Scope and Content Note

This collection is currently not arranged.

Folders marked “Presidential” contain material documenting letters written on behalf of President Reagan to various members of Congress. Most of these letters were written to accompany the ceremonial signing pens used to sign bills into law. Ceremonial pens are usually awarded to the creators of legislation and the Congress members active in ensuring passage of legislation. The material also includes a few Presidential letters to Congressional constituents, and to people leaving the White House Office of Legislative Affairs staff. This material can be found in OA 18146.
