Biography

Office Description

In 1982, the Crisis Management Center (CMC) was set up under Richard Beal in the Old Executive Office Building and it acted as a “second situation room.” Much of its electronic and technological equipment was funded and provided by the Department of Defense. The CMC created its own documents and records and is considered a collection on its own at the Library.

The directors for the CMC include Richard Beal, Rod McDaniel and Michael Donley. Mr. Donley greatly expanded the control and power of the CMC during his time as Director. The CMC conference areas became a parallel situation room in the OEOB and important NSC meetings took place here such as Senior Interagency Group (SIG) meetings, etc.

In 1985, the Situation Room and the CMC were absorbed under a new entity, the White House Situation Support Staff (WHSSS).
