly screened by the MCA Screening Committee. The Screening Committee's main purpose is to protect the active and bonafide members. Minority, female and disadvantaged person must own 51% or more of the business as well as having 51% control of the assets of the business, they must also be able to show they have an active hand in the daily operations of the business. Anybody can qualify as an associate member of the MCA but they do not actively participate in the association.

## II. Services Provided

1. Enforcement of affirmative action plans
2. Evaluate a business or business opportunities
3. Outline the steps involved in starting a business
4. Identify capital requirements, costs of starting a business, and available financial resources
5. Determine potential of a proposed venture
6. Assist in start-up, licensing, unemployment, etc.
7. Assist in bonding procurement

### Loan Packaging

The MCA assists clients in preparing financial documents for submission to banks, the SBA and other funding sources.

### Accounting

The MCA assists clients in setting up a system to generate useful financial records. MCA then helps clients maintain and interpret their records.

### Bid Preparation

The MCA assists contractors in bidding and estimating of projects.

### Contract Procurement

The MCA works closely with federal agencies and general contractors to notify members of the MCA of contracting opportunities of which they made be interested.

Plans and specifications for federally funded projects are on file in the central office.

### III. History and Accomplishments

The North Dakota Minority Contractors Association is comprised of some 99 minority businesses. This organization is a major factor in the establishment (NDMCA) of minority participation in the business sector. For example, the business listing in 1980 alone underwent a 42 percent increase. An additional 40 firms are waiting to be certified as bonafide minority contractors.

While prior to 1976 the amount of federal funds going to minority businesses was negligible, the NDMCA in 1980 collectively did in excess of 28 million dollars worth of construction work, and in 1981, the businesses had about 70 million dollars in total receipts.

### IV. MBDA/BIA Contract

#### Description of Services:

The North Dakota Minority Contractors Association will operate an office for the purpose of:

1. Establishing a regional focal point for Indian businesses
2. Strengthening existing Indian businesses
3. Establishing a Marketing Information Center

These objectives will be accomplished by providing Indian-owned enterprises management and technical assistance with the necessary personnel, services, equipment and office space to implement the program within the terms, conditions and work plan outlined in the contract.

The MCA's full screening committee, comprised of federal highway representatives, minority contractors, MCA board members and executive staff, and an SBA representative meet semi-annually to review businesses interested in obtaining minority business eligibility in the state of North Dakota. As well as having representatives on the screening committee the MCA had developed an excellent working relationship with the following agencies and organizations.

These organizations or agencies include:

The Economic Development Administration

Through this agencies local field office the representative provides a continual flow of information, be it in regard to anticipated projects or in the area of general technical assistance.

The Small Business Administration (SBA)

The department has an open door relationship with this agency and has been able to maximize its services to participants through this relationship. The SBA has indicated its willingness to provide technical assistance to minorities in regard to the agencies Minority Bonding program.

The North Dakota State Highway Department

This State agency has worked closely with the Minority Contractors Association in the past in order to insure minority enterprises opportunities for obtaining various highway contracts. The department has been most helpful in the provision of engineering assistance in minority contractors.

Forms needed by the Screening Committee in order to obtain recognition as a bonafide MBE, WBE, HBE are as follows:

1. Interview form
2. Documentation requested in the Interview form
3. Legal papers, such as, Incorporation or Partnership Agreement
4. Proof that the minority group member is recognized as such, for example, enrollment document, birth certificate, etc.

The MCA keeps an updated file on each business in order to assist them effectively. We are fully aware of the company's financial status and management structure.

## ADMINISTRATIVE STAFF

### JAMES LADUCER -- Executive Director

Jim has done extensive work in the concentrations of small business development, contracts and procurement administration, bidding, and estimating, and organizational management. He has been the active agent in the formation and implementation of the North Dakota Minority Contractors Association as well as serving as the Executive Director of the group.

### ROBERT GAYTON -- Assistant Director

Rob has a degree in Business Administration. He specializes in loan packaging, financial and organizational management and motivation. Rob has experience in the area of financial and marketing analysis as well as bonding requisites and other facets of enterprise development. He will be serving on the Administration Staff of the MCA and available for counsel.

## TECHNICAL STAFF

### JOHN SWANBERG -- MCA Contract Specialist

John's duties under the MCA include: Providing technical assistance to all Minority Businesses in the areas of contracts, bidding, and plans and specification reading; acts as an in-state clearinghouse for the state; advocate and enforce affirmative action compliance for federally funded projects; assist in contract procurement, etc.

### JAY GIBSON -- MCA Finance Analyst

Jay graduated from the University of North Dakota at Grand Forks with a Bachelor of Science degree in Business Education. The premise of his employment is to provide management and technical assistance in the areas of business management, finance planning, accounting, marketing, and business packaging on a one-to-one basis when practical and possible. And when an assistance request cannot adequately be provided by this organization, he will utilize the resources inherent in the national MBDA network or other federal or domestic resources to benefit the client's requests.

### MARGARET RAMEY MILLER -- MCA Administrative Assistant

Margaret is responsible for screening and assisting applicants for loan packages. Follow-up on interested minority enterprises and provide assistance in achieving compliance with state licensing requirements and respond to any problems they may encounter. Identify new minority firms and inform them of their opportunities in the construction industry, and act as a liaison between minority firms and relevant agencies.

### IRENE MCCLOUD -- Executive Secretary

Irene's performance duties include setting up Board meetings, Screening Committee meetings, Emergency meetings, MCA Conventions, etc., revises MCA Directory every six months, keeps information, material all current and up-to-date. Irene also acts as custodian of documents and records.

## INTRODUCTION

The Minority Business Enterprise (MBE) Directory was compiled by the United Tribes Educational Technical Center (UTETC) and the Minority Contractors Association (MCA) of North Dakota. It contains minority (MBE), women (WBE), and handicap-owned (HBE) businesses recognized in North Dakota in highway and other related construction fields. This Directory affords the MBEs, WBEs and HBEs greater visibility among Federal, State and local government agencies, thereby stimulating a more widespread utilization of their products and services.

This Directory should be used to bring minority, women and handicap businesses to the bidder's table. This can only be accomplished by procurement personnel using the Directory when the need for products or services arises. Government and industry must lead their support and assume their initiative for further progress.

Inclusion of an enterprise in this Directory is for informational purposes and does constitute the endorsement of the concerned. Exclusion of any names of possible MBEs, WBEs, or HBEs does not necessarily constitute that those firms are not bona-fide business enterprises.

All persons who use the Directory are urged to furnish the Screening Committee the names and addresses of minority, women or handicap-owned businesses not included in this edition. If they are qualified by the Screening Committee, they will be added to the next edition.

#### DEFINITION OF MINORITY GROUP MEMBER

The Committee defines a minority group member as a citizen of the United States who is American Indian, Black, Hispanic, Asian, Pacific Islander or Alaskan Native. Further definition of these minority groups is required to clarify the many ambiguities associated with their uses. Therefore, these terms shall be interpreted by the Committee in the following manner.

(a) AMERICAN & ALASKAN NATIVE - a person having origins in any of the original peoples of North America and who maintains cultural identification through tribal affiliation or community recognition.

(b) HISPANIC - a person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin, regardless of race.

(c) ASIAN OR PACIFIC ISLANDER - a person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian sub continent or the Pacific Islands. This area includes for example China, Japan, Korea, the Phillippines Islands and Samoa.

(d) BLACK, NOT OF HISPANIC ORIGIN - a person having origins in any of the black racial groups of Africa.

#### DETERMINATION OF A BONA-FIDE BUSINESS ENTERPRISE

For the propose of the MBE Directory, a MBE is a business at least 51% owned by a minority group member or other MBEs, a WBE is a business at least 51% owned by a women, and a HBE is a business at least 51% owned by a handicapped person. A MBE, WBE, or HBE is bona-fide if the minority group member, women, or handicapped person's ownership interests are real, continuing and in good faith, not created solely to meet MBE requirements.

The Screening Committee will generally rely upon the statement contained in forms obtained at the United Tribes and Minority Contractors Association office to determine whether or not an enterprise is a MBE, WBE, or HBE and bona-fide.

Forms needed by the Screening Committee in order to obtain recognition as a bona-fide MBE, WBE, or HBE are as follows:

- (1) Interview Form
- (2) Documentation requested in the Interview form
- (3) Legal papers, such as, Incorporation or Partnership agreement
- (4) Proof that the minority group member is recognized as such, for example, enrollment document, birth certificate, etc.

Mr. Morton C. Blackwell  
Special Assistant to the President  
for Public Liaison  
The White House  
Washington, D.C.

Dear Morton:

I understand that you planning a White House conference to bring Indian leaders and corporation representatives together to discuss economic development and the creation of jobs on Indian reservations. As you may know, the Eastern Band of the Cherokee Indians reservation is in my district and already contributes much to the economy of the area, but which could contribute much more if the opportunity for industrial growth on the reservation itself could be realized.

I have enclosed the resume of Richard Welch, a member of the Eastern Band of the Cherokees, and a man who I think would be a good addition to your meeting. I would appreciate your reviewing his resume and considering him for a place at the conference.

Again, thanks for your help in this. Give me a call if I can return the favor.

Best wishes.

Sincerely,

A handwritten signature in dark ink, appearing to read "Bill Hendon", written in a cursive style.

BILL HENDON  
Member of Congress  
from Western North Carolina

MEMORANDUM

TO: The Honorable Morton Blackwell

FROM: Louis C. Kramp

DATE: May 12, 1982

As you are well aware, this Firm has become very active in a variety of matters related to Native Americans. Of course, some of what we are doing has involved working with you.

Unfortunately, due to some circumstances beyond our control, it has been necessary for Mr. Vincent Lachelli to discontinue his duties in charge of Indian Affairs for the Firm.

The focus of the Firm's attention, relative to Native Americans, has been on matters of economic development. We are proud to have as a member of the Firm, Mr. Larry Schneider, who will continue to provide capable leadership for us in these areas. Larry was previously the Supervisor of Industrial and Economic Development for the Bureau of Indian Affairs, and prior to this he was Associate Director of the federal Economic Development Authority. Larry served with distinction for many years as the Director of Economic Development for the States of Missouri and North Dakota. In addition, there are several professionals associated with the Firm who have expertise in the area of economic development affairs and others who are thoroughly experienced in dealing with Native American matters.

We are excited about the future--and the very timely opportunities that it offers in relationship to helping our Native American people make substantial strides toward economic self-sufficiency and away from total dependency on the Federal government. And, we are looking forward to continuing to work with you toward our common objectives in this area.

Please call either David Fraser or me if you have any questions.
